General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

The Condominium Map for this condominium project is:

 Recorded - Bureau of Conveyances Condo Map No. 4285
 Filed - Land Court Condo Map No. _____

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]: Second Amendment of Kai `Ōlino Declaration of Condominium Property Regime and Amendment of Condominium Map No. 4285, dated January 8, 2007, recorded in the Bureau as Document No. 2007-004587.

- C. Bylaws of the Association of Apartment Owners** govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

- Proposed
 Recorded - Bureau of Conveyances: Document No. 2006-120570
Book _____ Page _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. House Rules. The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed Adopted Developer does not plan to adopt House Rules

E. Changes to Condominium Documents

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. Apartment Owners: Minimum percentage of common interest which must vote for or give written consent to changes:

	<u>Minimum Set by Law</u>	<u>This Condominium</u>
Declaration (and Condo Map)	75%*	75%
Bylaws	67%**	67%**
House Rules	-----	Majority of Board

* The percentage for individual condominium projects may be more than the minimum set by law for projects with five or fewer apartments.

** See the disclosures in Section V.C.11 on page 20c of this Public Report.

2. Developer:

No rights have been reserved by the developer to change the Declaration, Condominium Map, Bylaws or House Rules.

Developer has reserved the following rights to change the Declaration, Condominium Map, Bylaws or House Rules:

Under section 23 of the Declaration, the Developer has reserved various rights, including the rights to amend the Declaration and the Condominium Map to withdraw land and/or unsold apartments from the Project, to change the common interests, to merge the Project with a new project subsequently developed on land withdrawn from the Project, and/or to reconfigure the Project. These reservations are more fully disclosed on page 20 of this public report and in Exhibit G attached hereto. Notwithstanding the lease, sale or conveyance of any of the Apartments, the Developer may amend the Declaration and the Condominium Map to file the "as-built" verified statement required by Section 514A-12 of the Act. For so long as the Developer retains any interest in an Apartment in the Project, the Developer shall have the right (but not the obligation) to amend the Declaration and the Bylaws (and the Condominium Map, if appropriate) without the consent or joinder of any Apartment Owner, lienholder or other person or entity, for the purpose of meeting any requirement imposed by (i) any applicable law, (ii) the Real Estate Commission of the State of Hawaii, (iii) any title insurance company issuing a title insurance policy on the Project or any of the Apartments, (iv) any institutional lender lending funds on the security of the Project or any of the Apartments, or (v) any other governmental or quasi-governmental agency including, without limitation, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the U.S. Department of Housing and Urban Development or the Veterans Administration; provided, however, that no amendment which would change the common interest appurtenant to an Apartment or substantially change the design, location or size of an Apartment shall be made without the consent of all persons having an interest in such Apartment. Prior to the election of the first Board of Directors, the Developer may amend the Rules and Regulations in any manner without the joinder, consent or approval of any other party.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.

Variance(s) to zoning code was/were granted as follows:

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> X </u>	<u> </u>	<u> </u>
Structures	<u> X </u>	<u> </u>	<u> </u>
Lot	<u> X </u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit "D".

It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit "A".

as follows:

- E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit "F" describes the encumbrances against the title contained in the title report dated December 22, 2006 and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[X] There are no blanket liens affecting title to the individual apartments.*

[] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
<p>*NOTE: As of the date of this Public Report, there are no blanket liens affecting title to any part of the Project. However, the Developer may subsequently obtain a construction loan and may secure the loan by placing a blanket mortgage on the entire Project. This would be a blanket lien that may affect title to the individual units.</p>	<p>If the Developer places a blanket mortgage on the Project, the Buyer's interest under a sales contract will be subordinate to the interest of the mortgagee under such mortgage. This means, among other things, that if the Developer defaults under the mortgage, the mortgagee may take over the Project, cancel the sales contracts and refund the Buyer's deposits, less escrow cancellation fees, and the Buyer shall have no further interest in the Project.</p>

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. **Building and Other Improvements:**

The developer intends to require the general contractor to provide a one-year warranty, commencing upon the date of "Substantial Completion", or such other date as the architect specifies in the Certificate of Substantial Completion the architect delivers to the contractor and the Developer for the work that is under warranty, that (a) the materials and equipment furnished for construction of the project will be of good quality and new, unless the construction contract requires or permits that the materials and equipment be otherwise; and (b) the construction and services required by the construction contract (including all labor, materials and equipment to be provided by the general contractor) will be free from defects, except for defects inherent in the quality of the construction and services required or permitted by the construction contract. Without incurring any legal liability, the developer will agree to cooperate with the buyer to try to have the general contractor perform all of the general contractor's warranties. (See section F.7 of the Sales Contract.)

2. **Appliances:**

Appliance warranty information is not yet available because appliances have not yet been purchased. However, the developer intends to transfer to the buyer, without warranty, any manufacturer's or dealer's warranties that are transferable and cover appliances sold with the apartments.

G. Status of Construction and Date of Completion or Estimated Date of Completion:

The Project will be constructed in increments. The Developer estimates that construction of Building A will commence in March, 2007, and will be completed in September, 2008. The Developer estimates that construction of Building B will commence in July, 2007, and will be completed in January, 2009. The Developer estimates that construction of Building C will commence in December, 2007, and will be completed in June, 2009. The Developer estimates that construction of the entire project will be completed in June, 2009.

H. Project Phases:

The developer [X] has has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

SEE PAGE 20 BELOW.
SEE ALSO EXHIBIT "G" ATTACHED.

IV. CONDOMINIUM MANAGEMENT

- A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

- not affiliated with the Developer
 self-managed by the Association of Apartment Owners
- the Developer or the Developer's affiliate
 other _____

- B. **Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your apartment and the apartment may be sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit "H" contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change).

- C. **Utility Charges for Apartments:**

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

- None
 Electricity (Common Elements only Common Elements & Apartments)
 Gas (Common Elements only Common Elements & Apartments)
 Water (Common Elements only Common Elements & Apartments)
 Sewer (Common Elements only Common Elements & Apartments)
 Television Cable (Common Elements only Common Elements & Apartments)

- B) The buyer has not waived the right to rescind.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

C. Additional Information Not Covered Above:

1. Development and Sales in Increments. The Project's three (3) residential buildings, containing a total of seventy-five (75) units, will be constructed in increments. This Contingent Final Public Report covers all seventy-five (75) units in the Project and the Developer may market all of the units at the same time. However, the Developer may elect to offer only some of the units under binding sales contracts at different times as construction of the Project's three (3) residential buildings progresses. Each prospective purchaser should ask the Developer or the developer's sales agent which units are being offered under binding sales contracts at the time the purchaser receives this Contingent Public Report.

2. Developer's Reserved Alteration, Withdrawal and Merger Rights. Under section 23 of the Declaration, the Developer has reserved various rights, including (but not limited to) the rights to alter unbuilt and unsold units and the limited common elements appurtenant thereto, to withdraw from the Project portions of the Project's land, common elements and units, to change the common interests appurtenant to the remaining units in the Project, to sell or otherwise dispose of the withdrawn property, or to establish (or cooperate in the establishment of) a new condominium property regime on the withdrawn property and subsequently to merge (or cooperate in the merger of) such new project with the Project, all without being required to obtain the consent or joinder of any person or group of persons, including the Project's Association, any unit owner or any mortgagee, lien holder, unit purchaser, or any other person who may have an interest in the Project or in any unit. The foregoing rights are more fully disclosed in Exhibit "G" attached hereto, which reproduces section 23 of the Declaration. Also attached hereto as Exhibit "J" is a copy of the recorded Declaration of Merger of Condominium Phases that the Developer recorded prior to recordation of the Declaration. **THE PROSPECTIVE PURCHASER IS ENCOURAGED TO READ EXHIBITS "G" AND "J" VERY CAREFULLY, AS THE EXERCISE OF THE DEVELOPER'S RIGHTS RESERVED IN SECTION 23 OF THE DECLARATION MAY HAVE A MATERIAL EFFECT ON THE BUYER'S INTEREST IN THE PROJECT.**

3. Property Conditions. The Sales Contract discloses various conditions that affect the Project, and requires the buyer thereunder to acknowledge and accept such conditions and waive various claims as follows (in this Section V.C.3, the prospective purchaser is called the "Buyer" and the developer is called the "Seller"):

(a) The Project will be constructed in several increments over an extended period of time. The Project is located in the vicinity of a larger residential development known as "Keala'ula" that will also be constructed over an extended period of time. Construction activity at the Project and in the general vicinity of the Project may continue after the Buyer has occupied the unit and this activity may result in noise, dust or other annoyances to the Buyer and may temporarily limit the Buyer's access to portions of the Project (collectively, the "Construction Effects").

(b) The Project is located in the vicinity of an airport used for helicopter and light aircraft operations. Aircraft may fly in the proximity of or directly over the Project and such overflights and other airport activities may result in noise, dust, vibration, and other nuisances, disturbances or hazards (collectively, the "Airport Effects") to persons and property on or within the Project.

(c) The Project is located in the general vicinity of lands used for or in connection with the cultivation of sugar cane, coffee and diversified agricultural operations, which may include, but are not limited to, open burning, trucking, plowing, hauling, fertilizing, grading, storing, herbicide and pesticide spraying, crop dusting, water diversion, irrigation, and other activities incidental to the planting, cultivating, harvesting and processing of crops. These activities may from time to time cause the Project to be affected by surface water runoff, noise, soot, smoke, dust, vapors, unpleasant odors, vibrations, insect pests, and other substances and phenomena incidental to such activities (collectively, the "Agricultural Effects") that may bother or be a nuisance to the Buyer and any person occupying or using the unit or the Project. The Buyer expressly acknowledges that the Hawaii Right to Farm Act (Chapter 165 of the Hawaii Revised Statutes, as amended) and Hawaii law limit the circumstances under which farming operations may be deemed to be a nuisance.

