General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> X </u>	<u> </u>	<u> </u>
Structures	<u> X </u>	<u> </u>	<u> </u>
Lot	<u> X </u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. **Common Elements, Limited Common Elements, Common Interest:**

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit F .

***Note: Land areas referenced herein are not legally subdivided lots.**

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____.

as follows: **50% for each apartment**

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit G describes the encumbrances against the title contained in the title report dated April 30, 2003 and issued by Title Guaranty of Hawaii, Incorporated.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

There are no blanket liens affecting title to the individual apartments.

There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>

Hazardous Materials

The developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The developer will not correct any defects in the apartments or in the Project or anything installed or contained therein and Buyer expressly releases the developer from any liability to Buyer if any hazardous materials are discovered.

Lead Warning Statement

Pursuant to federal law, 42, U.S.C 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."

Haleiwa, Hawaii 96712
2. Developer: Haleiwa Sunrise Investors LLC
99-805 Holoai Street
Aiea, Hawaii 96701
(808) 478-8265
3. Managing Agent: self-managed
4. Real Estate Broker: Tsujimura & Associates, LLC
439 Kanoelehua Place
Wahiawa, Hawaii 96786
(808) 622-2885
5. Maintenance Fees: The maintenance and repair of each condominium unit and all utility charges and insurance premiums, are the sole responsibility of the owner thereof. There are no common services or expenses which will require monthly assessments.¹

The Developer has not conducted a reserve study in accordance with Section 514A-83.6, Hawaii Revised Statutes, and the replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.

6. Warranties: Developer is conveying the unit and anything installed or contained therein in "AS IS" condition with "ALL FAULTS". Developer disclaims any warranties, either express or implied, including any implied warranty of habitability, with respect to the Project, the units or their contents. Developer will not be liable to any persons for any construction or other defects, including any latent or hidden defects in the Project, the units or anything contained therein. This means that unit owners will not have the right to file any lawsuit for damages against Developer for any defects discovered by the unit owners.

¹While HRS §514A-86 requires the Association of Apartment Owners to purchase a fire insurance policy to cover the improvements of the projects and specifies that premiums for the policy are common expenses, the Developer anticipates that the Association will elect to permit the unit owners to obtain and maintain separate fire insurance policies and name the Association as an additional insured. In such case, fire insurance premiums will be the responsibility of the unit owner and not common expenses. Developer estimates the annual premium to be \$524.00 for unit 66-133, which includes hurricane coverage, for a \$167,900.00 policy, and \$398.00 for unit 66-133A, which includes hurricane coverage, for a \$121,800.00 policy. This estimate was prepared in accordance with generally accepted accounting principles.

7. Number of Units; Permitted Use. The Project contains two (2) units, both of which are intended for residential use. There is no commercial development in the Project.

Each unit shall be occupied and used only as private dwellings by the respective owners thereof, their tenants, families, domestic servants and social guests. No unit shall be used as a tenement or rooming house or for or in connection with the carrying on of any business, trade or profession whatsoever. The respective residential units shall not be rented by the residential unit owners thereof for transient or hotel purposes, nor in connection with any time-sharing purpose. Other than the foregoing restrictions, the residential unit owners of the respective units shall have the absolute right to lease the same, provided that such lease covers an entire residential unit, is in writing and is made subject to the covenants and restrictions contained in the Declaration and By-Laws for the Project, as amended.

8. Cesspools. Buyer acknowledges that the units are served by cesspools which are located within each unit's limited common element land area, and that the units are not hooked up to any sewer system. Developer makes no assurances that sewer service will be available to the Project.

9. Existing Structures. According to a letter dated October 4, 2002, from the Department of Planning and Permitting of the City and County of Honolulu, the Units met all applicable code requirements when they were constructed prior to 1958. In addition, building permit numbers 538619 and 538622 were approved on August 22, 2002, to construct the carports for each Unit. The Developer cannot determine whether the Project contains any other legal nonconforming uses or structures as a result of the adoption or amendment of any ordinances or codes. No variances or special permits were granted to allow deviations from any applicable codes.

The present condition of the site on which the Project is located and the structural components and the mechanical and electrical installations material to the use and enjoyment of the Project are described in a letter dated March 17, 2003 from Steven M. Higashiya, architect, a copy of which is attached hereto. The Developer does not represent or warrant that the letter is correct or complete. The letter should not be relied upon as the opinion of the Developer. No representations are made by the Developer with respect to the expected useful life of the structural components or the mechanical and electrical installations in the Project.

