Summary of Changes from Earlier Public Reports:

This summary contains a general description of the changes, if any, made by the developer since the last public report was issued. It is not necessarily all inclusive. Prospective buyers should compare this public report with the earlier reports if they wish to know the specific changes that have been made. The "last public report" for recipients of this Supplementary Final Public Report is the Final Public Report for Mango Hills - Apartments 1 and 2, dated September 20, 2001, Reg. No. 4519.

No prior reports have been issued by the developer.

Changes made are as follows:

1. Conveyances of Apartments 1 and 2. Apartment 1 was conveyed by the Developer to John P. Foti ("Foti") and Eric K. Smith ("Smith"), as joint tenants, by Apartment Deed dated January 29, 2002, recorded in the Bureau of Conveyances of the State of Hawaii (the "Bureau") as Document No. 2002-020797. Apartment 2 was conveyed by the Developer to Foti, as tenant in severalty, by Apartment Deed dated February 25, 2002, recorded in the Bureau as Document No. 2002-037107. Foti (vice president) and Smith (president) are officers of 2506 School Street, Inc., which is the general partner of the Developer, School Street Associates. Although it is anticipated that the apartments will be re-conveyed to the Developer prior to their conveyances to individual purchasers, it is possible that the apartments will be conveyed directly from Foti and Smith (for Apartment 1) and from Foti (for Apartment 2) to the individual purchasers.
2. Amendment to Condominium Declaration. The Condominium Declaration (which is dated August 15, 2001, and recorded in the Bureau of Conveyances as Document No. 2001-129533) originally created three apartments (Apartments 1 and 2 and the Future Development Apartment). (By a document dated September 4, 2001 and recorded in the Bureau of Conveyances as Document No. 2001-141446, the Declaration was amended to clarify the description of Apartment 2.) Pursuant to rights reserved to the Developer in the Declaration, the Developer (along with Smith and Foti) has further amended the Declaration to divide the Future Development Apartment and add Apartments 3 through 10 (with their appurtenant Private Yard Areas) to the Project. Among other actions (which are relevant to Apartments 3 through 10), the amendment also converts certain portions of the Future Development Apartment and the Private Yard Area appurtenant to the Future Development Apartment to common element status (e.g., the 3,500 square foot Private Park) and limited common element status, references certain restrictive covenants and obligations relating to use of the Private Park (see item 5 below), designates the "Driveway Easement" adjacent to the Private Yard Area of Apartment 2 as limited common element appurtenant to Apartments 1 and 2, and reflects minor changes in the size and dimensions of the Private Yard Areas appurtenant to Apartments 1 and 2. A copy of the Amendment to the Declaration, which is dated May 28, 2002 and recorded in the Bureau of Conveyances as Document No. 2002-096418, is on file with the Real Estate Commission. The purchaser is advised to review the Amendment to the Declaration, a copy of which can be obtained from the Developer or the Developer's real estate broker.
3. Separate Final Public Report. The Developer is in the process of obtaining an effective date for a Contingent Final Public Report covering just Apartments 3 through 10 of Mango Hills. That Contingent Final Public Report will be separate and apart from this Supplementary Final Public Report, which covers just Apartments 1 and 2 of Mango Hills. Despite the two separate final public reports, the 10 apartments (1 through 10) will still be part of the same condominium project, subject to the same Condominium Declaration and Bylaws and controlled by the same association of apartment owners. **Again, this Supplementary Final Public Report covers only Apartments 1 and 2 and, accordingly, sales of those apartments are covered herein.**
4. Amendment to Condominium Map/Revisions to Apartments and Private Yard Areas. Pursuant to rights reserved to the Developer in the Declaration, the Developer (along with Smith and Foti) has amended the Condominium Map to, among other things, depict Apartments 3 through 10 and the private park referenced on page 20a of the Final Public Report (the "Private Park"). The purchaser is advised to review the Amendment to the Condominium Map, a copy of which can be obtained from the Developer or the Developer's real estate broker.
5. Declaration of Restrictive Covenants (Private Park). Pursuant to the Cluster Housing Permit and the requirements of the Department of Planning and Permitting ("DPP") of the City and County of Honolulu, the Developer has recorded a Declaration of Restrictive Covenants (Private Park), recorded in the Bureau of Conveyances on May 9, 2002 as Document No. 2002-082111 (the "Private Park Covenants"). The Private Park Covenants contains various restrictive covenants and obligations relating to the improvement, maintenance and use of the Private Park, which covenants and obligations must be met by members of the Association of Apartment Owners and are summarized in Exhibit "J" to this Supplementary Final Public Report. Pursuant to the Second Amendment to the Declaration, the Apartment Owners and the Association are obligated to indemnify the Developer for

various claims relating to use of the Private Park. A copy of the Private Park Covenants is on file with the Real Estate Commission. The purchaser is advised to review the Private Park Covenants, a copy of which can be obtained from the Developer or the Developer's real estate broker.