(d) The Project is located in the vicinity of an electric power generating facility and high-powered electrical transmission lines that may result in nuisances, such as periodic noise and vibrations and other disturbances or hazards (collectively, the "Utility Effects") to persons and to property on or within the Project. The Seller is not insuring or guaranteeing the health or safety of the Buyer or other occupiers or users of the Project and disclaims liability for personal injury, illness or any other loss or damage caused by or arising from the Utility Effects, including, without limitation, the presence or malfunction of any electrical distribution systems that may be located adjacent to, near, or over any part of the Project.

(e) The Project is located in the vicinity of a wastewater treatment plant, a facility used for the mixing of fertilizers and a fuel storage facility, any one or all of which may result in nuisances or other disturbances to the Buyer or other

occupiers or users of the Project, including but not limited to periodic noise and the emission of unpleasant odors (collectively, the "Facility Effects").

(f) The Project is located in the vicinity of Port Allen Harbor, a commercial deep-draft boat harbor with an adjacent small boat harbor. The commercial harbor includes two piers and two 600-foot long berths for the docking of ships. The lands adjacent to and comprising part of the harbor include approximately one and one-half acres of shed and open storage space. The harbor operates at all hours and such operations may result in noise, bright lights and other nuisances or disturbances (collectively, the "Harbor Effects") to the Buyer or other occupiers or users of the Project.

(g) The Project is located in the general vicinity of a federally-assisted public housing complex operated by the state Housing and Community Development Corporation of Hawaii ("HCDCH") and known as Hale Hoonanea. According to information provided by HCDCH, although Hale Hoonanea is considered an elderly housing project, eligible persons with disabilities also reside at the facility.

(h) The Buyer represents and warrants to the Seller that the Buyer, in the Buyer's sole discretion, has determined that the benefits of owning and enjoying the unit and an interest in the Project outweigh the risks of the Construction Effects, the Airport Effects, the Agricultural Effects, the Utility Effects, the Facility Effects, the Harbor Effects and the proximity of the Project to a public housing complex (collectively, the "Property Conditions"). The Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Property Conditions and hereby covenants and agrees to assume all risks of impairment of the Buyer's use and enjoyment of the unit or the Project, loss of market value of the unit, and property damage or personal injury arising from the Property Conditions, and the Buyer, for the Buyer and the Buyer's tenants, lessees, family, servants, guests, invitees, licensees, agents, employees, and those who use the unit or any part of the Project through the Buyer, hereby waives any claims or rights of action or suits against the Seller, the Seller's members, managers and all of their respective officers, directors, employees, agents, successors and assigns, arising from such impairment of the use and enjoyment of the unit or the Project, loss of market value of the unit, and property damage or personal injury arising from one or more of the Property Conditions. The Buyer shall indemnify, hold harmless and defend the Seller, the Seller's members, managers and all of their respective officers, directors, employees, agents, successors and assigns from any and all liability, claims, losses, damages, or expenses, including attorneys' fees, arising from such impairment of the use and enjoyment of the unit or the Project, loss of market value of the unit, or property damage or personal injury to the property or person of the Buyer, the Buyer's tenants, lessees, family, servants, guests, invitees, licensees, agents, employees, and those who use the unit or any part of the Project through the Buyer, as a result of one or more of the Property Conditions. The Buyer further covenants that the Buyer will notify all occupants and transferees of the Property of the risks of the Property Conditions. The foregoing covenants shall be included in the Unit Deed and in every subsequent conveyance of the unit and shall be binding upon and inure to the benefit of the parties and their respective estates, heirs, devisees, personal representatives, successors, successors-in-trust and assigns; provided that the foregoing agreement to indemnify, hold harmless and defend shall not be applicable to, and shall not extend to obligate, any institutional lender or investor who holds a mortgage covering the unit or who takes title to the unit upon foreclosure or by way of deed in lieu of foreclosure or otherwise.

4. **Mold.** Climatic conditions in Hawaii are conducive to the growth of mold and other types of potentially irritating or harmful growths (collectively "Mold"). By acquiring a unit in the Project, each purchaser will acknowledge and understand that Mold can be irritating or harmful to the respiratory tract of certain individuals and can cause deterioration of property. By acquiring a unit in the Project, each purchaser will thereby assume the risk that Mold may be present from time to time in the unit or elsewhere at the Project and the purchaser will be required to waive any rights, claims or actions the purchaser may have or acquire against the Developer as a result of or in any way related to Mold in the unit or elsewhere at the Project, and the purchaser will further be required to agree to indemnify and hold harmless the Developer, the Developer's partners and members, and all of their respective officers, directors, employees, agents, successors and assigns from any and all loss (including but not limited to economic loss), cost, expense, harm, injury or damage to person or property that the purchaser or any of the purchaser's family members, assigns, tenants, lessees, servants, guests, invitees, licensees, agents, employees, or any other person who may use or occupy the unit or the Project by, through, or under the purchaser may suffer as a result of the presence of Mold in the unit or anywhere else at the Project.

5. **Security.** By acquiring a unit and an interest in the Project, each purchaser will be required to acknowledge and agree that neither the Project's Association of Unit Owners nor the Developer shall in any way be considered insurers or guarantors of security within the Project, and neither the Project's Association nor the Developer shall be held liable for any loss or damage by reason of failure to provide adequate security or the ineffectiveness of any security measures undertaken. All tenants, guests, and invitees of the purchaser shall be deemed to acknowledge that the Project's Association, its Board of Directors, the Developer and any committees established by any of the foregoing entities, are not insurers and that each owner,

tenant, guest, and invitee assumes all risk of loss or damage to persons, to units, and to the contents of units, and further acknowledges that the Developer, the Developer's representatives, the Project's Association, the Board of Directors and the committees have made no representations or warranties relative to any security measures recommended or undertaken.

6. **Repurchase Option.** Under section 24 of the Declaration, the Developer reserves the right to repurchase a unit under certain circumstances for a period of ten (10) years from the date of recordation of the Unit Deed conveying the unit to the owner, provided that the owner of the unit to be repurchased has complained to the Developer about the physical condition and/or design of the unit or the Project or any matter in connection with the unit or the Project and the Developer, after a good faith and diligent effort, is unable to rectify the matter(s) complained about to the owner's satisfaction within a reasonable period of time, as determined by the Developer in its sole discretion. Section 24 of the Declaration contains specific terms for determining the repurchase price and specific mortgagee protection provisions, all of which are also more fully described and disclosed in Exhibit "K" attached to this Public Report.

7. **Contractor Repair Act Notice.** The Sales Contract contains the following notice:

CHAPTER 672E OF THE HAWAII REVISED STATUTES CONTAINS IMPORTANT REQUIREMENTS YOU MUST FOLLOW BEFORE YOU MAY FILE A LAWSUIT OR OTHER ACTION FOR DEFECTIVE CONSTRUCTION AGAINST THE CONTRACTOR WHO DESIGNED, REPAIRED, OR CONSTRUCTED YOUR HOME OR FACILITY. NINETY DAYS BEFORE YOU FILE YOUR LAWSUIT OR OTHER ACTION, YOU MUST SERVE ON THE CONTRACTOR A WRITTEN NOTICE OF ANY CONSTRUCTION CONDITIONS YOU ALLEGE ARE DEFECTIVE. UNDER THE LAW, A CONTRACTOR HAS THE OPPORTUNITY TO MAKE AN OFFER TO REPAIR AND/OR PAY FOR THE DEFECTS. YOU ARE NOT OBLIGATED TO ACCEPT ANY OFFER MADE BY A CONTRACTOR. THERE ARE STRICT DEADLINES AND PROCEDURES UNDER THE LAW, AND FAILURE TO FOLLOW THEM MAY NEGATIVELY AFFECT YOUR ABILITY TO FILE A LAWSUIT OR OTHER ACTION.

8. **Common Element Access Easements.** Exhibit "D" attached to this Public Report discloses that the Project's common elements include Easements 9 and 10 over and across privately-owned Roadway Lots 64 and 65 of the adjacent "Port Allen Residential Subdivision" (also known as "Keala'ula"). Access to the Project from a public roadway will initially be over Easements 9 and 10. The Developer, as the owner of Roadway Lots 64 and 65, will maintain and repair such Roadway Lots at all times prior to the dedication and conveyance of such Roadway Lots to the County of Kauai, the State of Hawaii or other appropriate government agency or authority as public roadways. The Declaration provides that, upon the transfer of the Roadway Lots and their dedication as public roadways, Easements 9 and 10 shall automatically terminate and be of no further force or effect and will be and be deemed to be deleted from the condominium property regime established by the Declaration, without the need for the Developer, the Association of Unit Owners of the Project, any individual unit owner or any other person or entity to execute or record any further instrument of termination or cancellation of such easements. THE DEDICATION AND TRANSFER OF THE ROADWAY LOTS AND THE TERMINATION OF EASEMENTS 9 AND 10 WILL NOT REQUIRE THE DEVELOPER TO ISSUE A SUPPLEMENTAL PUBLIC REPORT, NOR WILL SUCH EVENTS CONSTITUTE A MATERIAL CHANGE THAT WILL ENTITLE A BUYER TO RESCISSION RIGHTS UNDER THIS CONTINGENT FINAL PUBLIC REPORT OR ADDITIONAL RESCISSION RIGHTS UPON THE DEVELOPER'S ISSUANCE OF A FINAL PUBLIC REPORT FOR THE PROJECT.