According to the architect, the overall condition of Unit 66-133 is in fair shape considering the age of the structure. The existing light and plumbing fixtures appeared to be in good condition. It appears that the bedrooms and hall are equipped with smoke detectors. The electrical system has been upgraded with grounded wiring and GFI outlets. During an initial site visit, various areas of termite damage were noticed, but a later visit noted that many areas had been repaired. Flooring, roofing, insulation, etc. have not been tested for asbestos, and

paint has not been tested for lead. Aside from the carport, the unit does not meet current lateral and/or uplift standards set by the Honolulu Building Code. However, at the time of its construction, no standard was implemented. In addition, sizing, location, etc. of existing structural members were not reviewed. It is recommended that the owner maintain a scheduled maintenance program, including termite treatment, painting, and reroofing, to enhance the life expectancy of the structure.

The information set forth herein is only a summary of the observations and recommendations made by the architect and is not intended, nor should be construed by its incorporation herein, to be a representation or warranty of the Developer or more important than any other observation or recommendation contained in the architect's letter and not contained herein. Because the Project is being sold by the Developer in "AS IS" condition with "ALL FAULTS", each buyer should carefully review the letter in its entirety, and inspect the buyer's Apartment and the Project or have the apartment and the Project inspected by buyer's own experts to buyer's complete satisfaction.

In paragraph S of the Declaration, the Developer reserves the right, at any time prior to the conveyance of a unit to a buyer, to amend the Declaration and the By-Laws in any manner as the Developer may deem fit.

In paragraph U of the Declaration, the Developer reserves the right for itself and its agents, until such time as all the units in the Project are sold, to:

A. Grant utility and access easements and quitclaim any easements in favor of the Project which are not required for the Project. Unit owners agree, upon request, to join in and execute any and all documents designating, granting and quitclaiming any such easements.

B. Amend the Declaration, the Condominium Map and By-Laws consistent with any grants or reservations of the Developer under the Declaration.

C. Conduct sales of units at the Project, including, but not limited to, maintaining model units, operating a sales office, conducting advertising, placing signs, using parking spaces and erecting lighting in connection with such sales.

D. Amend the Declaration, the By-Laws and the Condominium Map, without the approval, consent or joinder of any purchaser or owner of a unit, to make such amendments as may be required by law, by the Real Estate Commission of the State of Hawaii, by any title insurance company issuing a title insurance policy on the Project or any of the units, by any institutional lender lending funds on the security of the Project or any of the units, by any purchaser, insurer or guarantor of loans, including, for example, the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation, to enable it to purchase, insure or guarantee a loan made on the security of the Project or any of the units, or by any governmental agency.

II. BY-LAWS

In Article II, Section 2 of the By-Laws, the Developer reserves the right to exercise the powers, vote and act for the Association and the Board on all matters until the first unit in the Project is conveyed to a buyer (except as to those rights reserved to the Developer in paragraph U of the Declaration, which rights are reserved until all of the activities described therein have been completed).

III. SALES CONTRACT

The Developer, as Seller, reserves the right to modify all documents related to the Project, including the Declaration, By-Laws, Condominium Map, Condominium Deed, Disclosure Abstract and any exhibits to such documents, to alter the Project and the units (and to modify said documents accordingly).

Without limiting the generality of the foregoing, Developer reserves the right to change the configurations of, or to alter the number of rooms of or to decrease or increase the size of, or to change the location of any unit in accordance with complete plans and specifications therefor prepared by a licensed architect, and to make other changes in the units and in the common elements, and to increase or decrease the purchase price of the Unit or any other unit in the Project.

THIS EXHIBIT CONTAINS ONLY A BRIEF SUMMARY OF THE PROVISIONS CONTAINED IN THE DECLARATION, THE BY-LAWS AND THE SALES CONTRACT RESPECTING THE DEVELOPER'S RESERVED RIGHTS. PROSPECTIVE OWNERS SHOULD READ AND UNDERSTAND ALL OF THE PROVISIONS RELATING TO THE DEVELOPER'S RESERVED RIGHTS CONTAINED IN THE AFORESAID DOCUMENTS.

EXHIBIT C

SPECIAL USE RESTRICTIONS

The following provisions in the Declaration and By-Laws, as indicated, contain restrictions on the use of the units and the common elements of the Project:

I. DECLARATION

Paragraph H.5 of the Declaration provides that the owner of Unit 66-133A shall have appurtenant thereto a non-exclusive easement over Easement "W" shown on the Condominium Map and located within the limited common element land area appurtenant to Unit 66-133, for the purpose of installing, maintaining, repairing and replacing a waterline and other related equipment serving Unit 66-133A, the cost of which shall be borne by the owner of Unit 66-133A. The rights and obligations of the owners of Units 66-133 and 66-133A with respect to Easement W are more fully set forth in said Section H.5.

