Summary of Changes from Earlier Public Reports:

This summary contains a general description of the changes, if any, made by the developer since the last public report was issued. It is not necessarily all inclusive. Prospective buyers should compare this public report with the earlier reports if they wish to know the specific changes that have been made.

No prior reports have been issued by the developer.

Changes made are as follows:

SPECIAL NOTES

The Developer has recorded a Master Declaration which contemplates the creation and merger of three separate projects. Project III consists of Building Nos. 8, 9, 12, 13, 14, 16, 17, 20 and 21 as described herein and as shown on the Condominium Map. Originally, the Developer contemplated constructing 136 apartments within Project III, however, the Developer has now determined that 120 apartments will be included in Project III, which apartments are described in Exhibit "A" to this Public Report. The Commercial Apartment Area depicted on the Condominium Map is in the process of being subdivided from the land of the project, and is scheduled to be withdrawn from the project. The attention of buyers is directed to paragraph H on page 16 of this Report, which contains further disclosures with respect to the development and merger of projects. This Preliminary Public Report covers only those apartments in Project III, and no other apartments.

Prospective purchasers should be aware that Olaloa is not a typical condominium project. Among other things:

1. This is a retirement community project and, subject to certain limited instances, occupants must be at least age fifty-five (55). As a condition to developing such a retirement community project, the Developer is obligated to provide significant services and facilities specifically designed to meet the physical or social needs of "older persons" as defined by State and Federal Fair Housing Laws. As a result, fees to be paid by apartment owners may increase in the future to meet this obligation.

2. No person under the age of sixteen (16) may be a permanent resident, and no residential apartment may have more than two (2) permanent residents.

3. All residents must be in good health (such that he or she does not pose a direct threat to the health or safety of others, and whose occupancy would not result in substantial damage to the property of others).

4. Purchasers should be mindful that the restrictions set forth in 1, 2 and 3 above may change if the Declaration, Bylaws and/or House Rules are amended.

5. Fifty percent (50%) of the apartments are being sold under affordable housing programs and may be subject to resale restrictions and/or shared appreciation agreements with the City and County of Honolulu, the Developer or the Housing Finance and Development Corporation. The Developer is currently seeking relief from all or portions of the current requirements. A summary of the resale restriction and shared appreciation agreements is set forth in Exhibit "O." Further details may be obtained from the Developer.

6. The Developer, on behalf of the Association of Apartment Owners, has contracted with Caring . . . For Life Foundation, a non-affiliate, to provide retirement care advisory services through December 31, 2020. The continuing relationship with the Foundation will depend on the perceived continued need for such services by the Association, as well as the continuing financial viability of the Foundation. The Developer can make no assurances that the Foundation will continue to serve the Association, or as to the level of such services. The cost of this, if any, will be borne mainly by apartment owners, at least until charitable donations are raised.

7. Although the Developer is seeking to find someone to build a long-term facility at or near the project, there is no guaranty that such a facility will be built. If such a facility is built, residents of Project III will not be given priority to move into the facility.

NOTE: Prospective purchasers are urged to carefully review this Preliminary Public Report, any Final Public Report or further Supplementary public reports that may be issued on Project III, and all project documents, including the Master Declaration, Project Declaration, Bylaws and House Rules, before purchasing an apartment. Not only does this Condominium project have unusual use and resale restrictions, but it is being developed separately from planned subsequent projects with no guarantee that any subsequent projects, as master planned, will be completed. In issuing this Public Report, the Commission is primarily concerned with the Developer's compliance with the requirements of HRS Chapter 514A and disclosing material matters to buyers. The Report is not to be construed as an approval or disapproval of the project, the documents relating thereto and the legal sufficiency thereof, nor that the Developer is necessarily in compliance with all applicable County, State and Federal laws.

General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expenses. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

... CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. Declaration of Condominium Property Regime contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

- * Copies of proposed amendments have been filed with the Commission and are available for inspection.

D. House Rules. The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirement for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

- Leasehold or Subleasehold:** Individual apartments and the common elements, which include the underlying land will be leasehold.

Leases for individual apartments and the underlying land usually require that at the end of the lease term, the lessee (apartment owner/tenant) deliver to the lessor (fee property owner) possession of the leased premises and all improvements, including improvements paid for by the lessee.

Exhibit ____ contains further explanations regarding the manner in which the renegotiated lease rents will be calculated and a description of the surrender clause provision(s).

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

Developer reserves the right to subdivide this 3.866 acre parcel (or the remaining areas of the unsubdivided lot) out of the 21.023 acre lot; otherwise, the remainder of the unsubdivided lot shall become a common area of Projects I, II and III. 11. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.

Variance(s) to zoning code was/were granted as follows:

The Developer has obtained a zoning variance to permit less than the required number of off-street parking spaces for the project. Under Land Use Ordinance Section 3.70-1, approximately 576 parking spaces would be required assuming all of the projects are completed. The Developer has obtained two variances. The first variance permits the elimination of 13 stalls in Project I for the purpose of creating an area for dumpsters and a maintenance shed, and the second variance permits apartment owners to enclose their respective lanais without having to create additional off-street parking stalls at the project. The enclosure of a lanai is subject to prior Board approval. This will impact on the number of parking spaces available for common use as guest stalls and as stalls available for use by the Association, but will not impact each apartment's right to the exclusive use of at least one stall.

