SUBCHAPTER 5

CONTINUING PROFESSIONAL EDUCATION

§16-71-31 Basic concept. The overriding consideration in determining whether or not a specific program qualifies as acceptable continuing professional education is whether the program is a formal program of learning which will contribute directly to the professional competence of a licensee in public practice. Each licensee shall determine the course of study to be pursued by the licensee within the guidelines established by this chapter. [Eff 1/1/74; am and ren §16-71-31, 6/25/81; am and comp 6/8/84; comp 10/23/87; comp 2/22/94; comp

§16-71-32 Persons covered. Any person in public accounting practice, regardless of the extent or degree of the practice, shall be covered by this chapter. [Eff 1/1/74; am and ren §16-71-32, 6/25/81; am and comp 6/8/84; comp 10/23/87; comp 2/22/94; comp 6/3/95; comp 1/22/01; comp 1/30/10] (Auth: HRS §466-4) (Imp: HRS §466-7)

§16-71-33 Basic requirements of study hours. (a) For a permit to practice public accountancy covering each biennium, an individual applicant shall file, together with the application and payment of a fee for a permit to practice, an attestation as to the completion of at least eighty hours in continuing professional education programs. The eighty hours shall have been earned by the applicant within a twenty-four month period, and within twenty-four months prior to the date of the application for a permit to practice.

(b) The applicant shall include within the eighty hours of continuing professional education programs, at least four hours of continuing professional education in the subject area of ethics or professional conduct; provided that these hours may also be used to simultaneously fulfill the requirements to renew the license of a certified public accountant or public accountant under section 16-71-2.

(c) The continuing professional education requirement of eighty hours may be prorated only for the permit obtained for the biennium period immediately following an individual's first permit to practice. The proration schedule shall be ten hours for each three month period of the biennium. The number of hours required shall be determined by the date on which the individual's first permit to practice was approved.

(d) An applicant whose first permit was approved in the first three months of the biennium shall earn eighty hours to obtain the subsequent permit; an applicant whose first permit was approved in the second three months of the biennium shall earn seventy hours to obtain the subsequent permit; and the total hours required shall decrease by ten hours for each three month period to a minimum of ten hours for an applicant whose first permit was approved in the last three months of the biennium period. §16-71-34 Hours which qualify. A minimum of fifty minutes shall constitute one continuing professional education hour. No credit for continuing professional education hours shall be allowed for time expended for study outside of the classroom nor shall additional credits be allowed for programs or courses repeated in any single year. The hours spent in continuing professional education programs shall be measured, as follows:

- (1) A one-day program, other than a university or college course, of not less than six hours shall equal eight continuing professional education hours;
- (2) One hour of attendance in a group program, other than a university or college course, shall equal one continuing professional education hour;
- (3) Each hour certified by the sponsor of an individual self-study program shall equal one continuing professional education hour;

- (5) An academic credit hour for a quarter earned from an accredited university or college as specified in section 16-71-17(a)(l) shall equal ten continuing professional education hours, provided the credits were not counted toward certification;
- (6) Each university or college classroom hour in noncredit study shall equal one continuing professional education hour;
- (7) Each hour of university or college classroom work as a teacher, instructor, or lecturer shall equal one continuing professional education hour; however, the total cumulative continuing professional education hours earned by this method shall not exceed forty credit hours towards continuing professional education in any biennium; credit for the same course shall be awarded only once during a three year period;
- (8) Each hour spent at a group program, other than a university or college course, as a lecturer, discussion leader, or speaker shall equal one continuing professional education hour if the attendees of the group program shall be able to earn continuing professional education credit as a result of the attendance; and provided that the total cumulative hours earned by this method shall not exceed forty credit hours toward continuing professional education in any biennium; credit for the same course shall be awarded only once during a three-year period;

