**SPECIAL NOTICE:**

THERE ARE COUNTY RESTRICTIONS ON THE NUMBER OF RESIDENTIAL DWELLING UNITS, OR OTHER STRUCTURES, WHICH MAY BE BUILT UPON THE PROPERTY. THEREFORE, UNLESS THE PURCHASER IS PURCHASING AN EXISTING RESIDENTIAL DWELLING, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE ALSO IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. 2. This Project does not involve the sale of individual subdivided lots. The land area beneath and immediate adjacent to each unit as shown on the condominium map is designated as a limited common element and does not represent a legally subdivided lot. The dotted lines on the condominium map merely represent the approximate location of the limited common element assigned to each unit.
3. Facilities and improvements normally associated with County approved subdivisions may not necessarily be provided for and services such as County street maintenance and trash collection will not be available for interior roads.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS FOR FURTHER INFORMATION REGARDING THE FORGOING.

## General Information on Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. The common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

## Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary of the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;  
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. Declaration of Condominium Property Regime contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

- Proposed  
 Recorded - Bureau of Conveyances: Document No. 2002-134606  
Book \_\_\_\_\_ Page \_\_\_\_\_  
 Filed - Land Court: Document No. \_\_\_\_\_

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

First Amendment to Declaration dated September 19, 2002, recorded in said Bureau, as Document No. 2002-177561.

- B. Condominium Map (File Plan) shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

The Condominium Map for this condominium project is:

- Proposed  
 Recorded - Bureau of Conveyances, Condo Map No. 3469  
 Filed - Land Court Condo Map No. \_\_\_\_\_

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

- C. Bylaws of the Association of Apartment Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other manners which affect how the condominium project will be governed.

The Bylaws for this condominium re:

- Proposed  
 Recorded - Bureau of Conveyances: Document No. 2002-134607  
Book \_\_\_\_\_ Page \_\_\_\_\_  
 Filed - Land Court: Document No. \_\_\_\_\_

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. House Rules. The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed                       Adopted                       Developer does not plan to adopt House Rules

E. Changes to Condominium Documents

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. Apartment Owners: Minimum percentage of common interest which must vote for or give written consent to changes:

	<u>Minimum Set by Law</u>	<u>This Condominium</u>
Declaration (and Condo Map)	75%*	<u>75%</u>
Bylaws	65%	<u>65%</u>
House Rules	---	<u>N/A</u>

\*The percentage for individual condominium projects may be more than the minimum set by law for projects with five or fewer apartments.

2. Developer:

No rights have been reserved by the developer to change the Declaration, Condominium Map, Bylaws or House Rules

Developer has reserved the following rights to change the Declaration, Condominium Map, Bylaws or House Rules:

**III. THE CONDOMINIUM PROJECT**

A. Interest to be Conveyed to Buyer:

- Fee Simple: Individual apartments and the common elements, which include the underlying land, will be in fee simple.
- Leasehold or Subleasehold: Individual apartments and the common elements, which include the underlying land will be leasehold.

Leases for the individual apartments and the underlying land usually require that at the end of the lease term, the lessee (apartment owner/tenant) deliver to the lessor (fee property owner) possession of the leased premises and all improvements, including improvements paid for by the lessee.

Exhibit \_\_\_\_ contains further explanations regarding the manner in which the renegotiated lease rents will be calculated and a description of the surrender clause provision(s).

For Subleaseholds:

- Buyer's sublease may be canceled if the master lease between the sublessor and fee owner is:  
                                  Canceled                      Foreclosed

- As long as the buyer is not in default, the buyer may continue to occupy the apartment and/or land on the same terms contained in the sublease even if the master lease is canceled or foreclosed.

- Individual Apartments in Fee Simple; Common Interest in the Underlying Land in Leasehold or Subleasehold:

Leases for the underlying land usually require that at the end of the lease term, the lessees (apartment owners/tenants) deliver to the lessor (fee property owner) their interest in the land and that they either (1) remove or dispose of the building(s) and other improvements at the lessee's expense; or (2) convey the building(s) and improvements to the lessor, often at a specified price.

**IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS**

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed period of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with fee simple owner of the land in order to develop the project. The developer may have then entered into an sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

- a.  No variances to zoning code have been granted.  
 Variance(s) to zoning code was/were granted as follows:

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>  X  </u>	<u>      </u>	<u>      </u>
Structures	<u>  X  </u>	<u>      </u>	<u>      </u>
Lot	<u>  X  </u>	<u>      </u>	<u>      </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit C.

as follows:

2. Limited Common Elements: Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit C\*.

as follows:

\*Note: Land areas referenced herein are not legally subdivided lots.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest". It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit \_\_\_\_.

as follows:

Unit 3856 (or 3856-B)	50%
Unit 3856-A	<u>50%</u>
	100%

The common interest was determined by allocating an equal percentage to both units.

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit D describes the encumbrances against the title contained in the title report dated October 8, 2002 and issued by Old Republic Title and Escrow of Hawaii

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specific sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[X ] There are no blanket liens affecting title to the individual apartments.

[ ] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed <b>Prior to Conveyance</b></u>
Mortgage	If the Developer defaults under the Mortgage, the lender would be entitled to foreclose on the property. If a foreclosure occurs, the buyer's purchase agreement will be terminated and all deposits will be returned.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:  
None. There are no warranties, express or implied.
2. Appliances:  
None. There are no warranties, express or implied.

G. Status of Construction and Date of Completion or Estimated Date of Completion:

Construction of the residential Unit 3856 (or 3856-B) was in 1971 and Unit 3856-A was constructed in 1980.