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> X </u>	<u> </u>	<u> </u>
Structures	<u> X </u>	<u> </u>	<u> </u>
Lot	<u> X </u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit "G" .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit "H".

as follows:

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit "A".

as follows: Such common interests are subject to adjustments in any event that the Developer exercises its reserved right to merge any prior projects with Project III. Exhibit "I" describes what the common interest will be upon such mergers taking effect if the Developer proceeds with its current plans.

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit "J" describes the encumbrances against the title contained in the title report dated August 19, 1993 and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

Type of Lien

Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance

The Developer's interest is subject to certain restrictive covenants in favor of Mililani Town, Inc. including a requirement that the developer construct a retirement community on the land by November 30, 1993, subject to the right to extend such date as a result of delays for reasons beyond the Developer's control. In the event of a default by developer, Mililani Town, Inc. is not required to honor the Developer's obligations under any sales contracts. These covenants will be released, however, prior to the transfer of title to apartment buyers, as to the particular apartment being conveyed.

The Developer's interest is also subject to certain construction mortgage liens in favor of Daiichi Finance Corporation and The Bank of Tokyo, Ltd., all of which will be released, as to the particular apartment being conveyed, prior to the transfer of title to apartment buyers. In the event of Developer's default, buyers' interests may be terminated by the lender; however, buyers will receive a refund of deposits.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:

Various contracts with contractors and suppliers which the Developer has entered into contain a one-year warranty against defects commencing upon the "date of completion" of the project, as such term is used in Chapter 507, Part II of the Hawaii Revised Statutes. The general contractor's contract with the Developer also contains a one-year warranty against defects in materials or workmanship commencing upon substantial completion of the project to which the warranty applies. "Substantial completion" is a technical term which generally means that point at which the particular project and the improvements therein may be used for its intended purpose. Developer gives no warranty itself, but will merely attempt to pass on the contractors' and general contractor's warranty for the benefit of buyers. Developer's obligations with respect to defects will be limited to assisting buyers in presenting claims to the contractor or general contractor.

2. Appliances:

Developer will attempt to assign any manufacturer's warranties covering appliances and furnishings to buyers at closing. There are no Developer's warranties with regard to appliances and furnishings.

Note (as to 1 and 2 above): Except as provided above, Developer disclaims any implied warranty of habitability, any implied warranty of merchantability, any implied warranty of fitness for a particular purpose or use, any implied warranty of workmanship and any other express or implied warranties, with respect to the apartments, the project, the common elements thereof, or as to any appliances and furnishings contained within the apartments or the project.

G. Status of Construction and Estimated Completion Date:

Construction of Project III is scheduled to commence about January, 1994 and is scheduled to be completed about September 1994. The Developer can offer no assurances, however, that Project III will be started or completed on time.

H. Project Phases:

The developer [X] has [] has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

The Developer has the reserved right to merge any prior project with the project as then constituted. Upon any such merger, the common areas of Project III will be available for use by apartment owners in the new project as well as by apartment owners in Projects I and II. Further, the common interest which goes with a buyer's apartment will be adjusted downward. Assuming the current plans for the project are effected, the exact calculation of common interests assigned to each apartment upon merger of the various projects is set forth in Exhibit "I." Buyers should note that the Developer intends to subdivide and withdraw the Commercial Apartment Area from the Olaloa Project. The Commercial Apartment may thereafter utilize certain facilities in the Wellness Center, including, but not limited to, the kitchen facilities to service the Commercial Apartment. Note further that the Developer has reserved the right to change the mix and/or number of apartments and the common elements as provided in paragraph 1.A of the Master Declaration, which document should be reviewed with care since it explains other rights reserved to the Developer besides those above mentioned. Exhibit "B" herein summarizes these reserved rights.

PROJECT III TOTAL: 120 apartments					87431	100.00000%					

* The approximate net floor area of each Apartment as set forth above is measured from the interior surface of the apartment perimeter walls and includes all of the non-load bearing walls and partitions within its perimeter walls. The areas shown are approximate only, and the Developer makes no representations or warranties whatsoever as to the area of any particular Apartment.

** The Common Interest is of an undivided 37.36940% interest in the land, because that is the interest submitted to the Project III Declaration. The Common Interest assigned to each Apartment will decrease if and when other residential Projects or the Commercial Apartment are built and merged with Project III, and the Developer has the reserved right to effect any such merger without the consent or joinder of any Apartment Owner, lien holder or other party. The common interest for each Apartment in Project III was calculated by dividing the approximate net floor area of the particular Apartment by the total approximate net interior floor area for all Apartments in Project III, and by thereafter adding .00002% to the common interest for the Type A and Type H Apartments to permit the total common interest to equal 100%.

