GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Condominium Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessee (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including all improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including all improvements placed in the apartment by the lessee.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

The Condominium Statute (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

D. House Rules. The Board of Directors may adopt house rules to govern the use and operation of the common elements and individual apartments. House rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais, keeping of pets, and occupancy limits. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial house rules are usually adopted by the developer.

The House Rules for this condominium are:

- Proposed Adopted
 Developer does not plan to adopt house rules.

E. Changes to Condominium Documents

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

Variance(s) to zoning code was/were granted as follows:

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at a certain time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>X</u>	<u> </u>	<u> </u>
Structures	<u>X</u>	<u> </u>	<u> </u>
Lot	<u>X</u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, the buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, or restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project intended to be used by all apartment owners. They are owned jointly by all apartment owners.

Exhibit E describes the common elements.

As follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which may use them are:

described in Exhibit E

as follows:

The portion of land set aside for the use of each owner of a Unit as set forth in the Condominium Map, attached as Exhibit A.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is often used to determine each apartment's share of maintenance fees and other common profits and expenses of the condominium. It may also be used for other purposes, including voting on matters requiring action by apartment owners.

Exhibit C describes the common interests for each apartment.

As follows:

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property.

Exhibit F describes the encumbrances against the title contained in the title report dated September 10, 1990 and issued by TITLE GUARANTY OF HAWAII

The Developer represents that there have been no further encumbrances since the date above-stated.

Blanket Liens:

A blanket lien is a mortgage on a condominium project that secures a construction loan. It is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

There are no blanket liens affecting title to the individual apartments.

There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. Buyer's interest will be affected only if the developer defaults prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest If Developer Defaults</u>
MORTGAGE	Refund of Buyer's deposit in the event of foreclosure, and cancellation of contract. Buyer may thereupon lose all rights to purchase the property.

F. Management of the Common Elements: The Association of Apartment Owners is responsible for management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a managing agent to assist Association in managing the condominium project.

Initial Managing Agent: When the developer or the developer's affiliate is the initial managing agent, management contract must have a term of one year or less and the parties must be able to terminate contract on notice of 60 days or less.

The initial managing agent for this condominium is:

not affiliated with the Developer.

the Developer or the Developer's affiliate.

self-managed by the Association of Apartment Owners.

other _____

G. Estimate of Initial Maintenance Fees:

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, your apartment may be liened and sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided to each apartment.

Exhibit G contains a schedule of maintenance fees and maintenance fee disbursements.

H. Utility Charges for Apartments:

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

IV. ADDITIONAL INFORMATION NOT COVERED ABOVE

Prospective Purchaser:

This is a condominium project, not a subdivision. Units purchased are not subdivided lots. You will be required to comply with zoning codes to be allowed to construct a residence on your limited common element. No new improvement may be made nor many any existing improvement be materially altered unless the plans are approved by the Kalihiwai Ridge Environmental Committee.

You should also conduct your own investigations and ascertain the validity of information provided. Please remember that issuance of this Report does not mean the Hawaii Real Estate Commission has approved the project.

The County of Kauai Planning Department has advised that, in order to process the necessary permits for the construction and the processing of a farm dwelling agreement on agriculturally zoned parcels, authorization from at least 75% of the legal and equitable ownership of the entire project shall be required, consistent with the Declaration of Condominium Property Regime, the Bylaws, and the Declaration of Protective Covenants, Conditions and Restrictions for Kalihiwai Ridge Subdivision.

Except as limited by the Declaration of Condominium Property Regime, the Bylaws, and the Declaration of Protective Covenants, Conditions and Restrictions for Kalihiwai Ridge Subdivision, and other documents of record, all uses permitted in the Agricultural Zone are permitted. Such uses include, but are not limited to growing crops, raising animals, residence, diversified agriculture, forestry, orchards and nurseries and wildlife management. See Kauai County Comprehensive Zoning Ordinance, Article 8.7. In relation to specifically permitted uses of buildings and other improvements, structures shall only be occupied or used for agriculture, associated residential uses, and/or other uses permitted by law and the recorded project documents. An agricultural residence may not be constructed unless the Unit Owner demonstrates to the County his ability to derive income and/or agricultural products from his property. Agricultural use must be established and verified prior to any building permit approval.

