GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Condominium Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

House rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais, keeping of pets, and occupancy limits. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial house rules are usually adopted by the developer.

10. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.

Variance(s) to zoning code was/were granted as follows:

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>X</u>	<u> </u>	<u> </u>
Structures	<u>X</u>	<u> </u>	<u> </u>
Lot	<u>X</u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project intended to be used by all apartment owners. They are owned jointly by all apartment owners.

Exhibit E describes the common elements.

As follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which may use them are:

described in Exhibit E

as follows:

The portion of land set aside for the use of each owner of a Unit as set forth in Exhibit A, subject to the roadway and utility easement.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is often used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium. It may also be used for other purposes, including voting on matters requiring action by apartment owners.

Exhibit C describes the common interests for each apartment.

As follows:

E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property.

Exhibit F describes the encumbrances against the title contained in the title report dated November 17, 1989 and issued by FIRST HAWAII TITLE CORP..
Developer represents that since that date there have been no further encumbrances.

Blanket Liens:

A blanket lien is a mortgage on a condominium project that secures a construction loan. It is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

There are no blanket liens affecting title to the individual apartments.

There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. Buyer's interest will be affected only if the developer defaults prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest If Developer Defaults</u>
---------------------	---

F. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a managing agent to assist the Association in managing the condominium project.

Initial Managing Agent: When the developer or the developer's affiliate is the initial managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial managing agent for this condominium is:

not affiliated with the Developer.

the Developer or the Developer's affiliate.

G. Estimate of Initial Maintenance Fees:

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, your apartment may be liened and sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided to each apartment.

Exhibit G contains a schedule of maintenance fees and maintenance fee disbursements.

IV. ADDITIONAL INFORMATION NOT COVERED ABOVE

Prospective Purchaser:

This is a condominium project, not a subdivision. Units purchased are not subdivided lots. You will be required to comply with zoning codes to be allowed to construct a residence on your limited common element.

To determine whether your expectations can be realized, you should carefully review this Report, especially Exhibit D, Protective Covenants and Building Rules. Among other things, the Protective Covenants and Building Rules state what you may and may not do with the property, what is required of you, and what is and is not available. You should also conduct your own investigations and ascertain the validity of information provided. There is an Architectural Review Committee which must approve of all building plans. Please remember that issuance of this Report does not mean the Real Estate Commission has approved the project.

The County of Kauai Planning Department has advised that, in order to process the necessary permits for the construction of a farm dwelling and the processing of a farm dwelling agreement, authorization from at least 75% of the legal and equitable ownership of the entire project shall be required, consistent with the Declaration of Condominium Property Regime, the Bylaws, and the Protective Covenants and Building Rules.

Except as limited specifically by the Declaration of Condominium Property Regime, the Bylaws and the Protective Covenants and Building Rules, all uses permitted in the Agricultural Zone are permitted. Such uses include, but are not limited to growing crops, raising animals, residence, diversified agriculture, forestry, orchards and nurseries and wildlife management. See Kauai County Comprehensive Zoning Ordinance, Article 8.7.

With reference to page 10 of this report, specifically the permitted uses of buildings and other improvements, structures shall only be occupied or used for agriculture, associated residential uses, and/or other uses permitted under the Kauai County Zoning Ordinances and the Protective Covenants and Building Rules (Exhibit D), herein referenced. An agricultural residence may not be constructed unless the Unit Owner demonstrates to the County his ability to derive income and/or agricultural products from his property. Agricultural use must be established and verified prior to any building permit approval.

Please see cautionary and advisory letter from Kauai County Planning Department attached as Exhibit J.

A buyer should understand that all development and use of the properties shall comply with all County Codes and Ordinances, that owners in this condominium project will not necessarily receive the same County benefits as owners of approved subdivided lots, and that owners who develop their properties later than others may find that insufficient utility capacities may thwart their expectations.

Buyer's Right to Cancel Sales Contract:

A. Rights Under the Condominium Statute:

Preliminary Report: Sales made by the Developer are not binding. A prospective buyer who cancels the sales contract is entitled to a refund of all moneys paid, less any escrow cancellation fee up to \$250.00.

Supplementary Report to a Preliminary Report: Same as for Preliminary Report.