*** All parking stalls assigned to Project III apartments were constructed in Projects I and II.

- 1
The common interest calculations upon merger of Project III with prior Projects or the Commercial Apartment may change if the net square footage of any Apartment in one or more of the Projects should change in the future. The common interest calculations assume different merger scenarios, some or all of which may not occur as indicated.
- 2
This assumes a merger of Projects I and II. The common interest for each Apartment in these Projects was calculated by dividing the approximate net floor area of the particular Apartment by the total approximate net interior floor area for all Apartments in these Projects, and by further subtracting .00001% from each Type G and GR Apartment in Project II to permit the total common interest upon the merger of these two Projects to equal 100%.
- 3
This assumes a merger of Projects I, II and III. The common interest for each Apartment in these Projects was calculated by dividing the approximate net floor area of the particular Apartment by the total approximate net interior floor area for all Apartments in these Projects, and by further subtracting .00001% from each Type E, F, H and HR Apartment in Project II to permit the total common interest upon the merger of these three Projects to equal 100%.
- 4
This assumes a merger of Project I and the Commercial Apartment. The common interest for the Commercial Apartment is fixed at .81258%. PROJECT III TOTAL:	100.00000%	26975.00	323700.00

* Pursuant to Section 514A-15(b) of the Condominium Property Act (the "Act"), the Developer will pay the actual common expenses for Project III. Accordingly, Owners shall not be obligated for the payment of their respective shares of the common expenses until such time as the Developer files an amendment to this Report (which incorporates the abstract required by Section 514A-61 of the Act) with the Real Estate Commission which shall provide, that after a date certain, the Owners will thereafter be obligated to pay for their respective shares of common expenses allocated to their Apartments. The Developer is unable to reasonably predict the length of time that it will continue to pay the actual common expenses for Project III, but in no event shall the Owners' obligation to begin paying budgeted monthly maintenance fees arise until such time as the Developer notifies the Real Estate Commission in writing thirty (30) days in advance of the month in which the Owners must begin paying for the budgeted monthly maintenance fees and also sends such notice to all Owners.

NOTES:

(1) Notwithstanding the foregoing, the Developer can make no assurances regarding the estimated maintenance fees. The Developer advises that the costs and expenses of maintenance of a condominium project are difficult to estimate initially and even if such fees have been accurately estimated, such fees will tend to increase in an inflationary economy and as the improvements age. Other factors which may affect maintenance fees are uninsured casualty loss or damages, increased or decreased services from those contemplated by the Developer, as well as Owner delinquencies. Finally, maintenance fees can vary depending upon services desired by Owners. The Owners should check the maintenance fee schedule to see what services are included.

(2) The maintenance fees indicated above do not include certain charges for Wellness Services (including food service and physician appointments) which will be charged to residents on an individual "pay-as-you-go" basis.

(3) The Budgeted Monthly Maintenance Fees (column 2 above) for all Type A, C, CR and D apartments in Project III were decreased by \$.01 to allow the total Budgeted Monthly Maintenance Fees for apartments in Project III to equal \$26,975.00.

NOTES:

(1) Notwithstanding the foregoing, the Developer can make no assurances regarding the estimated maintenance fees. The Developer advises that the costs and expenses of maintenance of a condominium project are difficult to estimate initially and even if such fees have been accurately estimated, such fees will tend to increase in an inflationary economy and as the improvements age. Other factors which may affect maintenance fees are uninsured casualty loss or damages, increased or decreased services from those contemplated by the Developer, as well as Owner delinquencies. Finally, maintenance fees can vary depending upon services desired by Owners. The Owners should check the maintenance fee schedule to see what services are included.

(2) The maintenance fees indicated above do not include certain charges for Wellness Services (including food service and physician appointments) which will be charged to residents on an individual "pay-as-you-go" basis.

(3) The Budgeted Monthly Maintenance Fees (column 2 above) for all Type B, BR, G and GR apartments in Project II will be increased by 5.01 to allow the total Budgeted Monthly Maintenance fees for apartments in Project II upon merger of Projects I, II and III to equal \$23,372.55, which, when added to the total Monthly Budgeted Maintenance Fees allocated to Projects I and III of \$21,608.38 and \$26,838.07, respectively, equals the total amount of \$71,819.00 budgeted for maintenance fees for Projects I, II and III upon merger.

CONDOMINIUM PUBLIC REPORT

OLALO

**SUMMARY OF THE
SALES CONTRACT AND RECEIPT ("SALES CONTRACT");
OPTION AVAILABILITY**

The specimen Sales Contract, filed with the Commission, provides for, among other things, a description of the apartment to be sold, the purchase price, the time, manner and place of payment, the Purchaser's obligations regarding mortgage financing, Developer's warranties and disclaimers regarding the construction, fixtures and appliances, and the remedies of Developer and of Purchaser in the event of a default under the Sales Contract.

