CAUTION

MAY BE HARMFUL IF SWALLOWED
KEEP OUT OF REACH OF CHILDREN
See additional precautions and first aid on back panel.

ACTIVE INGREDIENTS:	
Sodium Bromide (NaBr)	32.18%
OTHER INGREDIENTS:	67.82%
TOTAL	100.00%

See other precautions and first aid on back panel.
Net Contents: 32 FL. OZ. (946 ML.)

RENDEZVOUS ENHANCE is a clear solution of bromide salts which remain as a stable bank in the spa/hot tub water until **ACTIVATE** is added. This product has no disinfectant properties and it is only when **ACTIVATE** is added that bromine is released in water containing this product.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product should be added when the spa/hot tub is filled and weekly thereafter to maintain a bank of bromine in the water.

First, treat the spa/hot tub with **PROTECT PLUS** according to its labeling directions.

Then, add this product 4 oz./250 gal. directly into the spa/hot tub. Circulate the water while adding this product to assure rapid and thorough distribution.

Weekly, thereafter, add this product 1 oz./250 gal. to maintain sufficient bank of bromine in the water.

Test the bromine residual at least once every day with a bromine/pH test kit. The bromine residual must be between 1-3 ppm for residential spas/hot tubs and 3-5 ppm for commercial installations. Heavy usage, or the length of time the spa/hot tub is in use may result in depletion of bromine and require additional dosages of **ACTIVATE** and/or this product to maintain the desired bromine residual. Never mix any chemicals with each other before adding to the spa/hot tub water.

Change water monthly or as needed to maintain water quality.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. avoid contact with eyes, skin or clothing. Wash with soap and water after handling.

FIRST AID:

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

STORAGE AND DISPOSAL

Store in original container in a cool, dry place. Do not reuse empty bottle. Wrap bottle and put in trash.
