**Summary of Changes from Earlier Public Reports:**

This summary contains a general description of the changes, if any, made by the developer since the last public report was issued. It is not necessarily all inclusive. Prospective buyers should compare this public report with the earlier reports if they wish to know the specific changes that have been made.

No prior reports have been issued by the Commission.

Changes made are as follows:

**SPECIAL ATTENTION**

This is a CONDOMINIUM PROJECT, **not** a subdivision. There are County restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the Purchaser is buying an existing residential dwelling, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE IS ALSO NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. The Purchaser should consult with the appropriate County agencies to determine whether the Purchaser may build a residential dwelling unit, or any other type of structure, on the property.

1. There are presently NO RESIDENTIAL STRUCTURES ON THE PROPERTY. The only buildings on the property are storage sheds, each of which may be defined as an "apartment" under the condominium property act.
2. This public report does **not** constitute an approval of the project by the Real Estate Commission or any other government agency, nor does it warrant that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.
3. The land area beneath and immediately appurtenant to each unit is designated a LIMITED COMMON ELEMENT and is **not** a legally subdivided lot. The dotted lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.
4. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not be provided, and services such as County street maintenance and trash collection may not be available for interior roads and driveways.

This public report does not constitute approval of the Project by the Real Estate Commission, or any other governmental agency, nor does it ensure that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.

**Note:** Developer has filed with the Notice of Intention, proposed condominium map and plot plan and draft Public Report with the County Planning Department. To date, no response has been received.

In the event the County objects to certain aspects of the project which the Commission deems material, Developer will file a Supplementary Public Report addressing such concerns.

Prospective purchasers are advised that as of the effective date of this report, no additional comments have been received from the Hawaii County Planning Department. If and when such additional comments are received which are contrary or in addition to the information contained herein, a copy shall be provided to each purchaser or prospective purchaser. If the information represents material facts not already disclosed in this public report, the Commission may require the Developer to prepare a Supplementary public report.

**THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.**

## **General Information On Condominiums**

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

## **Operation of the Condominium Project**

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;  
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

- Proposed
- Recorded - Bureau of Conveyances: Document No. 99-198422  
Book \_\_\_\_\_ Page \_\_\_\_\_
- Filed - Land Court Document No. \_\_\_\_\_

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]: First Amendment of the Declaration of Condominium Property Regime dated March 6, 2000 recorded in the Bureau of Conveyances as Document No. 2000-030578.

B. **Condominium Map (File Plan)** shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

The Condominium Map for the condominium project is:

- Proposed
- Recorded - Bureau of Conveyances Condo Map No. 3009
- Filed - Land Court Condo Map No. \_\_\_\_\_

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

C. **Bylaws of the Association of Apartment Owners** govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

- Proposed
- Recorded - Bureau of Conveyances: Document No. 99-198423  
Book \_\_\_\_\_ Page \_\_\_\_\_
- Filed - Land Court Document No. \_\_\_\_\_

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed       Adopted       Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents**

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. **Apartment Owners:** Minimum percentage of common interest which must vote for or give written consent to changes:

	<u>Minimum Set by Law</u>	<u>This Condominium</u>
Declaration (and Condo Map)	75%*	<u>75%</u>
Bylaws	65%	<u>65%</u>
House Rules	----	<u>N/A</u>

\*The percentages for individual condominium projects may be more than the minimum set by law for projects with five or fewer apartments.

2. **Developer:**

No rights have been reserved by the developer to change the Declaration, Condominium Map, Bylaws or House Rules.

Developer has reserved the following rights to change the Declaration, Condominium Map, Bylaws or House Rules:

During the sales period, the Developer has reserved the right to make any changes to the project documents and the project as may be required by law, any title insurance company, and institutional lender or any governmental agency; and, prior to the conveyance or transfer of the first unit, for any reason and in any manner as the developer deems necessary, provided that no such change shall substantially alter or reduce the usable space or value of any unit or the unit's limited common elements, render unenforceable the Buyer's mortgage loan commitment, increase the Buyer's share of common expenses, increase the purchase price or reduce the obligations of the Developer for common expenses or unsold units.

**IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS**

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purposes of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	X	_____	_____

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

- described in Exhibit B.
- as follows:

2. **Limited Common Elements:** Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit B.

as follows:

3. **Common Interest:** Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit \_\_\_\_\_.

as follows:

Unit A - 50%

Unit B - 50%

E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit C describes the encumbrances against the title contained in the title report dated December 23, 1999 and issued by Title Guaranty of Hawaii, Inc.

**Blanket Liens:**

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

There are no blanket liens affecting title to the individual apartments.

