**Summary of Changes from Earlier Public Report:**

This summary contains a general description of the changes, if any, made by the developer since the last public report was issued. It is not necessarily all inclusive. Prospective buyers should compare this public report with the earlier reports if they wish to know the specific changes that have been made.

No prior reports have been issued by the developer

Changes made are as follows:

**SPECIAL ATTENTION**

This is a CONDOMINIUM PROJECT, not a subdivision. The land area beneath and immediately appurtenant to each unit is designated a LIMITED COMMON ELEMENT and does not represent a legally subdivided lot. The lines on the Condominium Map dividing the land into limited common element land areas are for illustration purposes only and should not be construed to be formal subdivision lines.

This Public Report does not constitute an approval of the Project by the Real Estate Commission or any other government agency, nor does it ensure that all County codes, ordinances and subdivision have necessarily been complied with.

1. There are County restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the Purchaser is buying an existing residential dwelling, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE IS ALSO NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. The Purchaser should consult with the appropriate County agencies to determine whether the Purchaser may build a residential dwelling unit, or any other type of structure, on the property. Apartment A and B are existing residential dwellings.
2. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not be provided, and services such as County street maintenance and trash collection may not be available for interior roads and driveways.
3. The land may be subject to rollback real property taxes. The failure of an owner to observe restrictions on the use of the land may cancel the County dedication and special real property tax assessment. Please refer to the Director of Finance, County of Maui, for further information.
4. The County of Maui Department of Water Supply has adopted a policy to require that each apartment in a condominium have its separate water meter. This condominium has only one meter, which is shared. This sharing may be in violation of these rules. Due to the current shortage of water in the Department's upcountry water system, it may not be possible to obtain a second meter for this property. WATER SERVICE IS NOW BEING PROVIDED TO BOTH APARTMENTS AND DEVELOPER KNOWS OF NO INSTANCE WHERE THE WATER DEPARTMENT HAS TERMINATED WATER SERVICE TO A CONDOMINIUM UPON CONVERSION. ALSO, THE DEVELOPER HAS BEEN INFORMED THAT THE BOARD OF WATER SUPPLY IS CURRENTLY DISCUSSING A POSSIBLE AMENDMENT TO ADOPT A CHANGE OF RULES TO PERMIT SHARED USE BY TWO-UNIT CONDOMINIUMS (BUT THE OUTCOME IS UNCERTAIN). HOWEVER BUYER IS CAUTIONED THAT BUYER MAY BE REQUIRED TO OBTAIN A METER AS A CONDITION TO THE BUYER'S USE, EXPANSION OR CONSTRUCTION OF BUYER'S APARTMENT, OR THE ISSUANCE OF A BUILDING PERMIT FOR ANY PURPOSE. BUYER SHOULD CONSULT WITH HIS OR HER LEGAL COUNSEL OR CONTACT THE DEPARTMENT OF WATER SUPPLY FOR ADDITIONAL INFORMATION.
5. Each apartment has its own septic disposal system, however the developer does not know the location of the system for Apartment A, therefore it is not indicated on the Condominium Map. The location of the system appurtenant to Apartment B is not shown on the Condominium Map, however the developer believes it to be APPROXIMATELY 15 feet due south from the western corner of Apartment B. County sewer service is not available. The owner of each apartment shall be responsible for the cost of maintaining, operating and/or replacing said apartment's system. This may include upgrading a cesspool to a septic system as required by the proper governmental agency. No representations or warranties are made as to the quality, useful life, replacement cost, operating cost, or maintenance cost of the cesspools and appurtenances.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

## **General Information On Condominiums**

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

## **Operation of the Condominium Project**

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM:  
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests and other information relating to the condominium project.

They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed             Adopted             Developer does not plan to adopt House Rules

**IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS**

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>all</u>	_____	_____
Structures	<u>all</u>	_____	_____

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure or lot.

**D. Common Elements, Limited Common Elements, Common Interest:**

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration are:

described in Exhibit     A    .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration are:

described in Exhibit     A\*    .

as follows:

\*Note: Land areas referenced herein are not legally subdivided lots

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration are:

described in Exhibit \_\_\_\_\_.

as follows: Apartment A shall have a 50% undivided interest and Apartment B shall have a 50% undivided interest (referred to as the "common interests") in all common elements of the Project and a said same respective share in all common profits and common expenses of the Project and for all other purposes, including voting.

Notwithstanding the allocation of common interests in the preceding paragraph, the common interests for the sole purpose of the ownership of fee simple title to the underlying land (and, therefore, for the allocation of proceeds from the sale or partition of the land upon termination of the condominium or the taking of the land by eminent domain) shall be allocated between the Apartments Owners in proportion to the relative amount (and value) of the land area included within the limited common elements appurtenant to each apartment, and not according to the common interests for financial and voting purposes as stated above.

- E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit     B     describes the encumbrances against the title contained in the title report dated September 30, 2002 and issued by Title Guaranty of Hawaii, Inc.