- (9) Fifty per cent of each hour spent as a reviewer at a formally sponsored inter-office or inter-firm quality review program; and provided that the credit shall not exceed twenty continuing professional education hours in any biennium;
- (10) Credit may be allowed for authoring articles and books published in any one year, provided that they contribute to the professional competence of the licensee. Credit for the publications may be given on a self-declaration basis; provided the credit shall not exceed twenty continuing professional education hours in any biennium; and
- (11) An applicant for a permit to practice shall be allowed eighty hours of continuing professional education credit for passing the AICPA examination for the two years following the date the applicant is notified of passing the examination. If an applicant has not taken credit in the two years following notification, the applicant shall be allowed to take credit for forty hours of continuing professional education during the third year following notification. Credit for passing the AICPA examination shall not be taken more than once. (a) In the event an applicant, except as provided in section 16-71-46, is found to be lacking in the eighty required continuing professional education hours as of December 31 of any odd-numbered year, the applicant shall be required to make up the deficient hours before the board approves the permit to practice.

(b) In the event the total continuing professional education hours is found to be in excess of the minimum requirements in any biennium, the applicant may carryover the excess to the following biennium's requirements, provided that the carryover shall be limited to forty hours. It shall be the responsibility of the licensee to maintain a record of any carryover credits. SUBCHAPTER 7

RULES OF CONDUCT

§16-71-61 Independence, integrity, and objectivity. (a) A licensee shall not express an opinion on financial statements of an enterprise in a manner as to imply that the licensee is acting as an independent public accountant with respect thereto unless the licensee is independent with respect to the enterprise.

Independence shall be considered to be impaired if, for example:

- (1) During the period of the licensee's professional engagement, or at the time of expressing an opinion, the licensee:

- (A) Had acquired or was committed to acquire any direct or material indirect financial interest in the enterprise;
 - (B) Was a trustee, executor, or administrator of any trust or estate which had acquired or was committed to acquire any direct or material indirect financial interest in the enterprise;
 - (C) Had any joint closely-held business investment with the enterprise or any officer, director, or principal stockholder thereof which was material in relation to the net worth of either the licensee or the enterprise; or
 - (D) Had any loan to or from the enterprise or any officer, director, or principal stockholder thereof other than loans of the following kinds made by a financial institution under normal lending procedures, terms, and requirements:
 - (i) Loans obtained by the licensee which are not material in relation to the net worth of the borrower;
 - (ii) Home mortgages; and
 - (iii) Other secured loans, except those secured solely by a guarantee of the licensee;
- (2) During the period covered by the financial statements, during the period of the professional engagement, or at the time of expressing an opinion, the licensee:
- (A) Was connected with the enterprise as a promoter, underwriter, voting trustee, director, or officer, or in any capacity equivalent to a member of management or of an employee; or
 - (B) Was a trustee of any pension or profit-sharing trust of the enterprise.

Paragraphs (1) and (2) are not intended to be all-inclusive examples.

(b) A licensee, in the performance of professional services shall not knowingly misrepresent facts, and shall not subordinate the licensee's judgment to others. In tax practice, however, a licensee may resolve doubt in favor of a client as long as there is reasonable support for the position.

(c) A licensee shall not pay a commission to obtain a client, nor accept a commission for a referral to a client of products or services of others. This subsection shall not prohibit payments for the purpose of all, or a material part, of an accounting practice or retirement payments to persons formerly engaged in the practice of public accountancy, or payments to the heirs or estates of those persons.

(d) A licensee shall not offer or perform professional services for a fee which is contingent upon the findings or results of those services; provided this subsection shall not apply to professional services involving federal, state, or other taxes in which the findings are those of the tax authorities and not those of the licensee, nor shall it apply to professional services for which the fees are to be fixed by courts or other public authorities, and which are, therefore, indeterminate in amount at the time the professional services are undertaken.

(e) A licensee shall not concurrently engage in the practice of public accountancy and in any other business or occupation which impairs the licensee's independence or objectivity in rendering professional services. [Eff 3/6/80; am and ren §16-71-61, 6/25/81; am and comp 6/8/84; am and comp 10/23/87; am and comp 2/22/94; comp 6/3/95; comp 1/22/01; comp 1/30/10] (Auth: HRS §466-4) (Imp: HRS §466-4)

§16-71-62 Competence and technical standards. (a) A licensee shall not undertake any engagement for the performance of professional services which the licensee cannot reasonably expect to complete with due professional competence, including compliance, where applicable, with subsections (b) and (c).