H. Project Phases:

The developer  has  has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

#### IV. CONDOMINIUM MANAGEMENT

- A. Management of the Common Elements: The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

not affiliated with the Developer  
 self-managed by the Association of Apartment Owners

the Developer or the Developer's affiliate.  
 other \_\_\_\_\_

- B. Estimate of Initial Maintenance Fees:

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, your apartment may be liened and sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

See Page 20.

- C. Utility Charges for Apartments:

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

None       Electricity (\_\_\_\_\_ Common Elements only      \_\_\_\_\_ Common Elements & Apartments)  
 Gas      (\_\_\_\_\_ Common Elements only      \_\_\_\_\_ Common Elements & Apartments)  
 Water       Sewer       Television Cable

### B. Buyer's Right to Cancel Sales Contract:

#### 1. Rights Under the Condominium Property Act (Chapter 514A, HRS):

Preliminary Report: Sales made by the developer are not binding on the prospective buyer. Sales made by the developer may be binding on the developer unless the developer clearly states in the sales contract that sales are not binding. A prospective buyer who cancels the sales contract is entitled to a refund of all moneys paid, less any cancellation fee up to \$250.00.

Supplementary Report to a Preliminary Report: Same as for Preliminary Report.

Final Report or Supplementary Report to a Final Report: Sales made by a developer are binding if:

B) The buyer is given an opportunity to read the report(s); AND

C) One of the following has occurred:

1) The buyer has signed a receipt for the report(s) and waived the right to cancel; or

3) The apartment is conveyed to the buyer within 30 days from the date the report(s) were delivered to the buyer.

Material Change: Binding contracts with the Developer may be rescinded by the buyer if:

A) There is a material change in the project which directly, substantially and adversely affects (1) the use or value of the buyer's apartment or its limited common elements; or (2) the amenities available for buyer's use; AND

B) The buyer has not waived the right to rescind.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

2. Rights Under the Sales Contract: Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the project. If these documents are not in final form, the buyer should ask to see the most recent draft. These include but are not limited to the:

- A) Condominium Public Report issued by the developer which have been given an effective date by the Hawaii Real Estate Commission.
- B) Declaration of Condominium Property Regime

C. Additional Information Not Covered Above

**NOT A SUBDIVISION.** This is a condominium project which should not be confused with a subdivision. A purchaser of an apartment unit will be conveyed an apartment unit together with an "undivided" percentage interest in the common elements of the project. The entire parcel of land upon which the project is situated is designated as a common element. That portion of the common element which each purchaser has the exclusive right to use is called a limited common element or area, but is not a separate, legally subdivided lot.

**MAINTENANCE FEES.** Developer believes that there will be no maintenance fees. This is because all costs of every kind pertaining to each apartment and its respective limited common element, including but not limited to, cost of landscaping, maintenance, repair, replacement and improvement shall be borne entirely by the respective apartment owner. Although there is a common element driveway, the Developer believes that the owners would rather treat any replacement as a special assessment rather than collect and maintain a reserve fund. See "Reserves" below. All utilities are separately metered. Based on the foregoing, there is no schedule of maintenance fees attached to this Public Report.

Section 514A-86, Hawaii Revised Statutes, requires the Association of Apartment Owners to purchase fire insurance to cover the improvements of the Project, and that the premiums for the insurance be common expenses. Developer anticipates that the Association will elect to permit individual apartment owners to obtain and maintain separate policies of fire insurance and name the Association as an additional insured. In such case, fire insurance premiums will be the responsibility of individual apartment owners and not common expenses. Prospective purchasers should consult with their own insurance professionals to obtain an estimate for individual fire and hazard insurance.

**RESERVES.** Developer discloses that no "reserve study" was done in accordance with Section 514A-83.6, Hawaii Revised Statutes, and replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended. However, because there is a common element concrete driveway and manhole cover, the Developer has made an estimate that a replacement of the driveway and manhole cover would cost approximately \$5,000 to \$6,000 with such replacement occurring in 20 years or so. Based on the foregoing, monthly reserves per unit would be approximately \$10.00. Accordingly, Developer believes it would be more practical for the owners to make a special assessment rather than establishing a reserve fund. Based on the foregoing, there are no reserves. The purpose of the reserve fund and reserve study was created to avoid special assessments.

**LEAD WARNING STATEMENT.** Pursuant to federal law, 42 U.S.C. 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazard is recommended prior to purchase". The Developer discloses that he does not have an assessment or inspections relating to lead-based paint.

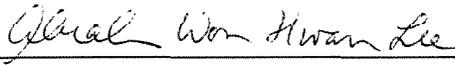

**HAZARDOUS MATERIALS** The Developer neither prepared nor commissioned a Phase I Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutant, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the apartment or in the Project or anything installed or contained therein and Buyer expressly releases the developer from any liability to Buyer if any hazardous materials are discovered.

**REAL ESTATE BROKER.** Abraham Won Hwa Lee, dba Abe Lee Realty, is the real estate broker for the condominium project. Abraham Won Hwa Lee is a licensed Real Estate Broker (RB #11309). Pursuant to sections 16-99-3(g) and 16-99-11(d), Hawaii Administrative Rules ("HAR"), prospective purchasers are hereby advised that Abraham Won Hwan Lee, dba Abe Lee Realty is a current and active Hawaii-licensed real estate company. Further, that Abraham Won Hwan Lee has a principal interest in both the Development and his real estate company. Pursuant to section 16-99-11(c), HAR, "(n)o licensee shall be allowed to advertise 'For Sale by Owner', 'For Rent by Owner', 'For Lease by Owner', 'For Exchange by Owner'."

- D. The developer declares subject to the penalties set forth in section 154A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Act 251 (SLH 2000) [Section 514A-J] (The developer is required to make this declaration for issuance of an effective date for a final public report.)
- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.