Final Report, Supplementary Report to a Final Report: Sales made by the Developer are binding if:

1. The Developer delivers to the buyer a copy of:
 - a. Either the Final Public Report **OR** the Supplementary Public Report which has superseded the Final Public Report;
AND
 - b. Any other public report issued by the Commission prior to the date of delivery, if the report was not previously delivered to the buyer and if the report has not been superseded;
2. The buyer is given an opportunity to read the report(s); and
3. One of the following has occurred:
 - a. The buyer has signed a receipt for the report(s) and waived the right to cancel; or
 - b. Thirty (30) days have passed from the time the report(s) were delivered to the buyer; or
 - c. The apartment is conveyed to the buyer within 30 days from the date the report(s) were delivered to the buyer.

Material Change: Binding contracts with the Developer may be rescinded by the buyer if:

1. There is a material change in the condominium which directly, substantially, and adversely affects (a) the use or value of the buyer's apartment or its limited common elements; or (b) the amenities available for buyer's use; and
2. The buyer has not waived the right to rescind.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

B. Rights Under the Sales Contract:

Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the condominium. These include but are not limited to the:

1. Condominium Public Reports issued by the Hawaii Real Estate Commission.
2. Declaration of Condominium Property Regime and Condominium Map.
3. Bylaws of the Association of Apartment Owners.
4. House Rules.

**DECLARATION OF PROTECTIVE COVENANTS
AND BUILDING RULES FOR RAINBOW RIDGE CONDOMINIUM**

The purpose of these Protective Covenants is to protect all owners and occupants from annoyance and nuisance caused by improper conduct and improper use of the RAINBOW RIDGE CONDOMINIUM, hereinafter referred to as "Project," and to provide for the maximum enjoyment of the premises, with protection of all owners reasonable expectations. All owners and occupants, their agents, employees and invitees shall be bound by these Building Rules and by standards of reasonable conduct, whether covered by these Building Rules or not.

1. Definitions. As used herein:

a. "Area" refers to the limited common element set aside for the exclusive use of each Unit owner.

b. "Unit" refers to the entire condominium interest held by an owner.

2. Building Permits. Any owner desiring to construct a single family farm dwelling in a unit will have to comply with the Kauai County building and zoning codes, as the same may be changed from time to time. The present requirement is that each owner must demonstrate the ability to obtain sustenance or income from farming on the limited common element before the County will issue a Farm Dwelling Agreement. The County will likely inspect the area before issuing a building permit, to ascertain that farming activities are taking place on the unit seeking to build. Each owner will execute a power of attorney in favor of the developer for the purpose of securing building permits for all units, because a 75% ownership interest must approve of all filings for building permits. When an association of unit owners is created, the power of attorney will be replaced with a power of attorney in favor of the president of the association of unit owners.

3. Water and Utilities. The water, electricity and telephone will be extended from the end of Olohena Road to a point within the common area next to or within the roadway common element. Each Unit Owner will be required to connect such utilities to his respective improvements at his own cost and expense. All

utilities in the condominium area shall be placed underground.

4. Cesspools. There are no sewer lines and no sanitary sewer system. Each Unit owner will be required to have his own cesspool and septic system, to be located within his own limited common element Area.

5. Roadway. At least 10 feet of the roadway within the project is paved. Each Unit Owner will be responsible for clearing all vegetation and growth from his Area to the extent it enters the roadway element.

6. Farming. A Unit owner may farm his own area and/or plant any orchards and/or engage in any other farming activity not prohibited herein. He shall use materials and/or equipment that are maintained and kept in good working order and repair and will not allow any unused and/or junk material and/or vehicles to be stored and kept in the Area or in or on common elements.

7. Construction. In the construction of the farm dwelling and/or any other accessory building, the Unit owner shall not use second-hand materials, quonset huts and/or any other materials that would create a nuisance on the Unit owner's property, or be so to the owners of other Units in the condominium project. Similarly, without unanimous consent of all unit owners, no unit owner may construct any structures that substantially depart from the type of architecture present on the other units (this shall include the colors of such structures); nothing herein stated shall be deemed to preclude construction of what has become known as "plantation style, "hawaiian style," or "ranch style" residences, as those terms are commonly used in architectural circles on Kauai. All finishes on the exteriors of structures, other than the initial farm sheds, shall be of natural colors, complimentary to earth tones.

