GENERAL INFORMATION ON CONDOMINIUMS

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "Condominium Property Act" (Chapter 514A, Hawaii Revised Statutes) must be followed.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project intended to be used by all apartment owners. They are owned jointly by all apartment owners.

Exhibit E describes the common elements.

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which may use them are:

described in Exhibit E

as follows:

The portion of land set aside for the use of each owner of a unit as set forth in Exhibit A, subject to the roadway and utility easement, if any.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is often used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium. It may also be used for other purposes, including voting on matters requiring action by apartment owners.

Exhibit C describes the common interests for each apartment.

As follows:

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property.

Exhibit F describes the encumbrances against the title contained in the title report dated October 30, 1991 and issued by Title Guaranty of Hawaii, Inc.

A blanket lien is a mortgage on a condominium project that secures a construction loan. It is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

There are no blanket liens affecting title to the individual apartments.

There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. Buyer's interest will be affected only if the developer defaults prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest If Developer Defaults</u>
MORTGAGE	If foreclosed, Buyer's deposit will be refunded and contract will be cancelled and buyer may/will not be able to purchase the unit.

IV. ADDITIONAL INFORMATION NOT COVERED ABOVE

This is a condominium project, not a subdivision. Therefore, units purchased are not subdivided lots. If a residence is not already built, you will be required to comply with zoning codes to be allowed to construct a residence on your limited common element. To determine whether your expectations can be realized, you should carefully review this Report.

You should also conduct your own investigations and ascertain the validity of information provided. Please remember that issuance of this Report does not mean the Real Estate Commission has approved the project.

The County of Kauai Planning Department has advised that, in order to process the necessary permits for the construction and the processing of a farm dwelling agreement on agriculturally zoned parcels, authorization from at least 75% of the legal and equitable ownership of the entire project shall be required, consistent with the Declaration of Condominium Property Regime and the Bylaws. Except as limited specifically by the project documents of record, all uses permitted in the Agricultural Zone are permitted. Such uses include, but are not limited to growing crops, raising animals, residence, diversified agriculture, forestry, orchards and nurseries and wildlife management. See Kauai County Comprehensive Zoning Ordinance, Article 8.7. In relation to specifically permitted uses of buildings and other improvements, structures shall only be occupied or used for agriculture, associated residential uses, and/or other uses permitted by law and the recorded project documents. An agricultural residence may not be constructed unless the Unit Owner demonstrates to the County his ability to derive income from his property, established and verified prior to any building permit approval.

Please see the advisory letter from the Kauai County Planning Department attached as Exhibit I.

A buyer should understand that development and use of the properties shall comply with all County Codes and Ordinances. If County of Kauai facilities are not already in place, the prospective purchaser is advised that owners in the project will not necessarily receive the same County benefits as owners of approved subdivided lots; owners who develop their properties later than others may find that land use and zoning changes or insufficient utility capacities may thwart their expectations. Zoning and land use restrictions are subject to change and each purchaser should maintain awareness of such conditions.

Buyer's Right to Cancel Sales Contract:

A. Rights Under the Condominium Statute:

Preliminary Report: Sales made by the Developer are not binding on the prospective buyer. Sales made by the Developer may be binding on the Developer unless the Developer clearly states in the sales contract that sales are not binding. A prospective buyer who cancels the sales contract is entitled to a refund of all moneys paid, less any escrow cancellation fee up to \$250.00.

Supplementary Report to a Preliminary Report: Same as for Preliminary Report.

Final Report, Supplementary Report to a Final Report: Sales made by the Developer are binding if:

1. The Developer delivers to the buyer a copy of:
 - a. Either the Final Public Report **OR** the Supplementary Public Report which has superseded the Final Public Report;
AND
 - b. Any other public report issued by the Commission prior to the date of delivery, if the report was not previously delivered to the buyer and if the report has not been superseded;
2. The buyer is given an opportunity to read the report(s); and
3. One of the following has occurred:
 - a. The buyer has signed a receipt for the report(s) and waived the right to cancel; or
 - b. Thirty (30) days have passed from the time the report(s) were delivered to the buyer; or
 - c. The apartment is conveyed to the buyer within 30 days from the date the report(s) were delivered to the buyer.

Material Change: Binding contracts with the Developer may be rescinded by the buyer if:

1. There is a material change in the condominium which directly, substantially, and adversely affects (a) the use or value of the buyer's apartment or its limited common elements; or (b) the amenities available for buyer's use; and
2. The buyer has not waived the right to rescind.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

B. Rights Under the Sales Contract:

Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the condominium. These include but are not limited to the:

1. Condominium Public Reports issued by the Hawaii Real Estate Commission.
2. Declaration of Condominium Property Regime and Condominium Map.
3. Bylaws of the Association of Apartment Owners.
4. House Rules.

Subject: Comments on Sophia Farms Condominium Report
Tax Map Key:5-2-05:27
Kilauea, Kauai
LOTR:12/04/91

After reviewing the subject document, we have the following comments to offer:

The amount of limited common elements proposed corresponds to the allowable unit density permitted by the CZO. The subject property is zoned Agriculture District and qualifies for two (2) units.

When applying for Zoning Permits with the Planning Department, the owners must be made aware that 75% of the owners or their assignee, are required to sign the permit form(s). Should an assignee be designated, such assignee shall present proof of authorization from the 75% of the owners at the time a permit is applied for. This is a requirement because the Planning Department does not recognize the Condominium Public Report to be a legal subdivision of land.

The uses on the limited common elements shall be limited to those listed as permissible within the "A" Agricultural District in the State Land Use Commission Rules and Regulations. Farm dwellings on the lot shall mean a single-family dwelling located on and used in connection with a farm or where agricultural activity provides income to the family occupying the dwelling.

Page 2

January 31, 1992

There should be a disclosure provision written into this and all ensuing condominium reports stating that the report should not mean that all County Codes and Ordinances have been complied with. Subsequent development and use shall comply with all applicable County Codes and Ordinances. It should also be made clear that the Condominium Public Report does not necessarily mean that all County requirements pertaining to subdivision of lands have been met. Therefore, such facilities/improvements that are normally associated with County-approved subdivisions such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for. Further, such services as County street maintenance and trash collection will not be available for interior road/driveways.

Because there are more than one farm dwelling permitted, the landowners pursuant to the County Farm Dwelling Agreement, should be made aware that any dwelling(s) constructed after the first one will require an inspection of the property by the Planning Department to verify whether agricultural activities are being conducted on the property. If not, such permits to construct additional farm dwellings could be denied.

Should you have any questions, please feel free to contact Bryan Mamaclay of my staff at 245-3919.
