General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. Declaration of Condominium Property Regime contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

- Proposed
 Recorded - Bureau of Conveyances: Document No. 94-088392
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

- B. Condominium Map (File Plan) shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

The Condominium Map for this condominium project is:

 Filed - Land Court Condo Map No. _____

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

- C. Bylaws of the Association of Apartment Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

- Proposed
 Recorded - Bureau of Conveyances: Document No. 94-088393
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

- D. House Rules. The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed Adopted Developer does not plan to adopt House Rules

E. Changes to Condominium Documents

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. Apartment Owners: Minimum percentage of common interest which must vote for or give written consent to changes:

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.

Variance(s) to zoning code was/were granted as follows:

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> X </u>	<u> </u>	<u> </u>
Structures	<u> X </u>	<u> </u>	<u> </u>
Lot	<u> X </u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit E .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

[] There are no limited common elements in this project.

[X] The limited common elements and the apartments which use them, as described in the Declaration, are:

[X] described in Exhibit E.

[X] as follows: The portion of the land set aside for the use of each owner of a unit, as set forth in Exhibit A, subject to the roadway and utility easement, if any.

Note: Land areas referenced herein are not legally subdivided lots.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

[X] described in Exhibit C.

[] as follows:

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit F describes the encumbrances against the title contained in the title report dated 06-02-94 and issued by T. I. OF HAWAII, INC.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
Mortgage	If foreclosed, Buyer's deposit may be refunded and the sales contract between Seller and Buyer will be canceled.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements: None.

2. Appliances: None.

G. Status of Construction and Estimated Completion Date:

The storage sheds on Units 1, 3, and 4 are fully constructed and received final inspection on April 27, 1994. The storage sheds on Units 2 and 5 are fully constructed and received final inspection on May 3, 1994.

H. Project Phases:

The developer has has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

C. Additional Information Not Covered Above

This is a condominium project, not a subdivision. Units purchased are not subdivided lots. If a residence is not already constructed, you will be required to comply with zoning codes to be allowed to construct a residence on your limited common element.

To determine whether your expectations can be realized, you should carefully review the contents of this Report, especially Exhibit J, a summary of the recorded restrictive covenants for the Kalihiwai Ridge Subdivision, within which this project is located. Among other things, the Restrictive Covenants govern land use, building type, animals, cultivation of crops, maintenance, insurance requirements and provide for a subdivision owners association and environmental committee. You should also conduct your own investigations and ascertain the validity of information provided. Please remember that issuance of effective dates for this Report does not mean the Real Estate Commission has approved the project.

Except as limited specifically by the Declaration of Condominium Property Regime, the Bylaws and the Restrictive Covenants, all uses permitted in the residential zone are permitted. See Kauai County Comprehensive Zoning Ordinance, Article 8.7. With reference to Page 10 of this report specifically, the permitted uses of buildings and other improvements, structures shall only be occupied or used for residential and associated uses, and/or other uses permitted under the Kauai County Zoning Ordinances and the condominium documents herein referenced.

A buyer should understand that development and use of the properties shall be in compliance with all County Codes and Ordinances, that owners in this condominium project will not necessarily receive the same County benefits as owners of approved subdivided lots, and that owners who develop their properties later than others may find that land use and zoning changes or insufficient utility capacities may thwart their expectations. Also, zoning and land use restrictions are subject to change and each purchaser should maintain awareness of such conditions.

The Waiver and Release Agreements made by the owners in favor of the Department of Public Works, County of Kauai, sets forth the agreement of the owners that the issuance of building permits by the County of Kauai for the agricultural sheds will not be construed to guarantee that water or water services by the County of Kauai will be provided to the property at any time in the future.

This public report shall not be valid for the sale of any unit until the developer submits to the Real Estate Commission a duly executed disclosure abstract identifying the designated sales agent, a copy of which shall be attached to this public report, and a duly executed copy of a broker listing agreement with a Hawaii-licensed real estate broker, as applicable.

Developer Cheryl E. Schenck (RS-46458), is a current and active Hawaii-licensed real estate salesperson. This information, and the fact that she is acting as developer only as an accommodation to the owners whom she represented in the purchase of the property, shall be disclosed to all perspective buyers pursuant to Section 16-99-3(f)(g) of the Hawaii Administrative Rules.

D. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

SUMMARY OF DECLARATION OF PROTECTIVE COVENANTS, CONDITIONS AND RESTRICTIONS FOR KALIHIWAI RIDGE

This Project is located on one of the lots of the Kalihiwai Ridge Subdivision. Lots in the subdivision are subject to a "Declaration of Protective Covenants, Conditions and Restrictions for Kalihiwai Ridge" (herein called the "Protective Covenants") dated October 3, 1988, recorded in the Bureau of Conveyances of the State of Hawaii on October 11, 1988 in Book 22452, Page 429.

This is a summary of the types of restrictions applicable to the subdivision as a whole, and to the Lot upon which this Project is located. This summary is not meant to completely recite the actual provisions of the Protective Covenants, nor to cover every issue in which a purchaser might have interest. A prospective purchaser is urged to obtain a full copy of the Protective Covenants from the Developer prior to entering into an agreement to purchase a unit in this Project.

ARTICLE II. CONTROL OF REAL PROPERTY USE.

