WIA BULLETIN NO. 02-11

TO: WIA Administrators/Local Workforce Investment Boards

FROM: Dwight Takamine, Director
Department of Labor and Industrial Relations

SUBJECT: Eligible Training Provider List (ETPL) approval of the University of Hawaii System campuses providing "Green" training for State Energy Sector Partnership and Job Training (SESP) Grant Participants under the American Recovery and Reinvestment Act

PURPOSE

This provision amends the current ETPL policies and procedures as related to the approval process of long term training offerings from the University of Hawaii System for the SESP grant program and participants.

This policy is meant to reduce duplication and delays within the current ETPL and SESP processes to ensure that training offerings are available to participants under the time constrained SESP grant.

POLICY

"For the purposes of the State Energy Sector Partnership and Job Training" Grant program, any campus within the University of Hawaii System providing "Green" training programs and courses which are listed as approved on the SESP project list are also approved for ETPL purposes provided that the college campus is 1) qualified under the Workforce Investment Act (WIA) to provide training; and 2) approved by the Local Workforce Investment Board as a training provider."