9. **Sewer Service.** Sewer service to the Project will be provided by a connection with private sewer lines that also serve the adjacent Keala'ula subdivision. The private sewer lines will initially be owned and maintained by the Developer and will subsequently be transferred to a Hawaii nonprofit corporation known (or to be known) as the "Keala'ula Homeowners Association". The Developer, as the initial owner of the sewer lines, and the Keala'ula Homeowners Association, as the subsequent owner, will be responsible for maintaining and repairing the sewer lines, and will charge the Project's Association of Unit Owners a monthly fee for the Project's use of the sewer lines. The amount charged to the Association of Unit Owners will be assessed to the individual unit owners as a common expense. The estimate of initial maintenance fees and maintenance fee disbursements attached to this Public Report as Exhibit "H" includes the estimated amount that will be owed by the Association of Unit Owners.

10. **Developer's Other Reserved Rights and Easements.** In addition to rights and easements disclosed elsewhere in this Public Report, the Developer has reserved certain other rights and easements in the Declaration and in the Sales Contract, including the following:

(a) The Developer has the right and easement to conduct extensive activities on or from the Project, including the common elements, in connection with the completion of construction of the Project and the sale of units in the Project, including the use of model units, sales and management offices, parking stalls and sales displays and other activities. These rights and easements shall last for so long as the Developer (or any successor to the Developer's development rights) retains any interest in any unit in the Project.

(b) The Developer has the right, without the joinder or consent of any unit purchaser, the Association, any unit owner, lienholder or other person, to accept, transfer, cancel, relocate and otherwise deal with any easement over, under, across or through any lands adjacent to or in the vicinity of the Project, which easement may be appurtenant or made appurtenant to the Land of the Project, for any reasonable purpose, which may include, but shall not be limited to, any of the same purposes set forth in subsection 8.4 of the Declaration or for the reason that any owner of any such lands adjacent to or in the vicinity of the Project exercises any right to require the relocation of any such easement. This right shall continue until such time as the Association holds its first organizational meeting and elects the first Board of Directors, at which time such right shall be vested solely in the Association. Without limiting the generality of the foregoing, the rights reserved to the Developer in the Declaration include the right to accept, on behalf of the Association and/or for the benefit of and/or as an appurtenance to the Land, any and all easements and rights that may be necessary or beneficial to the Association, the Land and/or the Project, including but not limited to such easements as may now or hereafter be designated on that certain survey map for "Port Allen Residential Subdivision" dated February 27, 2006, revised April 19, 2006, approved by the Planning Commission of the County of Kauai on May 9, 2006 (S-2005-1, A&B Properties, Inc.), and attached to Affidavit of Ryan M. Suzuki dated May 17, 2006, recorded in the Bureau as Document No. 2006-101756 (the "Subdivision Map") as affecting any of the lots (including, but not limited to, the Roadway Lots) comprising any part of the "Port Allen Residential Subdivision" (also known as "Keala'ula") shown on the Subdivision Map, or as may be subsequently granted over, across, through or under any such lots for the benefit of, and/or as appurtenant to, the Land, the Project or the Association. Any such easement accepted for the benefit of, and/or as appurtenant to, the Land, the Project or the Association shall, upon such acceptance, become a common element of the Project as if originally described in the Declaration, without the need to amend the Declaration or the Condominium Map to reflect the addition of such common element easement, unless such amendment is required by any applicable law, the Real Estate Commission of the State of Hawaii, any institutional lender lending funds on the security of the Project or any of the units, any title insurer issuing a title insurance policy on the Project or any of the units, or any governmental or quasi-governmental agency or authority. In the event that any such amendment is required, the Developer, for so long as the Developer retains the rights described in subsection 8.6 of the Declaration, may execute and record such amendment without the joinder or consent of the Association, any purchaser, any unit owner, lienholder or other person or entity whatsoever. At all times when the right described herein is vested solely in the Association, the Board may execute and record such amendment on behalf of the Association, without the need for the consent of any purchaser or a vote or consent of the unit owners or the joinder or consent of any unit owner, lienholder or other person or entity whatsoever.

(c) The Developer has the right to designate, grant, convey, transfer, cancel, relocate and otherwise deal with any easements over, under, across, or through the common elements (including the limited common elements) for any reasonable purpose, which may include, but shall not be limited to, those purposes which are necessary to the operation, care, upkeep, maintenance or repair of any unit or the common elements or any easements for utilities or for any public purpose (including, but not limited to, providing beach access to persons who are not members of the Association), and for those purposes contemplated by or incidental to the exercise of the rights reserved to the Developer in section 23 of the Declaration; provided, however, that in exercising such rights, the Developer shall not do anything or permit anything to be done which shall unreasonably interfere with the use of the affected common or limited common element for its originally intended purpose, unless such action is required to ensure the public health, safety or welfare or to comply with any governmental rule, regulation, law or ordinance, or to permit the reasonable development, use and enjoyment of any of the "Withdrawn Property," as described in section 23 of the Declaration. The foregoing rights shall continue for a period of twelve (12) months following recordation of the last unit deed transferring title to a unit to any person or entity other than the Developer, a party related to the Developer or the Developer's successor in interest.

11. Enactment of New Condominium Law. The Project was created on June 29, 2006, by recordation of the Declaration, Bylaws and Condominium Map in accordance with the requirements of Chapter 514A of the Hawaii Revised Statutes ("HRS"). On July 1, 2006, a new condominium law, Chapter 514B, HRS, went into effect in the State of Hawaii. The new law governs and applies to all condominiums in Hawaii created on or after July 1, 2006. Although the Project was created before the new law went into effect and remains primarily subject to the terms of the prior law, some of the provisions of new Chapter 514B apply to all condominiums in Hawaii, regardless of when they were created. One provision of the new law that applies to all condominiums, including the Project, is Section 514B-108(e) pertaining to the general requirements for amending a condominium project's bylaws. Under the prior law, a condominium's bylaws could be amended by the vote or written consent

of at least 65% of all unit owners (which means the owners of units to which at least 65% of the common interests are assigned). With some exceptions, the Project's Bylaws also say that they can be amended generally by the vote or written consent of at least 65% of the unit owners. However, new Section 514B-108(e) increased the percentage required for general bylaws amendments from 65% to 67%. Because new Section 514B-108(e) applies to all condominiums in Hawaii, including the Project, most amendments of the Project's Bylaws will now require the vote or written consent of at least 67% of the unit owners, notwithstanding that the Bylaws provide otherwise. EACH PROSPECTIVE PURCHASER IS ENCOURAGED TO BECOME ACQUAINTED WITH NEW CHAPTER 514B, HRS, AND ESPECIALLY WITH THOSE PARTS OF THE NEW LAW THAT APPLY TO ALL CONDOMINIUMS IN HAWAII, SINCE SOME OF THE APPLICABLE TERMS OF THE NEW LAW MAY BE DIFFERENT FROM SOME OF THE TERMS OF THE PROJECT'S CONDOMINIUM DOCUMENTS. IN THAT EVENT, THE TERMS OF THE NEW LAW MAY CONTROL.

The Project contains eight (8) types of Units, designated herein and on the Condominium Map as types 1, 2, 2A, 3, 3A, 4, 4A and 5 (and the reverses of each type, designated by “-R” following the number of the type, except that types 4 and 4A have no reverses), in three Residential Buildings, designated as Buildings A, B and C. Each Residential Building has three floors. Residential Buildings A and B each contain twenty-four (24) Units, and Residential Building C contains twenty-seven (27) Units. Each Residential Building contains three exterior stairways and an elevator connecting the floors.

The Units, by type, are more particularly described as follows:

The numbers, types, approximate net living areas, approximate net lanai areas, assigned parking stalls and common interests of the Units are as shown in the chart that begins on the next page. The initial letter of each Unit's number indicates the Unit's Residential Building. The first digit in the number following the letter indicates whether the Unit is on the first, second or third floor. Units whose numbers are followed by "HC" are designated Handicap Units. As disclosed below, the lanais that are part of the first floor Units are larger than the lanais that are part of the Units of the same type on the upper two floors.

***NET AREAS**

The approximate net areas shown above are in square feet.

****COMMON INTERESTS**

The common interest for each Unit was determined by (i) dividing the Unit's net living area (excluding lanai areas) by the aggregate net living areas of all of the Units, (ii) converting the resulting fractions to percentages, (iii) rounding the percentages, and (iv) adding 0.00054% to the common interest of the single type 4A unit (Unit C-305) so that the aggregate common interest appurtenant to all of the Units equals 100%.

*****PARKING**

In the foregoing chart, stalls with numbers followed by "T" are tandem stalls. All other stalls are regular stalls. Each stall with a number shown to the left of a slash mark ("/") is a covered stall located in a carport. Each stall with a number shown to the right of a slash mark is uncovered. All assigned tandem and regular stalls are standard sized.

Owners may transfer assigned limited common element parking stalls pursuant to the Declaration.

In addition to the covered and uncovered limited common element parking stalls assigned to the Units as shown above, the Project also contains six (6) unassigned, uncovered common element guest stalls numbered 47HC, 93, 132, 138, 141 and 147 on the Condominium Map, and four (4) unassigned common element stalls that are reserved for the use of the Project's management and maintenance personnel numbered 48, 49, 50 and 51 on the Condominium Map.

BOUNDARIES OF UNITS

Each Unit shall be deemed to include: (i) all the walls and partitions which are not load-bearing within its perimeter walls, (ii) the interior decorated or finished surfaces of all walls, floors and ceilings, including floor coverings, (iii) any doors and door frames, windows or panels along the perimeters, window frames, (iv) all fixtures originally installed therein, (v) the decorated or finished surface of the floor, walls (if any) and ceiling of the lanai(s) appurtenant to the Unit, the railing (if any) of such lanai(s) and the lanai air space. The respective Units shall not be deemed to include: (a) the undecorated or unfinished surfaces of the perimeter walls, the interior load-bearing walls, or the party walls, (b) the undecorated or unfinished surfaces of the floors and ceilings surrounding each Unit, and (c) any pipes, shafts, wires, conduits or other utility or service lines running through such Unit which are utilized for or serve more than one Unit, the same being deemed common elements as provided in the Declaration.