6. Declaration for Holding Tank Facility. Pursuant to requirements of DPP, the Developer has recorded a Declaration for Holding Tank Facility, recorded in the Bureau of Conveyances on May 9, 2002 as Document No. 2002-082110 (the "Holding Tank Declaration"). The Holding Tank Declaration contains various covenants and obligations relating to use of a sewage holding tank facility, which covenants and obligations, pursuant to the Second Amendment to the Declaration, must be met by the owners of Apartments 3, 4, 5 and 8.
7. Revisions to Sales Contract. The specimen Condominium Deposit Receipt, Reservation and Sales Contract (summarized in Exhibit G of this public report) has been revised to include reference to the fee owner in the event the fee owner is other than the Developer (e.g., Foti and Smith for Apartment 1 and Foti for Apartment 2). The Sales Contract has also been revised to reference the Private Park Covenants to advise prospective purchasers that the sale is subject to that document, to reference the new real estate broker for sales of Apartments 1 and 2 (see item 8 below) and to warn prospective purchasers of the possibility that, because they were built prior to 1978, the Apartments may present exposure to asbestos materials and to lead from lead-based paint. The purchaser is advised to review the revised specimen Sales Contract, a copy of which can be obtained from the Developer or the Developer's real estate broker.
8. New Real Estate Broker. The Developer has hired a new real estate broker (The Kaulana Corp.) to market and sell Apartments 1 and 2. Foti, Smith and, consequently, the Developer are all affiliated with The Kaulana Corp. Smith is the sole director and officer and the principal broker of The Kaulana Corp. Foti is a real estate salesperson with The Kaulana Corp.
9. Modification to Cluster Housing Permit. The Cluster Housing Permit was further modified by a letter from the Planning Department dated May 31, 2002. A copy of this letter modifying the Cluster Housing Permit is on file with the Real Estate Commission (along with the Cluster Housing Permit and the two previously disclosed amendments) and is available for review by buyers.
10. Dismissal of Complaint for Foreclosure. The Complaint for Foreclosure filed by GE Capital Hawaii, Inc. and referenced in the last public report has been dismissed. Likewise, the Lis Pendens, which was recorded against the property and was also referenced in the last public report, has been released.

SPECIAL ATTENTION SHOULD BE GIVEN TO THE ADDITIONAL INFORMATION (PAGES 20, 20A AND 20B) AND THE SUMMARY OF RIGHTS RESERVED TO THE DEVELOPER (EXHIBIT "I")

SPECIAL ATTENTION

Mango Hills is a CONDOMINIUM PROJECT, not a subdivision. The Private Yard Area immediately appurtenant to each apartment is a LIMITED COMMON ELEMENT appurtenant to the apartment and is not a legally subdivided lot. The dotted lines on the Condominium Map bounding such limited common element Private Yard Areas are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.

This public report does not constitute approval of the Project by the Real Estate Commission, or any other governmental agency, nor does it ensure that all applicable County codes, ordinances and subdivision requirements have necessarily been complied with.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit C .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit D*.

as follows:

* Note: Land areas referenced herein are not legally subdivided lots.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____.

as follows: Apartment 1 - 10%; Apartment 2 - 10% (Apartments 3 through 10 each has an undivided common interest of 10%.)

- E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit E describes the encumbrances against the title contained in the title reports dated June 12, 2002 and issued by Old Republic Title & Escrow of Hawaii.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

- There are no blanket liens affecting title to the individual apartments.
- There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
Mortgage	The Buyer's contract will be subject to cancellation and the Buyer may not be able to purchase the apartment, but all deposits made by the Buyer will be refunded, less escrow cancellation fee.

