GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Condominium Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

IV. ADDITIONAL INFORMATION NOT COVERED ABOVE

Water Pressure. Because of the elevation of the property, the water pressure from the public water system available to the property is lower than the normal water pressure. As a condition to being provided with water service from the public water system, the Board of Water Supply required the Developer to execute an Agreement which, in summary, provides that the Developer agrees 1) to accept the available water service and lower than normal water pressure; 2) to install a receiving tank, including pipeline, valves, meters and other connections and a pump to draw water from the receiving tank if higher pressures are desired (the receiving tank, including pipeline, valves, meters and other connections, and the pump are collectively called "water improvements"); 3) to permit any employee of the Board of Water Supply to inspect the water improvements; and 4) to provide that any conveyance of the Property shall be subject to the Agreement.

The Developer has installed the water improvements on the Property in accordance to plans approved by the Board of Water Supply. The Developer has also installed a fire sprinkler system in the ceilings of certain areas of each residence. The Buyer will inspect the water improvements and the fire sprinkler system and approve of the installation. Buyer will acknowledge that the water pressure from the public water system is less than normal and that the water improvements were installed to increase the water pressure for daily consumption and fire protection purposes. Buyer will further acknowledge that any employee of the Board of Water Supply shall be allowed to enter the Property in order to inspect the water improvements. Buyer will agree to repair, maintain, renovate and if necessary, replace the water improvements and the fire sprinkler system at his/her/their expense along with the other residence owner(s). Buyer for himself, and his personal representatives, heirs and assigns will indemnify and agree to defend and hold Developer harmless from and against any and all claims, demands, or lawsuits including but not limited to property damage or bodily injury including death, that may be caused or arise from the fact that the water pressure to the property is less than normal.

Access. Access to the Property is over three parcels, one of which is owned by the City and County of Honolulu and two others (TMK 3-4-32: parcels 63 and 64) which are owned by several persons including Developer. Developer has submitted its undivided interest in the two parcels to the Condominium Property Regime. Buyer and the owner(s) of the other residence shall pay their prorata share of the cost to repair and maintain the road improvements in the three parcels.

Maintenance of Residence Landscaping and View Plane Restriction. Buyer shall install, maintain and replace, as necessary, all landscaping planted in or on his residence and the limited common element appurtenant to his residence. A portion of Residence A is subject to a restriction which limits the height of any improvement or landscaping (plants, shrubs or trees) that may be built or grown in the view plane restriction area to not more than five (5) feet so as to preserve and protect the view plane from Residence B over the view plane restriction area. The view plane restriction area is shown on the Condominium Map ("As-Built" Sheet CPR-1).

The dash lines on the Condominium Map do not represent subdivided lots. These lines represent the boundary of the limited common element land areas for Units A and B.

Buyer's Right to Cancel Sales Contract:

A. Rights Under the Condominium Statute:

Preliminary Report: Sales made by the Developer are not binding on the prospective buyer. Sales made by the Developer may be binding on the Developer unless the Developer clearly states in the sales contract that sales are not binding. A prospective buyer who cancels the sales contract is entitled to a refund of all moneys paid, less any escrow cancellation fee up to \$250.00.

Supplementary Report to a Preliminary Report: Same as for Preliminary Report.

Final Report, Supplementary Report to a Final Report: Sales made by the Developer are binding if:

1. The Developer delivers to the buyer a copy of:
 - a. Either the Final Public Report **OR** the Supplementary Public Report which has superseded the Final Public Report;
 - AND**
 - b. Any other public report issued by the Commission prior to the date of delivery, if the report was not previously delivered to the buyer and if the report has not been superseded;
2. The buyer is given an opportunity to read the report(s); and
3. One of the following has occurred:
 - a. The buyer has signed a receipt for the report(s) and waived the right to cancel; or
 - b. Thirty (30) days have passed from the time the report(s) were delivered to the buyer; or
 - c. The apartment is conveyed to the buyer within 30 days from the date the report(s) were delivered to the buyer.