Should the descriptions and divisions set forth in the Declaration conflict with the depictions and divisions shown on the Condominium Map, the Condominium Map shall control. The Condominium Map, however, is intended to show only the layout, location, Unit numbers and dimensions of the Units and elevations of the buildings and is not intended and shall not be deemed to contain or make any other representation or warranty.

The approximate areas of the Units are set forth in Exhibit "A" attached to this Public Report and are based on measurements taken from the interior surface of all perimeter walls, except that no reduction is made to account for interior walls, ducts, vents, shafts, and the like located within the perimeter walls. The areas set forth in Exhibit "A" are not exact but are approximations based on the floor plans of each type of Unit. The measurements set forth in Exhibit "A" may not follow the designation of the limits of the Units (the legally designated areas of the Units) set forth above and the net living areas set forth in Exhibit "A" may be greater than the floor areas of the Units as so designated and described above.

PERMITTED ALTERATIONS

Section 8.3 of Article VIII of the Bylaws provides as follows:

(a) Subject to the provisions of the Declaration and the Act, and except as otherwise provided herein, no Owner of a Unit shall, without the prior written approval of the Board, make any structural alterations in or additions to his Unit or make any alterations in or additions or improvements to his Unit (including the Unit's lanai(s)) or make any changes to his Unit and/or its lanai(s) or any limited common elements appurtenant to the Unit (including any roof-top deck) that would change the exterior appearance of the Project.

(b) Except as otherwise provided herein, an Owner may make non-structural alterations and additions solely within his Unit, or solely within a limited common element appurtenant to and for the exclusive use of his Unit, at the Owner's sole cost and expense, provided that such alterations or additions do not affect any other Unit or common elements or change the exterior or appearance of the Project, and provided, further, that any building permit or other governmental permit or authorization required for such alterations or additions is first duly obtained and filed with the Board and the proposed alteration or addition will not adversely affect the Project's insurance rating or premiums.

(c) No Unit Owner shall, without the prior written approval of the Board, install any wiring for electrical or telephone installations, television antenna, machines or air-conditioning units, or other equipment, fixtures, appliances or appurtenances whatsoever on the exterior of the Building or protruding through the walls, windows or roofs thereof.

(d) No Unit Owner shall, without the prior written approval of the Board, make any modifications, changes, additions or alterations to his lanai(s) (including, but not limited to, enclosing the lanai(s) in any way) or add any awnings, sunscreens, louvers, exhaust vents, wind baffles, or drain.

(e) No Owner of a type 2A, 2A-R, 3A, 3A-R or 4A Unit shall, without the prior written approval of the Board, make any modifications, changes, additions or alterations to the limited common element roof-top deck adjacent to the Unit, or to any improvements, machinery or equipment (including air-conditioning units and related equipment) located thereon.

(f) No Owner of a Unit shall alter or replace any of the surface floor coverings provided with the Unit unless the Owner shall ensure either that the original acoustical underlayment provided with the Unit remains undamaged and in tact, or, if the original underlayment is damaged or removed, the Owner shall install an acoustical underlayment providing protection against sound and vibration transmission equal or superior to the protection provided by the acoustical underlayment originally installed beneath the Unit's floor surfaces. Notwithstanding the foregoing, no hard surface floor covering (e.g., tile, wood, linoleum, etc.) shall be permitted in any part of the Unit except in the bathrooms, kitchens and entry areas where

hard surface flooring was originally installed. All other floor surfaces shall at all times be carpeted and shall include the appropriate acoustical underlayment as provided herein.

(g) All interior window and glass lanai door coverings (including curtains, drapes and screens of any kind) visible from outside of the Unit shall include a backing of a type, color and appearance approved by the Board. In addition, Owners may not, without the prior written approval of the Board, apply any substance, material or process to the exterior or interior surfaces of the Unit's windows or lanai doors which may alter the exterior color, appearance or reflectivity of the windows or doors.

(h) It is intended that the exterior of the Project present a uniform and attractive appearance. Accordingly, whenever Board approval is required for any proposed modification, change, addition to or alteration of any Unit or limited common element, the Board shall base its decision to grant or deny approval at least in part upon considerations of whether (and to what extent) the proposed modification, change, addition or alteration will adversely affect the appearance of the Project. Except as otherwise provided in Section 8.5 below in connection with proposed modifications to accommodate Owners with disabilities, if the Board determines that the proposed modification, change, addition or alteration will materially adversely affect the appearance of the Project, the Board shall deny its approval. It is acknowledged that the Board's determination will unavoidably involve an element of subjective taste. Therefore, the Board's determination that a proposed modification, change, addition or alteration will materially adversely affect the appearance of the Project shall not be challengeable by any Unit Owner or group of Unit Owners on the grounds that the determination is to any extent based upon subjective criteria.

(i) Whenever Board approval is required for any proposed modification, change, addition to or alteration of any Unit or limited common element, if the Board determines that the proposed modification, change, addition or alteration will not materially adversely affect the appearance of the Project, the Board shall not unreasonably withhold its approval, provided that it shall not be deemed unreasonable for the Board to withhold its approval if the proposed modification, change, addition or alteration may, in the Board's best estimate, adversely affect any of the Project's common elements or any Unit or other part of the Project in any way, or increase the Project's hazard or liability insurance premiums or other common expenses, or otherwise violate any applicable law, any provision of these Bylaws, the House Rules, the Declaration or the Act.

Section 8.4(e) of Article VIII of the Bylaws provides as follows:

(e) The Owner of any two or more adjacent Units separated by a common element wall may alter or remove all or portions of such wall if the structural integrity of the building in which the Units are located is not thereby affected and if the finish of the remaining common element(s) is restored to a condition substantially comparable to that of the common element prior to such alterations. Such alteration shall require only the written approval of the Board, including the Board's approval of the Owner's plans for such alteration, together with the approval of the holders of first mortgages on all Units affected by such alteration, and the

approval of the appropriate agencies of the State of Hawaii and/or the County of Kauai if such agencies so require. The Board's approval may be conditioned upon the Board having first received a certified written statement of a registered Hawaii architect or engineer that the proposed alterations shall not adversely affect the structural integrity of any part of the Project or jeopardize the soundness or safety of the Project in any way. Notwithstanding subsection 8.4(d) above, such alteration may be undertaken without an amendment to the Declaration or the Condominium Map. If, in the reasonable judgment of the Board, the alterations or additions are substantial in nature, the Board may require that the Owner of the Units affected provide evidence satisfactory to the Board of sufficient financing to complete such alterations or additions or, in lieu thereof, require that the Owner obtain a performance and lien payment bond, naming as obligees the Board, the Association and all Unit Owners and their mortgagees of record, as their interests may appear, for a penal sum of not less than one hundred percent (100%) of the estimated cost of such construction. Prior to the termination of the common ownership of any such adjacent Units, the Owner of such Units shall be obligated to restore the intervening wall between the Units to substantially the same condition in which the wall existed prior to its alteration or removal.

Section 8.5 of Article VIII of the Bylaws provides as follows:

Subject to Section 8.6 below, Owners with disabilities shall be permitted to make reasonable modifications to their Units and/or the common elements, at their sole expense (including the cost of obtaining any bonds required by the Declaration, these Bylaws or the Act), if such modifications are necessary to enable them to use and enjoy their Units and/or the common elements, and when permitted under the Master Declaration and related documents, rules and guidelines, provided that any Owner with a disability desiring to make such modifications shall make such request, in writing, to the Board of Directors. That request shall set forth, with specificity and in detail, the nature of the request and the reason that the requesting party needs to make such modifications. If the proposed modification will change the exterior appearance of the Project or any part thereof, the Board's approval of the request may be conditioned upon evidence satisfactory to the Board that the needs of the disabled Owner cannot adequately be met at reasonable cost without causing such change in appearance, and that the proposed modification shall cause the least change in appearance reasonably possible under all of the circumstances. The Board of Directors shall not unreasonably withhold or delay their consent to such request, and any such request shall be deemed to be granted if not denied in writing, within forty-five (45) days of the Board's receipt thereof, or within forty-five (45) days of the Board's receipt of additional information reasonably required in order to consider such request, whichever shall last occur. Nothing contained in this Section 8.5 shall exempt an Owner, at such Owner's sole cost and expense, from making all amendments to these Bylaws, the Declaration or the Condominium Map necessitated by any changes permitted under this Section. Such amendments need only be approved and executed by the Board and the Owner making such modifications.

Section 8.6 of Article VIII of the Bylaws provides as follows:

Anything herein to the contrary notwithstanding, no Unit Owner shall do any work which could jeopardize the soundness or safety of the Project, reduce the value thereof, impair any easement or hereditament, nor may any Unit Owner add any material structure or excavate any basement or cellar without in every such case the consent of seventy-five percent (75%) of the Unit Owners being first obtained, together with the consent of all Unit Owners whose Units or limited common elements appurtenant thereto are directly affected; provided that “nonmaterial structural additions to the common elements” (as defined in Section 514A-89 of the Act), including, without limitation, the installation of solar energy devices (as defined in Section 514A-89 of the Act), or additions to or alterations of a Unit made within such Unit or within a limited common element appurtenant to and for the exclusive use of the Unit, shall require approval only by the Board of Directors and such percentage, number, or group of Unit Owners as may be required by the Declaration or these Bylaws.

Article VIII of the Bylaws contains additional information regarding alterations to the Units, the common elements and the limited common elements.

5.6 Any other common element of the Project which is rationally related to a single Unit to the exclusion of all other Units shall be deemed a limited common element appurtenant to and for the exclusive use of the Unit to which such common element is rationally related.