There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed <b>Prior to Conveyance</b></u>

A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

C. Additional Information Not Covered Above

The land underlying the project is classified and zoned "Agricultural". County ordinance and the Hawaii Land Use laws allows only the construction of farm dwellings on such lands. A farm dwelling is a single family dwelling that is located on or used in connection with a farm or if the agricultural activity provides income to the family occupying the dwelling. More than one farm dwelling may be allowed on a parcel of land if (a) a farm dwelling agreement is executed for each additional farm dwelling which requires that the dwelling be used for farm-related purposes and (b) the applicant for the permit submits an agricultural development and use program, farm program or other evidence of the applicant's continual agricultural productivity or farming operations in the County of Hawaii and such plan shows how the farm dwelling will be utilized for farm related purposes.

Buyers are advised that the developer makes no representations or warranties with respect to (i) the improvements that are or will be allowed on the real property, (ii) the uses that are allowed or required for real property located in an "Agricultural" land use classification or (iii) the restrictions, requirements or conditions that may be imposed by any governmental entity with respect to the proposed uses of the real property and/or the apartments or the proposed construction of improvements thereon or therein. Prospective buyers are advised to verify the legality of and the requirements for the buyer's intended use of the apartment and the land with the County of Hawaii.

Residential Dwellings within State Land Use Agricultural District

Purchasers should be aware that the State Land Use Commission issued a Declaratory Ruling in December, 1994, regarding the construction of residential dwellings on properties located within the State Land Use Agricultural District. In response to said ruling, the Hawaii County Planning Department is requiring applicants for building permits on such lands to acknowledge receipt of a "Farm Dwelling Notice". This Farm Dwelling Notice reads as follows:

FARM DWELLING NOTICE

To: Applicants for Building Permits on Land in State Land Use Agricultural District.

This is to inform you that Chapter 205, Hawaii Revised Statutes, does not authorize residential dwellings as a permissible use in an agricultural use district, unless the dwelling is related to an agricultural activity or is a "farm dwelling".

Farm Dwelling is defined in Chapter 205.4.5(a)(4) as "a single family dwelling located on and used in connection with a farm, including clusters of single-family farm dwellings permitted within agricultural parks developed by the State, or where agricultural activity provides income to the family occupying the dwelling."

Penalty for violation of Section 205.4.5, Hawaii Revised Statutes, is a fine of not more than \$5,000. If any person who is cited for a violation of the law fails to remove the violation within six months of such citation and the violation continues, such person is subject to a citation for a new and separate violation. There shall be a fine of not more than \$5,000 for any additional violation.

I acknowledge that I have read the above

**Additional Information Not Covered Above continued**

There are two storage sheds depicted on the Condominium Map. These sheds were constructed without building permits from the County of Hawaii because sheds of this size and dimension do not require building permits from the County. Normally, an owner who builds a structure on his property can be exempt from the requirements of Hawaii Revised Statutes 444-1 et seq. if certain things are done in connection with the County's issuance of a building permit. Since the County of Hawaii does not require a building permit for storage sheds of the type in question, however, Chapter 444 does not appear to apply in this situation.

The Condominium Map was recorded without a certificate from a registered architect or professional engineer stating that the map consists of copies of portions of the plans filed with and approved by the County officer having jurisdiction over the issuance of permits for construction of buildings. This occurred because no building permits were required for construction of the storage sheds and, therefore, no plans had to be submitted. The Developer has promised to file the required "as built" certificate.

Buyers are advised that every owner of an apartment in the project is required to become a member of the Hualalai Farms Community Association, a Hawaii nonprofit corporation, and each apartment and the owners of the apartments are liable for assessments and fees to the Association for the maintenance and repair of the roadways and water system which provide access to and service the lots in the Hualalai Farms Subdivision and the apartments on such lots.

D. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

### ESTIMATE OF INITIAL MAINTENANCE FEES AND DISBURSEMENTS

The regular maintenance and repair of each apartment and the limited common elements appurtenant to each apartment is the sole responsibility of each respective apartment owner. There are presently no common elements which will require maintenance and repair by the Association. In the future, any utility facilities and/or driveway which serve more than one apartment will be the only common elements of the Project to require maintenance and repair by the Association. The driveway and utility facilities that serve more than one apartment are not expected to require maintenance or repair on a regular basis. The payment for all utility services to each apartment is the sole responsibility of the apartment owner. Assessments for the Hualalai Farms Community Association expenses will be made against each apartment and are the sole responsibility of the apartment owner. As a result, Developer anticipates that there will be no annual assessments for maintenance fees. Instead, assessments for maintenance and repair of the common elements will be made as needed and assessments for utilities and Community Association expenses will be made directly to the apartment by the utility provider or the Community Association for payment by the apartment owner.

