Summary of Changes from Earlier Public Reports:

This summary contains a general description of the changes, if any, made by the developer since the last public report was issued. It is not necessarily all inclusive. Prospective buyers should compare this public report with the earlier reports if they wish to know the specific changes that have been made.

No prior reports have been issued by the developer.

Changes made are as follows:

SPECIAL NOTICE:

This is a condominium project, not a subdivision. There are County restrictions on the number of dwelling units, or other structures, which may be built upon the property. Therefore, unless the purchaser is purchasing an existing dwelling, there is no assurance that the purchaser will be able to build a dwelling unit on the property. There also is no assurance that the purchaser will be able to convert an existing non-residential structure to residential use. The purchaser should consult with the appropriate County agencies to determine whether the purchaser may build a dwelling unit, or any other type of structure.

1. There are presently NO RESIDENTIAL STRUCTURES on the project except for Unit D, which is used in conjunction with the parcel's agricultural zoning. The only buildings on the other units are shade sheds, each of which may be defined as an "apartment" under the Condominium Property Act.
2. Issuance of an effective date for this Public Report does not constitute an approval of the project by the Real Estate Commission, or any other governmental agency, nor does it imply that all County codes, ordinances and subdivision requirements have been complied with.
3. This project does not involve the sale of individual subdivided lots. The land area beneath and immediately adjacent to each unit, as shown on the Condominium Map, is designated as a limited common element for that unit and does not represent a legally subdivided lot. The dotted or dash lines on the Condominium Map generally represent the location of the limited common element or easements assigned to each unit.
4. Facilities and improvements normally associated with County approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for and services such as County street maintenance and trash collection will not be available for interior roads and driveways.
5. At present there are no meters connected to the public water system serving Units A, B and C of this project. Those desiring to construct improvements on such units will be required to connect to County water at their own expense.

THIS PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common Elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

Total number of Apartments: 4

***Net Living Area is the floor area of the apartment measured from the interior surface of the apartment perimeter walls.**

Other documents and maps may give floor area figures which differ from those above because a different method of determining the floor area may have been used.

Boundaries of Each Apartment: Per Article II of the Declaration of Condominium Property Regime, the boundaries of each apartment shall be the outer surface of the entire building. Wires or conduits, pipes or any utility lines running over, under or through any apartment which are utilized for or serve more than one unit shall not be deemed a part of the apartment, the same being deemed common elements.

Permitted Alterations to Apartments: Permitted alterations to apartments are as allowed by County of Kauai zoning ordinances and recorded restrictions on the project, if any. Upon construction of each permanent improvement, an amendment to the Declaration of Condominium Property Regime will be required to disclose actual improvements as a matter of public record.

Apartments Designated for Owner-Occupants Only:

Fifty percent (50%) of residential apartments must be so designated; developer has a right to substitute similar apartments for those apartments already designated. Developer must provide this information either in a published announcement or advertisement as required by Section 514A-102, HRS; or include the information here in this public report and in the announcement (see attachment 11a). Developer has not elected to provide the information in a published announcement or advertisement.

11. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.

Variance(s) to zoning code was/were granted as follows:

NOTE: Due to the proximity of this Project to a County of Kauai potable water source (a well), current State of Hawaii Health Department restrictions require that any new residential development on the Project may not use a typical septic system. Instead, an anaerobic wastewater treatment (otherwise technically qualified) system must be used. This costs substantially more than traditional wastewater treatment systems. However, Unit D has a right to use its "grandfathered" cesspool wastewater treatment system. It is unclear legally whether replacement of the Unit D apartment in the future will require upgrading to another type of system.

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawfully at one time but which does not now conform to present zoning requirements:

	Conforming	Non-Conforming	Illegal
Uses	<u> X </u>	<u> </u>	<u> </u>
Structures	<u> </u>	<u> X (See note above) </u>	<u> </u>
Lot	<u> X </u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interests:

1. Common Elements. Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit E .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit E.

as follows:

3. Common Interests: Each apartment will have an undivided fractional interests in all of the common elements. This interest is called the "common interests." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit C.

as follows:

E. **Encumbrances Against Title**: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property on or your purchase and ownership of an apartment in the project.

Exhibit F describes the encumbrances against the title contained in the title report dated June 25, 2001 and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

- There are no blanket liens affecting title to the individual apartments.
- There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>

IV. CONDOMINIUM MANAGEMENT

- A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliated is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report is:

- not affiliated with the Developer the Developer or the Developer's affiliate.
 self-managed by the Association of Apartment Owners other _____

- B. **Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your apartment and the apartment may be sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit H contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change).