Pursuant to paragraph J of the Declaration, each unit shall be occupied and used only as private dwellings by the respective owners thereof, their tenants, families, domestic servants and social guests. No unit shall be used as a tenement or rooming house or for or in connection with the carrying on of any business, trade or profession whatsoever. The units shall not be rented by the owners thereof for transient or hotel purposes, as defined in the Declaration. Neither said units nor any interest therein shall be sold, transferred, conveyed, leased, occupied, rented or used for or in connection with any time-sharing purpose or under any time-sharing plan, arrangement or program, including without limitation any so-called "vacation license", "travel club membership" or "time-interval ownership" arrangement. Other than the foregoing restrictions, the unit owners shall have the absolute right to lease the same, provided that such lease covers an entire unit, is in writing and is made subject to the covenants and restrictions contained in the Declaration and in the By-Laws.

II. BY-LAWS

Article VIII, Section 5 of the By-Laws lists a variety of restrictions affecting the use of the units and common elements, including, without limitation, restrictions as to the posting of advertisements, posters or other signs on or about the Project; noise; disposal of garbage; uses which may cause an increase in the ordinary premium rates or cancellation or invalidation of any insurance maintained by or for the Board; noxious or offensive activities; the storage of furniture, packages or other objects which could obstruct transit through the common elements; the construction or placement in the Project of any building or structure; the alteration of any common

elements of the Project; installation or maintenance of any television or other antennas in the Project; and the keeping of pets.

THIS EXHIBIT CONTAINS ONLY A BRIEF SUMMARY OF CERTAIN USE PROVISIONS STATED IN THE DECLARATION AND BY-LAWS. PROSPECTIVE OWNERS SHOULD READ AND UNDERSTAND ALL OF THE USE RELATED PROVISIONS CONTAINED IN THE AFORESAID DOCUMENTS.

EXHIBIT D

PERMITTED ALTERATIONS TO UNITS

The Declaration and By-Laws permit alterations to the units as follows:

I. DECLARATION

Paragraph Q of the Declaration provides that restoration or replacement of any unit or construction of any additional improvements, alterations or additions to any unit different in any material respect from the Condominium Map of the Project shall be undertaken by a unit owner, subject to the conditions set forth below:

1. All plans and specifications therefor shall comply with applicable setback requirements, building codes and zoning ordinances.

2. No change to a unit shall be made if the effect of such change would be to exceed the unit's proportionate share of the allowable floor area or lot area coverage for the land on which the Project is located, pursuant to the then applicable zoning and building codes. The proportionate share for each unit shall be the same as its percentage interest in the common elements.

3. All changes shall be at the sole expense of the unit owner making such changes and shall be completed expeditiously and in a manner that will not unreasonably interfere with the other unit owners' use of their units or land areas.

4. During construction, the unit owner making such changes will obtain at its sole expense builder's all-risk insurance in an amount not less than the estimated cost of construction, and the Association shall be named as additional insured.

5. Promptly upon completion of such restoration, replacement or construction, the owner shall duly record or file of record an amendment to the Declaration, together with a complete set of floor plans of the unit as so altered, certified as built by a registered architect or professional engineer; provided, however, that notwithstanding any provision in this Declaration to the contrary, any alterations or additions within a unit may be undertaken without an amendment to this Declaration or filing of a complete set of floor plans of the unit so altered. All present and future unit owners and their mortgagees, by accepting an interest in a unit in the Project, shall be deemed to have given each unit owner a power of attorney to execute such an amendment to this Declaration, so that each unit owner shall have a power of attorney from all other unit

owners to execute such an amendment. This power of attorney shall be deemed coupled with each owner's interest in such owner's unit and shall be irrevocable.

6. Each conveyance, lease and mortgage or other lien made or created on any unit in the Project and all common interests and other appurtenances thereto shall be subject to the provisions of this paragraph Q.

Developer does not give any assurances that the units can be expanded and Developer does not give any assurances that variances are obtainable from the City and County of Honolulu for any proposed improvements.

II. BY-LAWS

Article VIII, Section 4 of the By-Laws prohibits any owner from doing any work which could jeopardize the soundness or safety of the Project, reduce the value thereof, or impair any easement or hereditament, nor may any owner add any material structure or excavate any additional basement or cellar, without in every such case the consent of seventy-five percent (75%) of the owners, together with the consent of all owners whose units or limited common elements appurtenant thereto are directly affected, being first obtained.

THIS EXHIBIT CONTAINS EXCERPTS OF THE PROVISIONS CONTAINED IN THE DECLARATION AND THE BY-LAWS RESPECTING PERMITTED ALTERATIONS TO THE UNITS. PROSPECTIVE OWNERS SHOULD READ AND UNDERSTAND ALL OF THE PROVISIONS RELATING TO PERMITTED ALTERATIONS CONTAINED IN THE AFORESAID DOCUMENTS.