The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

C. **Additional Information Not Covered Above**

1. **INCREMENTAL DEVELOPMENT.**

Pursuant to rights reserved to the Developer in the Declaration of Condominium Property Regime, the project is being developed incrementally. The first increment consisted of Apartments 1 and 2 and the Future Development Apartment. Sales of Apartments 1 and 2 by the Developer to individual purchasers are covered by this Supplementary Final Public Report covering just Apartments 1 and 2. The second increment consists of Apartments 3 through 10, which were created from the division of the Future Development Apartment. Sales of Apartments 3 through 10 by the Developer to individual purchasers are covered by a separate Contingent Final Public Report.

2. **CLUSTER HOUSING PERMIT.**

The Project is subject to that certain Findings of Fact, Conclusions of Law, and Decision and Order (File No. 2000/CL-1) dated July 3, 2000, issued by the Department of Planning and Permitting of the City and County of Honolulu, captioned "In the Matter of the Application of School Street Associates for a Cluster Housing Permit", as amended by letters from the Planning Department dated December 27, 2000, June 6, 2001 and May 31, 2002, and as it may be further amended or modified from time to time (collectively, the "Cluster Housing Permit"). Pursuant to the Cluster Housing Permit, and as set forth in the Condominium Declaration, the following covenants, conditions and restrictions apply to the Project and shall be binding upon the Project:

- A. The Project shall not contain more than ten dwelling units and the Project land shall not be further subdivided. The Director of the Department of Planning and Permitting of the City and County of Honolulu may require the redesign of exterior entrances, stairways and plumbing and electrical systems to ensure that the number of dwellings is not increased.
- B. All work relating to the Project shall comply with the applicable Land Use Ordinance (LUO) standard for the underlying zoning district, unless otherwise stated in the Cluster Housing Permit.
- C. All structures, fences and walls shall be set back a minimum of ten feet from any common access roadway developed for the Project.
- D. All structures shall comply with applicable height requirements and setback requirements of the underlying zoning district as measured from the boundaries of the appurtenant Private Yard Area.
- E. The maximum building area of each Apartment (and related structures) shall not exceed 40 percent of the land area underlying the Apartment and its appurtenant Private Yard Area.
- F. All expansions, alterations and reconstruction within the Project shall be compatible in design with the existing and surrounding structures.
- G. Approved two-car garages and other required parking shall not be eliminated or converted to other uses. No parking shall be permitted along or within any common access roadway developed for the Project.
- H. Only walls and fences as shown on the approved fence master plan are permitted within the Project.
- I. All landscaping approved and required by the Cluster Housing Permit shall be retained and maintained in a healthy visual condition at all times. Otherwise, replacement landscaping may be required.
- J. All exterior lighting shall be subdued or shielded to prevent glare and light spillage on surrounding lots and public rights-of-way. Where appropriate, full-cutoff fixtures or cutoff shields may be required. Mercury vapor and low/high pressure sodium lamps are not permitted.

A copy of the Cluster Housing Permit is on file with the Real Estate Commission and is available for review by buyers.

3. **NOT A SUBDIVISION.**

Mango Hills is a condominium project, not a subdivision. The Private Yard Areas appurtenant to the Apartments are not subdivided lots, and prospective purchasers should be aware that by purchasing an apartment in the Project, they are not purchasing a subdivided lot. The developer obtained the Cluster Housing Permit to allow for the development and construction of eight dwellings (Apartments 3 through 10) on the land underlying the Project in addition to the two existing dwellings (Apartments 1 and 2). Each apartment owner will be responsible for complying with the requirements of the Cluster Housing Permit as they relate to his or her apartment, the appurtenant limited common elements and, as a member of the Association of Apartment Owners, the common elements. Each prospective purchaser should seek competent professional counsel relating to the effect, if any, that the Cluster Housing Permit may have on his or her ability to use and enjoy their apartment and the Project in general.

4. **PRIVATE PARK.**

The Private Park that will separate Apartments 1 and 2 from the remainder of the Project will be a common element of the Project. All Apartment owners will share in the cost and expense of maintaining and repairing the Private Park, and its various appurtenances, in proportion to their respective common interests. The Private Park Covenants, referenced on page 2, contains various restrictive covenants relating to the improvement, maintenance and use of the Private Park. Those restrictive covenants are summarized in Exhibit "J" to this Supplementary Final Public Report.

