FILED

Dear Mr. Caliboso:

Thank you for the opportunity to review and comment on the Draft Environmental Assessment for the East O'ahu Transmission Project.

This project will have a significant impact on the services to be provided by Districts 1 and 7 of the Honolulu Police Department. We anticipate an increase in calls for service due to the construction-related dust, noise, parking, and traffic complaints in and around the different construction sites.

In order to minimize the complaints, we would like to have the contractor call Major Kevin Lima of District 1 (529-3386) and Captain Marie McCauley of District 7 (529-3362) and provide them with the names and contact numbers of his or her representatives as well as to discuss specific concerns as the project progresses. Additionally, we are requesting that the construction schedules be forwarded to Major Lima and Captain McCauley when they are finalized.

If there are any questions, please call Ms. Carol Sodetani of the Support Services Bureau at 529-3658.

Sincerely,

BOISSE P. CORREA  
Chief of Police