8. Pets and Farm Animals/Noise in General. Notwithstanding that this is an agricultural condominium, the following animals shall be precluded from possession by owners or occupants of the Project: bulls, pit bull or pit bull mixed dogs, more than one pig, roosters, more than three dogs of any permitted variety, peafowl, and any animals (including those permitted above) that create such levels of noise or noxious odors that two or more unit owners make written objection to the association of unit owners. In the latter case,

offending owner(s) shall have 30 days in which to remedy the problem or to dispose of the offending animals.

Additionally, with the exception of seasonal harvesting activities and preparation of ground for crops, no unit owner shall create such levels of noise or dust that the peaceable use of other units is materially affected. The written complaint of two or more unit owners shall be prima facie evidence of material adverse conditions.

9. Common Area Land. The Association shall determine and control the use of the Common Area lands, including but not limited to use for any farming, raising of animals, landscaping, maintenance and/or any other use which may be decided upon by the Association from time to time.

10. Noxious Activities. No unit owner or agent of a unit owner shall have the right or ability to spray noxious chemicals or pesticides within 100 feet of any unit boundary, and no aerial spraying of any kind shall be allowed. For the purposes of this paragraph, "noxious" shall be deemed to mean any chemical that presents a physical danger to humans, domestic pets and farm animals.

11. Common Element Expenses and Enforcement. The Association shall provide for such Common Area expenses necessary or desirable to maintain and keep the Project in acceptable condition. The Association shall have the power to enforce these Rules, including the assessment of the common expenses and the filing of a lien against any Unit owner failing to these Building Rules.

12. Repeal or Modification. These may be repealed or modified by Developer at any time prior to issuance of the Final Report by the State of Hawaii, Real Estate Commission. Thereafter they may be modified by an affirmative vote of the holders of 80% of the common interests in the Project.

END OF EXHIBIT D

SUBJECT: Comments on Rainbow Ridge, Reg. No. 1983
TMK: 4-4-3: 5

Thank you for allowing us this opportunity to comment.

After reviewing the Notice of Intention, Questionnaire form, and draft of the Public Report for Rainbow Ridge, Reg. No. 1983, TMK: 4-4-3: 5, we have the following comments to offer:

- a. The amount of limited common elements corresponds to the allowable unit density.
- b. In relation to item no. 6, page 5, and item no. 7, page 12 in the "Summary of the Condominium Project," we feel that each limited common element should have at least two (2) parking stalls; requirements of the Comprehensive Zoning Ordinance stipulate two (2) parking stalls per dwelling unit.
- c. In Exhibit D, page 2, under "3. Water and Utilities," the roadway common element is not identified on either Exhibits A or B.
- d. In Exhibit D, page 3, under "5. Roadway," the following language should be corrected: "At least 10 feet of the roadway within the project is shall be paved. Each Unit owner will be responsible for clearing all vegetation and growth from his Area to the extent it encroached the roadway element."

EXHIBIT J

Mr. Calvin Kimura
November 14, 1988
Page 2

- e. In Exhibit E, under the common element description of "(b) the access and utility easement," no such easement is designated on any prior exhibits.
- f. In our copies of Exhibits H and I, references are made to a completely different project (Kimolana Estates) and Seller (James G. Wetherwill); please verify on the original documents that the misunderstanding occurred only in our copies.
- g. There should be a disclaimer provision written into this and all ensuing condominium reports stating that approval of the report should not be misconstrued to mean that all County Codes and Ordinances have been complied with. Subsequent development and use shall comply to all applicable County Codes and Ordinances. It should also be made clear that the Horizontal Property Regime (HPR) does not necessarily mean that all County requirements pertaining to subdivision of lands have been met. Therefore, such facilities/improvement that are normally associated with County-approved subdivisions such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emerging traffic, drainage facilities, etc. may not necessarily be provided for. Further, such services as County street maintenance and trash collection will not be available for interior road/driveways.
- h. Also of concern are the declaration of protective covenants, wherein certain types of agricultural activities are restricted. While this is a private matter, it appears to detract from the stated purpose of agriculture-zoned lands.

Should you have any questions, please contact Peter Nakamura of my staff at 245-3919.
