Spot treat bugs and weeds with this easy to use system

Sprayer Use Directions

Unscrew the tank cap and fill the tank with water up to the one gallon indicator. Remove the sprayer wand from the tank holster and unfold the sprayer wand. Select the cartridge labeled for intended use.* Remove the cap from the cartridge. Each cartridge contains 4 oz. of product liquid. Each 4 oz. cartridge of concentrate makes one gallon of ready to use spray. Insert the cartridge into the top of the sprayer and twist until tight. Press the trigger to spot spray bugs as listed on the product label. When finished spot treating remove the cartridge. Replace the cap on the cartridge. Follow label Storage and Disposal instructions for product cartridge. After spot spraying rinse the sprayer according to the rinse use directions.

Change Cartridge Use Directions

Remove the cartridge currently loaded in the AMDRO® PowerFlex® Ready-To-Use Cartridge Sprayer. Follow label Storage and Disposal instructions for product cartridge. Press and hold the trigger for 10 seconds to flush the sprayer wand with clean water from the tank. Select a new cartridge labeled for intended use.* Insert the cartridge into the top of the sprayer and twist until tight. Press the trigger to spot spray as listed on the product label. When finished spot treating remove the cartridge. Replace the cap on the cartridge. Follow label Storage and Disposal instructions for product cartridge. After spot spraying, rinse the sprayer wand according to the rinse use directions. Store the AMDRO® PowerFlex® Ready-To-Use Cartridge Sprayer or rinse and change cartridge.

* READ THE ENTIRE PRODUCT LABEL PRIOR TO USE.

The AMDRO® PowerFlex® Ready-To-Use Cartridge Sprayer is a patent pending innovative home lawn, landscape and perimeter tank spray system.

Where to use	Indoors
Kills	Ants, Millipedes, Ticks, Spiders, Springtails, Silverfish, firebrats, Grasshoppers & crickets, Earwigs, Cockroaches, Weevils & billbugs, ground beetles, (Japanese beetle, pillbug, sowbug, black turf Ataenius, bark beetle & pine shoot beetle), borers, elm leaf beetle, Wasps & yellow jackets, bees, carpenter bees, Flies. DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. (SHAKE WELL BEFORE USING)

IMPORTANT – Directions for Storage and Disposal

Storage
Keep from freezing. Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place, preferably in a locked storage area and avoid excess heat. After partial use, replace lids and close tightly. Do not put concentrate or dilute material into drink containers.

Product Disposal
If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or dispose of in trash.

First Aid

If Swallowed	• Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in eyes	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-(800)-265-0761 for Emergency Assistance.

NOTE TO PHYSICIAN: Skin contact (vapor or powder) may be followed by transient tingling or numbness, usually of the face, but this subsides without treatment. This product is a pyrethroid. If large amounts have been ingested, the stomach and intestines should be evacuated. Treatment is symptomatic and supportive.

For Information Regarding the Use of the Product Call 1-800-265-0761.

PRECAUTIONARY STATEMENTS
ENVIRONMENTAL HAZARDS
This pesticide is extremely toxic to fish, aquatic invertebrates, oysters and shrimp. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds.This product is highly toxic to bees. Do not apply this product or allow to drift to blooming plants if bees are in the area.

Two cartridges can be stored on the back of the AMDRO® PowerFlex® Ready-To-Use Cartridge Sprayer

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. (SHAKE WELL BEFORE USING)

KILLS: Ants, Roaches and Other Home Invading Pests as listed.
Use this product as a spot or crack and crevice treatment to localized areas where pests are seen or suspected only. Spot treat surfaces until visibly wet. Apply to listed pests directly, whenever possible. AMDRO® PowerFlex® Home Pest Indoor Insect Killer Concentrate is a convenient spray that protects your home from invading insects – kills ants by contact and keeps killing insects inside for up to 9 months. It's easy to apply. Simply point and spray – NO mixing, NO pumping and best of all NO hand fatigue.

Amdro® PowerFlex® Sprayer:
Use Directions
The AMDRO® PowerFlex® Sprayer is a patented innovative home lawn, landscape, and perimeter tank spray system. Spot treat bugs with this easy to use system.

1. Unscrew the tank cap and fill the tank with water up to the one gallon indicator. The tank holds one gallon of water.
2. Remove the sprayer from the tank holster and unfold the sprayer.
3. Select the cartridge labeled for intended use. READ THE ENTIRE PRODUCT LABEL PRIOR TO USE.
4. Remove the cap from the cartridge. Each cartridge contains 4 oz. of liquid. Each 4 oz. cartridge of concentrate makes one gallon of liquid ready to use spray.
5. Insert the cartridge into the top of the sprayer and twist until tight.
6. Press the trigger to spot spray bugs as listed on the product label.
7. When finished spot treating remove the cartridge. Replace the cap on the cartridge. Follow label Storage and Disposal instructions for product.
8. After spot spraying rinse the sprayer according to the RINSE: USE DIRECTIONS.

