FAST, EFFECTIVE CONTROL FOR GREEN, BLACK AND YELLOW ALGAE

Department of Agriculture
STATE OF HAWAII

LICENSED

PERIOD 2013-2015 LIC. NO.

9231.74

ACTIVE INGREDIENT: Poly [oxyethylene (dimethyliminio) ethylene (dimethyliminio) ethylene dichloride] 20%
OTHER INGREDIENTS: 80%
TOTAL: 100%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See other precautions and first aid on back panel.
NET CONTENTS: 32 FL. OZ. - 946 ML

GLB®

FAST, EFFECTIVE CONTROL FOR GREEN, BLACK AND YELLOW ALGAE

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If person is not breathing call 911 or an ambulance then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES: Hold eyelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
IN CASE OF EMERGENCY CALL: 1-800-654-6911
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE:
It is a violation of Federal law to use **Algimycin® 2000** in a manner inconsistent with its labeling.
It is easier to prevent algae growth than to destroy it after it becomes established. Start treatment with a clean, clear pool if possible.

SHAKE WELL BEFORE USING

1. **INITIAL TREATMENT FOR PREVENTION OF ALGAE GROWTH IN CLEAR POOL WATER:** Use 8 to 12 ounces of **Algimycin 2000** for every 10,000 gallons of water.
2. **INITIAL TREATMENT FOR POOLS WITH VISIBLE ESTABLISHED ALGAE:** Use 16 to 24 ounces of **Algimycin 2000** for every 10,000 gallons of water. Remove dead algae by vacuuming.
3. **BLACK ALGAE CONTROL:** Apply 16 ounces for every 10,000 gallons of water when algae first appears. Brush spots daily to remove dead algae. Vacuum out settled algae.
4. **TO MAINTAIN POOLS FREE OF VISIBLE ALGAE GROWTH:** Use 4 to 8 ounces of **Algimycin 2000** per 10,000 gallons of water weekly.

METHOD OF APPLICATION: Never mix concentrated product with other concentrated pool chemicals such as concentrated dry or liquid chlorine. When properly diluted in the pool, **Algimycin 2000** is compatible with those chemicals normally used to treat pools.

1. SHAKE WELL before measuring out required amount of **Algimycin 2000**.
2. Apply directly to the pool water with the circulation system turned on.
3. Allow at least one hour for product to be distributed before turning off the pump.
4. Repeat treatment until control is evident.

PREVENTION OF ALGAE GROWTH IN CLEAR POOL WATER: Initially, add 8 ounces of **Algimycin 2000** for every 10,000 gallons of water.

TO MAINTAIN POOLS FREE OF VISIBLE ALGAE GROWTH: On a weekly basis, use 4 ounces of **Algimycin 2000** per 10,000 gallons of water.

ELIMINATION OF VISIBLE, ESTABLISHED ALGAE: Use 24 ounces of **Algimycin 2000** for every 10,000 gallons of water. Brush sides and bottom of pool daily. When pool has cleared, vacuum out settled algae.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Causes eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Avoid breathing vapor. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

IN CASE OF SPILL: Avoid release to the environment. Do not flush to sewer. Contain and/or absorb spill with inert material (e.g. sand, vermiculite).

STORAGE AND DISPOSAL:

Keep this product dry in its tightly closed container when not in use. Nonrefillable container. Do not reuse or refill this container. Offer for recycling. If not available, discard in trash.

EACH MARKING REPRESENTS APPROXIMATELY 2 FL. OZ.
