DO NOT USE ON CATS

Net Contents: 0.15 fl oz total
(Three 0.05 fl oz/1.5 cc tubes)

STORAGE and DISPOSAL: Pesticide Storage: Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals. **Liquid Tube Container Disposal: If empty:** Do not reuse tube. Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION
DO NOT USE ON DOGS LESS THAN 6 LBS OR PUPPIES LESS THAN 10 WEEKS OF AGE.
For external use only. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to etofenprox can cause skin irritation. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing, or animals on medication. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your dog/puppy with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Some dogs/puppies may experience hair loss or temporary skin irritation at the application site. If signs persist or become more severe, contact veterinarian immediately and report incident to company at 800-234-2269.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), you may also call 800-234-2269, 24 hours/day, 7 days/week.

SIDE EFFECTS: Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or 800-234-2269.

CENTRAL Garden & Pet

ADAMS™
Flea & Tick Spot On® for Dogs

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
IMPORTANT! READ ENTIRE LABEL BEFORE EACH USE. FOR USE ONLY ON DOGS/ PUPPIES (10 WEEKS OF AGE OR OLDER). DO NOT USE ON OTHER ANIMALS!
Read and follow all directions and precautions on this product label.

USE RESTRICTIONS: THIS PRODUCT IS FOR INDOOR USE ONLY. Do Not Allow Children to Apply this Product. Do not apply this product to puppies less than 10 weeks of age, and do not apply this product to other animals! Do not apply this product to dogs/puppies weighing less than 6 lbs. Do not allow your dog/puppy to ingest this product. Apply this product once every 30 days unless a retreatment is necessary. Do not make the repeat retreatment sooner than 8 days following the initial treatment. Do not use more than one tube per dog/puppy and do not retreat more than once per month.

This product works by application directly to the dog's/ puppy's skin, not to the hair. When applying, use applicator device tip to push aside dog's/puppy's hair to allow direct application to the skin. Do not get this product in dog's/puppy's eyes or mouth.

This product is most effective when used as part of a total flea and tick management program. Use other Adams™ products registered for residential area control of these pests in conjunction with this treatment. Monthly treatments are required for optimal control and prevention of fleas.

The successive feeding activity of fleas on dogs/puppies may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of dogs/puppies with this product rapidly kills fleas and may reduce the incidence of this condition. This product is water resistant and remains efficacious following exposure to rainfall or swimming.

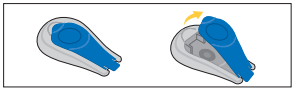
DO NOT USE ON CATS
DO NOT USE ON CATS
Keep cats away from treated dogs/puppies for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

Applicator U.S. patent numbers: D702563 and D725486; other patents pending

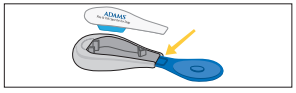
EPA Reg. No. 2724-811-270
EPA Est. No. 2724-TX-1

FOR USE ONLY ON TOY DOGS/PUPPIES (10 WEEKS OF AGE OR OLDER):
To apply the treatment, use one disposable liquid tube with the applicator device.

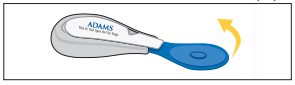
1. **OPEN** Use finger scoop to lift open door.



2. **LOAD** To Load, place tube WHITE SIDE UP under the blue tabs.



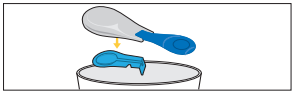
3. **CLOSE** Close the blue door and the tube will snap open.



4. **APPLY** The dog/puppy should be standing for easy application. To apply, use tip to part hair and get next to dog's/ puppy's skin. Press circle on blue door once at each of two evenly placed spots between the shoulder to the base of the tail.

Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/ puppy. Do not spread this product by hand over the dog/puppy. Although the dog's/puppy's skin and hair oils will distribute the application over the entire dog/puppy, brushing the dog/puppy 12-24 hours after treatment will help to distribute the material over the skin.

5. **DISPOSE** To dispose of empty tube, open blue door and drop empty tube into trash or offer for recycling if available. Close applicator device door and store in original package.



Note: Each package contains sufficient tubes for 3 applications.

Tip parts hair to help get down to the skin

Ergonomically contoured for easy handling

Will not drip after opening

Closing applicator door automatically opens tube
