Enoz®

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.
Use Restrictions: Kills clothes moths, carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics, use only in polyethylene or polypropylene containers. Do not mix p-dichlorobenzene or use it together with other moth preventive chemicals. ENOZ® Para Moth Balls prevent moth infestation regardless of fabric type. **Pre-Application Directions:** For all fabric types: Dry clean, wash or brush articles to be protected prior to storage. **Application Directions:** The mothballs in this container can treat up to 31.2 cu. ft. One ounce of mothballs or 8 mothballs can treat up to 3 cubic feet of storage space. Examples of the amount of product required for proper treatment are listed below:

4 oz. (32 mothballs)	Average Garment Bag (12 cu. ft.)
5 oz. (40 mothballs)	Large Trunk (15 cu. ft.)

For other size closets and containers, calculate the volume to be treated by multiplying the height by the width, and depth of the space. The proper treatment of larger volumes may require the use of additional containers of ENOZ® Para Moth Balls. To insure protection of your clothes, use the recommended amount of ENOZ® Para Moth Balls. Distribute mothballs evenly around and between the folds of stored articles. Keep product in airtight space for a minimum of 7 days. If mothballs have dissipated, add additional mothballs to the container. Odor quickly vanishes when articles are aired. **Retreatment:** Since moths are active all year, replenish air-tight closets, containers and bags 2 times a year.

STORAGE AND DISPOSAL

Pesticide Storage: Store in the original container, in a dry place inaccessible to children and pets. **Pesticide Disposal and Container Handling:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
WARNING. Causes substantial but temporary eye injury. Wear protective eyewear. Harmful if swallowed. Harmful if inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

NOTICE: This product contains a chemical known to the State of California to cause cancer.

PRECAUCIONES

Riesgos para los Humanos y Animales Domésticos
ADVERTENCIA. Causa daño sustancial pero temporal a los ojos. Es dañino si se ingiere o si se absorbe por la piel. Causa irritación a los ojos, piel y vias respiratorias. Evite respirar el polvo o los vapores. Use lentes de seguridad. Evite el contacto con los ojos, piel y ropa. Lávese perfectamente con agua y jabón después de usar el producto, y antes de comer, beber, masticar chicle o fumar. Quítese la ropa contaminada y lávela antes de volver a usarla.

NOTA: Este producto contiene una substancia conocida en el Estado de California como causante de cáncer.

FIRST AID		PRIMEROS AUXILIOS	
If in eyes	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.	**Contacto con los ojos**	• Separe los párpados y enjuague el ojo lenta y suavemente con agua por 15-20 minutos. • Quite los lentes de contacto después de los 5 minutos y continúe enjuagando el ojo. • Llame al centro de control de envenenamiento o a un médico para sugerencias de tratamiento.
If swallowed	• Call poison control center or doctor immediately for treatment advice. • Have person drink several glasses of water. • Do not induce vomiting. • Do not give anything by mouth to an unconscious person.	**Ingestión**	• Llame al centro de control de envenenamiento o a un medico para sigerencias de tratamiento. • Haga que la persona beba varios vasos de agua. • No induzca al vómito. • No meta nada a la boca de una persona inconsciente.
If on skin or clothing	• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.	**Contacto con la piel o ropa**	• Quite la ropa contaminada. • Enjuague la piel inmediatamente con abundante agua durante 15-20 minutos. • Llame al centro de control de envenenamiento o a un médico para sugerencias de tratamiento.
If inhaled	• Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for treatment advice.	**Inhalación**	• Saque a la persona al aire fresco. • Si la persona no respira, llame al 911 o a una ambulancia. Entonces dé respiración artificial de preferencia de boca a boca, de ser posible. • Llame al centro de control de envenenamiento o a un médico para sugerencias de tratamiento.

HOT LINE NUMBER / LÍNEA PARA EMERGENCIAS

Have the container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center Network (NPIC) at 1-800-858-7378 for emergency medical treatment information.
Tenga a la mano la caja o la etiqueta cuando llame al centro de control de envenenamiento o al médico, o cuando acuda a un hospital. También puede llamar al Centro Nacional de Información sobre Pesticidas (NPIC) al 800-858-7378 para información sobre tratamiento médico de emergencia.

NOTE TO PHYSICIAN / NOTA PARA EL MÉDICO

Probable mucosal damage may contraindicate the use of gastric lavage. / El posible daño a las mucosas puede contraindicar el uso de un lavado gástrico.

PHYSICAL OR CHEMICAL HAZARDS: Combustible. Do not use or store near heat or open flame. / **RIESGOS FÍSICOS O QUÍMICOS:** Combustible. No use ni almancene cerca de calor o de la flama.