The uses on the limited common elements shall be limited to those listed as permissible within the "A" Agricultural District in the State Land Use Commission Rules and Regulations. Farm dwellings on the lot shall mean a single-family dwelling located on and used in connection with a farm or where agricultural activity provides income to the family occupying the dwelling. Please see the advisory letter from Kauai County Planning Department attached as Exhibit H.

A buyer should understand that development and use of the properties shall comply with all County Codes and Ordinances. If County of Kauai facilities are not already in place, the prospective purchaser is advised that owners in this project will not necessarily receive the same County benefits as owners of approved subdivided lots; owners who develop their properties later than others may find that land use and zoning changes or insufficient utility capacities may thwart their expectations. Zoning and land use restrictions are subject to change and each purchaser should maintain awareness of such conditions.

Buyer's Right to Cancel Sales Contract:

A. Rights Under the Condominium Statute:

Preliminary Report: Sales made by the Developer are not binding. A prospective buyer who cancels the sales contract is entitled to a refund of all moneys paid, less any escrow cancellation fee up to \$250.00.

Supplementary Report to a Preliminary Report: Same as for Preliminary Report.

Final Report, Supplementary Report to a Final Report: Sales made by the Developer are binding if:

1. The Developer delivers to the buyer a copy of:
 - a. Either the Final Public Report OR the Supplementary Public Report which has superseded the Final Public Report;
AND
 - b. Any other public report issued by the Commission prior to the date of delivery, if the report was not previously delivered to the buyer and if the report has not been superseded;
2. The buyer is given an opportunity to read the report(s); and
3. One of the following has occurred:
 - a. The buyer has signed a receipt for the report(s) and waived the right to cancel; or
 - b. Thirty (30) days have passed from the time the report(s) were delivered to the buyer; or
 - c. The apartment is conveyed to the buyer within 30 days from the date the report(s) were delivered to the buyer.

Material Change: Binding contracts with the Developer may be rescinded by the buyer if:

1. There is a material change in the condominium which directly, substantially, and adversely affects (a) the use or value of the buyer's apartment or its limited common elements; or (b) the amenities available for the buyer's use; and
2. The buyer has not waived the right to rescind.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

B. Rights Under the Sales Contract:

Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the condominium. These include but are not limited to the:

1. Condominium Public Reports issued by the Hawaii Real Estate Commission.
2. Declaration of Condominium Property Regime and Condominium Map.
3. Bylaws of the Association of Apartment Owners.
4. House Rules.

If these documents are not in final form, the buyer should ask to see the most recent draft.

Copies of the condominium and sales documents and amendments made by the developer are available for review through the developer and are on file at the Department of Commerce and Consumer Affairs. Reprints of Hawaii's Condominium Law (Chapter 514A, HRS, and Hawaii Administrative Rules, Chapter 16-107) are available at the Department of Commerce and Consumer Affairs.

These funds shall be returned to Buyer less

5. Escrow will arrange for and supervise the signing of all documents which are to be signed subsequent to and contemplated by the sales contract.

Subject: Comments on Waipua Estates, Lot 19 Condominium Report
Registration No. 2008 at Kilauea, Kauai, Hawaii

Thank you for allowing this opportunity to comment.

After reviewing the subject document, we have the following comments to offer:

The number of limited common elements corresponds to the allowable unit density. The subject property is zoned Agriculture District (A) and qualifies for five (5) units.