(b) A licensee's name shall not be permitted to be associated with financial statements in a manner as to imply that the licensee is acting as an independent public accountant with respect to the financial statements unless the licensee is in compliance with applicable generally accepted auditing standards. Statement on Auditing Standards issued by the American Institute of Certified Public Accountants, and other pronouncements having similar generally recognized authority, are considered to be interpretations of generally accepted auditing standards, and departures therefrom shall be justified by those who do not follow them.

(c) A licensee shall not express an opinion that financial statements are presented in conformity with generally accepted accounting principles if the financial statements contain any departure from an accounting principle which has a material effect on the statements taken as a whole, unless the licensee can demonstrate that due to unusual circumstances the financial statements would otherwise have been misleading. In that case, the licensee's report shall describe the departure, the approximate effects thereof, if practicable, and the reasons why compliance with the principles would result in a misleading statement.

(d) A licensee, in the performance of professional services, shall not permit the licensee's name to be used in conjunction with any forecast of future transactions in a manner which may reasonably lead to the belief that the licensee vouches for the achievability of the forecast. §16-71-63 Responsibilities to clients. (a) A licensee, without the consent of the client, shall not disclose any confidential information pertaining to the client obtained in the course of performing professional services.

(b) Subsection (a) shall not:

- (1) Relieve a licensee of any obligations under section 16-71-62(b) and (c);
- (2) Affect in any way a licensee's obligation to comply with a validly issued subpoena or summons enforceable by order of a court;
- (3) Prohibit disclosures in the course of a quality review of a licensee's professional services; or
- (4) Preclude a licensee from responding to any inquiry made by the board or any investigative or disciplinary body established by law or formally recognized by the board.

(c) Members of the board and professional practice reviewers shall not disclose any confidential client information which comes to their attention from licensees in disciplinary proceedings or otherwise in carrying out their responsibilities, except that they may furnish the information to an investigative or disciplinary body of the kind referred to in subsection (b).

(d) When an engagement is completed, a licensee shall furnish to a client or former client, upon request made within a reasonable time after original issuance or preparation of the document in question:

- (1) A copy of a tax return of the client;
- (2) A copy of any report, or other document, issued by the licensee to or for the client;
- (3) Any accounting or other records belonging to, or obtained from or on behalf of, the client which the licensee removed from the client's premises or received for the client's account, but the licensee may make and retain copies of the documents when they form the basis of work done; and
- (4) A copy of the licensee's working papers, to the extent that the working papers include records which would ordinarily constitute part of the client's books and records and are not otherwise available to the client, provided that a licensee may require that any fees due and owing from the client to the licensee for the licensee's services, where the client has agreed in advance to pay

such fees, be paid before a copy of the licensee's working papers is provided to the client. [Eff 1/1/74; am and ren §16-71-63, 6/25/81; am and comp 6/8/84; am and comp 10/23/87; am and comp 2/22/94; comp 6/3/95; comp 1/22/01; comp 1/30/10] (Auth: HRS §466-4) (Imp: HRS §466-4)

§16-71-64 Other responsibilities and practices. (a) A licensee shall not commit any act which reflects adversely on the licensee's fitness to engage in the practice of public accountancy.

(b) A licensee shall not permit others to carry out on the licensee's behalf, either with or without compensation, acts which, if carried out by the licensee, would place the licensee in violation of the rules of conduct.

(c) A licensee shall not use or participate in the use of any form of public communication having reference to the licensee's professional services which contains a false, fraudulent, misleading, deceptive, or unfair statement or claim. A false, fraudulent, misleading, deceptive, or unfair statement or claim includes, but is not limited to, a statement or claim which:

- (1) Contains a misrepresentation of fact;
- (2) Is likely to mislead or deceive because it fails to make full disclosure of relevant facts;
- (3) Contains any testimonial or laudatory statement, or other statement or implication that the licensee's professional services are of exceptional quality;
- (4) Is intended or likely to create false or unjustified expectations of favorable results;