Section 514A-86, HRS, requires fire insurance to be purchased by the Association to cover the improvements of the Project. Pursuant to Paragraph K of the Declaration and Article VII of the Bylaws, the Association will purchase such insurance for the common elements once such common elements are constructed. Pursuant to the Declaration and the Bylaws, the Association will require the individual apartment owners to obtain separate insurance policies for their respective apartments and the appurtenant limited common elements (once constructed), the premiums for which will be the sole responsibility of and be paid by each respective apartment owner.

There is no non-exempt Association property requiring the establishment of any replacement reserves pursuant to HRS § 514A-83.6 or Subchapter 6 of Chapter 16-107 of the Hawaii Administrative Rules.

Note: Developer discloses that no reserve study was done in accordance with Chapter 514A-83.6, HRS, and replacement reserve rules, Subchapter 8, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.

I, Philip Johnson, Developer, hereby certify that the above estimate of initial maintenance fees and disbursements are true and accurate to the best of my knowledge.

Until the Sales Contract becomes binding and effective as described above, and in accordance with Chapter 514-A, Hawaii Revised Statutes, the Sales Contract may be

unconditionally canceled at any time by either the Developer or the buyer. Upon such cancellation by Developer, Developer shall direct Escrow Agent to refund to buyer, without interest earned, all deposits paid by buyer; upon cancellation by buyer, Developer shall direct Escrow Agent to refund to buyer, without interest earned, a full refund of all deposits paid, less any escrow cancellation fee and other costs associated with the purchase of buyer's Apartment, up to a maximum of \$250.00.

2. In the event buyer fails to pay the balance of the purchase price or complete the purchase as provided in the Sales Contract, Developer may (a) bring an action for damages for breach of contract, (b) retain the initial deposit and all additional deposits provided for in the Sales Contract, as liquidated damages and (c) buyer shall be responsible for any costs incurred in accordance with the Sales Contract.

3. Developer has made no representations and has not authorized any representations to be made by any sales agent concerning any services or arrangements relating to the rental or sale or management of the buyer's Apartment.

4. The Sales Contract is subject to the provisions of the Declaration of Condominium Property Regime, By-laws, and other condominium documents.

### SUMMARY OF CONDOMINIUM ESCROW AGREEMENT

A copy of the executed Condominium Escrow Agreement dated November 19, 1999, between Title Guaranty Escrow Services, Inc., as Escrow Agent, and Developer has been filed with the Commission.

The Escrow Agreement provides for the deposit of buyer's funds pursuant to the Sales Contract and also provides for the retention or disbursement of the funds. The Escrow Agent will refund the buyer's deposits if (i) the Developer and buyer mutually agree to such refund or (ii) the Developer or buyer exercise any right to cancel or rescind the Sales Contract as provided in the Sales Contract and/or Chapter 514A, Hawaii Revised Statutes, as amended. In the event that the Sales Contract and/or Chapter 514A, Hawaii Revised Statutes entitle a buyer to cancel or rescind the Sales Contract and to receive a refund of the buyer's deposits held by the Escrow Agent, then the Escrow Agent, upon a request therefor by the buyer, will refund the buyer's deposits, without interest earned and less certain cancellation fees and costs (e.g., escrow cancellation fees, loan processing fees, cost of credit reports, etc.) as provided in the Sales Contract and Chapter 514A, Hawaii Revised Statutes, as amended.

The Escrow Agreement further provides that the Escrow Agent will disburse the buyer's funds held by it to the Developer upon the closing of the buyer's purchase of the apartment only if the buyer has received the final public report for the project and the Developer has complied with the requirements of Sections 514A-62, 514A-63 and 521-38, Hawaii Revised Statutes, as amended.

The Escrow Agreement further provides that any interest earned on money on deposit may be retained by the Developer unless the Sales Contract directs otherwise.

Except as otherwise provided in the Sales Contract and/or Chapter 514A, Hawaii Revised Statutes, as amended, upon the default of the buyer under the Sales Contract, the Escrow Agent shall deem the buyer's funds held by it as the funds of the Developer and, to the extent provided for in the Sales Contract, deliver such funds to the Developer.

By law the total amount of such cancellation fees shall not exceed Two Hundred Fifty and No/100 Dollars (\$250.00). Under the Escrow Agreement, no disbursement of funds can be made to the Developer until the Sales Contract becomes effective under the provisions of Chapter 514A, Hawaii Revised Statutes.

**It is incumbent upon a prospective buyer to read the executed Escrow Agreement with care.**
