GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's *"Condominium Property Act"* (Chapter 514A, Hawaii Revised Statutes) must be followed.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

No variance has been granted from any ordinance, code, rule, regulation or other requirement in force at the time of their construction or from any other ordinance, code, rule, regulation or other requirement. Developers state that to the best of their knowledge, the Project does not contain any legal nonconforming uses or structures.

SUMMARY OF SALES CONTRACT AND ESCROW ARRANGEMENTS

SALES CONTRACT: Developer is using the standard Hawaii Board of Realtors' Deposit Receipt, Offer and Acceptance (DROA) form as the intended sales contract for the Project. Reference is hereby made thereto.

ESCROW ARRANGEMENTS: The Escrow Agreement, dated January 10, 1991, identifies Title Guaranty Escrow Services, Inc. as Escrow for the Project. The Escrow Agreement establishes how proceeds from the sale of condominium units and all sums received from any source are placed in escrow, as well as the methods of disbursement of said funds. The Escrow Agreement provides that a Purchaser shall be entitled to a refund of his funds, and Escrow shall pay said funds to Purchaser, without interest and less cancellation fee and costs, if Purchaser shall in writing request refund of his funds and Escrow receives a written request from Developer to return to Purchaser the funds of such Purchaser. Said cancellation fee shall be in the minimum of $25.00, but in no event shall exceed the agreed-upon escrow fee provided for in said Escrow Agreement, the exact amount to be commensurate with the amount of work completed at the time of cancellation.

Upon examination, the Developer represents that both the DROA and Escrow Agreement are found to be in compliance with Chapter 514A, Hawaii Revised Statutes, as amended. It is encumbant upon the purchaser and prospective purchaser that he reads with care the DROA and Escrow Agreement.

Project is to be self-managed

Estimated Maintenance Fee Assessments and Disbursements

MAINTENANCE FEES: The regular maintenance and repair of each condominium unit, including all utility charges, is the sole responsibility of each respective unit owner. There are no common services and/or expenses which will require regular monthly assessments.

INDIVIDUAL INSURANCE: Section 514A-86, Hawaii Revised Statutes, requires that fire insurance be purchased to cover the improvements portion of the Project. Developer anticipates that the Association will elect to obtain separate policies for each individual condominium unit pursuant to Section XIV(c) of the Declaration. As such, the premiums on said policies will be the individual responsibility of each unit owner rather than common expenses of the Project.

Warranties

Purchasers should be aware that both "condominium units" of the Project are comprised of existing single-family structures. Said buildings have unavoidably undergone a certain amount of "wear and tear" commensurate with their age. Accordingly, purchasers should not expect the home they desire to buy to be in "like-new" condition. NO WARRANTIES FOR FITNESS OF USE OR MERCHANTABILITY OR ANY OTHER KIND ARE MADE AS TO THE INDIVIDUAL CONDOMINIUM UNITS OR THE COMMON ELEMENTS OF THE PROJECT. PURCHASERS ARE ADVISED TO CONDUCT THEIR OWN INSPECTION OF THE UNIT THEY DESIRE TO BUY. THE UNITS ARE SOLD "AS IS".

Use of Condominium Units

Both units comprising the Project may be occupied and used for residential purposes and such other purposes as permitted by applicable zoning ordinances. There is no commercial or other non-residential development in the Project.

Structural Components and Mechanical & Electrical Installations

Based on a report prepared by an independent registered architect, it is the Developer's opinion that all structural components and mechanical and electrical installations material to the use and enjoyment of the individual condominium units appear to be sound and in satisfactory working condition. However, NO REPRESENTATIONS OF ANY KIND ARE MADE AS TO THE EXPECTED USEFUL LIFE, IF ANY, OF THE STRUCTURAL COMPONENTS AND MECHANICAL AND ELECTRICAL INSTALLATIONS MATERIAL TO THE USE AND ENJOYMENT OF THE CONDOMINIUM UNIT(S).

Code Violations

To the best of the knowledge, information and belief of the undersigned, there are no outstanding notices of uncured violations of the building code or other municipal regulations of the City and County of Honolulu.
