Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes and gloves.

FIRST AID

If swallowed • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-766-7661 for emergency medical treatment information.

USER SAFETY RECOMMENDATIONS:

User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

READ ENTIRE LABEL BEFORE EACH USE. DO NOT SPRAY ON PETS OR HUMANS.

Vet-Kem® Siphotrol® X-Tend™ Home Area Treatment Pump Spray (Siphotrol® X-Tend™ Home Area Treatment Pump Spray) is formulated to stop hatching eggs from developing into adult fleas and kill pre-adult fleas (larvae) before they grow up to bite. Siphotrol® X-Tend™ Home Area Treatment Pump Spray contains a unique combination of ingredients that kills pre-adult fleas before they grow up to bite and kills adult fleas. It reaches and kills fleas hidden in carpets, rugs, upholstery, and pet bedding. It protects your home from flea build-up, while protecting your pets and family from bites. Use in homes, garages, attics and apartments.

Siphotrol® X-Tend™ Home Area Treatment Pump Spray kills adult and pre-adult fleas. It prevents pre-adult fleas from hatching into adult biting fleas for 7 months. One treatment gives continuous protection against pre-adult fleas for 7 months.

Siphotrol® X-Tend™ Home Area Treatment Pump Spray kills fleas, ticks, cockroaches, silverfish, earwigs, ants, scorpions, spiders, crickets, pillbugs, sowbugs, carpet beetles, confused flour beetles, centipedes, darkling beetles, dermestids, firebrats, flies, fruit flies, gnats, Indian meal moths, lesser grain borers, millipedes, mosquitoes, moths, red flour beetles, sawtoothed grain beetles, wasps, and other insects on contact. This product is designed for use on all fabrics and carpeting; however, some natural fibers such as wool and synthetics may be adversely affected by any liquid product - always test a hidden area prior to use. Lighter colored carpets may show some soiling after treatment. To help avoid soiling carpets, allow product to dry completely before walking on treated areas.

To protect your pet against fleas outdoors, use Vet-Kem® PowerBand™ Flea & Tick Collar for Dogs, Vet-Kem® Breakaway® Plus Flea & Tick Collar for Cats, Vet-Kem® Ovitrol® X-Tend™ Flea & Tick Spray for Dogs and Cats, Vet-Kem® Ovitrol® X-Tend™ Flea & Tick Spot On® for Dogs or Cats, Vet-Kem® Ovitrol® X-Tend™ Flea & Tick Shampoo for Dogs and Cats, or other appropriate products registered for on-animal use.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using.

Fleas: Use Siphotrol® X-Tend™ Home Area Treatment Pump Spray in homes, garages, attics and apartments. One bottle will treat a surface area equivalent to 350 sq. ft., approximately three 10' X 11.5' rooms. A fine spray applied uniformly is all that is necessary to kill fleas. Do not wet furniture and carpeting. Remove birds and cover aquariums before spraying. For maximum effectiveness, treat entire carpeted area. Treat carpets, rugs, drapes and all surfaces of upholstered furniture. Remove old pet bedding and replace with clean fresh bedding after treatment of pet area. Reapply every two weeks if necessary. Vacate treated areas and do not return for at least one hour.

Avoid contamination of food and foodstuffs. Do not use in the edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed, stored, or served.

To kill ticks, cockroaches, silverfish, earwigs, ants, scorpions, spiders, crickets, pillbugs, sowbugs, carpet beetles, confused flour beetles, centipedes, darkling beetles, dermestids, firebrats, flies, fruit flies, gnats, Indian meal moths, lesser grain borers, millipedes, mosquitoes, moths, red flour beetles, sawtoothed grain beetles, wasps, and other insects in the environment, apply directly to pests.

Bed Bugs: Thoroughly inspect areas of suspected bed bug infestation and note potential or actual sites where bed bugs hide. Remove or pick up clothing and other obstacles that prevent thorough inspection or treatment. Remove and sanitize infested bedding, clothing, or other items. **Do not apply to bedding. Wash bedding and dry using medium to high heat to kill bed bugs.**

Apply Siphotrol® X-Tend™ Home Area Treatment Pump Spray to areas where bed bugs live, especially hidden sites. Apply thoroughly as a spot, crack and crevice, or surface application. Focus applications to hidden sites such as behind dressers, cove base, under carpets and furniture, inside and on box springs, under beds, behind mirrors and pictures, and other locations where bed bugs hide.

Apply as a surface application to carpeting, drapes, and flooring at the rate of ¼ fl oz/3.6 ft^2 (about 8 pumps). Apply Siphotrol® X-Tend™ Home Area Treatment Pump Spray directly to mattresses, **do not saturate the mattress,** focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.
