General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

- A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

Proposed
 Recorded - Bureau of Conveyances: Document No. 2004-231151
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

Proposed
 Recorded - Bureau of Conveyances: Document No. 2004-231152
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed Adopted Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents**

Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u> X </u>	<u> </u>	<u> </u>
Structures	<u> </u>	<u> X* </u>	<u> </u>
Lot	<u> X </u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

* See page 20.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit C .

as follows:

2. **Limited Common Elements:** Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit D .

as follows:

NOTE: Reference to said Exhibit "D" to "Dwelling Areas" does not mean legally subdivided lots.

3. **Common Interest:** Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____.

as follows:

Unit 3714	-	50%
Unit 3716	-	50%

E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit E describes the encumbrances against the title contained in the title report dated November 22, 2004 and issued by Hawaii Escrow and Title, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[x] There are no blanket liens affecting title to the individual apartments.

[] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
---------------------	--

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:

Developer is giving no warranties to Purchaser on the materials and workmanship of the Units.

2. Appliances:

LEAD WARNING STATEMENT

Pursuant to federal law, 42, U.S.C 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase." Note, that both Units were built prior to 1978.

HAZARDOUS MATERIALS

The Developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The developer will not correct any defects in the apartments or in the Project or anything installed or contained therein and Buyer expressly releases the developer from any liability to Buyer if any hazardous materials are discovered.

NONCONFORMING UNITS

Prospective purchasers are advised that the dwelling units are considered nonconforming under the City and County of Honolulu Land Use Ordinance (LUO). Under the LUO, if a nonconforming dwelling unit is destroyed to the extent of more than 50% of its replacement cost, it cannot be reconstructed. Prospective purchasers are advised to read the following provisions contained in the Declaration addressing the nonconforming dwellings and to consult with their attorney.

(a) **Background**. The two dwelling units in the Project are considered to be "nonconforming dwelling units" as defined in the City and County of Honolulu Land Use Ordinance ("LUO"). This occurs since the land area of the Project is 8,966 square feet, and the LUO requires that in order for two dwelling units on less than 10,000 square feet of land to conform within a R-5 zoned area, that the two dwelling units must be "detached dwelling units," which term is defined under LUO as being dwelling units which are attached by a carport, garage or solid wall without openings which shall not be less than 15 feet or 50% of the longer dwelling ("LUO Requirement"). The Project presently fails to meet the LUO Requirement, and because of the topography of the Land, it would be difficult to meet with the conditions of being considered "detached dwelling units".

Section 21-4,110(d) of LUO provides "that if ... a nonconforming dwelling unit is destroyed by any means to an extent of more than 50% of its replacement costs at the time of destruction, it shall not be reconstructed."

(b) **Mitigation of Risks**. In order to mitigate the risk described in (a), the following provisions shall apply:

(i) At the request of either Owner (which may be made at any time including after substantial damage to a Unit,) each of the Unit Owners may seek a variance from the LUO Requirement or seek such other permit and to take such actions in connection therewith so as to make the Units conform or otherwise to mitigate the risks arising from the LUO

Requirement. In connection with seeking such variance or other type of permit, the Owners shall cooperate with each other and shall equally share in the costs relating thereto.

(ii) Each Unit Owner ("Acting Owner") shall have the right at any time and from time to time (including after substantial damage to the Acting Owner's Unit) to make changes to his Unit to the effect that his Unit or common carport will be physically attached in some manner to the Unit of the other Unit Owner ("Non-Acting Owner") so as to meet the LUO Requirement.

In connection therewith, the Acting Owner shall have a nonexclusive easement to enter at reasonable times and upon reasonable advance notice (except in an emergency) upon the Dwelling Area appurtenant to the Non-Acting Owner's Unit and in or within the Unit itself for the purpose of making such improvements (and repair, maintenance and replacement thereafter) so that the two Units will be considered thereafter to be "detached dwelling units" and thereby conform with the LUO Requirement; provided that use of the easement and right to such repair or renovation shall be done in such a manner as to not to unreasonably interfere with the use and enjoyment (other than on a temporary basis) by such Non-acting Owner of his Unit. All costs associated with the changes permitted under this subparagraph (ii) if done jointly and with mutual consent shall be shared as a common expense, or if not done jointly and without mutual consent, shall be at the sole cost and expense of the Acting Owner. (See Declaration, Section 7.6)

SHARED SEPTIC SYSTEM.