**Blanket Liens:**

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[ ] There are no blanket liens affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed <b>Prior to Conveyance</b></u>
Mortgage to Countrywide Home Loans, Inc., a New York corporation, Dated February 24, 1999, and recorded in State of Hawaii Bureau of Conveyances as Document No. 99-031110	Buyer may lose his or her unit but buyer's deposit to be refunded, less any escrow cancellation fee.
Irrevocable Assignment of Proceeds dated May 22, 1986 recorded in said Bureau in Liber 19542 Page 609	All mortgage liens and the recorded Irrevocable Assignment of Proceeds will be paid in full out of the proceeds of the sale of the first apartment and the apartments will be released from the liens at that time.

**F. Construction Warranties:**

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty are as follows:

1. Building and Other Improvements

There are no warranties.

2. Appliances:

There are no warranties.

**G. Status of Construction and Date of Completion or Estimated Completion Date:**

Apartment A was completed in 1988. Apartment B was completed in 1988.

**H. Project Phases:**

The developer  has  has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

(But see item C.6 above concerning each apartment owner's right to alter, expand or relocate each apartment.)

**IV. CONDOMINIUM MANAGEMENT**

- A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

not affiliated with the Developer  the Developer or the Developer's affiliate  
 self-managed by the Association of Apartment Owners  Other: \_\_\_\_\_

- B. **Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your apartment and the apartment may be sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit C contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change).

- C. **Utility Charges for Apartments:**

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

None  Electricity (  Common Elements Only  Common Elements & Apartments)  
 Gas (  Common Elements Only  Common Elements & Apartments)  
 Water  Sewer  Television Cable  
 Other \_\_\_\_\_

\*Water charges are billed by the County of Maui based on the shared water meter. The charges shall be divided between the apartment owners based on actual use measured by a sub-meter.

**C. Additional Information Not Covered Above**

1. Setbacks. Under the Declaration of Condominium Property Regime, no new structure may be built or old structure expanded within 10 feet of the boundary line separating the Apartment's limited common element from that of the adjacent Apartment's limited common element.

2. Water. The condominium is served by a single water meter, and water use for both apartments will be billed to the Association of Apartment Owners by the County of Maui Department of Water Supply in a single bill. The Association is responsible for paying said charges and will allocate them among the apartment owners as common expense assessments. The method of allocation shall be by individual use meters ("submeters") apportioning the water provider's billings between both apartments by proportionate metered water usage.

The County of Maui Department of Water Supply has adopted a policy to require that each apartment in a condominium have its separate water meter. This condominium has only one meter, which is shared. This sharing may be in violation of these rules. Due to the current shortage of water in the Department's upcountry water system, it may not be possible to obtain a second meter for this property. WATER SERVICE IS NOW BEING PROVIDED TO BOTH APARTMENTS AND DEVELOPER KNOWS OF NO INSTANCE WHERE THE WATER DEPARTMENT HAS TERMINATED WATER SERVICE TO A CONDOMINIUM UPON CONVERSION. ALSO, THE DEVELOPER HAS BEEN INFORMED THAT THE BOARD OF WATER SUPPLY IS CURRENTLY DISCUSSING A POSSIBLE AMENDMENT TO ADOPT A CHANGE OF RULES TO PERMIT SHARED USE BY TWO-UNIT CONDOMINIUMS (BUT THE OUTCOME IS UNCERTAIN). HOWEVER BUYER IS CAUTIONED THAT BUYER MAY BE REQUIRED TO OBTAIN A METER AS A CONDITION TO THE BUYER'S USE, EXPANSION OR CONSTRUCTION OF BUYER'S APARTMENT, OR THE ISSUANCE OF A BUILDING PERMIT FOR ANY PURPOSE. BUYER SHOULD CONSULT WITH HIS OR HER LEGAL COUNSEL OR CONTACT THE DEPARTMENT OF WATER SUPPLY FOR ADDITIONAL INFORMATION.

3. Mailboxes. Each apartment shall have its own separate mailbox.

4. Limitations. As long as the applicable agricultural zoning and land use laws shall restrict the size of one of the farm dwellings on the land to 1,000 square feet of enclosed living area and limits the number of dwellings, Apartment B shall be required to comply with the requirements of the County of Maui Zoning Ordinances which are applicable to one of the farm dwellings not exceeding 1,000 square feet of enclosed living area on an agriculture zoned lot as long as they shall apply. Only one farm dwelling shall be permitted within each of Limited Common Elements A and B.

5. Sewer. Each apartment has its own septic disposal system, however the developer does not know the location of the system for Apartment A, therefore it is not indicated on the Condominium Map. The location of the system appurtenant to Apartment B is not shown on the Condominium Map, however the developer believes it to be APPROXIMATELY 15 feet due south from the western corner of Apartment B. County sewer service is not available. The owner of each apartment shall be responsible for the cost of maintaining, operating and/or replacing said apartment's system. This may include upgrading a cesspool to a septic system as required by the proper governmental agency. No representations or warranties are made as to the quality, useful life, replacement cost, operating cost, or maintenance cost of the cesspools and appurtenances.

6. Access. As shown on the Condominium Map, each apartment has access to its limited common element area, providing access to the common element driveway, providing access to Heaaula Place, which in turn provides access to a public road, Hana Highway.

- D. The developer declares subject to the penalties set forth in section 514A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Act 251 (SLH 2000) [Section 514A- ] (The developer is required to make this declaration for issuance of an effective date for a final public report)
- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.
