GENERAL INFORMATION

Ethanol content requirement. Starting no later than April 2, 2006, each distributor supplying fuel to one or more retail stations or to one or more private or municipal fleets shall meet the minimum ethanol content requirement that at least eighty-five per cent of all gasoline intended as a final product for fueling motor vehicles in the state of Hawaii shall contain ten per cent ethanol by volume.

Reports. Each distributor is required to file a monthly report, in accordance with HRS 486J(10) and HAR 15-35, on or before the last day of the calendar month following the month of the report. Reports shall be signed and certified by the chief executive officer or other authorized officer of the company. Upon satisfying the ethanol blending and reporting requirements on a timely basis for at least six consecutive months, the distributor, upon notification, may elect to file quarterly reports in lieu of monthly reports. Questions or requests for additional forms may be directed to (808) 587-3809. Forms may be downloaded from the Internet (<http://www.hawaii.gov/dbedt/>).

Definitions.

"Distributor" means and includes: 1. Every person who refines, manufactures, produces, or compounds spark ignition engine fuel in the State, and sells it at wholesale or to retail dealers; 2. Every person who imports or causes to be imported into the State or exports or causes to be exported from the State, any spark ignition engine fuel; 3. Every person who acquires spark ignition engine fuel through exchanges with another distributor; and 4. Every person who acquires spark ignition engine fuel from a licensed distributor as a wholesaler thereof.

"Ethanol blended gasoline" and "E-10" mean automotive spark ignition engine fuel which contains a blend of gasoline and not less than 9.2 and not more than 10.0 per cent ethanol by volume.

"Fuel ethanol" means fuel-grade ethanol which meets specification ASTM D 4806, "Standard Specification for Denatured Fuel Ethanol for Blending with Gasoline for Use as Automotive Spark Ignition Engine Fuel."

"Gasoline" includes conventional, oxygenated, and reformulated gasolines.

"Permit number" is the fuel distributor permit number from the State Department of Taxation. It is used on State tax form M-20A.

"Person" means any person, firm, association, organization, partnership, business trust, limited liability corporation, corporation, or company. "Person" also includes any city, county, public district or agency, the State or any department or agency thereof, and the United States to the extent authorized by federal law.

"Retail dealer" means and includes a person who purchases liquid fuel from a licensed distributor, and sells the liquid fuel at retail. Only sales of gasoline for consumption or used by the purchaser, and not for resale, are sales at retail. An individual retail dealer is not required to file a monthly report unless the retailer is also a distributor or compounds or blends ethanol into gasoline other than at the distributor's terminal loading rack.
