## GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Condominium Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

### Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners.

- A. Declaration of Condominium Property Regime contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

- Proposed  
 Recorded - Bureau of Conveyances - Document No. 90-38646  
 Filed - Land Court - Document Number \_\_\_\_\_

Amendment date(s) and recording/filing information:

Amendment No. 1 dated July 9, 1990, recorded as Document No. 90-106923

- B. Condominium Map (File Plan) shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

 Filed - Land Court Condo Map No. \_\_\_\_\_

Amendment date(s) and recording/filing information:

- C. Bylaws of the Association of Apartment Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the way in which meetings will be conducted, and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

- Proposed  
 Recorded - Bureau of Conveyances - Document No. 90-38647  
 Filed - Land Court - Document Number \_\_\_\_\_

Amendment date(s) and recording/filing information:

The Condominium Statute (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- D. **House Rules.** The Board of Directors may adopt house rules to govern the use and operation of the common elements and individual apartments. House rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais, keeping of pets, and occupancy limits. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial house rules are usually adopted by the developer.

The House Rules for this condominium are:

- Proposed                       Adopted
- Developer does not plan to adopt house rules.

**E. Changes to Condominium Documents**

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

Notwithstanding the foregoing, however, if (1) at any time prior to the first filing in the Bureau of Conveyances of the State of Hawaii of a conveyance of a Dwelling, the Declarant may amend this Declaration (including all exhibits) and the By-Laws in any manner, without the consent of any Dwelling purchaser; and (2) at any time thereafter, the Declarant may amend this Declaration (and when applicable, the Condominium Map) to file

the "As Built" verified statement required by Section 514A-12 of the Act (i) so long as such statement is merely a verified statement of a registered architect or professional engineer certifying that the final plan thereto filed fully and accurately depicts layout, location, apartment numbers, and the dimensions of an improvement or change in a Dwelling as built; or (ii) so long as the plans filed therewith involve only immaterial changes to the layout, location, or dimensions of the apartments as built or any change in any apartment number.

EXHIBIT "B"

PERMITTED ALTERATIONS TO APARTMENTS. Paragraph 19.1 of the Declaration states:

"Each Dwelling Owner, with the consent of any holder of any mortgage affecting the Owner's Dwelling, shall have the right at his sole option at any time and from time to time without the consent of anyone other than the holders of all liens affecting his Dwelling, to improve, renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to or in his Dwelling or portions thereof or to make improvements upon the Dwelling Lot appurtenant to the Dwelling (collectively, the foregoing are referred to "changes") subject to the following conditions:

(i) All building plans for any such changes shall be prepared by a licensed architect or professional engineer and conform with County building or zoning laws and other applicable City and County ordinances.

(ii) The value of the Dwelling after such changes shall not be less than the value before such changes.

(iii) No change to a Dwelling will be made outside the Dwelling Lot to which the Dwelling is appurtenant; no change will reduce the distance between improvements placed on each Dwelling Lot to less than what it was originally as shown on the Condominium Map, and no change to a Dwelling will be made if the effect of such change would be to exceed the Dwelling's proportionate share of the allowable floor area or Lot area coverage for the Land, as defined by the Zoning Ordinance of the City and County of Honolulu in effect when the change is to be made. The proportionate share for each Dwelling shall be the same as its proportionate interest in the common elements.

(iv) All such changes shall be at the expense of the Dwelling owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere with the other Dwelling owner's use of his Dwelling Lot.

(v) Prior to commencement of the construction of a change, and as a condition thereto, the Dwelling owner making such change shall give reasonable assurance to the Association (if so requested by the Association) of the owner's financial ability to complete and to pay for the change.

(vi) The owner of the changed Dwelling shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Dwelling affected by such change for electricity, sewer and other utilities and services and when applicable, to add, delete, relocate, realign, designate and grant easement and rights-of-way over, under and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the project;

(vii) The owner of any changed Dwelling shall have the right and duty without the consent or joinder of any other person to amend and shall be required to amend this Declaration and the Condominium Map to accomplish any such changes. If required by the Act, then promptly upon completion of such changes, the owner of the changed Dwelling shall duly record any amendment to this Declaration with the Bureau of Conveyances of the State of Hawaii, together with a complete set of the floor plans of the Project as so altered, certified as built by a registered architect or professional engineer. All existing Dwelling owners and all future Dwelling Owners and their mortgagees, by accepting an interest in a Dwelling, shall be deemed to have given each Dwelling owner a Power of Attorney to execute an amendment to the Declaration solely for the purpose of describing the changes to his respective Dwelling on the Declaration so that each Dwelling Owner shall hereafter have a Power of Attorney from all the other Dwelling owners to execute such amendment to the Declaration. This Power of Attorney shall be deemed coupled with each Owner's interest in his Dwelling (including his common interest) and shall be irrevocable.

(viii) Each and every conveyance, lease and mortgage or other lien made or created on any Dwelling and all common interests and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a Dwelling Lot shall reserve to all Dwelling Owners the rights set forth in this paragraph.