Article II of the Protective Covenants has to do with the organization of the subdivision, including identifying the subdivision's developer and architects, the creation of an Association of Lot Owners, Bylaws, common area designations, Environmental Design Rules, limitation to single family residential and agricultural uses and explaining the underlying purpose controlling the use of the subdivision to enhance agricultural potential and orderly growth and development of the subdivision. Control of the subdivision by an architectural review committee includes control of structure siting, architectural style, agricultural development, drainage and landscaping. It is also necessary to receive environmental committee approval before any construction occurs.

ARTICLE III. THE ASSOCIATION.

This Article discusses the Lot Owner's Association, election of Boards of Directors, voting rights, notices regarding Association meetings and similar matters.

ARTICLE IV. CERTAIN RIGHTS AND OBLIGATIONS OF THE ASSOCIATION.

This Article deals with the right of the Association to govern the lots, enter onto lots to determine compliance with rules, and to manage and maintain Association property. It includes the right to incur expense on behalf of the Association and acquire and hold necessary personal property to perform its functions. Creator also has the power to implement rules and regulations to enhance the value of the property and prohibit noxious and offensive activities. Each owner is entitled to a copy of every rule and regulation passed. The Association also has the power to levy fines and collect them.

ARTICLE V. ASSESSMENTS.

Each lot owner, in this case the project itself, will be required to pay Association fees. Payment for such fees is contemplated in the Common Expenses to be assessed for the project. This Article also deals with the method of establishing a budget and assessments. Additional assessments may be made when the need arises.

ARTICLE VI. USE RIGHTS AND RESTRICTIONS.

No Lot owner will be allowed to engage in activities which would risk removal of liability insurance coverage, nor may they violate the law of the State of Hawaii or ordinances of the County of Kauai. This Article also prohibits subdivision of lots or consolidation of lots without the consent of the environmental committee in compliance with certain procedures.

Condominiums must have approval of the developer, C. Brewer Properties, Inc., under Article VI. No timesharing is permitted. There are specific limits on the nature and number of vehicles and other activities that would be deemed "unsightly", as well as preclusion of other activities such as unusual accumulations of trash, garbage, refuse, lumber and other bulky materials, including farm implements which are not consistent with the use of the land or not adequately screened from public view. There is also a limitation on excessive noise and light. Agricultural animals are limited to those approved by the environmental committee for the subdivision. Animals must be properly cared for, particularly livestock, poultry, fish and game.

This Article also limits the nature and size of signs. The Article precludes mining and drilling. Clearing and grading are subject to prior approval by the environmental committee and the County of Kauai. Cultivation of crops must be performed in a good, safe manner with environmental approval on methods used to control dust, insects, weeds, and drainage. Lot owners must protect against flooding and erosion and dangerous chemicals. They must also maintain their lots at all times so that they do not become overgrown and unsightly. Owners causing damage to Association property will be required to pay for it.

ARTICLE VII. REGULATION OF LAKE LOTS.

This Article deals with the regulation of the lots that surround the subdivision lake, including the operation of boats and the utilization of lots fronting the lake.

ARTICLE VIII. EASEMENTS.

Easements are to be granted through each lot for emergency repair and other items needful for the benefit of the subdivision.

ARTICLE IX. KALIHIWAI RIDGE ENVIRONMENTAL COMMITTEE.

This Article discusses the creation and maintenance of the environmental committee, including its initial members and

subsequent members. It outlines committee functions, including design review for all improvements to the subdivision lots and project limited common elements. This includes the requirement of the posting of improvement bonds in the amount of \$10,000.00 per Lot. The committee cannot assess a fee exceeding \$500.00 for the review of proposed plans. The committee can also adopt rules for its own procedures. Fines are discussed, including fines of over \$2,500.00 for engaging in construction without proper clearance and permission. These fines may be enforced as liens against individual lots for violative activity.

ARTICLE X. INSURANCE.

This Article outlines insurance requirements for the project, including minimum One Million Dollar liability coverage. Individual owners will be required to maintain insurance on their own lot.

ARTICLE XI. DESTRUCTION, CONDEMNATION AND RESTORATION OF KALIHIWAI RIDGE.

This Article deals with the condemnation of subdivision improvements by public authorities.

ARTICLE XII. EXPANSION OF KALIHIWAI RIDGE.

This Article addresses the Declarant's right to annex additional property, up to approximately three thousand acres of adjacent lands, to the Kalihiwai Subdivision and the means by which this may be accomplished.

ARTICLE XIII. ENFORCEMENT.

This Article discusses the method by which the rules of the subdivision may be enforced.

ARTICLE XIV. MISCELLANEOUS.

This Article has to do with many miscellaneous items. It includes the duration of the restrictive covenants, being initially for twenty years and an automatic extension for ten year terms unless and until seventy-five percent (75%) of the owners of lots vote to the contrary at least one year prior to the scheduled termination of the covenants. It also deals with amendments to the restrictive covenants requiring a two-thirds majority of the voting power of the Association. The amendment does not apply to the duration of the restrictive covenants, which can only be amended by one hundred percent (100%) vote. The same is true as to expansion of Kalihiwai Ridge. Other miscellaneous provisions are included, such as the means by which the restrictive covenants would be interpreted in a court of law, assignability of rights, severability of clauses that might be found illegal in similar matter.