DEVELOPER'S RESERVED ALTERATION, WITHDRAWAL AND MERGER RIGHTS

Section 23 of the Declaration provides as follows:

23. Reservation to Change Units, Withdraw Land and/or Units and Reconfigure the Project.

23.1 **Rights Generally.** Any other provision in this Declaration to the contrary notwithstanding, the Developer shall have the right (but shall not be obligated) in its sole discretion under this section 23, without being required to obtain the consent or joinder of any person or group of persons, including the Association, any Unit Owner or any mortgagee, lien holder, Unit purchaser, or any other person who may have an interest in the Project or in any Unit, to change the type, layout and dimensions of any unbuilt and unsold Unit and/or the limited common elements appurtenant thereto, and/or to remove and delete from the Project and from the effect of this Declaration and the Act portions of the Land, all or any unsold Units and any related common elements and limited common elements; provided, however, that the right to withdraw shall not apply to the recreational amenities described in section 4 above, nor to any common element driveways, walkways, parking areas, landscaped areas, easements or any other part of or interest in the Project actually utilized by or serving any Unit owned by any person (an "Affected Person") other than the Developer at the time of such withdrawal, without first obtaining such Affected Person's consent. For purposes of this section 23, "unsold Unit" shall mean a Unit owned by the Developer and for which no sales contract for the purchase and sale of the Unit has become binding upon both the seller and the buyer under the contract. Those parts of the Project withdrawn pursuant to the rights reserved to the Developer in this section 23 are sometimes hereinafter called the "Withdrawn Property."

23.2 **Effect of Withdrawal.** Upon such removal and deletion of the Withdrawn Property as set forth in this section 23, and with no further action required, no Unit Owner, mortgagee, lien holder, Unit purchaser or any other person (other than the Developer and the holder of any blanket mortgage covering the Withdrawn Property) who may have an interest in the Project or any Unit shall have any legal or equitable interest in the Withdrawn Property (it being the intent hereof that upon such removal and deletion, fee simple title to the Withdrawn Property, including the Land, common elements and Units so removed and deleted and any interests appurtenant thereto, will be vested solely in the Developer). If deemed necessary to effect the intent of this section 23, each Unit Owner, mortgagee, lien holder and any other person who may have an interest in the Project or any Unit shall, if requested by the Developer, unconditionally quitclaim and/or release its interest (if any) in the Withdrawn Property to the Developer.

23.3 **Rights to Subdivide, Amend, Etc.** In the exercise of the rights reserved in this section 23, the Developer may (but shall not be obligated to) at any time (i) file and process to final approval an application with the County of Kauai for the legal subdivision of that portion of the Project to be withdrawn, (ii) file or record supporting file plans, maps or other instruments in the Bureau, (iii) record one or more amendments to this Declaration in the Bureau containing an amended description of the Land, common elements and/or Units covered by this

Declaration and deleting therefrom the Withdrawn Property, and amending the common interests appurtenant to the remaining Units by increasing such common interests so that the aggregate common interest appurtenant to all remaining Units equals 100%, (iv) file in the Bureau an amended Condominium Map reflecting the changes to the Units, common elements and/or limited common elements, and/or the removal and deletion of the Withdrawn Property, and (v) if deemed necessary or appropriate, apply for and obtain from the Real Estate Commission of the State of Hawaii an effective date for a Supplementary Public Report describing the changes made to the Project pursuant to the terms of this section 23. Any changes to the Project made pursuant to this section 23 shall be deemed effective for all purposes upon the recordation in the Bureau of the amendment(s) to this Declaration and Condominium Map referenced herein. If Units are withdrawn from the Project pursuant to this section 23 and the common interests of the remaining Units are recalculated, the new common interests shall be determined by (i) dividing each remaining Unit's net living area (excluding lanai areas) by the aggregate net living areas of all of the remaining Units, (ii) converting the resulting fractions to percentages, and (iii) rounding the percentages and making minor adjustments if necessary so that the aggregate common interest appurtenant to all of the remaining Units equals 100%.

23.4 Rights to Deal With Withdrawn Property; Easements; Costs. Upon the deletion and removal from the Project of the Withdrawn Property pursuant to the rights reserved to the Developer in this section 23, the Developer shall have the absolute right, without the joinder or consent of any other party except the holder of any blanket lien encumbering the Withdrawn Property, to convey, sell, lease, pledge or otherwise transfer to any third party (whether or not related to the Developer) some or all of the Developer's interest in and/or title to some or all of the Withdrawn Property, or to develop, improve (or cooperate with any subsequent owner of the Withdrawn Property in such development or improvement) or otherwise deal with or dispose of the Withdrawn Property or any portions thereof in such manner as the Developer, in its sole discretion, sees fit, including developing or improving the Withdrawn Property for uses and with designs, materials and plans materially different from those of the Project. This right shall expressly include the unilateral right of the Developer to grant easements over, on or beneath portions of the Project in favor of and for the benefit of the Withdrawn Property for such purposes as may be necessary or convenient for the subdivision, subsequent development and use of the Withdrawn Property, including (but not limited to) easements for access and utilities. In the event that the development and use of the Withdrawn Property or any portion thereof (including, but not limited to, the use of any easement benefiting and serving all or any part of the Withdrawn Property) shall increase the common expenses of the Project (including but not limited to common expenses for roadway maintenance and repair and liability or other insurance), the owners from time to time of the Withdrawn Property so benefited shall be required to contribute to the Association an equitable portion of such costs and expenses as determined by the Developer. In the event that all or a portion of the Withdrawn Property is developed as a "New Project" (as defined in section 23.5 below) and subsequently merged with the Project in accordance with the Declaration of Merger (described in section 23.5 below), costs and expenses pertaining to the Project and the New Project will be apportioned and allocated between the Project and the New Project in accordance with the terms of the Declaration of Merger.

23.5 **Rights Regarding New Project and Merger.** Without limiting the generality of the foregoing, the Developer (or the Developer's successor in interest in and to the Withdrawn Property) may (but shall not be obligated to) submit all or portions of the Withdrawn Property to a separate condominium property regime by executing and recording in the Bureau a separate declaration of condominium property regime, bylaws and condominium map and such other documents as may be required. At any time following the establishment of all or a portion of the Withdrawn Property as a separate condominium property regime (the "New Project"), the Developer shall have the right (but shall not be obligated), without the joinder or consent of any person or group of persons, including the Association, any Unit Owner or any mortgagee, lien holder, Unit purchaser, or any other person who may have an interest in the Project or in any Unit, to cause a merger of the Project with such New Project (and/or to cooperate with any subsequent owner of the New Project in causing such merger) in accordance with the provisions and requirements of that certain Declaration of Merger of Condominium Phases (the "Declaration of Merger") pertaining to the Project and recorded in the Bureau immediately prior to recordation of this Declaration. This Declaration is expressly made subject to the Declaration of Merger, and all of the terms and provisions of the Declaration of Merger, including all reservations of rights in favor of the Developer as "Declarant" therein, are hereby incorporated into this Declaration by reference as if stated herein in their entirety.

23.6 **Developer's Successor in Interest.** Except as otherwise provided in this section 23.6, the Developer may transfer its rights reserved under this section 23 (and all other rights specifically reserved to the Developer in this Declaration, in the Bylaws, in the Declaration of Merger and under the Unit Deeds) in whole or in part to any person who acquires all or a portion of the Developer's interest in the Project, including but not limited to the Withdrawn Property. Such reserved rights shall be transferred by express reference and assignment in the instrument conveying title to all or a portion of the Project to such person. The term "Developer's successor in interest" or "successor in interest of the Developer," as used in this Declaration, shall mean any person who acquires title to the Developer's interest in and to all or a portion of the Project by an instrument that also expressly assigns some or all of the rights reserved to the Developer in this section 23 and/or elsewhere in this Declaration, the Bylaws, the Declaration of Merger and the Unit Deeds. No deed or lease of a Unit or Units in the Project shall transfer any of the Developer's reserved rights under this Declaration, the Bylaws, the Declaration of Merger or the Unit Deeds unless the deed or lease expressly refers to and assigns said rights. Absent an express assignment of such reserved rights, each deed or lease or other transfer of a Unit or Units shall only transfer title to such Unit or Units, the common interest in the common elements appurtenant to such Unit or Units, and the rights (and obligations) of a Unit Owner as set forth herein, in the Bylaws and in the Act. Once all or a portion of the Developer's reserved rights are transferred to a successor in interest of the Developer, the transferee may have and exercise all of the rights of the Developer to the extent transferred, but only to such extent.

23.7 **Special Power of Attorney.** The Developer shall have the absolute right, notwithstanding the lease, sale or conveyance of any Unit, and without being required to obtain the consent or joinder of the Association, any Unit Owner or purchaser, any eligible mortgage holder (as defined in section 18.3), lien holder or other persons, to effect the changes to the

unsold Units, the common elements and/or limited common elements and/or the removal and deletion of portions of the Project, and/or the subsequent development or submission to a new condominium property regime of all or portions of the Withdrawn Property, and/or the merger of the Project with any New Project, all in accordance with this section 23, and to execute, record and/or file the herein described application, amendments, quitclaims, declarations, bylaws, maps, releases and any and all other instruments necessary or appropriate for the purpose of effecting the changes to and/or removal and deletion and/or subsequent development and merger of portions of the Project as contemplated hereby. Any such action shall be deemed taken by the Developer as the true and lawful attorney-in-fact of the respective Unit Owners, eligible mortgage holders, lien holders and others who may have an interest in the Project. Each and every person acquiring an interest in any Unit, the Project or the Land covered by this Declaration, by such acquisition, consents to all such changes, deletion and/or removal (including an increase in the common interest appurtenant to any Unit owned by such person and a concomitant increase in such person's ownership interest in the Project's remaining common elements), and to the recordation of such documents as may be necessary to effect the same; agrees to execute such documents and do such other things as may be necessary or convenient to effect the same; and appoints the Developer his, her or its attorney-in-fact with full power of substitution to execute such documents and do all such other things on his, her or its behalf, as are contemplated in this section 23, which grant of such power, being coupled with an interest, is irrevocable and shall not be affected by the disability of any such person.

