IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

B. Underlying Land:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit "D" *.

as follows:

* Note: Land areas referenced herein are not legally subdivided lots.

3. Common Interests: Each apartment will have an undivided fractional interests in all of the common elements. This interest is called the "common interests." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____.

as follows:

Each unit shall have appurtenant thereto an undivided one-third (1/3) interest in all common elements of the property, and the same proportionate share in all common profits and common expenses of the property (except as may be otherwise provided in the Bylaws) and for all other purposes, including voting. The percentage common interest for each unit is determined by apportioning a one-third (1/3) interest to each of the three (3) units irrespective of the actual land areas contained in each unit.

- E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property on or your purchase and ownership of an apartment in the project.

Exhibit "E" describes the encumbrances against the title contained in the title report dated March 31, 2003 and issued by Title Guaranty of Hawaii, Inc.

2. Rights Under the Sales Contract: Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the project. If these documents are not in final form, the buyer should ask to see the most recent draft. These include but are not limited to the:

ALTERATION OF PROJECT

Paragraph K of the Declaration provides that:

1. Provided that the unit owner satisfies the applicable terms and conditions of the Project Documents and obtains all of the necessary governmental permits, each unit owner shall have the right at his sole option at any time and from time to time, as hereinafter set forth, without the consent and/or approval of the owner of any other unit or any other persons or entity, to construct, reconstruct, repair, maintain, improve, renovate, remodel, make additions to, enlarge, remove, replace, alter or restore the improvements to or in his unit or portions thereof or upon or within the Yard Areas or other limited common elements or easements appurtenant to his unit (collectively, the foregoing are referred to as "alterations"). Each unit owner who makes such alterations (hereinafter referred to as the "Altering Owner") shall have the right without the consent or joinder of any other person to amend this declaration and the Condominium Map to accomplish any such alterations. If required by the Act, promptly upon completion of such alterations the Altering Owner shall duly record such amendment to this declaration in the Bureau of Conveyances, together with a complete set of the floor plans of such unit as so altered, certified by a registered architect or professional engineer to fully and accurately depict the altered portions of the property as built. All existing unit owners and all future unit owners and their mortgagees, by accepting an interest in a unit, consent to all such alterations and agree to give and shall be deemed to have given the Altering Owner a power of attorney to execute an amendment to the declaration solely for the purpose of describing the alterations to such unit in the declaration so that the Altering Owner shall hereafter have a power of attorney from all the other unit owners to execute such amendment to the declaration. This power of attorney shall be deemed coupled with each owner's interest in his unit (including his common interest) and shall be irrevocable. If, despite the provisions of this paragraph, any governmental agency shall require some or all of the owners of units in the Project (other than the Altering Owner) to sign the necessary governmental permit application or related documents, then all of the other unit owners shall be required to sign any such permit applications or related documents (including authorizations allowing the Altering Owner to sign such governmental permits on behalf of such other owners) as may be necessary to allow the Altering Owner to obtain all such governmental permit necessary to make the alterations authorized by this paragraph. Any such unit owner who wrongfully refuses to sign such permits or provide the Altering Owner with the necessary authorizations: shall be liable to the Altering Owner for all such damages (including costs and attorneys' fees) incurred by the Altering Owner as a result of such refusal; and shall be subject to such other legal and/or equitable remedies as may be available to the Altering Owner.

2. In certain cases, H.R.S. Chapter 205 may require that the Condominium Houses located within the Project qualify and be used as Farm Dwellings. If one or more of the Condominium Houses within the Project must qualify as a Farm Dwelling, then the affected unit owner will be required to enter into an agreement with the County of Kauai certifying that

the Farm Dwelling will be used in connection with a farm or where agricultural activity provides income to the family occupying the Farm Dwelling. In addition, the Planning Department of the County of Kauai may not allow any Farm Dwelling to be constructed after the first Farm Dwelling within the Project unless the Planning Department inspects the Project to confirm whether agricultural activities are being conducted on the Project in accordance with H.R.S. Chapter 205. Each unit owner in the Project, therefore, shall bear an equal burden proportionate to the unit owner's respective appurtenant interest in the common area, for the cost of maintaining agricultural activities on the Project that are satisfactory to the Planning Department of the County of Kauai and that will allow the issuance of a Farm Dwelling Agreement and corresponding building permit to all of the units within the Project. Any assessment that may be necessary to maintain agricultural activities pursuant to this paragraph may be imposed upon each unit in accordance with the Bylaws as a common expense of the association in connection with the operation of the Project.

3. Any alteration of a unit pursuant to this paragraph K shall be subject to the following conditions:

(a) All such alterations shall conform with all applicable governmental regulations, laws and ordinances.

(b) Such alterations may decrease or increase the size of the affected unit, provided that no alteration shall extend or place the unit outside of the limits of the Yard Area appurtenant to such unit.

(c) All such alterations shall be at the sole expense of the unit owner making the change and shall be made within one (1) year of the commencement thereof and in a manner that will not unreasonably interfere with the other unit owner's use of his unit or Yard Area.

(d) The owner of the altered unit, at such owner's sole expense, shall have the right to utilize, relocate, construct, reconstruct, realign and/or develop additional, central and appurtenant installations for services to the unit affected by such alteration for electricity, sewer and other utilities and services. When necessary, the owner of the altered unit may add, delete, relocate, realign, designate and grant easements and rights-of-way over, under and on the common elements as necessary or desirable in connection therewith. Provided, however, that no work done pursuant to this paragraph shall cause any unreasonable interruption in the service of such utilities to any other part of the Project, nor shall it unreasonably interfere with any other unit owner's use or enjoyment of his unit or Yard Area.

4. Under current laws, the Project is entitled to construct one (1) Guest House. The right to construct said Guest House is reserved to the owner of Unit B. Said right may be assigned by the owner of Unit B to any other unit owner within the Project at any time. All provisions of the Comprehensive Zoning Ordinance and any other laws, ordinances or regulations which are applicable shall be observed by the unit owner to which the right to build

a Guest House applies. The unit owner shall also consult with the appropriate County and/or State agencies regarding all applicable laws or regulations prior to construction.

5. Each and every conveyance, lease and mortgage or other lien made or created on any unit and all common interests, limited common elements, and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a unit shall reserve to all unit owners the rights set forth in this paragraph.

* SPECIAL NOTATION: When applying for building permits, use permits, zoning permits or any other land use permits with governmental agencies, 75% of the owners of the Project maybe required to sign the permit forms. In such case, all unit owners shall be required to sign such permit applications and related documents as may be necessary for any unit owner to obtain such permits.

The issuance of an effective date for the Condominium Public Report should not be construed to mean that all governmental laws, ordinances and regulations have been complied with and all subsequent development and use shall comply with applicable governmental laws, ordinances and regulations.

Additionally, the creation of the Condominium Property Regime does not mean that the land has met the subdivision requirements of the County. As such, certain facilities and improvements normally associated with County approved subdivisions may not be necessarily included as part of this Project.
