GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Horizontal Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominiums, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented or encumbered, and they may be disposed of by will or gift.

Your apartment will, however, be part of the group of apartments that comprise the condominium. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium

The Association of Apartment Owners is the means through which apartment owners may take action with regard to the administration, management, and operation of the condominium. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your control of the administration and operation of the condominium will in most cases be limited to your right to vote as an owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

Notwithstanding the foregoing, however, if (1) at any time prior to the first filing in the Bureau of Conveyances of the State of Hawaii of a conveyance of a Dwelling, the Declarant may amend this Declaration (including all exhibits) and the By-Laws in any manner, without the consent of any Dwelling purchaser; and (2) at any time thereafter, the Declarant may amend this Declaration (and when applicable, the Condominium Map) to file the "As Built" verified statement required by Section 514A-12 of the Act (i) so long as such statement is merely a verified statement of a registered architect or professional engineer certifying that the final plan thereto filed fully and accurately depicts layout, location, apartment numbers, and the dimensions of an improvement or change in a Dwelling as built; or (ii) so long as the plans filed therewith involve only immaterial changes to the layout, location, or dimensions of the apartments as built or any change in any apartment number. In case of a modification or amendment to the By-Laws, this Declaration shall be amended to set forth such modification or amendment pursuant to such percentage vote as required by the By-Laws which rendered the modification or amendment thereof effective.

(i) All building plans for any such changes shall be prepared by a licensed architect or professional engineer and conform with County building or zoning laws and other applicable City and County ordinances.

(ii) The value of the Dwelling after such changes shall not be less than the value before such changes.

(iii) Any change will be made within the Dwelling Lot to which the Dwelling is appurtenant, and no change will reduce the distance between improvements placed on each Dwelling to less than what it was originally as shown on the Condominium Map.

(iv) All such changes shall be at the expense of the Dwelling owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere with the other owners' use of his Dwelling Lot.

(v) During the entire course of such construction, the Dwelling owner making such change will cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. (vii) The owner of the changed Dwelling shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Dwelling affected by such change for electricity, sewer and other utilities and services and when applicable, to add, delete, relocate, realign, designate and grant easement and rights-of-way over, under and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the project;

(viii) The owner of any changed Dwelling shall have the right and duty without the consent or joinder of any other person to apply for a building permit and any other permit from Governmental Authorities and public utilities to effect any change and to amend this Declaration and the Condominium Map to reflect any such changes. If required by the Act, then promptly upon completion of such changes, the owner of the changed Dwelling shall duly record any amendment to this Declaration with the Bureau of Conveyances of the State of Hawaii, together with a complete set of the floor plans of the Project as so altered, certified as built by a registered architect or professional engineer. All existing Dwelling owners and all future Dwelling Owners and their mortgagees, by accepting an interest in a Dwelling, shall be deemed to have given each Dwelling owner a Power of Attorney to execute applications for a building or other permit as aforesaid and any amendment to the Declaration solely for the purpose of describing the changes to his respective Dwelling. Each Dwelling Owner shall hereafter have a Power of Attorney from all the other Dwelling owners to execute such amendment to the Declaration or to make applications as aforesaid. This Power of Attorney shall be deemed coupled with each Owner's interest in his Dwelling (including his common interest) and shall be irrevocable.

CONSTRUCTION WARRANTIES

Building and Other Improvements and
Appliances

The parties understand that Dwelling A was constructed about 30 years earlier. The Seller is selling Dwelling A together with the appliances and other personal property in "as is" condition. The parties understand that the Seller is giving no warranties to Purchaser with respect to the construction, materials, or workmanship of Dwelling A. The Seller is transferring the appliances and the electrical and plumbing fixtures in normal working condition consistent with their age. The Purchaser understands that execution, delivery and recordation of the Purchaser's Apartment Deed shall constitute the Purchaser's acceptance of the Apartment and the condition thereof including the personal property therein. Purchaser shall have the direct benefit of any manufacturer's or dealer's warranties covering the furnishings and appliances in the Apartment. Except as to the foregoing, the Purchaser understands that said Dwelling A is now being sold in "as is" condition. This means that the Seller shall not correct any defects in the Apartment or anything installed or contained therein. The existence of any defect in the apartment or anything installed or contained therein shall not excuse the Purchaser's obligation to perform all of his obligations under this contract.

The Purchaser understands and agrees that the Seller is disclaiming any warranties, either express or implied, including any implied warranties of habitability, merchantability or fitness for a particular purpose, with respect to the project, the apartment or anything installed or contained therein. The apartment will be deemed to be sold "as is", and the Seller will not be liable to the Buyer for any construction or other defects, including any latent or hidden defects in the project, the apartment or anything installed or contained therein. This means that the Purchaser will not have the right to file any lawsuit for damages against the Seller for any defects later discovered by the Purchaser.

With respect to Dwelling B, Seller is giving a warranty for one year with respect to the construction, materials and workmanship thereof.

Purchaser shall have the direct benefit of any manufacturer's or dealer's warranties covering the furnishings and appliances in the Apartment. The Purchaser understands that execution, delivery and recordation of the Purchaser's Apartment Deed shall constitute the Purchaser's acceptance of the Apartment and the condition thereof including the personal property therein. Except as to the foregoing, Seller disclaims any warranty, expressed or implied.