Among other provisions, the specimen Sales Contract provides:

1. That the Sales Contract shall constitute a reservation agreement, cancellable at will by Purchaser until such time as (a) a true copy of the Final Public Report (and any other Public Report then issued but not yet delivered to Purchaser) is delivered to Purchaser, together with the Receipt Form required by Hawaii Revised Statutes Section 514A-62, (b) the Purchaser has an opportunity to read said Report(s), (c) the Purchaser has executed and delivered to Seller an acknowledgement of receipt and waiver of his right to cancel or a "Deemed Acceptance" as defined below has occurred, and (d) Seller and Purchaser execute a separate confirmation letter in which they agree to render the Sales Contract a binding contract. If Purchaser, after the delivery by Seller of a copy of the Final Public Report, or any Supplementary Public Report for the Project, either personally or by registered or certified mail with return receipt requested, shall fail to execute an acknowledgement of receipt and waiver of Purchaser's right to cancel the Sales Contract (or shall fail to give his written approval or acceptance to any material change to the Project as requested by Seller pursuant to the provisions of Hawaii Revised Statutes Section 514A-63) within thirty (30) days of such receipt, Seller may at its option: (i) cancel the Sales Contract upon ten (10) days' written notice to Purchaser of such cancellation and upon such cancellation Seller shall cause Escrow to refund to Purchaser all payments previously made by Purchaser without interest; or (ii) elect (by its failure to give said written notice of cancellation) to treat such failure as a deemed acceptance ("Deemed Acceptance") of such Public Report and as a waiver of the right to cancel the Sales Contract (or as a Deemed Acceptance of such material change as the case may be). In the event that Purchaser shall close the purchase of the Apartment within said thirty (30) day period (and prior to the time the Purchaser shall have executed a waiver of the right to cancel or approve of material change), such closing shall also constitute a Deemed Acceptance of the Final Public Report and/or material change.

2. Purchaser may assign the Sales Contract in strict compliance with the requirements set forth in Section D.13 thereof and only during the period prior to Preclosing. Purchaser may assign the Sales Contract only with the prior written consent of Seller and upon payment by Purchaser to Seller of an Assignment and Consent Fee not to exceed \$500.00, which assignment and consent shall not constitute a release of the original Purchaser's liability under the Sales Contract. As to those Purchasers who are purchasing an Apartment under an affordable housing program (and to whose Sales Contract Schedule S-1 is attached), Seller may impose the following conditions: (a) Seller may require that the Assignment be to a person who meets the financial criteria for the affordable housing program and (b) Seller may also impose anti-speculation provisions as a condition to any assignment, and may require that up to one-half (1/2) of any price appreciation (or any separately paid consideration for any such assignment of the Sales Contract) be paid to Seller. In any case where Seller requests that Purchaser disclose all terms of any proposed Assignment, Purchaser shall be under a duty of full, complete and timely disclosure of all terms of such proposed Assignment. Purchaser may not otherwise assign the Sales Contract. Any assignment or attempted assignment by Purchaser (including without limitation any solicitation or advertisement for sale of the Apartment or any interest of Purchaser therein or any agreement of sale entered into prior to the actual Closing of the sale) without Seller's consent or breach of the Purchaser's duty to disclose all terms of any proposed Assignment, shall constitute a material breach and Seller, at its option, may cancel the Sales Contract and retain all sums paid as liquidated damages as provided in Section D.18 of the Sales Contract. Seller may, without any consent of Purchaser, assign the Seller's interests under the Sales Contract to an assignee that undertakes to perform Seller's obligations thereunder.

3. Seller has made no representations and has not authorized any representations to be made by any sales agent concerning any services or arrangements relating to the rental or sale or management of the Purchaser's Apartment.

4. The Sales Contract is subject to the provisions of the Master Declaration, Declaration, Bylaws, and other condominium documents, as the same may be amended.

5. Purchaser specifically acknowledges that: (a) the Project consists of a number of structures, each of which may be completed at different times and (b) there is ongoing pineapple cultivation and construction on adjacent land and that such construction and pineapple cultivation activity may continue on and off the site after Purchaser has occupied the Apartment and that this activity may result in noise, dust or other annoyances to Purchaser and Purchaser waives any claim or objection in connection with such dust, noise or other annoyance; (b) Purchaser agrees to take possession and close the sale of his Apartment upon completion of the structure in which the Apartment is located, even though other Apartments and the common elements have not been completed, so long as Purchaser is given vehicular access to a parking space (including a temporary parking stall assignment) and paved sidewalks from the parking stall to the Apartment; (c) Seller also reserves the right for itself, its sales representatives and prospective purchasers to utilize the common elements for ingress and egress and to show the common elements to prospective purchasers. Purchaser hereby accepts the foregoing conditions set forth in this paragraph as well as any inconvenience or annoyance which Purchaser may experience

as a result of such conditions and hereby expressly waives any rights, claims or actions which it might otherwise have against Seller as a result of such circumstances.

6. The Sales Contract (and also the Escrow Agreement) provides that Purchaser's deposits may be used (along with Developer's funds and the Construction Lender's funds) to finance the construction of the Project. No Purchaser's funds may be disbursed from Escrow to finance construction, however, prior to the time the Sales Contract becomes binding (see paragraph 1, above for a discussion of when the Sales Contract becomes binding).

