**COUNTY OF MAUI'S SUPPLEMENTAL RESPONSE TO
INFORMATION REQUESTS FROM HECO, MECO, AND HELCO**

HECO/Maui-DT-SIR-7 Ref: Maui response to HECO/Maui-DT-IR-25

Please confirm that the witness is unaware of any electric utilities that have implemented "full cost" generation impact fees.

Supplemental Response

The County of Maui was unaware of the information in this supplemental response until late November, 2004. Upon realizing that this information is responsive to an outstanding information request, and assuming that all information requests are of a "continuing" nature, we are providing this supplemental response.

On November 18, 2004, the Manitoba Public Utilities Board issued Order 143/04, which directed Manitoba Hydro to consider a connection charge / rebate program, stating:

The Board is interested in the suggestions of TREE/RCM with respect to DSM, such as the TREE's proposed Surcharge/Rebate program for new housing construction. The Board will expect MH to consider these programs for possible inclusion in its 2004 Power Smart program.

A copy of the full Order is being provided electronically to HECO.

DATED: Wailuku, Maui, Hawaii, December 3, 2004.
