General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit B.

as follows:

*Note: Existing Use Permit No. 94/EU-9 was issued by the Department of Land Utilization (now Department of Planning and Permitting) of the City and County of Honolulu (See Exhibit J). Prospective purchasers must carefully review and note the terms and conditions set forth in the Existing Use Permit as they affect all "new work". The terms and conditions of the Existing Use Permit constituted covenants that run with the land.

2. **Limited Common Elements:** Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit C.

as follows:

3. **Common Interest:** Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____.

as follows: The percentage of common interest, expressed as a fraction, appurtenant to each apartment in the Project is 1/9th.

E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit D describes the encumbrances against the title contained in the title report dated April 2, 2015 and issued by First American Title.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

There are no blanket liens affecting title to the individual apartments.

There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
Mortgage	Buyer's interest is subordinated to mortgagee's and is subject to termination. Buyer is entitled to return of any deposits paid, less escrow cancellation fees.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. **Building and Other Improvements:**
None. Units to be conveyed "as is".

2. **Appliances:**
None. Appliances sold "as is".

G. **Status of Construction and Date of Completion or Estimated Date of Completion:**

Units A through I were constructed in 1974 and 1976.

H. **Project Phases:**

The developer [] has [x] has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

IV. CONDOMINIUM MANAGEMENT

A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

- not affiliated with the Developer

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit E contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change).

C. **Utility Charges for Apartments:**

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

C. Additional Information Not Covered Above

1. **Not a Subdivision.** This is a condominium project which should not be confused with a subdivision. A purchaser of an apartment will be conveyed an apartment unit together with and "undivided" interest in the common elements of the project. The entire parcel of land upon which the project is situated is designated as a common element. That portion of the common element which each purchaser has the exclusive right to use is called a limited common element or area, but is not a separate, legally subdivided lot.
2. **Reserves.** Developer discloses that no "reserve study" was done in accordance with Section 514A-83.6, Hawaii Revised Statutes, and replacement reserve rules. Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.
3. **Insurance.** Section 514A-86, Hawaii Revised Statutes, requires the Association of Apartment Owners to purchase fire insurance to cover the improvements of the Project, and that the premiums for the such insurance be common expenses. Developer anticipates that the Association will elect, pursuant to Paragraph 15(e) of the Declaration, to permit individual apartment owners to obtain and maintain separate policies of fire insurance and name the Association an additional insured, in such case, fire insurance premiums will be the responsibility of individual apartment owners and not common expenses. Prospective purchasers should consult with their own insurance professionals to obtain an estimate for individual fire and hazard insurance.
4. **Disclosure Regarding "AS-IS" Sale.** The apartments will be conveyed in their present "as is" condition. Prospective purchasers are strongly urged to have a professional home inspection to ascertain the exact condition of the property.
5. **Hazardous Materials.** The Developer neither prepared nor commissioned a Phase I Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Purchaser acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Purchaser should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the apartments or in the Project or anything installed or contained therein and Purchaser expressly releases the Developer from any liability to Purchaser if any hazardous materials are discovered.
6. **Lead Warning Statement.** Pursuant to federal law, 42. U.S.C. 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."
7. **Special Management Area.** The Project is within the Special Management Area ("SMA"). This may impact a purchaser's ability to utilize the unit for certain purposes. Prospective purchasers should consult with the Department of Planning and Permitting of the City and County of Honolulu before purchasing a unit in the Project to determine what impact, if any, this may have on the purchaser's ownership of the unit.
8. **Special Flood Hazard Area.** The Project is within a special flood hazard area as delineated on the Flood Insurance Rate map issued by the Federal Emergency Management Agency. This may impact a purchaser's ability to utilize the unit for certain purposes. Prospective purchasers should consult with the Department of Planning and Permitting of the City and County of Honolulu before purchasing a unit in the Project to determine what impact, if any, this may have on the purchaser's ownership of the unit.
9. **Wastewater System.** The units have individual septic systems instead of being connected to the County sewer system. The Department of Health of the State of Hawaii have regulations that may impact a purchaser's ability to utilize the unit for certain purposes. Prospective purchasers should consult with the Department of Health before purchasing a unit in the Project to determine what impact, if any, this may have on the purchaser's ownership of the unit. The maintenance of the septic system is the sole responsibility of the owner of the Unit.

Dear Mr. Pulice:

Re: Condominium Conversion Project
54-269 Kamehameha Highway
Tax Map Key: 5-4-011: 006

This is in response to your letter dated May 28, 2004, requesting verification that the structures on the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the two-story single-family detached dwelling and the four (4) one-story two-family detached dwellings with eighteen (18) all-weather-surface off-street parking spaces met all applicable code requirements when they were constructed in 1974 and 1976 on this 70,567 square-foot R-5 Residential District zoned lot.

On November 17, 1994, an existing use permit (File No. 94/EU-9) was approved with conditions for the existing use of one (1) single-family unit and four (4) two-family detached dwelling units.

Inspection revealed the deficiencies mentioned in the letter dated December 14, 1994 have been corrected.

For your information, the Department of Planning and Permitting cannot determine all legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

No variances or other permits were granted to allow deviations from any applicable codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create separate lots of record for subdivision and zoning purposes.

A. FIRST PARTY is the owner of the property described in Transfer Certificate of Title No. 662,487, and identified as Tax Map Key: (Oahu) 5-4-012-046, described in Exhibit "A" attached hereto and made a part hereof, hereinafter called the "FIRST PARTY LOT".