- C. **Utility Charges for Apartments:**

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

- None Electricity (____ Common Elements only ____ Common Elements & Apartments)
 Gas (____ Common Elements only _____ Common Elements & Apartments)
 Water Sewer Television Cable

C. **Additional Information Not Covered Above:**

This is a condominium project, not a subdivision. Units purchased are not on subdivided lots. To determine whether your expectations can be realized, you should carefully review the contents of this Report, especially the Exhibit to this report which is a summary of the recorded restrictive covenants for the subdivision within which this project is located. Among other things, the restrictive covenants govern land use, building type and materials, possession of animals, and cultivation of crops. You should also conduct your own investigations and ascertain the validity of information provided.

A residential improvement is located on Unit D and shade sheds are located on the remaining units of the project. These can be replaced by or remodeled as allowed by law and project documents. The prospective purchaser shall have the right to undertake such work at purchaser's expense. The purchaser shall also, in such event, file the "as-built" certificate within thirty days of completion of the residence in conformance with Section 514A-12, Hawaii Revised Statutes, and record an amendment of the Declaration of Condominium Property Regime ("Declaration") to describe the residence. The County of Kauai Planning Department, in order to process the necessary permits for the construction of any other structure, requires authorization from at least 75% of the legal and equitable ownership of the entire project, consistent with the Declaration and the Bylaws ("condominium documents").

Except as limited specifically by the condominium documents and subdivision restrictive covenants, all uses permitted in the agricultural and open zones are permitted. Uses in one zone are not the same as in the other, and the prospective purchaser should consult the appropriate county agency for information on uses and construction in the respective zones.

A buyer should understand that all development and use of the property shall be in compliance with County codes and ordinances, that owners in this condominium project will not necessarily receive the same County benefits as owners of approved subdivided lots, and that owners who develop their limited common element later than others may find that land use and zoning changes or insufficient utility capacities may thwart their expectations.

- D. The developer declares subject to the penalties set forth in section 514A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Act 251 (SLH 2000) [Section 514A-] (The developer is required to make this declaration for issuance of an effective date for a final public report.
- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

SUMMARY OF PORTIONS OF ESCROW AGREEMENT

The Escrow Agreement ("Agreement") between TITLE GUARANTY ESCROW SERVICES, INC., a Hawaii corporation (as "Escrow"), and ERNEST CAMARA and KATHERINE PEDRO CAMARA, Trustees of the Ernest and Katherine Camara Revocable Living Trust dated July 27, 1993, as amended, a short form of which was recorded in the Bureau of Conveyances of the State of Hawaii as Document No. 2001-070046, having all powers under said trust agreement, including full power to sell, convey, exchange, mortgage, lease, assign or otherwise deal with and dispose of all lands of the trust estate and interests therein, (as "Seller"), contains, among other provisions, the following (which may be modified or otherwise limited by provisions not summarized):

1. Whenever Seller enters into a sales contract for the sale of an apartment, Seller will require that payments due under the sales contract be made to Escrow and will deliver an executed copy of the sales contract to Escrow.
2. Escrow will receive payments under the sales contract and sums received from any other source with respect to the project. Funds held under the Agreement will initially be deposited in an account for the project. Interest on all funds will be paid to Seller.
3. Escrow will release from the trust fund and disburse Buyer's funds at closing, unless: (a) Buyer has elected within seven days of signing the sales contract to cancel and receive all funds paid, without deduction; or (b) the Real Estate Commission has not issued a Final Public Report on the project or the requirements of the sales contract have not been met; or (c) Seller has not satisfied Escrow that all other requirements of Hawaii Revised Statutes have been met.

In addition, Escrow will not release the trust funds without an affidavit personally reaffirmed by all the prospective Owner-Occupants upon receipt of a final public report, but no later than closing of escrow; and the prospective Owner-Occupants of the residential unit shall have delivered to Escrow a claim for an owner-occupant property tax exemption for filing with the appropriate county office.

4. Escrow will return deposited sums to the Buyer without interest if Seller and Buyer give Escrow written notice to return the funds to Buyer, if there is a right to cancellation and refund of monies under the sales contract or otherwise. If there is a cancellation under the seven-day right, no fees will be charged Buyer. Thereafter, in the event of a cancellation as a matter of agreement or right, Buyer's funds shall be returned to Buyer less Escrow's cancellation fee, if any, and all other costs incurred in connection with the Escrow, not less than \$25.00.

A purchaser is entitled to a return of funds upon written request and upon the occurrences of any one of the following events:

- (i) No sales contract has been offered to the prospective Owner-Occupant within six months of the issuance of the first public report or public lottery (as applicable); or
- (ii) Prospective Owner-Occupant has requested to be removed from the final reservation list (as defined in Section 514A-104, H.R.S.);
- (iii) Prospective Owner-Occupant has elected not to execute a sales contract; or

(iv) Prospective Owner-Occupant has not obtained adequate financing, or a commitment for adequate financing, by a date which is no earlier than fifty calendar days after Seller's execution and acceptance of the sales contract.