When applying for Zoning Permits with the Planning Department, the owners must be made aware that 75% of the owners, or their assignee, are required to sign the permit form. Should an assignee be designated, such assignee shall present proof of authorization from the 75% of the owners at the time a permit is applied for. This is a requirement because the Planning Department does not recognize the Condominium Report to be a legal subdivision of land.

The uses on the limited common elements shall be limited to those listed as permissible within the "A" Agricultural District in the State Land Use Commission Rules and Regulations. Farm dwellings on the lot shall mean a single-family dwelling located on and used in connection with a farm or where agricultural activity provides income to the family occupying the dwelling.

There should be a disclosure provision written into this and all ensuing condominium reports stating that approval of the report should not be misconstrued to mean that all County Codes and Ordinances have been complied with. Subsequent development and use shall comply with all applicable County Codes and Ordinances. It should also be made clear that the Horizontal Property Regime (HPR) does not necessarily mean that all County requirements pertaining to subdivision of lands have been met. Therefore, such facilities/improvements that are normally associated with County-approved subdivisions such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emerging traffic, drainage facilities, etc., may not necessarily be provided for. Further, such services as County street maintenance and trash collection will not be available for interior road/roadways.

We question the establishment of an 8 foot pedestrian easement as a common element (see Exhibit "E"), especially when aligned parallel to the subdivision roadway. This matter should be checked to verify the legitimacy of the easement and as to its particular function for the project.

Should you have any questions, please feel free to contact Keith Nitta of my staff at 245-3919.

EXHIBIT I

SUMMARY OF PROTECTIVE COVENANTS AND RESTRICTIONS OF KALIHIWAI RIDGE SUBDIVISION

This Project is located on one of the lots of the Kalihiwai Ridge Subdivision. The Subdivision is affected by a "Declaration of Protective Covenants, Conditions and Restrictions for Kalihiwai Ridge" (herein called the "Protective Covenants") recorded on October 11, 1988 at Book 22452, Page 429 of the records of the State of Hawaii Bureau of Conveyances.

This is a summary of the types of restrictions applicable to the subdivision as a whole, and to the Lot upon which this Project is located. This is not meant to completely recite the actual provisions of the Protective Covenants, nor to cover every issue in which a purchaser might have interest. The prospective purchaser is urged to obtain a full copy of the Protective Covenants from the Developer prior to entering into an agreement to purchase a unit in this Project.

ARTICLE II CONTROL OF REAL PROPERTY USE

Article II of the Protective Covenants has to do with the organization of the Subdivision, including identifying the subdivision's developer and architects, the creation of an Association of Lot Owners, Bylaws, common area designations, Environmental Design Rules, limitation to single family residential and agricultural uses and explaining the underlying purpose controlling the use of the subdivision to enhance agricultural potential and orderly growth and development of the subdivision. Control of the subdivision by an architectural review committee includes control of structure siting, architectural style, agricultural development, drainage and landscaping. It is also necessary to receive environmental committee approval before any construction occurs.

ARTICLE III THE ASSOCIATION

This Article discusses the Lot Owner's Association, election of Boards of Directors, voting rights, notices regarding Association meetings and similar matters.

ARTICLE IV

RIGHTS AND OBLIGATIONS OF THE ASSOCIATION

This Article deals with the right of the Association to govern the lots, enter onto lots to determine compliance with rules, and to manage and maintain Association Property. It includes the right to incur expense on behalf of the Association and acquire and hold necessary personal property to perform its functions. The Association also has the power to implement rules and regulations to enhance the value of the property and prohibit noxious and offensive activities. Each Owner is entitled to a copy of every rule and regulation passed. The Association also has the power to levy fines and collect them.

ARTICLE V ASSESSMENTS

Each Lot Owner, in this case the Project itself, will be required to pay Association fees. Payment for such fees is contemplated in the Common Expenses to be assessed for the project. This Article also deals with the method of establishing a budget and assessments. Additional assessments may be made when the need arises.