Material Change: Binding contracts with the Developer may be rescinded by the buyer if:

1. There is a material change in the condominium which directly, substantially, and adversely affects (a) the use or value of the buyer's apartment or its limited common elements; or (b) the amenities available for buyer's use; and
2. The buyer has not waived the right to rescind.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

B. Rights Under the Sales Contract:

Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the condominium. These include but are not limited to the:

1. Condominium Public Reports issued by the Hawaii Real Estate Commission.
2. Declaration of Condominium Property Regime and Condominium Map.
3. Bylaws of the Association of Apartment Owners.

Reprints of Hawaii's Condominium Law (Chapter 514A, HRS, and Hawaii Administrative Rules, Chapter 16-107) are available at the Department of Commerce and Consumer Affairs, 1010 Richards Street, P. O. General Statement:

It is Declarant's intention that, except as limited by this Declaration or the By-laws and by applicable laws, ordinances, governmental rules and regulations, the owner of a residence shall have the right to determine what happens to or in the residence or the limited common elements appurtenant to such residence as if such residence and the limited common elements appurtenant to such residence were part of a separate subdivided lot. On the other hand, the owner of a residence also has the duty and obligation to repair, maintain and, where necessary, replace, the residence and any improvement or common element located within the limited common element appurtenant to such residence that does not serve more than one residence and is not owned by a governmental agency or electric, telephone or cable television company. Hence, for example, the driveway from the public street to the garage of a residence or the walkway from the driveway to the front entrance to the residence must be repaired, maintained or, if necessary, replaced, at the expense of the owner of the residence and not by any other owner or owners; the yard, other landscaping or fence around a residence and within the limited common element appurtenant to such residence must be planted, watered, mowed and otherwise maintained by the residence owner.

Construction Warranties

The developer shall require that the construction contract with the contractor for the project shall contain a warranty clause similar to Section 13.2.2 of AIA Document A201 which generally provides as follows:

If, within one year after the Date of Substantial Completion of the Work or designated portion thereof or within one year after acceptance by the Owner of designated equipment or within such longer period of time as may be prescribed by law or by the terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be defective or not in accordance with the Contract Documents, the Contractor shall correct it promptly after receipt of a written notice from the Owner to do so unless the Owner has previously given the Contractor a written acceptance of such condition. This obligation shall survive termination of the Contract. The Owner shall give such notice promptly after discovery of the condition.

Developer agrees that if the purchaser shall give developer written notice of any such condition promptly after discovery thereof during the unexpired term of such contractor's warranty, developer shall forward such notice together with a written notice to the contractor to correct such condition. Developer shall assign to purchaser the unexpired term of the general contractor's warranty and of any manufacturer's or dealer's warranties (which may by their terms be so assigned) covering the apartment, any furnishings, fixtures, appliances or consumer products in the apartment. Purchaser acknowledges and agrees that developer is not acting as co-warrantor, but is agreeing to pass through to the purchaser the benefit of any such warranties. The terms of the manufacturer's or dealer's written warranties will be available for purchaser's inspection at the developer's sales office. THE DEVELOPER MAKES NO WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE APARTMENT, THE PROPERTY, THE PROJECT, OR CONSUMER PRODUCTS OR OTHER THINGS INSTALLED OR CONTAINED IN THE APARTMENT, THE PROPERTY OR THE PROJECT, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, HABITABILITY, WORKMANLIKE CONSTRUCTION OR FITNESS FOR A PARTICULAR USE.

EXHIBIT H

Summary of Pertinent Provisions of Sales Contract

The Sales Contract sets forth the terms and conditions concerning the sale of an apartment in the project for the stated purchase price.