5. **WATER.**

Initially, water (and sewer) use by Apartments 3 through 10 will be measured by a single master water meter. The single master water meter will also measure water use for irrigation of the Private Park. All Apartment Owners will be obligated to pay, according to their respective common interests, their share of the water used to irrigate the Private Park. The Owners of Apartments 3 through 10, but not the Owners of Apartments 1 and 2, shall be obligated to pay for the balance of the water (and sewer) use, as measured by the master water meter, according to their respective uses or according to their respective common interests, as the Apartment Owners shall determine. The Developer intends to enter into an agreement with the Board of Water Supply of the City and County of Honolulu pursuant to which individual water meters will be installed for each of the eight Apartments (3 through 10) to measure water and sewer use for those eight apartments. (The master water meter would continue to measure water use for irrigation of the Private Park.) If such individual water meters are installed, the Owners of Apartments 3 through 10 shall be obligated to pay for their Apartment's water and sewer use, as measured by the respective meters. (Apartments 1 and 2 each has its own water meter, which measures water and sewer use by the respective Apartments.)

6. **HAZARDOUS MATERIALS.**

The developer neither prepared nor commissioned a Phase I Environmental Site Assessment and makes no representations or warranties whatsoever with respect to matters that might or would be disclosed by such an assessment. The developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The developer will not correct any defects in the apartments or in the Project or anything installed or contained therein and Buyer expressly releases the developer from any liability to Buyer if any hazardous materials are discovered.

7. **LEAD WARNING STATEMENT.**

Pursuant to federal law, 42 U.S.C. 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based hazards is recommended prior to purchase."

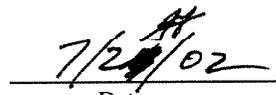

- D. The developer declares subject to the penalties set forth in section 514A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Section 514A-1.6

- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

ESTIMATE OF INITIAL MAINTENANCE FEES AND MAINTENANCE FEE DISBURSEMENTS

The regular maintenance and repair of each apartment and appurtenant limited common element private yard area shall be the sole responsibility of each respective apartment owner. Section 514A-86, Hawaii Revised Statutes, requires that the association purchase fire insurance to cover the improvements portion of the Project. The Developer anticipates that the association will elect to require each owner to obtain separate fire insurance and liability policies for his respective apartment pursuant to Article 7 of the Bylaws. As such, premiums for such policies will be the individual responsibility of each apartment owner.

ESTIMATE OF INITIAL MAINTENANCE FEES*:

Mango Hills (Apartments 1 and 2)		
Apartments	Monthly Fee (per apt.)	Yearly Total (per apt.)
Apartments 1 and 2	\$18.50	\$220.00

The Real Estate Commission has not reviewed the estimates of maintenance fee assessments and disbursements for their accuracy or sufficiency.

* **NOTE:** The Developer estimates that the monthly/yearly maintenance fees for Apartments 3 through 10, which are not covered by this public report, will be \$155.00/\$1,860.00. The reason for the large difference in the amount of maintenance fees to be paid by the owners of Apartments 1 and 2 versus the amount of maintenance fees to be paid by the owners of Apartments 3 through 10 is that more services will be billed collectively for Apartments 3 through 10 than for Apartments 1 and 2 (e.g., private refuse collection, water and sewer use).

(*) Mandatory reserves assessment and collection in effect beginning 1994 budget year. The Developer is to attach to this exhibit an explanation whether, in arriving at the figure for "Reserves", the Developer has conducted a reserve study in accordance with §514-A-86.6, HRS, and the replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended. Pursuant to §514A-83.6, HRS, a new association created after January 1, 1993, need not collect estimated replacement reserves until the fiscal year which begins after the association's first annual meeting.

Developer's Explanation Regarding Replacement Reserve Figure

In arriving at the figure for "Reserves," as set forth in Exhibit F to the Condominium Public Report, the developer did not conduct a reserve study in accordance with HRS § 514A-83.6 or HAR § 16-107-65. The figure is an estimate, based on reasonable projections of reserve requirements.

- (e) That the purchaser's money will be held in escrow, under the terms of the Escrow Agreement.
- (f) Requirements relating to the purchaser's financing of the purchase of an apartment.
- (g) That the apartment and the Project will be subject to various other legal documents which the purchaser should examine, and that the Developer may change certain of these documents under certain circumstances.

- (l) That except under certain circumstances, as set forth in the Sales Contract, all interest on deposits toward the purchase price shall be the property of the Developer.
- (m) That, because they were built prior to 1978, the Apartments may present exposure to asbestos materials and to lead from lead-based paint.
- (n) That the Apartments and appurtenant improvements may be in need of substantial maintenance and repairs, that the Seller is selling the Apartments and appurtenant improvements in "as is" condition, and that the Seller is giving no warranties to purchasers with respect to the construction or materials of the Apartments or workmanship or appurtenant improvements.