ARTICLE VI RIGHTS AND RESTRICTIONS

No Lot owner will be allowed to engage in activities which would risk removal of liability insurance coverage, nor may they violate the law of the State of Hawaii or ordinances of the County of Kauai. This Article also prohibits subdivision of lots or consolidation of lots without the consent of the environmental committee in compliance with certain procedures.

Condominiums must have approval under Article VI of the developer, C. Brewer Properties, Inc. No timesharing is permitted. There are specific limits on the nature and number of vehicles and other activities that would be deemed "unsightly" as well as preclusion of other activities such as unusual accumulations of trash, garbage, refuse, lumber and other bulky materials, including farm implements which are not consistent with the use of the land or not adequately screened from public view. There is also a limitation on excessive noise and light. Agricultural animals are limited to those approved by the environmental committee for the subdivision. Animals must be properly cared for, particularly livestock, poultry, fish and game. No storage shed may be used for residential purposes. No temporary buildings are permitted.

No new improvement may be made nor may any existing improvement be materially altered unless the plans are approved by the Kalihiwai Ridge Environmental Committee.

This Article limits the nature and size of signs. The Article precludes mining and drilling. Clearing and grading are subject to prior approval by the environmental committee and the County of Kauai. Cultivation of crops must be performed in a good, safe manner with environmental approval on methods used to control dust, insects, weeds, and drainage. Unit Owners must protect against flooding and erosion and dangerous chemicals. They must also maintain their lots at all times so that they do not become overgrown and unsightly. Owners causing damage to Association property will be required to pay for it.

ARTICLE VII LAKE LOTS

This Article deals with the regulation of lots that surround subdivision lake, including the operation of boats and the utilization of lots fronting the lake.

ARTICLE VIII EASEMENTS

Easements are to be granted through each Lot for emergency repair and other items needed for the benefit of the subdivision.

ARTICLE IX THE COMMITTEE

This Article discusses the creation and maintenance of the environmental committee, including its initial members and subsequent members. It outlines committee functions, including design review for all improvements to the subdivision lots and project limited common elements. This includes the requirement of the posting of improvement bonds in the amount of \$10,000.00 per Lot. The committee cannot assess a fee exceeding \$500.00 for the review of proposed plans. The committee can also adopt rules for its own procedures. Fines are discussed, including fines of over \$2,500.00 for engaging in construction without proper clearance and permission. These fines may be enforced as liens against individual lots for violative activity.

**ARTICLE X
INSURANCE**

This outlines insurance requirements for the project, including minimum One Million Dollar liability coverage. Individual Owners will be required to maintain insurance on their own Lot.

**ARTICLE XI
DESTRUCTION/CONDEMNATION AND RESTORATION**

This dealt with the condemnation of subdivision improvements by public authorities.

**ARTICLE XII
EXPANSION OF KALIHIWAI RIDGE**

This Article deals with the right of the Declarant to annex additional property, up to approximately three thousand acres of adjacent lands to the Kalihiwai Subdivision, and the means by which this may be accomplished. This right to annex land shall expire on or before the twentieth anniversary date of the covenants which were recorded on October 11, 1988.

**ARTICLE XIII
ENFORCEMENT**

This Article deals with the method by which the rules of the Subdivision may be enforced.

**ARTICLE XIV
MISCELLANEOUS**

This Article has to do with many miscellaneous items. It includes the duration of the covenant, being initially for twenty years and an automatic extension for ten year terms unless and until seventy-five percent (75%) of the Owners of lots vote to the contrary at least one year prior to the scheduled termination of the Covenants. It also deals with amendments to the Covenants requiring a two-thirds majority of the voting power of the Association. The amendment does not apply to the duration of the Covenants, which can only be amended by One hundred percent (100%) vote. The same is true as to expansion of Kalihiwai Ridge. Other miscellaneous provisions are enclosed including the means by which the Covenants would be interpreted in a court of law, assignability of rights, severability of clauses that might be found illegal in similar matter.