7. The Sales Contract is not to be construed as a present transfer of any interest in the Apartment, but rather it is an agreement to make transfer at the time of Closing.

It is incumbent on the Purchaser that he read the full text of the Sales Contract.

SUMMARY OF EXECUTED ESCROW AGREEMENT

A copy of the executed Escrow Agreement dated March 26, 1992, between Title Guaranty Escrow Services, Inc., a Hawaii corporation, as Escrow Agent, and Daiichi-Four Mililani Joint Venture, a Hawaii general partnership, as Developer, has been filed with the Real Estate Commission. The Escrow Agreement provides for certain understandings and agreements with respect to the handling of buyers' funds and the closing of sales. Specifically, the Escrow Agreement provides in part that:

(1) All payments made under the Sales Agreement will be deposited with the Escrow Agent, who will in turn deposit the funds in a trust fund with a bank, savings and loan or trust company authorized to do business in the State of Hawaii under an escrow arrangement.

(2) Except for refunds to buyers, no disbursement of buyers' funds will be made until the Escrow Agent has received a letter from the Developer, assuming that the buyers have signed the required Receipt and Notice of Right to Cancel or are deemed to have receipted for the public reports and to have waived their right to cancel, and further that no subsequent events occur which give buyers the right to rescind, that the Sales Agreements have become effective, and the requirements of Sections 514A-39 and 514-63 of the Hawaii Revised Statutes (pertaining to the delivery of public reports and rescission rights) have been met.

(3) Each buyer is entitled to a return of his funds, and the Escrow Agent must pay such funds to the buyer if one of the following has occurred:

(a) The Escrow Agent receives a written request from the Developer to return to the buyer, the buyer's funds then being held by the Escrow Agent; or

(b) The Developer notifies the Escrow Agent in writing of the Developer's exercise of the option to rescind the Sales Agreement; or

(c) The conditions provided for a refund under Section 514A-62 or under Section 514A-63 of the Hawaii Revised Statutes have been met, and written notice thereof has been provided to the Developer.

(4) If the buyer is in default under the Sales Agreement and fails to cure such default upon notice of same being given to the buyer, then, if the Developer certifies in writing to the Escrow Agent that (a) the Developer has elected to terminate the Sales Agreement and has notified the buyer, or (b) the buyer is otherwise in default, then, the Escrow Agent shall, subject to the provisions relating to dispute and conflicting demands set forth in the Escrow Agreement, treat all funds of the buyer, less any cancellation fee, as the funds of the Developer.

It is incumbent upon a prospective purchaser to read the executed Escrow Agreement with care.

MISCELLANEOUS MATTERS; ARBITRATION OF DISPUTES

The Developer makes the following disclaimers regarding the Project. The fact that Developer is making the following disclaimers does not relieve the Purchaser of his obligation to investigate the Project and the Project documents and to determine whether the Project is suitable for the Purchaser:

a. **RETIREMENT CARE ADVISOR AGREEMENT.** The Olaloa Project is being designed and developed as a retirement home for occupants above the age of fifty-five (55). The Association is required under the Declaration of Condominium Property Regime and the Bylaws to provide significant facilities and services specifically designed to meet the physical and social needs of older persons. Such facilities and services may include, but shall not be limited to any or all of the following: social and recreational programs, continuing education programs, informational programs, counselling programs, recreational services, homemaker services, outside maintenance services, referral services, an accessible physical environment, emergency and preventative health care programs, congregate dining facilities, transportation services and other services designed to facilitate access to outside social services and services designed to encourage and assist residents to use the services and facilities available to them ("Wellness Services"). It is intended that the Association will develop a program of Wellness Services, based on one or more of the foregoing categories and make such programs available to the occupants of Olaloa. Obviously, the decision as to which programs will be implemented will be based upon such factors as cost and community need. In some cases, the Association will contract for certain Wellness Services on behalf of all members, in which case, the cost of the program will be part of the maintenance fees. In other cases, the program will be made available on an individual basis and the individual will be billed directly.

Since Olaloa is a relatively new concept in the State of Hawaii, the design and development of the Wellness Services and their implementation will require skills beyond those normally possessed by the Association. In recognition of the special circumstances of Olaloa, the Developer believes that the Association's best interests will be best served by providing it with advice and consultation from individuals who might assist in the design of such Wellness Services and their implementation. Developer has contracted, on behalf of the Association, with Caring . . . for Life Foundation, a Hawaii nonprofit corporation ("Foundation"), to provide retirement care advisory services. The Foundation was formed for specific charitable purposes which include such functions as the design and development of Wellness Services and the supervision thereof. Thus, under the advisory contract, the Association has available to it the Foundation's retirement care advisory services, and the Foundation is required to advise the

Association. The Foundation will participate at all Association meetings as an advisor to the Board of Directors of the Association, and shall specifically advise the Association regarding the selection of a managing agent for Olaloa and the terms and conditions of the managing agent's contract, advise the Association regarding agent's contract, advise the Association regarding any and all other contracts by or on behalf of the Association, and advise the Association regarding matters of policy. As specific Wellness Service programs are identified, developed and implemented, the Association (in the case of Wellness Services which are identified as common expenses) and its members (in the case of Wellness Services provided directly to individuals) will pay fees for such Wellness Services to third-party providers. The maintenance fee budget (Exhibit "K" to the Public Report) does not set forth any payments to be made to third-party providers of various Wellness Services which may be later implemented by the Association. At such time as specific Wellness Services programs are identified, developed and implemented, the specific line item for the maintenance fee budget (and the budget for each individual who is to be billed directly for such Wellness Services as that individual may request) will be determined. At this time, the Developer is not able to make a reasonable estimate of such expenses, either for the Association or for specific individuals.