Some of the salient areas of the Sales Contract are:

1. The purchase price is paid in increments as various parts of the residence is constructed. The purchase price may be increased due to unexpected events such as delays due to governmental actions or strike or labor disturbance, but the Buyer is given fifteen (15) days to affirm the price increase or terminate the Sales Contract and receive a refund of all sums paid toward the purchase price.

2. Developer retains certain reserved rights, some of which are:

a. Developer's construction and sales activities may continue in the Project after Buyer has occupied the residence so Developer and its construction and sales representatives and customers may use on-street parking and the common elements for sales purposes;

b. Developer may cancel the Sales Contract if a Buyer does not have the resources to pay the purchase price or does not diligently follow through with an application to finance the purchase price.

3. Information concerning any contractor's warranties and dealer's or manufacturer's warranties.

4. Seller shall provide at least ten (10) days' prior notice of the estimated closing date. The closing date shall be sixty (60) days from the effective date (which is when the Seller signs the Sales Contract) or if the architect has not certified the substantial completion of the residence, then the closing date shall be three (3) days after the date on which the architect shall issue the certificate.

This is a summary of selected portions of the Sales Contract and may be incomplete or inadvertently incorrect. The Buyer is requested to read and understand the terms and conditions of the Sales Contract before executing the Sales Contract.

EXHIBIT I

Summary of Pertinent Provisions of Escrow Agreement

The executed escrow agreement dated July 22, 1991, identifies Title Guaranty Escrow Services, Inc., as the "Escrow" and provides that a purchaser shall be entitled to a return of his funds, if any one of the following has occurred:

(a) Developer and the purchaser shall have requested Escrow in writing to return to purchaser the funds of purchaser held under the Escrow Agreement by Escrow; or

(b) Developer shall have notified Escrow of Developer's exercise of the option to cancel or rescind the sales contract pursuant to any right of cancellation or rescission provided therein or otherwise available to Developer; or

(c) With respect to a purchaser whose funds were obtained prior to the issuance of the Final Report, the purchaser has exercised his right to cancel the contract pursuant to §514A-62, Hawaii Revised Statutes, as amended; or

(d) A purchaser has exercised his right to rescind the contract pursuant to §514A-63, Hawaii Revised Statutes, as amended.

In any of the foregoing events, Escrow shall, upon the occurrence of the event described in (a) or (b) above or upon receipt of a written request for a refund from purchaser upon the occurrence of an event described in (c) or (d) above, unless the purchaser has waived or has been deemed to have waived the right to a refund, pay said funds to said purchaser (less a cancellation fee of Escrow of not less than \$25.00 per unit or a cancellation fee commensurate with the work done by Escrow prior to such cancellation, whichever fee is greater) and other costs associated with the purchase up to a maximum of \$250.00), and thereupon said sales contract and any conveyance document theretofore delivered to Escrow shall be returned to Developer and shall be deemed no longer held hereunder; provided, however, that no refund shall be made to a purchaser at purchaser's request prior to receipt by Developer of written notice from Escrow of its intent to make such refund.

(e) Notwithstanding any other provision in the Escrow Agreement to the contrary, Escrow further agrees to make refunds to purchasers, in accordance with Part VI, Chapter 514A, Hawaii Revised Statutes, out of the funds then on deposit with Escrow, if the Developer and purchaser shall so request in writing and any one of the following events has occurred:

(i) no sales contract has been offered to the purchaser who has been placed on the Developer's reservation list of owner-occupant applicants; or

(ii) Purchaser has been unable to obtain adequate financing, or a commitment for adequate financing, for his unit within thirty (30) calendar days following the end of the ten (10) calendar day period during which the Developer is limited to selling to owner-occupant; or

(iii) the purchaser desires to cancel the contract on account of hardship such as those set forth in §514A-104(1), Hawaii Revised Statutes; or

(iv) the purchaser indicates an intent not to become an owner-occupant of such unit.

Except for cancellations under subparagraph (i) above, Escrow may deduct a cancellation fee as set forth above from any such refund made to a purchaser.