B. SECOND PARTY is the owner of the property described in Transfer Certificate of Title No. 536,657, and identified as Tax Map Key: (Oahu) 5-4-011-006, described in Exhibit "B" attached hereto and made a part hereof, hereinafter called the "SECOND PARTY LOT".

C. According to a recent location survey dated September 11, 2014, prepared by Wesley T. Tengan, Licensed Professional Land Surveyor, Certificate No. 6958, a copy of which is attached hereto as Exhibit "C" and made a part hereof, there is now constructed on a portion of the common boundary between FIRST PARTY LOT and SECOND PARTY LOT, a portion of two rock walls which are owned by FIRST PARTY but are partially built on SECOND PARTY LOT. The rock walls are described as follows:

"L. End of rock wall from subject Lot 100 extends approximately 0.7 ft. into Lot 99. Another portion of it extends approximately 1.2 ft. to 1.3 ft. to 0.7 ft. for a length of 41.0 ft. into Lot 13.

M. Rock wall from subject Lot 100 extends approximately 0.7 ft. to 0.6 ft. for a length of 13.9 ft. into Lot 13."

D. The parties hereto wish to set forth their agreements concerning the rock walls.

A G R E E M E N T:

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties agree as follows:

1. License. SECOND PARTY hereby grants FIRST PARTY a license, on the terms and conditions set forth herein, to maintain on the SECOND PARTY LOT the portion of the rock walls which presently encroach on the SECOND PARTY LOT as shown as items L and M on Exhibit "C" and hereinafter called the "Encroachment". FIRST PARTY declares that FIRST PARTY does not make any claim against the SECOND PARTY LOT by virtue of the Encroachment. Therefore, FIRST PARTY forever relinquishes any accrued right, if any, to claim title to or right of possession of any portion of the SECOND PARTY LOT as a result of the Encroachment.

2. Termination of License. The license granted hereby shall automatically terminate if the Encroachment is hereafter removed by FIRST PARTY or destroyed by any cause beyond the control of and without the negligence of SECOND PARTY. This license shall not, however, permit FIRST PARTY to rebuild on the SECOND PARTY LOT the Encroachment removed by FIRST PARTY or substantially destroyed by any cause beyond the control of and without the negligence of SECOND PARTY. At such time as the Encroachment is completely removed by FIRST PARTY or substantially destroyed by any cause beyond the control of and without the negligence of SECOND PARTY, the license and this Agreement shall automatically terminate. FIRST PARTY shall then prepare or cause to be prepared, at FIRST PARTY's expense, and the parties hereto shall execute and record, at FIRST PARTY's expense, evidence of such termination. "Substantially destroyed" shall mean more than one-half (1/2) of the Encroachment shall be damaged or destroyed.

3. Maintenance and Repairs. FIRST PARTY shall be solely responsible for maintenance, repair and upkeep of the Encroachment. FIRST PARTY shall maintain the Encroachment in conformity with all applicable laws, ordinances, rules, and regulations. SECOND PARTY shall allow FIRST PARTY to enter into the SECOND PARTY LOT for the limited purpose of performing necessary repairs and maintenance as may be mutually agreed upon. The costs of so maintaining the Encroachment shall be borne by FIRST PARTY. FIRST PARTY shall indemnify and hold SECOND PARTY and SECOND PARTY's lessees and tenants harmless from any loss, cost or damage resulting from FIRST PARTY's failure to so maintain the Encroachment, or by reason of the quality, condition or repair of the Encroachment when such loss, damage or injury arises out of or proximately results from the negligence, wrongful act or failure to act of FIRST PARTY, FIRST PARTY's lessees, tenants, family, invitees, servants, or guests. SECOND PARTY shall not, by any act or omission, undermine the structural integrity of the Encroachment.

4. Covenant Running with the Land. The parties hereto agree that this Agreement shall constitute a covenant running with their respective lots and shall extend to the benefit of and be binding upon and enforceable against the parties hereto and all future holders of any interest in their respective lots, provided, however, upon the transfer of a lot, the transferee will become responsible for the transferor's obligations hereunder as well as acquire all of the benefits of the transferor in this Agreement and the transferor will be relieved and released from all further liability hereunder as well as relinquish all benefits hereunder, all without any further written instrument. The parties further agree that nothing herein contained herein shall be construed as a conveyance by either party of their respective estate, right, title and interest, in and to the respective parcels of land on which the Encroachment shall lie.

5. Severability. If any term, provision, covenant or condition of this Agreement should be held by any court of competent jurisdiction to be invalid, void or unenforceable, the remainder of this Agreement shall remain in full force and effect.

6. Amendments. This Agreement may be amended or cancelled only by a properly recorded writing signed by the parties hereto or their successors in interest to their respective lots.

7. Headnotes. The headnotes or captions of each paragraph are for convenience only and shall not be construed as modifying the context thereof.

8. Counterpart Signatures. The parties hereto agree that this instrument may be executed in counterparts, each of which shall be deemed an original, and said counterparts shall together constitute one and the same agreement, binding all of the parties hereto, notwithstanding that all of the parties are not signatory to the original or the same counterparts. For all purposes, including, without limitation, recordation, filing and delivery of this instrument, duplicate unexecuted and unacknowledged pages of the counterparts may be discarded and the remaining pages assembled as one document.

IN WITNESS WHEREOF, the parties hereto have executed these presents as of the day and year first above written.