Since the Foundation has as its charitable purpose the ultimate best interest of caring for individuals at a time in their life when they may require special care and concern, and since it is believed that it is in the best interest of Olaloa to have a long term relationship with the Foundation, the advisory contract was set for a term continuing for so long as the Foundation is financially capable of providing retirement care advisory services, but in no event beyond December 31, 2020. Prior to December 31, 2020, the retirement care advisory services contract with the Foundation may be terminated upon the affirmative vote of at least seventy-five percent (75%) of the members of the Association. The date December 31, 2020, incidentally, coincides with the Declaration of Restrictive Covenants (Retirement Community Housing) which requires that the land upon which the Project is located be operated as a retirement community through that date (and thereafter, if the owners do not take specific steps to remove that Declaration).

The Foundation has submitted an application for charitable status under Internal Revenue Code § 501(c). Included in such application is a three-year budget for the Foundation setting forth a lowest cost budget for providing all of the various services which the Foundation provides. The Foundation's general overall purpose is to engage in matters dealing with the aged. Acting as an advisor for the Olaloa condominiums is only one of the functions of the Foundation. Thus, the Foundation's budget, in addition to providing for the retirement care advisory services under the advisory agreement for the Association, will also include other community-based service programs regarding aging, research and information services and the providing of grants for the study of aging and elderly persons. There is no requirement that any of the programs and services of the Foundation (other than the retirement care advisory services under the contract) will provide a specific benefit to the Olaloa Project or to the individual apartment owners. Furthermore, there is no representation on the part of the Developer that the fair market value of the retirement care advisory services will be equal to or greater in value than the fees to be paid to the Foundation under the retirement care advisory services contract. The Foundation has represented to the Developer, however, that the Foundation intends to raise a portion of its income through charitable donations from the community at large and that it

intends to provide similar retirement care advisory services to other retirement communities and groups. The Foundation has represented to the Developer that it is likely that in the long run these other activities will generate a source of funds to the Foundation which will allow the Foundation to offer reduced fees for retirement care advisory services or broaden the services to be included in the fee. The Developer passes on these representations of the Foundation not for the purpose of guaranteeing that the Foundation will be able to accomplish its stated goals, but for the sole purpose of showing the basis upon which the Developer was induced to enter into the retirement care advisory contract on behalf of the Association. Copies of such proposed budget of the Foundation will be made available prior to the issuance of the Final Public Report.

The Developer and the Foundation are not affiliated. The Developer has, however, contributed funds to the Foundation, and may continue such contributions in the future. There is no guaranty, however, that such contributions will continue. The Developer has selected the Foundation as a Retirement Care Advisor for the Association with the understanding of the Developer that the Foundation will operate as a charity. Developer, however, makes no representation that the Foundation will be able to maintain such status or that it will be able to continue in existence for any specific period of time or achieve its charitable purposes and goals.

b. **RETIREMENT COMMUNITY USE AND OCCUPANCY REQUIREMENTS.** The Project is a retirement community project subject to certain use and occupancy restrictions. The land upon which the Project is located is subject to a Declaration of Restrictive Covenants (Retirement Community Housing), which requires that the land be used as a retirement community. The Declaration of Condominium Property Regime is subject to and subordinate to the terms and conditions of the Declaration of Restrictive Covenants (Retirement Community Housing). Because the Project is a retirement community, the following occupancy requirements will apply (unless a waiver is granted by the Association, or the Developer, acting on behalf of the Association):

- (i) each occupant of an Apartment must be fifty-five (55) years of age or older;
- (ii) no more than two (2) persons may occupy an Apartment; and
- (iii) all occupants must be in good health, such that no occupant poses a direct threat to the health or safety of other individuals and whose occupancy would not result in substantial damage to the property of others.

The power of the Developer, acting on behalf of the Association, to grant waivers from the requirement that each occupant be fifty-five (55) years of age or older, is limited by the provisions of the Declaration of Restrictive Covenants (Retirement Community Housing) and the definition of "housing for older persons" as defined by the State and Federal Fair Housing laws. Generally, so long as the Association provides significant facilities and services specifically designed to meet the physical or social needs of older persons, and at least eighty percent (80%) of the residential apartments are occupied by at least one (1) person fifty-five (55) years of age

or older, the Association will be deemed to be in compliance. The power of the Developer to grant waivers of the age restriction is also limited by the provision that no permanent resident shall be less than sixteen years of age.

