32oz CONCENTRATE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
For best results, read and follow all label directions.

BEFORE YOU USE

Read and follow these directions when using:

- Do not apply near lakes, streams, rivers or ponds.
- Do not apply to plants grown for food.
- Do not apply to soils which are water logged or frozen.
- Measuring utensils such as measuring cups and measuring spoons should not be used for any food or drinking water purposes after use with this product.

HOW TO USE

Shake Well Before Use

- Fill a bucket or watering can with the appropriate amounts of concentrate (add first) and water (add last).

  Single Plants:
  Slowly pour as close to the base of the plant as possible, being careful not to get on leaves.

  Flowerbeds:
  Sprinkle over the tops of the plants and cover the entire area.
  NOTE: The Flowerbed solution is diluted with more water than the Single Plant solution to ensure safety to plant leaves when sprinkling over the top.
- When finished, rinse the bucket/watering can with clean water and pour onto treated area.

HOW MUCH TO USE

Roses
2 fl. oz. (4 TBSP) in 1 quart of water treats 1 plant.

Flowerbeds
2 fl. oz. (4 TBSP) in 2 gallons of water treats 12 sq. ft.

Azaleas, Camellias, Rhododendrons, and Other Shrubs
1 fl. oz. (2 TBSP) in 1 quart of water per foot of plant height.

INSECTS CONTROLLED

Adelgids
Aphids
Black Vine Weevil Larvae
Japanese Beetles, Adult
Lace Bugs
Leaf Beetles
(including Elm Leaf Beetles and Viburnum Leaf Beetles)
Leafhoppers
(including Glassy-winged Sharpshooters)
Leafminers
(including Holly Leafminers)
Mealybugs
Psyllids
Scales
(including Armored Scale [suppression] and Soft Scale)
Thrips
Whiteflies

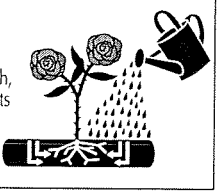
DIRECTIONS FOR USE (cont'd)

DISEASES CONTROLLED

Diseases	Plants
Black Spot Powdery Mildew Rust	Roses
Powdery Mildew Rust Southern Blight	Flowers
Black Spot Powdery Mildew Rust Southern Blight	Azaleas, Camellias, Rhododendrons and Other Landscape (Ornamental) Shrubs

HOW IT WORKS

Water moves the product down into the root zone where it is taken up & moved into the plant. The entire plant, even new growth, is fed and protected against insects and disease. Rain or watering cannot wash off this long-lasting systemic protection.



FOR BEST RESULTS

- Begin using this product in the spring when plants are actively growing.
- Reapply every 6 weeks for a total of 3 applications per year. In areas where disease occurs frequently and the soil is sandy, the application interval can be shortened to 4 - 5 weeks for a total of 4 applications per year.
- Ensure the product gets down into the root zone by
  - Pulling mulch away from plants to be treated.
  - Building a well around individual plants.
  - Pouring the drench solution slowly to allow the soil to absorb it.
- Keep rose, flower and shrub beds clean. This minimizes harborage sights for diseases and insects (for additional cultural practices, consult your local County Extension Service).

ALL-IN-ONE ROSE & FLOWER CARE
32oz CONCENTRATE

Bayer ADVANCED GARDEN™

All-in-One Rose & Flower Care
CONCENTRATE

Bayer Advanced Garden™ All-in-One Rose & Flower Care's exclusive formula feeds and protects against insects & diseases in one easy step. PRECAUTIONARY STATEMENTS

CAUTION Hazards to Humans and Domestic Animals

- Causes moderate eye irritation.
- Avoid contact with eyes or clothing.
- Wear long-sleeved shirt, long pants, shoes, socks, and gloves made of any waterproof material.
- Washing hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco will reduce exposure.

FIRST AID +

IN CASE OF ACCIDENTAL...	IMMEDIATELY...
CONTACT WITH EYES	• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel.

For medical emergency information, you may call toll-free 1-877-229-3763.
Active Ingredient: 0.80% Tebuconazole (CAS# 107534-96-3) and 0.15% Imidacloprid (CA# 138261-41-3)

ENVIRONMENTAL HAZARDS

- Do not apply directly to water.
- This product is highly toxic to aquatic invertebrates.
- Do not contaminate water when disposing of equipment washwater.

NOTICE: Research and testing have determined that the "Directions For Use" are appropriate for the proper use of Bayer Advanced Garden™ All-in-One Rose & Flower Care under expected conditions. The Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

Money Back Guarantee: If you are not satisfied with this product, we will gladly refund your original purchase price.