The sales contract shall be rescinded, if any prospective Owner-Occupant is unable to reaffirm the Affidavit. Any partially executed conveyance documents shall be returned to Seller. All deposits shall be refunded to the purchaser unless (i) Seller shall have delivered a written opinion to Escrow stating that the sales contract has become binding, and (ii) written instructions approved by Seller and prospective Owner-Occupant direct Escrow to distribute the deposit otherwise.

5. Escrow will arrange for and supervise the signing of all documents which are to be signed subsequent to and contemplated by the sales contract.
6. As Escrow's compensation for its performance under this Agreement, Escrow will receive its schedule rate for each apartment for which an apartment deed of the project is handled by Escrow and recorded in the Bureau of Conveyances of the State of Hawaii. Escrow will record all applicable documents. The cost of title insurance will be an additional amount, based upon schedule rate.
7. In the event of default by the Buyer, Buyer may forfeit his or her deposit, which will be paid to the Seller, less any cancellation fees charged by Escrow.

SPECIAL NOTICE: THE ABOVE SUMMARY IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF ALL TERMS AND PROVISIONS CONTAINED IN THE AGREEMENT. WHILE ONE CAN USE THIS SUMMARY AS A GENERAL SUMMARY OF THE AGREEMENT, ONE MUST REFER TO THE ACTUAL AGREEMENT TO DETERMINE THE RIGHTS AND OBLIGATIONS OF THE PARTIES. DISCLOSURE ABSTRACT FOR CAMARA ESTATES

Pursuant to Hawaii Revised Statutes, Section 514(A)-61, the Developer of CAMARA ESTATES makes the following disclosures:

1. The Developer of the Project is ERNEST CAMARA, whose address is 2671 Pu'uwai Road, Kalaheo, Hawaii 96741, telephone: (808) 332-8173.
2. See Exhibit H to the Final Public Report for the projected annual maintenance fees. The Developer hereby certifies that the estimations have been based on generally accepted accounting principles.
3. There are no warranties against defects of material and workmanship in individual apartments, common elements or exclusive use areas, and the purchaser buys his/her unit in an "as is" condition.
4. All of the apartments of the Project are to be used for agricultural and permitted residential purposes in the agriculture zone only. No apartments shall be used for hotel or timeshare purposes. There will be no commercial use except those activities permitted by County Ordinance.
5. There is no real estate broker for the Project.
6. The Developer has not conducted a reserve study in accordance with 514A-83.6, and the replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended. There are no depreciable common elements in the Project.
7. This Project includes existing structures being converted to condominium ownership (Unit D) and new shade sheds on all other units.
8. This Project is entitled to one guest house. The right to construct the guest house is assigned to Unit C. This right may be assigned to any other unit in the Project by written agreement which is recorded in the Bureau of Conveyances of the State of Hawaii. All provisions of the Comprehensive Zoning Ordinance of the County of Kauai, and any other laws, ordinances or regulations with applicability, shall be observed by the owner of the unit to which

the guest house right applies. No use of the guest house shall impair the right of any other unit owner to construct a farm dwelling, or the offending aspect(s) of the guest house shall be removed promptly.

9. Due to the proximity of this Project to a County of Kauai potable water source (a well), current State of Hawaii Health Department restrictions require that any new residential development on the Project may not use a typical septic system. Instead, an anaerobic wastewater treatment (otherwise technically qualified) system must be used. This costs substantially more than traditional wastewater treatment systems. However, Unit D has a right to use its "grandfathered" cesspool wastewater treatment system. It is unclear legally whether replacement of the Unit D apartment in the future will require upgrading to another type of system.
10. The Project is located on a lot with a recorded area of 10.570 acres, as stated in the Project's master deed and the title report for the property. However, the surveyor for this Project reports that in verifying the lot's description from permanent monuments to prepare the Condominium Map, he discovered a potential small discrepancy in the overall 10.57-acre area of the Project. The Surveyor believes the area to be statistically insignificant. By taking title to any Unit, the owner(s) agree and will consent to the existing conditions, and should two or more owners request in writing, the Association shall undertake a survey of the subdivided lot upon which the Project is located and verify exact areas. This shall be done at Association expense. This survey may result in a small change in the area of one or more of the respective limited common elements in the Project. After consulting with the surveyor for the Project, that area is assumed to be less than 1,000 square feet for any Unit.

In witness whereof, the developer has executed this Disclosure Abstract this 19th day of June, 2001.