Each buyer should be aware that a situation may arise when one spouse is 55 years of age or older and that the other is not, and if the older spouse dies, the other may have to move out of the Apartment in order that the Project can maintain its exempt status under Fair Housing laws.

c. **COMMERCIAL APARTMENT.** The Commercial Apartment is currently scheduled to be a "long term care" facility. There is no guaranty, however, that the Commercial Apartment will be operated as such, and the Developer makes no representation or warranty that a long term care facility will be built. If built, the Commercial Apartment is to be operated on a commercial basis by the Owner of that Apartment. It will not be a common element of the Project. The Association or the individual residents may elect to contract with the operator of the Commercial Apartment for services, but are not required to do so. It is contemplated that, if built, individual Apartment Owners may use the services of the long term care facility, but the Developer makes no representation regarding the type of long term care services to be provided or that the facility will be able to accommodate any and all requests for services by the residents of Olaloa, or that there will be any priority in favor of the residents of Olaloa.

d. **MANAGING AGENT AND SELF MANAGEMENT.** The Project will be administered initially by a professional managing agent. The Association may, however, upon the affirmative majority vote of the Common Interest present or represented at a meeting at which a quorum shall be present, and upon and subject to the expiration of any contract with a professional managing agent, elect to administer the Project through self-management. When billed for maintenance fees by the managing agent or by the Association under self management, the Purchaser agrees to pay the same.

Purchaser hereby agrees to accept the foregoing provisions and conditions described in this Exhibit "N," as well as any annoyance, loss or damage which Purchaser may suffer as a result of such conditions, and expressly waives any rights, claims or actions which it might otherwise have against the Developer as a result of such conditions. Purchaser further agrees to indemnify and hold harmless the Developer from any and all costs, including reasonable attorney's fees, arising from claims by or on behalf of the Purchaser, the Association of Apartment Owners of Olaloa or any other person in connection with the providing of services or any other matter arising under said contract for retirement care advisory services.

SUMMARY OF RESALE RESTRICTIONS AND SHARED APPRECIATION AGREEMENTS

It is currently contemplated that fifty percent (50%) of the residential apartments in Project I, II and III together are to be sold under affordable housing programs. Those apartments are subject to certain resale restrictions and shared appreciation agreements. Ten percent (10%) of the shared appreciation agreements will be in favor of the City and County of Honolulu. Forty percent (40%) will be in favor of the Developer. APARTMENTS WHICH ARE NOT BEING SOLD UNDER AFFORDABLE HOUSING PROGRAMS ARE NOT SUBJECT TO ANY RESALE RESTRICTIONS OR SHARED APPRECIATION AGREEMENTS. The terms of the resale restrictions and shared appreciation agreements which may be contained in the deeds or in separate agreements (all or some of which are likely to change), are summarized as follows:

A. CITY AND COUNTY OF HONOLULU RESALE RESTRICTION AND SHARED APPRECIATION AGREEMENT (applicable to ten percent (10%) of the apartments in Projects I, II and III together).

1. For the first ten (10) year period following the closing of the sale of the Apartment, if the Purchaser proposes to transfer the Apartment, or if the Purchaser leases or rents the Apartment or a portion thereof, or if the Purchaser ceases to use and occupy the Apartment as a principal residence, the Purchaser must first offer the Apartment for sale to the City and County for an option price computed as follows:

- a. the original purchase price of the Apartment; plus
- b. the original cost of any improvements added by the Purchaser; plus
- c. a return of seven percent (7%) per annum, simple interest, on Purchaser's original equity (at the time of the Purchaser's purchase of the Apartment) from the date the Purchaser acquires title to the Apartment to the date of acquisition by the City.

2. After the initial ten (10) year period, for a period of thirty (30) years thereafter, if the Purchaser proposes to transfer the Apartment, the Purchaser must pay to the City and County, the City's shared appreciation interest, which is computed as follows:

(i) The City and County's shared appreciation interest is computed based upon the City and County's shared appreciation percentage, which is computed as the difference between the fair market value of the Apartment and the purchase price (both at the time of the original sale), divided by the fair market value of the Apartment (at the time of the original sale). The quotient is the City and County's shared appreciation percentage.

(ii) At the time of any such sale, the "net appreciation" shall be determined by the resale price or fair market value of the Apartment (at the time of the resale), whichever is greater, less the original purchase price and resale closing costs. No deduction shall be allowed for the value of any improvements made by the Purchaser after the date of the Apartment Deed.

(iii) The City and County's shared appreciation interest is the product reached by multiplying the net appreciation by the City and County's shared appreciation percentage.

By way of illustration but not by way of limitation, if the fair market value of the Apartment is \$100,000 and the purchase price is \$80,000 (both at the time of the original sale) the City's shared appreciation percentage is 20%. If the Apartment is sold in the fourteenth year for \$160,000 and there are no resale closing costs then the adjusted resale value is \$80,000, and the City's shared appreciation interest is \$16,000 (20% of \$80,000).

