

# Hawaii Build & Buy Green Conference & Expo

## Wednesday, May 20, 2009

The emerging Green Economy is getting a jumpstart from the landmark federal stimulus funds. It is creating tremendous opportunities for meaningful jobs and for shaping thriving, healthy communities.

Hear featured **Keynote Speaker Dana Bourland, Vice President of Enterprise Community Partners**, share her insights as a national expert on the status of the green building movement and the green economy. She is responsible for the successful \$570 million Green Communities® Initiative to build green, affordable housing. *Fast Company* magazine has named Ms. Bourland one of the “Most Influential Women in Technology.”

**WHO:** OPEN TO ALL interested in the greening economy and green jobs, including building and design industry professionals, engineers, developers, planners, suppliers, REALTORS®, government housing agencies, property managers, non-profits, and workforce trainers.

**WHEN:** **Wednesday, May 20, 2009**  
**7:30 a.m. – 4:30 p.m. (Breakfast and Expo begin at 7:30 am; Program begins at 8:00 am)**

**WHERE:** **Ko’olau Ballrooms, 45-550 Kionaole Road, Kaneohe, Island of Oahu**  
Driving Directions: [http://koolauballrooms.com/?page\\_id=5](http://koolauballrooms.com/?page_id=5). Please consider carpooling or taking transit.  
Point-to-point bus information available at [www.google.com/transit](http://www.google.com/transit)

**WHAT:** Expo with Table Top Exhibits; and THREE tracks of concurrent seminars:

**Track A. Greening Affordable Housing** (*with assistance from the U.S. Department of Housing & Urban Development*): Designing, building, and financing green housing; the Green Workforce; DHHL Goes Green and other case studies; Hawaii green building trends; Making the Market; local case studies; transforming public housing into green assets; NAHB Green Rehab; the energy audit.

**Track B. LEED 2009 Update:** Hawaii USGBC; LEED Neighborhood Development; Hawaii LEED project case studies; Hawaii Clean Energy Initiative and the American Recovery and Reinvestment Act (federal economic stimulus energy grants); pathways to a net-zero energy home.

**Track C. Green Projects & Products:** LEED for Schools Hawaii case studies; LEED at Universities local case studies; Honolulu Rail Transit LEED Projects; tropical landscaping; The Honu Guide; MA`O Farm Project; carbon offsets and the carbon market.