23.8 **Association Bound.** Without limiting the generality of the foregoing, if the Developer or the Developer's successor in interest exercises or wishes to exercise any of the rights reserved to the Developer in this section 23 after the first meeting of the Association and the election of the Association's first Board of Directors, the Board, acting on behalf of the Association, upon the request of the Developer or the Developer's successor in interest, and without requiring the vote or consent of any Unit Owner, Board member or other person, shall execute such instruments (including but not limited to grants of easements) and do all such other things as may be necessary or convenient to enable the Developer or the Developer's successor in interest to exercise the rights reserved in this section 23, and accomplish the purposes contemplated by the reservation of such rights.

23.9 **Amendment of this Section 23.** Notwithstanding any provision herein to the contrary, this section 23 may not be amended without the written consent and joinder of the Developer for so long as the Developer retains an ownership interest in any Unit.

SUMMARY OF SALES CONTRACT AND ESCROW AGREEMENT

The Sales Contract provides for the sale of a condominium unit (the "Unit") by the Developer to a Buyer. The Escrow Agreement provides how the funds paid by the Buyer under the Sales Contract to Escrow are to be held and released. Both the Sales Contract and Escrow Agreement contain many important provisions which are not set out here and should be carefully reviewed by every prospective Buyer.

The Sales Contract provides for the number, amount and timing of payments the Buyer is to make to Escrow. The Escrow Agreement provides that Escrow is to collect these payments and hold them in accounts with banks or savings institutions that are federally insured. The Sales Contract and Escrow Agreement provide who gets to keep interest that may be earned on the funds with Escrow. If the Sales Contract is signed before the Real Estate Commission has issued an effective date for a Contingent Final or a Final Public Report covering the Unit and before certain other things have happened (as described in the Sales Contract), the Sales Contract shall not be binding on the Buyer or the Seller, and either of them may cancel it at any time before it becomes binding. After the Sales Contract becomes binding, it may be cancelled by the Developer if, among other reasons, the Buyer is obtaining financing and fails to obtain a lender commitment within a certain time period specified in the Sales Contract, or if the Buyer is a cash buyer and fails to furnish satisfactory evidence of ability to pay within other time periods. In certain cases, the Buyer may be responsible for cancellation fees.

The Sales Contract provides that if the Sales Contract has become binding between Buyer and Seller in accordance with Section F.1 thereof, *and* the Real Estate Commission has issued an effective date for a Final Public Report covering the Buyer's Unit, then Escrow may disburse to Seller all or portions of Buyer's funds deposited with Escrow (i) prior to closing and completion of construction of Buyer's Unit to pay construction costs of the building(s) and other improvements of the Project, and (ii) after closing but prior to completion of construction of Buyer's Unit to pay construction and other costs (including architectural, engineering, finance and legal fees and other incidental expenses of the Project), in accordance with and subject to the requirements of the condominium law and the Escrow Agreement. The Sales Contract provides that no interest will be earned or paid on Buyer's funds that are used to pay construction costs in accordance with the Sales Contract and the Escrow Agreement and the condominium law.

The Escrow Agreement provides for the closing or settlement of the sale. Escrow collects all payments and other amounts owed under the Sales Contract, including closing costs which are shared between the Developer and the Buyer as set forth in the Sales Contract.

If the Buyer defaults under the Sales Contract after the "Effective Date" (as defined in the Sales Contract), the Seller may cancel the Sales Contract and the Buyer may lose all of the Buyer's deposits with Escrow, or the Seller may sue the Buyer for damages or for specific performance of the Sales Contract, or the Seller may pursue any other remedy permitted at law or in equity. If the Seller defaults under the Sales Contract after the Effective Date, the Buyer shall be entitled to specific performance of the Sales Contract, or shall have the right to cancel and terminate the Sales Contract. If the Buyer cancels and terminates the Sales Contract because

of the Seller's default, the Seller shall repay to the Buyer all sums the Buyer has paid to the Seller or to Escrow under the Sales Contract, and the Buyer may pursue other legal or equitable remedies.

The Sales Contract discloses that the Project will be constructed in increments, and that the Seller estimates that construction of units in any given increment will be completed within approximately eighteen (18) months from the date construction of that increment commences. The Sales Contract further discloses, however, that Seller's estimates of commencement and completion dates are approximate, and by signing the Sales Contract the Buyer acknowledges and agrees that the actual dates of commencement and completion of construction may be substantially later than the estimated dates.

The Sales Contract also provides for refunds of the Buyer's deposit(s) (sometimes less escrow cancellation fees) if (a) either party cancels the Sales Contract before the Effective Date, or (b) if the Seller has issued a Contingent Final Public Report and the Buyer rescinds the Sales Contract after the Seller fails to obtain a Final Public Report before the Contingent Final Public Report expires, or (c) with the exception of material changes, additions, deletions, modifications or reservations made to the Project pursuant to the terms of the Declaration or otherwise disclosed to the Buyer in the Sales Contract and/or in the Public Report(s) for the Project, if there is a material change in the Project after the Effective Date that directly, substantially and adversely affects the use or value of the Buyer's Unit or its appurtenant limited common elements, or the amenities of the Project available for Buyer's use, and Buyer elects to rescind the Sales Contract, or (d) if the Buyer or the Seller rescind the Sales Contract because of Buyer's inability to obtain financing or evidence of a financing commitment within certain time periods specified in the Sales Contract, or (e) if the Buyer (or one of the Buyers, if there is more than one) is a natural person and dies before Buyer has fulfilled all of its obligations under the Sales Contract and Seller elects to rescind the Sales Contract. Other circumstances in which Buyer may be entitled to a refund of deposits are disclosed elsewhere in this summary.

The Sales Contract discloses that the Seller reserves the right under the Declaration to repurchase the Buyer's Unit under certain circumstances for a period of ten (10) years from the date of recordation of the Buyer's Unit Deed, provided that the Buyer has complained to the Seller about the physical condition and/or design of the Unit or the Project or any matter in connection with the Unit or the Project, and the Seller, after a good faith and diligent effort, has been unable to rectify the matter(s) complained about to Buyer's satisfaction within a reasonable period of time. The Sales Contract discloses that the Declaration contains specific terms for determining the repurchase price and specific mortgagee protection provisions, all of which are also more particularly disclosed elsewhere in the Public Report to which this Exhibit is attached.

The Sales Contract confirms that the Buyer has been given copies of certain important legal documents for the Project, including the Declaration, Bylaws, Rules and Regulations and Escrow Agreement, and that the Condominium Map has been made available to the Buyer for review, and that by the Effective Date, Buyer will have reviewed (or will be deemed to have reviewed) and approved (or will be deemed to have approved) the terms of all such documents.

The Sales Contract also provides that the rights of any construction lender with a mortgage against the Project will be superior to the rights of the Buyer under the Sales Contract.

The Sales Contract provides that prior to the Effective Date of the Sales Contract, the Seller shall have the right to change the Project and modify the Project's documents in any way, including (but not limited to) the right to change the purchase price under the Sales Contract or to terminate the Project, in which case the Buyer will be entitled to a refund of all sums paid by Buyer under the Sales Contract. The Sales Contract also provides that the Seller has the right to change the Project and the Project's documents in certain ways after the Effective Date of the Sales Contract, including changes that reduce the Project's common elements and the number of units and increase the common interest appurtenant to the Buyer's Unit, all without the Buyer's joinder or consent, and all as more particularly disclosed in the Sales Contract, in the Public Report to which this exhibit is attached, and also in Exhibits "G" and "J" attached to the Public Report.

The Sales Contract includes Seller disclosures and Buyer acknowledgments of various conditions pertaining to the Project and the sale of the Unit, including various property conditions and other conditions, all of which are more fully disclosed elsewhere in the Public Report to which this Exhibit is attached.

The Sales Contract discloses that the Declaration contains use restrictions and occupancy limits for the units, including Buyer's Unit. In particular, the Declaration provides (and the Sales Contract discloses) that the units may be occupied and used only for residential purposes, and that no two-bedroom unit may be occupied by more than six (6) persons, and no three-bedroom unit may be occupied by more than eight (8) persons.

The Sales Contract limits the Buyer's right to assign the Sales Contract and provides that the Seller may require a consent fee for any transfer. The Sales Contract also prohibits the Buyer from re-selling or re-offering the Unit for sale prior to Buyer's acquisition of title to the Unit.

The Sales Contract provides for "pre-closing." "Pre-closing" means that Escrow may set a time for the Buyer to sign all of the documents Escrow asks the Buyer to sign, including the Unit Deed and other closing documents, and the Buyer will pay the Buyer's share of the closing costs, as estimated by Escrow, even though the Buyer's Unit may not be ready for occupancy. Buyer's share of closing costs include one-half of Escrow's fee, all recording fees, real property taxes and other prorations, Buyer's notary fees, title report and title insurance fees, conveyance tax, and fees charged by a lender if the Buyer is financing the purchase of his Unit with a loan. Buyer will also be required to pay, at closing, two months estimated common expenses and an additional non-refundable, non-transferable "start-up fee" in an amount equal to two months estimated common expenses. The "start-up fee" shall become the Seller's property at closing but shall be used only for the limited and specific purposes set forth in the Sales Contract. Escrow then handles the closing, the transfer of title in accordance with the Escrow Agreement. The Unit must be conveyed to the Buyer free and clear of any blanket liens, such as mortgages covering more than one unit.

The Sales Contract also provides that the Seller may elect to close the Buyer's purchase together with several other unit purchases at the same time in a "bulk closing". In that event, Buyer shall be required to pay all sums payable under the Sales Contract (except any part of the Purchase Price that will be paid by a mortgage loan) no later than the "Bulk Closing Payment Date" as defined in the Sales Contract. By signing the Sales Contract, the Buyer acknowledges, accepts and agrees that the Bulk Closing Payment Date may be as early as sixty (60) days prior to the "Closing Date" as defined in the Sales Contract.