3. The City and County's shared appreciation requirement may be waived if the Apartment is transferred at the death of the Purchaser to a family member or the transfer is at a price and on such terms which preserves the interest of the City and County's housing program (all as determined by the City and County pursuant to its rules and regulations); provided that the restrictions prescribed above shall be reinstated after the transfer of title and shall be fully effective and applicable to the transferee.

4. The Purchaser's obligations under the Shared Appreciation Agreement are to be secured by a mortgage.

B. DEVELOPER FIVE YEAR SHARED APPRECIATION AGREEMENT
(applicable to up to forty percent (40%) of the apartments in Projects I, II and III together).

Under the five (5) year shared appreciation agreement in favor of the Developer, the Purchaser agrees as follows:

1. Purchaser will pay to the Developer the following percentages of the appreciation in the value of the apartment (not to exceed, however, the sum of \$100,000):

<u>Number of Years from Date of Filing of Deed to Date of Transfer</u>	<u>Percentage of Appreciation to be Paid to Developer</u>
0 - 1 year	100%
1 - 2 years	80%
2 - 3 years	60%
3 - 4 years	40%

4 - 5 years 20%
 thereafter 0%

2. Appreciation is the difference between the Adjusted Sales Price (the fair market value at the time of transfer, less any broker's commissions and closing costs incurred) and the Initial Purchase Price (purchase price as shown in the Sales Contract, plus closing costs).

3. Improvements made by the Purchaser are not allowed as adjustments to the Initial Purchase Price.

4. Transfer includes, without limitation, the following: a sale, a gift or transfer at the time of death of the Purchaser, including, without limitation, transfer to a family member.

5. Developer shall have a thirty (30) day right of first refusal in any proposed sale by Purchaser.

6. The Purchaser's obligations under the shared appreciation agreement are to be secured by a mortgage.

C. DEVELOPER TWO YEAR SHARED APPRECIATION AGREEMENT
 (applicable to up to forty percent (40%) of the apartments in Projects I, II and III together).

Under the two (2) year shared appreciation agreement in favor of the Developer, the Purchaser agrees as follows:

1. Purchaser will pay to the Developer the following percentages of the appreciation in the value of the apartment (not to exceed, however, the sum of \$100,000):

<u>Number of Years from Date of Filing of Deed to Date of Transfer</u>	<u>Percentage of Appreciation to be Paid to Developer</u>
0 - 1 year	100%
1 - 2 years	80%
thereafter	0%

2. Appreciation is the difference between the Adjusted Sales Price (the fair market value at the time of transfer, less any broker's commissions and closing costs incurred) and the Initial Purchase Price (purchase price as shown in the Sales Contract, plus closing costs).

3. Improvements made by the Purchaser are not allowed as adjustments to the Initial Purchase Price.

4. Transfer includes, without limitation, the following: a sale, a gift or transfer at the time of death of the Purchaser, including, without limitation, transfer to a family member.

5. Developer shall have a thirty (30) day right of first refusal in any proposed sale by Purchaser.

6. The Purchaser's obligations under the shared appreciation agreement are to be secured by a mortgage.

It is incumbent on each Purchaser who is acquiring an apartment under the affordable housing programs that he or she read the full text of any resale restriction or the shared appreciation agreement(s) contained within the final deed form and any mortgage securing the same.

PROPOSED USES OF WELLNESS CENTER

The Olaloa Project is being designed and developed as a retirement community for occupants above the age of 55. The Association is required under the Declaration of Condominium Property Regime and the Bylaws to provide significant facilities and services specifically designed to meet the physical and social needs of older persons. To satisfy that requirement, the Developer intends to construct a Wellness Center which shall contain rooms tentatively identified for the following purposes: day room/game room, library, clinic, program director's office, gift shop, administrative office, general office, dining area, kitchen, media center, activity rooms, multi-purpose rooms. These uses may change. Furthermore, in connection with the provision of said significant services designed to meet the physical and social needs of older persons, the Association is currently working with the Wahiawa General Hospital and a Program Director employed by the Association, to provide the following services at the Wellness Center: health promotion education, referral services, physician appointments, food service, and social activities. Although contemplated at the present time, there is no guaranty that any of the foregoing activities, organizations or events will transpire. The Association may eventually contract with another party to provide those services. (The party with whom the Association does contract shall hereinafter be called the "Wellness Provider.") (For a more complete description of the Wellness Services, see Exhibit Q.) Developer has attempted to verify that the uses for which the rooms within the Wellness Center are identified and the services which may be provided by the Wellness Provider are permissible within the zoning designation of the lot upon which the Project will be developed. The Developer has no guaranties, however, and, consequently, the Developer does not guaranty that these uses will be permitted by the Department of Land Utilization of the City and County of Honolulu ("DLU") or under the Declaration of Covenants, Conditions and Restrictions for Mililani Town. In the event that any of the uses proposed by the Developer are not permitted by the DLU, the Developer may, but is not obligated, to seek a zoning variance to permit said uses. If such uses are not permitted, the indicated services may not be offered, and buyers should evaluate their purchase with this in mind.
