**Q: If a plumber is newly licensed between June 30, 2008 and June 30, 2009 is that plumber licensee required to meet the continued competency requirement to renew the licensee's license?**

A: No. Plumbers licensed within one year of the renewal date are not required to submit proof of meeting the continued competency requirements.

### **ELECTRICIANS & PLUMBERS**

**Q: If an electrician or plumber licensee fails to restore a license w/in one year of the renewal date, will that licensee be made to reapply and retake the licensing examination?**

A: Yes. To avoid having to reapply retake the examination, it is highly recommended that you restore your license within one year of the date of forfeiture.

**Q: What agency has jurisdiction over permitting requirements and electrical or plumbing codes?**

A: The various County Building Departments. (Honolulu, Hawaii, Maui, Kauai)

**Q: Does Hawaii have reciprocal agreements with other states?**

A: No. All applicants must meet the same licensing and examination requirements.

**Q: Can a licensed electrician or plumber offer to perform or enter into a contract to perform electrical or plumbing work?**

A: No. An electrical or plumbing contractor's license is required. There is only one exception when a licensed electrician or plumber may offer to perform or enter into a contract to perform electrical or plumbing work and that is if the project for which the aggregate contract price for labor, materials, taxes, and all other items is not more than \$1,000 and it does not require an electrical or plumbing permit.