The Sales Contract contains various other important provisions relating to the purchase of an apartment in the Project. Purchasers and prospective purchasers should carefully read the specimen Sales Contract on file with the Real Estate Commission.

EXHIBIT H

SUMMARY OF ESCROW AGREEMENT

The Escrow Agreement sets up an arrangement under which the deposits a purchaser makes pursuant to a Sales Contract will be held by a neutral party ("Escrow"). Under the Escrow Agreement, these things will or may happen:

- (a) Escrow will let the purchaser know when payments are due.
- (b) Escrow will arrange for the purchaser to sign all necessary documents.
- (c) Except under certain circumstances as set forth in the Sales Contract, all deposits toward the purchase price shall be the property of the Developer.
- (d) The purchaser will be entitled to a refund of his or her funds only under certain circumstances as set forth in the Sales Contract.

The Escrow Agreement also establishes the procedures for the retention and disbursement of a purchaser's funds and says what will happen to the funds upon a default under the Sales Contract. The Escrow Agreement contains various other important provisions and establishes certain charges with which a purchaser should be familiar. Purchasers and prospective purchasers should carefully read the signed Escrow Agreement on file with the Real Estate Commission.

RESERVED RIGHTS

- A. Upon completion of the Project, the Developer may amend the Declaration and the Condominium Map (if necessary) to file an "as built" statement required by Section 514A-12 of the Condominium Property Act.
- B. Until all of the apartments have been sold, the Developer may amend the Declaration, the Bylaws and/or the Condominium Map to make such amendments as may be required by law, by the Real Estate Commission, by any title insurance company issuing a title insurance policy on the Project or any of the Apartments, by a mortgage lender, or by any governmental agency (including the VA, HUD, FNMA and/or FHLMC), provided that no such amendments which would change the common interest appurtenant to an apartment or substantially change the design, location or size of an apartment shall be made without the consent to such amendment by all persons having an interest in such apartment.
- C. Until all of the apartments have been sold and the "as built" statement is filed, the Developer may amend the Declaration and the Condominium Map to (i) reflect alterations in any apartment which has not been sold; and (ii) reflect minor changes in any apartment or in the common elements which do not affect the physical location, design or size of any apartment (other than minor changes to the size or dimensions of the yard area appurtenant to any apartment) which has been sold.
- D. The Developer has reserved the right, but is not obligated, to develop, construct, transfer, convey and/or sell the apartments in the Project incrementally on a building-by-building. Upon the completion of any increment, the Developer may obtain a certificate of occupancy for the apartments in such increment and thereupon transfer ownership of the apartments to apartment purchasers. In connection with this incremental development, the Developer has the right to enter upon the Project premises with employees, agents and contractors for all purposes reasonably necessary for or useful to constructing and completing all increments to the Project. See Section Q of the Declaration for details regarding the Developer's right to develop the Project in increments.

Summary of Private Park Covenants

The Declaration of Restrictive Covenants (Private Park), recorded in the Bureau of Conveyances on May 9, 2002 as Document No. 2002-082111 (the "Private Park Covenants") contains various restrictions and obligations relating to the Private Park. Following is a summary of the Private Park Covenants:

2. The Private Park Covenants were created to provide active and passive recreation for the occupants of the Project.
3. Each Apartment and the common elements of the Project shall be subject in all respects to the Private Park Covenants, which shall be binding on and for the benefit of the Apartment Owners, their successors and assigns, and all subsequent owners, lessees or occupants of all or any part of the Project.
4. The Private Park is to be improved, maintained and used exclusively for private park, playground and recreational purposes, by the occupants, owners or lessees of the Project.

6. All Apartment Owners are obligated to the perpetual maintenance of the Private Park. This obligation may be enforced by the Director. If the Association fails to properly maintain the Private Park, the Director can perform any necessary maintenance work on the Private Park and/or collect from the Association the estimated costs and expenses which may be incurred by the Director in performing any such maintenance work. Until all costs and expenses of such maintenance work performed by the Director have been fully paid, the Director shall have a lien upon the land of the Project.
7. The Director shall have the right to enforce any and all of the restrictions imposed by the Private Park Covenants upon the Association, and the cost of enforcement, including court costs and attorney's fees, shall be paid by the Association for violations of any of the restrictions.