By signing the Sales Contract, the Buyer acknowledges that sales and construction activity at the Project by the Developer may continue after closing of the Buyer's purchase. The Buyer also acknowledges several rights reserved to the Seller as "Developer" under the Project's Declaration and the Unit Deed that will convey title to the Buyer.

The Escrow Agreement provides certain protections to Escrow in the event of a dispute between the Buyer and the Developer. These protections include the right to file an "interpleader" and the right to recover certain fees and costs. In an interpleader action the escrow deposit is given to the court to decide what action to take. The Escrow Agreement sets out escrow fees, escrow cancellation fees and the fees for certain policies of title insurance.

The Sales Contract gives notice to the Buyer that Hawaii law contains important requirements that the Buyer must follow before the Buyer may file a lawsuit or other action for defective construction against the contractor who designed or constructed the Buyer's Unit.

THIS SUMMARY IS NOT COMPLETE AND WILL NOT CONTROL IN THE EVENT OF ANY CONFLICT WITH A PROVISION IN THE SALES CONTRACT OR THE ESCROW AGREEMENT. PROSPECTIVE BUYERS ARE CAUTIONED AND ENCOURAGED TO READ CAREFULLY THE SALES CONTRACT AND ESCROW AGREEMENT.

DECLARATION OF MERGER OF CONDOMINIUM PHASES

WHEREAS, PORT ALLEN RESIDENTIAL LLC, a Hawaii limited liability company (hereinafter called the "Declarant"), is the owner in fee simple of the land described in Exhibit "A" attached hereto and made a part hereof (the "Property"); and

WHEREAS, the Declarant currently intends to develop the Property as a single condominium property regime with a total of 75 residential units, to be constructed in multiple increments; and

WHEREAS, the Declarant also intends to reserve the right to withdraw portions of the Property from the condominium property regime initially established, to further subdivide the Property if necessary, to develop one or more of the withdrawn portions of the Property as separate condominium property regimes, or to sell withdrawn portions of the Property to persons who may elect to develop such land as separate condominium property regimes; and

WHEREAS, in the event that multiple condominium property regimes are established on the Property (each such condominium property regime being hereinafter called a "phase"), the Declarant wishes to reserve the right to merge the phases subsequently, either for management and administrative purposes only, or for ownership purposes as provided herein; and

WHEREAS, to effectuate the foregoing purpose the Declarant desires to establish covenants, restrictions and easements as part of a general and incremental plan of development of the Property so that, in the event that the phases are established as separate condominium property regimes, upon completion of the development of the separate phases and the decision of

the Declarant to merge such phases, the phases so merged shall be treated for administrative purposes (and possibly for ownership purposes) as integral parts of a single merged condominium project (the "Merged Project");

NOW, THEREFORE, the Declarant hereby declares that the Property is held and shall be held, conveyed, mortgaged, encumbered, leased, rented, used, occupied and improved subject to the following limitations, restrictions, easements, covenants and conditions, all of which are declared and agreed to be in furtherance of a plan for the subdivision, improvement and sale of the Property and for the merger of phases in accordance with Section 514A-19 of the Hawaii Revised Statutes, as amended, and are established and agreed upon for the purpose of enhancing and perfecting the value, desirability and attractiveness of the Property and every part thereof. All of the limitations, covenants, easements, restrictions and conditions set forth herein shall run with the Property and shall be binding on all parties having or acquiring any right, title or interest in the Property or any part thereof, and shall inure to the benefit of and be binding upon each owner and such owner's heirs, devisees, personal representatives, successors, successors in trust and assigns.

1. Definition of Merger. Except as provided in paragraph 7 below where the definition of "merger" is expanded to include the merger of ownership interests, for the purposes hereof, "merger" shall mean and refer to the unification of the management and use of any phase with the management and use of any other phase or phases in accordance with the provisions hereof. Merger may occur with respect to any two or more phases at the same or at different times, and merger with respect to any two of such phases shall not affect the right of the Declarant to merge separately or together the other phases at a later date, subject to all of the terms, covenants and conditions herein contained.

2. Merger. The Declarant shall have the absolute right, notwithstanding the lease, sale or conveyance of any or all of the units in any of the phases being merged, and without being required to obtain the consent or joinder of any unit owner, lien holder or other persons, to effect any merger in accordance with the provisions hereof, and to execute and file the below-described certificate and any and all other instruments necessary or appropriate for the purpose of effecting the merger of phases as contemplated hereby. Except with respect to merger in accordance with the provisions of paragraph 7 below, where additional amendments must be recorded, merger shall take effect upon completion of all of the following:

(a) Declaration and Condominium Map. The Declarant shall have recorded with respect to each phase to be merged a Declaration of Condominium Property Regime and Condominium Map. Each such Declaration of Condominium Property Regime, other than the Declaration of Condominium Property Regime being recorded concurrently herewith, shall be in form substantially similar to the Declaration of Condominium Property Regime being recorded concurrently herewith (with modifications for the physical description of the phase, the units and common elements, and the percentage of common interest appurtenant to units therein).

(b) Development. The units and common elements described in the respective Declarations of Condominium Property Regime for the phases to be merged shall have been constructed and a Certificate of Substantial Completion issued therefor.

(c) **Certificate of Compliance.** The Declarant shall have recorded in the Bureau of Conveyances a certificate stating that the requirements of subparagraphs 2(a) and 2(b) hereof have been satisfied, that merger of the phases has become effective, and that the merger has not resulted in a breach of any of the conditions set out in paragraph 3 hereof.

3. **Limitations on Merger.** All mergers shall take place prior to the twentieth (20th) anniversary date hereof (the "Expiration Date"), and no merger shall take place after the Expiration Date unless and until approved by the vote or written consent of unit owners owning not less than sixty-five percent (65%) of the total common interest of the phases to be merged.

4. **Effect of Merger.** From and after the effective date of a merger in accordance with the provisions of paragraph 2 hereof, the following consequences shall ensue:

(a) **Use of Common Elements.** Each unit in the Merged Project shall have appurtenant thereto nonexclusive easements and rights to use the common elements in each of the merged phases to the same extent as, and subject to the same limitations as are imposed upon, units in each of such phases as though the merged phases had been developed as a single project.

(b) **Common Expenses.** The merged phases will each bear a share of the total common expenses of the Merged Project, as the term "common expenses" is defined in the respective Declarations of Condominium Property Regime for the merged phases, treating all merged phases as one project for this purpose. The share for each phase shall be a fraction, the numerator of which shall be the aggregate net living area (exclusive of garages and lanais, if any, and whether or not the same are considered to be part of the units) in such phase, and the denominator of which shall be the aggregate net living area (exclusive of garages and lanais, if any, and whether or not the same are considered to be part of the units) of all of the units in the Merged Project. Each unit's share of the common expenses of the Merged Project shall be the product of the common interest appurtenant to the unit multiplied by the share of the common expenses allocated to the phase in which said unit is located.

(c) **Accumulated Funds.** Any long-term funds accumulated for the purpose of major repairs and replacements in any pre-existing phase or phases prior to the merger of phases shall remain intact in a separate account for such pre-existing phase or phases, or shall be isolated and identified as pertaining only to the pre-existing phase or phases, and shall be expended solely for the contemplated purposes before funds from any other source are so expended, and the interest in such funds of each unit owner in that phase or in those phases shall be equal to his share of the vote prior to merger, and such interest shall not be separated from the unit to which it appertains, and shall be deemed to be conveyed with such unit even though not expressly mentioned or described in the instrument of conveyance. Other reserve funds shall be consolidated and maintained as a single fund for the Merged Project; and if necessary so that the interest in such other reserve funds attributable to each unit in the Merged Project shall be equal to that unit's share of the vote in the Merged Project, the Board shall make adjustments to the account of each unit owner by (i) refund in whole or in part; and/or (ii) credit in whole or in part against future assessments; and/or (iii) special assessments or series of assessments; and/or (iv)

any other means consistent with generally accepted accounting principles; provided, however, that the Board shall make such adjustments without charging any unit owner a special assessment for reserves in any one month which exceeds more than twenty percent (20%) of the monthly assessment for other common expenses, after excluding any assessment for reserves. Except as provided above, there shall be only one common fund for the Merged Project.

(d) **Association of Unit Owners/Managing Agent.** The Association of Unit Owners provided for in each phase shall be merged into a single Association governing the entire Merged Project. There shall be only one Managing Agent.

(e) **Voting.** Each of the merged phases shall have the same share of the total votes of the Merged Project as the share set forth above for the sharing of common expenses. Thus, each unit owner's total vote will be the product of the common interest appurtenant to his unit multiplied by the fractional share of the common expenses allocated to the phase in which said unit is located.

(f) **Election of Board.** Within sixty (60) days following any merger of phases a special meeting of the Association of Unit Owners of the Merged Project shall be called to elect a new Board of Directors to replace any existing Board of Directors and to govern the Merged Project. The procedure for calling and holding such meeting and all other meetings of such Association shall be the procedure for calling and holding special meetings of the Association of Unit Owners set forth in the applicable Bylaws of the Association of Unit Owners.

Notwithstanding anything provided to the contrary in the Bylaws of any of the phases, the Board of Directors of the Association of Unit Owners of the Merged Project shall consist of at least nine members unless unit owners having not less than sixty-five percent (65%) of the total vote in the Merged Project vote by mail ballot, or at an annual or special meeting of the Association, to reduce the minimum number of directors. In the event that nine directors are required, the term of office of the three (3) members of the Board receiving the greatest number of votes shall be fixed at three (3) years, the term of office of the three (3) members of the Board receiving the next greatest numbers of votes shall be fixed at two (2) years, and the term of office of the three (3) members of the Board receiving the next greatest numbers of votes shall be fixed at one (1) year. After the expiration of the term of office of each of the initial members, each successor member of the Board shall be elected to serve for a term of three (3) years. Each member of the Board shall continue to exercise the powers and duties of the office until his successor shall have been elected by the unit owners.