RINSE: USE DIRECTIONS
1. Remove the cartridge. Ensure that there is water in the one gallon tank.
2. Press and hold the trigger for 10 seconds to flush the sprayer with clean water from the tank.

CHANGE CARTRIDGE: USE DIRECTIONS
1. Remove the cartridge currently loaded in the AMDRO® PowerFlex® Sprayer.
2. Follow label Storage and Disposal instructions for product.
3. Press and hold the trigger for 10 seconds to flush the sprayer with clean water from the tank.
4. Select a new cartridge labeled for intended use. READ THE ENTIRE PRODUCT LABEL PRIOR TO USE.
5. Insert the cartridge into the top of the sprayer and twist until tight.
6. Press the trigger to spot spray bugs as listed on the product label.
7. When finished spot treating remove the cartridge. Replace the cap on the cartridge. Follow label Storage and Disposal instructions for product.
8. After spot spraying, rinse the sprayer according to the RINSE: USE DIRECTIONS. Store the AMDRO® PowerFlex® Sprayer OR RINSE and change cartridge.

NOTE: IF OUTPUT SPRAY IS DIMINISHED OR SPUTTERING, DO THE FOLLOWING:
1. Check that there is water remaining in the one gallon tank. If not, refill the tank with water.
2. Check that there is liquid remaining in the cartridge. If not, change to a new cartridge.

Two cartridges can be stored on the back of the AMDRO® PowerFlex® Sprayer.

CHANGING BATTERIES:
If sprayer does not operate or spray performance declines significantly, change the four AA alkaline batteries in the sprayer handle as follows:
1. Remove the cartridge.
2. Slide the battery cover open in the underside of sprayer handle.
3. Allow battery cover to swing open.
4. Remove old batteries.
5. Replace with four AA alkaline batteries. Make sure the positive and negative ends match the direction indicated on the inside of the battery door.
6. Close battery door and slide the door until latch is closed.

How to Use – Indoors	
Use to kill and control listed pests commonly found indoors or that may enter from outdoor areas.	AMDRO® PowerFlex® Home Pest Indoor Insect Killer Concentrate may be used as a general spot, crack and crevice treatment in nonfood areas. All areas where insects inhabit or through which insects may enter should be treated. • Spray directly to pest and to areas where pests are found or hide. • Use only in well ventilated areas and do not use as a space spray.
To Kill Cockroaches, Crickets, Firebrats, Silverfish, Springtails Indoors	• Spray areas where these pests hide, such as baseboards, corners, storage areas, closets, around water pipes, doors and windows, attics and eaves, behind and under refrigerators, cabinets, sinks, furnaces, and stoves, the underside of shelves, drawers and similar areas. Pay particular attention to cracks and crevices.
To Kill Ants Indoors	• Apply to ant trails, around doors and windows and other places where ants may be found. This product will provide up to 9 months residual control (of ants).
To Kill Boxelder Bugs, Earwigs, Elm Leaf Beetles, Ground Beetles, Millipedes, Pillbugs and Sowbugs Indoors	• Apply around doors and windows and other places where these pests may be found or where they may enter premises. • Spray baseboards, storage areas and other locations.
To Kill Flies Indoors	• Apply directly to walls, ceilings, window screens, and other fly resting areas as a residual surface treatment. • May also be used inside as well as around carports, garages, and storage sheds.
Treatment of Wood-In-Place to Kill Exposed Stages of Wood-Infesting Insects	• For the control of insects such as Termites, Ants and Carpenter Ants in localized areas of infested wood in structures, apply to voids and galleries in damaged wood and in spaces between wooden members of a structure and between wood and foundations where wood is vulnerable. Not intended to replace structural treatments.
To Kill Blacklegged and Brown Dog Ticks Indoors (including ticks that may transmit Lyme disease)	• Spot treat localized areas of floors pets may frequent such as pet resting areas. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet area.
To Kill Insects in Greenhouse and Indoor Plants	• Spray leaves of infested indoor plants. • Some plants may be sensitive to the spray solution, so first test a small area.

USE RESTRICTIONS
- Do not treat pets with this product.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Remove pets, birds, and cover fish aquariums before spraying.
- Avoid contamination of food and feedstuffs. Remove or cover exposed food and drinking water before application.
- Do not apply directly to animals.
- Do not use in aircraft.
- Do not use in food handling establishments in which food is held, processed, prepared, and/or served. When used in the home, remove or cover dishes, utensils, food processing equipment, and food preparation surfaces or wash them before reuse.

IMPORTANT – Directions for Storage and Disposal	
Storage	Keep from freezing. Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place, preferably in a locked storage area and avoid excess heat. After partial use, replace lids and close tightly. Do not put concentrate or dilute material into drink containers.
Product Disposal	If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or dispose of in trash.

Condition of Sale and Limitation of Warranty and Liability:
NOTICE: Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