In addition, sizing, location, etc. of existing structural members were not reviewed. It is recommended that the owner maintain a scheduled maintenance program, including termite treatment, painting, and reroofing, to enhance the life expectancy of the structure.

EXHIBIT I

SUMMARY OF PERTINENT PROVISIONS OF SALES CONTRACT

Developer has filed a specimen Deposit Receipt Offer and Acceptance, and Haleiwa Sunrise Addendum (the "Contract"), with the Hawaii Real Estate Commission, which contains certain pertinent provisions summarized as follows:

Buyer's Acknowledgments. Buyer acknowledges that Buyer will examine and carefully read (or waive such examination and reading) prior to closing, a copy of the recorded Declaration, By-Laws and Condominium Map for the Project, the Final Public Report, the Disclosure Abstract, the form of Condominium Deed, the Condominium Escrow Agreement and all amendments to such documents, true copies of which are filed in the Office of the Commission and are available for Buyer's examination at the office of Developer's real estate broker. By signing the Condominium Deed, Buyer will be deemed to have approved all of the foregoing documents.

Buyer further acknowledges that the owner of Unit 66-133A shall have appurtenant thereto a non-exclusive easement over Easement "W" shown on the Condominium Map and located within the limited common element land area appurtenant to Unit 66-133, for the purpose of installing, maintaining, repairing and replacing a waterline and other related equipment serving Unit 66-133A, the cost of which shall be borne by the owner of Unit 66-133A. The rights and obligations of the owners of Units 66-133 and 66-133A with respect to Easement W are set forth in Section H.5 of the recorded Declaration of Condominium Property Regime.

Cancellation Rights. In addition to any other rights of cancellation or termination reserved to Developer, if Buyer's initial deposit check is returned for insufficient funds, Developer reserves the right to return Buyer's check or payments, without interest and less the processing and cancellation fee imposed by Escrow Agent and any other actual expenses. Until Developer so elects to cancel the Contract, it shall remain in full force and effect. If Buyer (or any one of them if Buyer is more than one person) should die prior to closing, then either Buyer or Developer has the right to cancel this Contract, and upon such cancellation, Developer will return Buyer's check or payment, without interest and less the processing and cancellation fee imposed by Escrow Agent and any other actual expenses. Until either party so elects to cancel the Contract, it shall remain in full force and effect.

Buyer's Right To Rescind. Buyer has the right to rescind the Contract under the following terms:

(a) Except for any additions, deletions, modifications and reservations made pursuant to the terms of the Declaration, if there is a material change in the Project which directly, substantially and adversely affects the use or value of (1) Buyer's Unit or appurtenant limited common elements, or (2) those amenities of the Project available for Buyer's use, Buyer shall have the right to rescind the sale and to receive a prompt and full refund of any monies paid. Buyer's right of rescission is waived upon satisfaction of certain specified conditions.

Default. If Buyer defaults in any payment when required or fail to perform any other obligations required of Buyer and shall fail to cure such default within ten (10) days after receipt of written notice thereof from Developer, Developer may, at Developer's option, terminate the Contract by written notice to Buyer. In the event of such default, the sums paid by Buyer prior to such default shall belong to Developer as liquidated damages. In addition, Buyer shall pay all fees for the preparation of documents in connection with Buyer's proposed purchase of the Unit. Developer may also pursue any other remedy at law or in equity for specific performance, damages, and all costs, including attorneys' fees, incurred by reason of default by Buyer shall be borne by Buyer.

If Developer defaults in the performance of any obligation required of Developer under the Contract, Buyer shall be entitled to specific performance of the Contract or Buyer shall have the right to cancel the Contract. In the event of such cancellation, Developer shall repay to Buyer all sums paid by Buyer to Developer or Escrow Agent, and, in addition, Developer shall pay Buyer ONE THOUSAND AND NO/100 DOLLARS (\$1,000.00) as liquidated damages for Developer's default. Buyer expressly waives any other right or remedy against Developer.

Dear Mr. Azuma:

Subject: Condominium Conversion Project
66-133 & 66-133A Niuula Road
Tax Map Key: 6-6-005: 032

This is in response to your letter dated August 5, 2002 requesting verification that the structures located at the above-mentioned property met all applicable code requirements at the time of construction.

Investigation revealed that the two one-story single-family detached dwellings with four all-weather surface off-street parking spaces met all applicable code requirements when they were constructed prior to 1958 on this 11,267 square foot R-5 Residential District zoned lot.

Investigation also revealed that building permit numbers 538619 and 538622 were approved on August 22, 2002 to construct two new carports. These permits are currently active.

No variances or special permits were granted to allow deviations from any applicable codes.

For your information, the Department of Planning and Permitting cannot determine all legal nonconforming uses or structures as a result of the adoption or amendment of any ordinances or codes.
