

CA-IR-14

Ref: T-4, Page 33.

How long has the Pukele substation been the most heavily loaded HECO substation?

HECO Response:

Transmission Planning has the annual Day Peak data from 1990 to present, and based on a review of that data, the Pukele Substation has been the most heavily loaded 138kV substation on the HECO system since 1990. Refer to Exhibit 5, page 119 for data from 1994-2002.
