General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. Declaration of Condominium Property Regime contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.*

Variance(s) to zoning code was/were granted as follows:

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> X </u> *	_____	_____
Structures	<u> X </u> *	_____	_____
Lot	<u> X </u>	_____	_____

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit H .

as follows:

* The A'eloia Terrace Project is being developed under exemptions from zoning requirements approved by the Housing Finance and Development Corporation pursuant to Act 15, Session Laws of Hawaii 1988.

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit I.

as follows:

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit J.

as follows:

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit K describes the encumbrances against the title contained in the title report dated July 5, 1995 and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

Type of Lien

Effect on Buyer's Interest and Deposit if Developer Defaults
or Lien is Foreclosed Prior to Conveyance

First Mortgage

At Mortgagee's option, either (a) Mortgagee takes place of Seller under Contract and sells to Buyer in accordance with the Contract, or (b) Contract is terminated and Deposit returned to Buyer.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:

See Exhibit L

2. Appliances:

See Exhibit L

G. Status of Construction and Estimated Completion Date:

It is currently anticipated that construction will commence in August of 1995 and will be completed in June of 1996.

Summary of Reservation and Sales Agreement

The specimen A'eloa Terrace Reservation and Sales Agreement (the "Sales Agreement") sets forth the terms, provisions, conditions and covenants between the Seller and Buyer for the sale and purchase of an Apartment in the Project. In case of any conflict between the following summary and the Sales Agreement, the latter will control. The Sales Agreement contains:

1. A description of the Project and the Property.
2. An acknowledgement that the Buyer has received and has had a full opportunity to read and review, and has approved the Preliminary Public Report and/or Final Public Report of the Project issued by the Developer and certain other documents.
3. An agreement that if at the time of execution of the Sales Agreement by the Buyer and the Seller, a Final Public Report for the Project has not been issued by the Real Estate Commission of the State of Hawaii, the Sales Agreement shall not be legally binding upon either Buyer or Seller. In such event, the Sales Agreement shall constitute a "reservation," not a binding contract, and Seller shall have no obligation to sell and Buyer shall have no obligation to purchase the Apartment. In the event that the Sales Agreement is entered into after the issuance of a Final Public Report, the Sales Agreement shall be a fully binding contract upon Buyer and Seller upon Buyer's waiver of rescission rights as provided in the Agreement.
4. An authorization from Buyer to Escrow to disburse deposited funds in accordance with the terms of the Escrow Agreement.
5. An agreement that if any portion of the purchase price is to be financed, Buyer is required to deliver to Seller a "pre-commitment" letter from Buyer's Lender, indicating that Buyer has been prequalified for a mortgage loan in the amount Buyer intends to finance. At least thirty (30) days prior to the Scheduled Closing, Buyer is required to take all actions necessary to close the loan.
6. An agreement that the Seller has the right, subject to approval by the Housing Finance and Development Corporation of the State of Hawaii ("HFDC"), to increase the Total Purchase Price of Apartments only to the extent

necessitated by increases in the development and construction costs of the Project as a result of delays due to governmental restrictions or regulations, delays in the completion of construction of infrastructure improvements beyond the control of the Seller, or the occurrence of any other contingency which was not contemplated by the Sales Agreement.

7. An acknowledgement that Seller and HFDC have entered into a Development Agreement in which HFDC agrees, among other things, to complete certain infrastructure improvements, to obtain certain governmental permits for the development, use and occupancy of the Apartment.

8. An acknowledgement and agreement that the Apartment may be sold only to a "Qualified Resident", who is a Low-Moderate Income Purchaser" or "Moderate Income Purchaser" in accordance with HFDC's requirements.

9. An acknowledgement and agreement that pursuant to the Development Agreement, Seller is required to sell the Apartment to Buyer subject to the following restrictions on the use and transfer of the Apartment and subject to a shared appreciation equity program in favor of HFDC, as described hereinbelow, and as more particularly described in the Sales Agreement.

A. Restrictions on Use and Transfer of the Apartment. The transfer of the Apartment to Buyer will be made subject to (and the Apartment Deed will so provide) restrictions on use and transfer of the Apartment pursuant to Sections 201E-221, 222, 223 and 224 of the Hawaii Revised Statutes, as amended (the "HFDC Restrictions") which provide, among other things, for a first option in favor of HFDC to purchase the Apartment for a period of 10 years in the event Buyer desires to transfer or lease the Apartment or in the event Buyer violates a covenant requiring Buyer to occupy the Apartment.

B. Shared Appreciation Equity Program. The transfer of the Apartment to Buyer will also be made subject to a shared appreciation equity program (the "SAE Program") under which HFDC, upon transfer of the Apartment by Buyer, would be entitled to a pro rata portion of the Apartment's appreciation in value.

C. Home Ownership Counseling. As an express condition for purchasing the Apartment each Buyer agrees to complete the Home Ownership Counseling Program sponsored by HFDC, as described in the Sales Agreement, prior to Closing. If Buyer fails to complete HFDC's Home Ownership Counseling Program, Buyer will be in default of the Sales Agreement,

and Seller, in addition to any other remedies available to it, will, at HFDC's direction, cancel the Sales Agreement, in which event all deposits and all interest thereon shall be retained by Seller. Any such cancellation shall be effective immediately upon delivery of written notice to Buyer.

10. An acknowledgement that there are certain conditions which may affect and impair the Buyer's enjoyment, use and value of the Apartment and the Project, and an agreement to indemnify and hold harmless the Seller and certain other parties for certain types of claims.

11. An agreement that the Seller has the right to make changes to the Condominium Map of the Project, plans and specifications for the Project, the Project Documents and all other documents and contracts relating to the Project, without further consents from Buyer or Buyer's Lender under certain circumstances.

12. An acknowledgement that pursuant to the Development Agreement, Seller is obligated to offer one hundred percent (100%) of the Apartments in the Project for sale as Lower Cost Housing Units in accordance with HFDC requirements.

13. An agreement that Buyer may inspect the Apartment before closing at a date set by Seller ("Inspection Date"), and that Buyer will sign a Punch List listing all defects or damage to the Apartment (if there are any). Also, an agreement that if Buyer fails to inspect the Apartment on the Inspection Date, Seller's representative is thereby appointed to inspect the Apartment and prepare a Punch List on behalf of Buyer.

14. A description of the warranties relating to the apartment (See Exhibit L).