(g) **Interpretation.** For the purpose of administration and use of the Merged Project, the phases after merger shall be treated as part of a single project developed as a whole from the beginning; and for such purpose the applicable Declarations of Condominium Property Regime and Bylaws thereafter shall be construed as one document applicable to the entire Merged Project, provided that in the event of any conflict between such instruments, the Declaration and Bylaws recorded simultaneously herewith shall control. From and after the date of any merger, all of the phases so merged shall be treated for purposes of administration, use and sharing of common expenses as though they had been developed as a single project.

(h) **Ownership.** Except as otherwise provided herein, the merger shall affect the administration and use of the phases and the sharing of common expenses only, and shall not affect the ownership of units and common elements in the respective phases. Except as otherwise provided herein, each unit owner owning a unit in a particular phase shall not own any part of another phase unless said unit owner shall also own a unit in that other phase.

5. **Amendment.** Any amendment to this Declaration of Merger shall require the consent of the Declarant and the approval of unit owners (other than the Declarant) in each phase that is subject to this Declaration of Merger who own at least 65 % of the common interest not owned by Declarant in that phase.

6. **Declarant's Right to Deal with Phases Prior to Merger.** Nothing in this Declaration of Merger shall be construed to require the Declarant (or any subsequent owner of any part of the Property) to develop any phase or merge any phase, once developed, with any other phase or to prohibit the Declarant (or any subsequent owner of any part of the Property) from dealing freely with any phase not merged into the Merged Project, including, without limitation, developing the whole or any part of such phase for a purpose inconsistent with a merger of such phase into the Merged Project.

7. **Merger of Ownership Interests.** The provisions of this paragraph shall only apply in the event that Declarant shall elect to merge ownership of the phases in addition to effecting the administrative merger of phases. The filing of the below-described amendments to effect the merger of ownership interests shall be conclusive evidence that Declarant has elected to merge ownership of the phases. In the event that Declarant shall elect to merge ownership of the phases, the provisions of this paragraph shall control in any event of conflict with the other provisions hereof. Notwithstanding anything herein provided to the contrary, "merger" for purposes of this paragraph shall mean and refer to, in addition to any other definition provided herein, the allocation of ownership interests in one phase to unit owners in another phase and vice versa. Each such merger shall take effect upon the filing in the Bureau of Conveyances of the State of Hawaii of the certificate of compliance referred to above plus an amendment to the respective Declarations of Condominium Property Regime of the phases being merged merging the projects and setting forth at least the undivided percentage interest appurtenant to each unit in the merged projects, and such other matters as the Declarant deems necessary or appropriate.

Each unit in the Merged Project shall have appurtenant thereto an undivided percentage interest in the common elements of all of the merged phases in the same proportion that such unit's net living area (exclusive of garages and lanais, if any, and whether or not the same are considered to be part of the units) bears to the total aggregate net living area (exclusive of garages and lanais, if any, and whether or not the same are considered to be part of the units) of all of the units in the Merged Project, as shown on the Condominium Map or Maps and/or as set forth in the respective Declarations of Condominium Property Regime for the phases. The percentage interest appurtenant to each unit shall be calculated and rounded off in such a manner that each percentage interest will be reflected as a number having no more than five digits following the decimal point. Adjustments to the common interest for each unit may be made in Declarant's discretion in order that the total common interest equals 100%.

Notwithstanding anything herein provided to the contrary, each unit's undivided percentage interest, upon merger and when calculated in accordance with the provisions of this paragraph, shall constitute such unit's proportionate share in the common elements, profits and common expenses of the Merged Project, and such unit's proportionate representation for all other purposes, including voting in the Merged Project; provided, however, that the unit in any new phase being merged into an existing and completed phase shall not be assessed nor shall it have any obligation with respect to debts or obligations for such completed phase incurred prior to the issuance of a temporary or permanent certificate of occupancy for that unit in the new phase. Upon the filing of any such certificate and amendment, the deeds for the units of the Merged Project which have been recorded in the Bureau of Conveyances shall be deemed automatically amended to reflect the newly assigned undivided percentage interest appurtenant to the respective units.

Declarant shall have the absolute right, notwithstanding the lease, sale or conveyance of any or all of the units in any of the phases being merged, and without being required to obtain the consent or joinder of any unit owner, lien holder or other persons, to effect a merger in accordance with the provisions hereof, and to execute and record the above-described amendments and any and all other instruments necessary or appropriate for the purpose of effecting the merger of phases as contemplated hereby. Any such action shall be deemed taken by Declarant as the true and lawful attorney-in-fact of the respective unit owners. Each and every party acquiring an interest in the property, by such acquisition, consents to all such mergers of phases and to the filing or recording of such documents as may be necessary to effect the same; agrees to execute such documents and do such other things as may be necessary or convenient to effect the same, and appoints the Declarant and its assigns as his, her or its attorney-in-fact with full power of substitution to execute such documents and to do such things on his, her or its behalf, which grant of such power, being coupled with an interest, is irrevocable for the term of said reserved rights and shall not be affected by the disability of any such party.

The Declarant may transfer its rights under this Declaration of Merger, in whole or in part, to any person who subsequently acquires all or a portion of the Property. Such rights shall be transferred by express reference and assignment in the instrument conveying title to all or a portion of the Property to such person. No deed or lease of a unit or units in any phase shall transfer any of the Declarant's rights under this Declaration of Merger unless the deed or lease expressly refers to and assigns said rights. Absent an express assignment of such rights, each deed or lease or other transfer of a unit or units in any phase shall only transfer title to such unit or units, the common interest in the common elements appurtenant to such unit or units, and the rights (and obligations) of a unit owner as set forth in such phase's Declaration of Condominium Property Regime, Bylaws and in Chapter 514A of the Hawaii Revised Statutes, as amended. Once all or a portion of the Declarant's rights are transferred to a successor in interest of the Declarant, the transferee may have and exercise all of the rights of the Declarant under this Declaration of Merger to the extent transferred, but only to such extent.

DEVELOPER'S RESERVED REPURCHASE RIGHTS

Section 24 of the Declaration provides as follows:

24. **Developer's Repurchase Rights.** The Developer hereby reserves the right to repurchase an Apartment from an Apartment Owner for a period of ten (10) years from the date of recordation of the Deed conveying the Apartment to the Owner, provided, however, that the Developer may exercise this right *if and only if* the Owner of the Apartment shall have made a complaint to the Developer about the physical condition and/or design of the Apartment or the Project and the Developer, after a good faith and diligent effort, shall be unable to rectify the matters complained about to the Apartment Owner's satisfaction within a reasonable period of time, as determined by the Developer in its sole discretion. The exercise of the Developer's repurchase rights shall be subject to the following terms and conditions:

24.1 **Notice.** Developer shall give the Apartment Owner and the Owner's mortgagee (if any) written notice of the Developer's election to exercise its right to repurchase the Owner's Apartment.

24.2 **Closing.** The closing of the purchase shall be no earlier than one (1) month nor later than six (6) months from the date of delivery of Developer's written notice of its election to exercise its repurchase right. Closing costs shall be apportioned between the Apartment Owner and the Developer in accordance with customary practice in the State of Hawaii.

24.3 **Purchase Price.** The purchase price for the Apartment shall be a price equal to the aggregate of (i) the price (the "Price") at which the Apartment Owner purchased the Apartment, (ii) the actual cost of any improvements added by the Owner to the Apartment, and (iii) three percent (3%) per annum simple interest on the portion of the Price the Owner paid in cash from time to time for the Apartment, computed from the date such amount was paid until the date that title to the Apartment is transferred to the Developer. The purchase price for the Apartment shall be paid in cash at closing.

24.4 **Appliances and Fixtures.** All appliances and fixtures originally sold with the Apartment (or their replacements) shall remain in the Apartment at the date of closing and shall be part of the property purchased by the Developer.

24.5 **Successors and Assigns.** Except as otherwise provided herein, the Developer's repurchase rights shall be binding upon each and every Apartment Owner and such Owner's heirs, personal representatives, successors and assigns. The Developer's repurchase rights shall automatically transfer to and inure to the benefit of any person or entity who expressly acquires all of the rights and interests of the Developer under this Declaration.

24.6 **Mortgagee Protection.** The Developer's right to repurchase an Apartment shall be subordinate to the interest of any mortgagee of record of the Apartment. The Developer shall not exercise its right to repurchase an Apartment if prior to or within sixty (60)

days of giving notice to the Apartment Owner and the Owner's mortgagee of the Developer's intent to exercise its repurchase right, the mortgagee has commenced a foreclosure action against the Apartment. Notwithstanding the formula for calculating the purchase price set forth in subsection 24.3 above, if the Apartment to be repurchased is subject to a purchase money mortgage, the purchase price shall, at a minimum, be sufficient to enable the Apartment Owner to repay such purchase money mortgage at closing. The Developer's right to repurchase an Apartment shall be automatically extinguished upon any transfer of title to the Apartment to a mortgage holder or other party pursuant to a mortgage foreclosure, foreclosure under power of sale, or a conveyance in lieu of foreclosure after a foreclosure action is commenced, or when a mortgage is assigned to a federal housing agency. A mortgagee under a mortgage covering any interest in an Apartment prior to commencing mortgage foreclosure proceedings may notify the Developer in writing of (i) any default of the mortgagor under the mortgage within ninety (90) days after the occurrence of such default, and (ii) any intention of the mortgagee to foreclose the mortgage; provided that the mortgagee's failure to provide such written notice to the Developer shall not affect the mortgagee's rights under the mortgage.
