FIRST AID

IF SWALLOWED	• Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF IN EYES	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact PERS (800) 633-8253 for emergency medical treatment information.

NOTE TO PHYSICIAN: This product is a pyrethroid. If large amounts have been ingested, milk, cream and other digestible fats and oils may increase absorption and so should be avoided.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco or using the toilet.

Environmental Hazards

This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

In New York, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).

In New York State, do make a single repeat application of Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules if there are signs of renewed insect activity, but not sooner than two weeks after the first application.

Do not allow children or pets to enter the area until dry.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storms drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of run-off.

Do not make applications during the rain.

Lawn, Home Perimeter, Ornamentals & Flower Gardens

Surface Feeding Insects

Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules is intended to control ants, including:

Carpenter Fire Ants*, Foraging Fire Ants Red Harvester Odorous Pyramid Pharaoh (Sugar)	**Armyworms including** Fall Armyworms **Billbug including** Bluegrass Billbug	**Cutworms including** Black Cutworms **Weevils including** Hypernodes and Bluegrass	**Other Insects Include** Chiggers, Chinch Bugs, Cockroaches, Crickets, Earwigs, Grasshoppers, Mealybugs, Pillbugs, Silverfish, Sod Webworms (Lawn Moth), and Sowbugs.

* Aids in control.

Application Instructions

Apply **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** evenly at the rate of 1.2 to 2.4 pounds per 1,000 sq. ft. by using any hand held or power operated gravity or rotary type spreader designed for the application of granular materials. 10-pound bag should treat 8,333 sq. ft.

Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules should be applied when insects first appear. If suitable signs of renewed insect activity become apparent and re-treatment becomes necessary, applications must be limited to no more than one application per a seven day period and at the instructed rate to obtain best results. Best results will be obtained by thoroughly watering the treated area immediately after application.

Argentine Ants, Black Turf Ants, Black Turfgrass Ataenius, Fleas (Including Cat Fleas), Leafhoppers, Spiders (including Brown Recluse Spiders) and Ticks (Including Brown Dog Ticks)	Evenly apply 2.4 pounds of **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** over a 1,000 sq. ft. area (or 4 ounces over a 100 sq. ft. area). Irrigate or water thoroughly immediately after application.
Centipedes, Millipedes, Pavement Ants	Uniformly apply 4.8 pounds **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** over a 1,000 sq. ft. area (or 8 ounces over a 100 sq. ft. area). Irrigate or water thoroughly immediately after application.
Mole Crickets (Including Tawny Mole Crickets)	Uniformly apply 2.4 to 4.8 pounds **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** over a 1,000 sq. ft. area (or 4 to 8 ounces over a 100 sq. ft. area). Treat Mole Crickets in late spring. Irrigate or water thoroughly immediately after application.
Fire Ant Mounds	Uniformly apply 1 tablespoon or 3 teaspoons** of **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** to the surface of each mound. Apply in cool weather, 65° to 80° F, or in early morning or late evening hours. Avoid disturbing ants. Treat new mounds as they appear. Irrigate or water thoroughly immediately after application.

**Food utensils such as tablespoons/teaspoons must not be used for food purposes after use in measuring pesticides.

Spreader Tips

Spreader	Spreader Settings: Pounds of Product per 1,000 sq.ft.			Directions
	1.2	2.4	4.8	
Scotts® SpeedyGreen® or EdgeGuard® Rotary	3	4	6	Shut off spreader anytime you stop. For complete coverage make each pass about five feet from the previous one, so some overlapping occurs. Avoid applying this product on flower, vegetable, and shrub plantings.

When using other spreaders, calibrate the spreader settings based on the manufacturer's recommendations.

Ornamental Flower Beds (Outdoor)

Pests Controlled: Ants, crickets, earwigs, grasshoppers, spiders and ticks.

Application Instructions

Evenly apply ½ lb. of **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** for every 500 sq. ft. (or 2 ounces for every 50 sq. ft. area). Repeat application as necessary only if there are signs of renewed insect activity. Repeat applications must be limited to no more than once per 7 days.

Home Invading Insects - Barrier Treatment Around House Foundations

Pests Controlled: Ants, chiggers, crickets, earwigs, grasshoppers, spiders and ticks.

Application Instructions

Apply a 2-foot band of **Landscapers Select™ Surrender® Lawn & Perimeter Insect Granules** next to the house foundation. Use ½ lb. for each 500 sq. ft. (2 ft. x 250 ft.) (or 2 ounces for each 50 sq. ft. (2 ft. x 25 ft.)). Repeat applications every 2 weeks only if there are signs of renewed insect activity.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place and avoid excess heat. Carefully open containers. After partial use close tightly.

Container Disposal: If Empty: Non-refillable container. Do not reuse or refill this container. Empty container through use according to label instructions. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor (including toilet) or outdoor (including sewer) drain.

Notice: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