The sales contract (Par. 17) provides that the Project is presently serviced by a shared cesspool which is located on a portion of Dwelling Area 3714. The portion of Dwelling Area 3714 on which the cesspool or replacement therefor (the "System" or "Septic System") is now or hereafter located (together with reasonable rights of access to and from the System) shall constitute a common element available for use as a private septic system. Costs and expenses relating to the Septic System (including any replacement therefor) shall be treated as a common expense to be shared equally by each Unit Owner.

If a material change is proposed to be made to a Unit, the State Department of Health may require that as a condition to allowing such change, that the Owner wishing to make such change may be required to expand or replace the System ("upgrade of the System.")

Unless both Unit Owners agree to share in the upgrade of the System, then the Unit Owner who desires to make the change to his Unit ("Expanding Owner") may do so at his own cost and expense, subject to later reimbursement by the Non-Expanding Owner if the Non-Expanding Owner wishes to make changes to his Unit, which would have required upgrading the System.

In the event that on account of the existing septic system, the Condominium Project is limited by the Department of Health to only five(5) bedrooms, then Unit 3714 shall be permitted to have two bedrooms, and Unit 3716 shall be permitted to have three bedrooms.

- D. The developer declares subject to the penalties set forth in section 514A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Act 251 (SHL 2000) [Section 514A-1.6] (The developer is required to make this declaration for issuance of an effective date for a final public report.)
- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

EXHIBIT "A"

DEVELOPER'S RESERVED RIGHTS

The Developer (Declarant) has reserved the following rights to change the Declaration, Condominium Map, By-Laws or House Rules:

Paragraph 20 of the Declaration states:

"20.1 Amendments Generally. Except as otherwise expressly provided herein or in the Act, this Declaration and the Condominium Map may be amended only by the affirmative vote or written consent of all of the Apartment Owners, evidenced by an instrument in writing, signed and acknowledged by each of them, which amendment shall be effective upon recordation in the Recording Office; provided, however, that notwithstanding the foregoing provision, at any time prior to the first recording of a conveyance or transfer (other than for security) of an Apartment and its appurtenances to a party not a signatory, hereto, the Declarant may amend this Declaration (including all exhibits), the Condominium Map and the Bylaws in any manner, without the consent or joinder of any Apartment purchaser or any other party. Notwithstanding the lease, sale or conveyance of any of the Apartments, Declarant may amend this Declaration (and when applicable, any exhibits to this Declaration and the Condominium Map) to file the "as-built" verified statement required by Section 514A- 12 of the Act (i) so long as such statement is merely a verified statement of a registered architect or professional engineer certifying that the final plans thereto filed fully and accurately depict the layout, location, Apartment numbers, and the dimensions of the Apartments as built, or (ii) so long as the plans filed therewith involve only minor changes to the layout, location, or dimensions of the Apartments as built or any change in the Apartment number.

20.2 Amendments Required by Law, Lenders, Title Insurers, Etc. Any other provision of this Declaration notwithstanding, for so long as the Declarant retains any interest in an Apartment in the Project, the Declarant shall have the right (but not the obligation) to amend this Declaration and the Bylaws (and the Condominium Map, if appropriate) without the consent or joinder of any Apartment Owner, lienholder or other person or entity, for the purpose of meeting any requirement imposed by (i) any applicable law, (ii) the Real Estate Commission of the State of Hawaii, (iii) any title insurance company issuing a title insurance policy on the Project or any of the Apartments, (iv) any institutional lender lending funds on the security of the Project or any of the Apartments, or (v) any other governmental or quasi-governmental agency including, without limitation, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the U.S. Department of Housing and Urban Development or the Veterans Administration; provided, however, that no amendment which would change the common interest appurtenant to an Apartment or substantially change the design, location or size of an Apartment shall be made without the consent of all persons having an interest in such Apartment. Each and every party acquiring an interest in the Project, by such acquisition, consents to the amendments described in this Paragraph 20.2 and agrees to execute and deliver such documents and instruments and do such other things as may be necessary or convenient to effect the same, and appoints Declarant and its assigns as his or her attorney-in-fact with full power of substitution to execute and deliver such documents and instruments and to do such things on his or her behalf, which grant of such power, being coupled with an, interest, is irrevocable for the duration of such reserved rights, and shall not be affected by the disability of such party or parties.

20.3 Mortgagee Approval. Any other provision of this Declaration notwithstanding, the approval of eligible holders of first mortgages (as defined below) on Apartments to which at least fifty-one percent (51%) of the votes of Units subject to mortgages held by such eligible holders are allocated shall be required to materially amend any provision herein, or to add any material provisions hereto, which establish, provide for, govern or regulate any of the following: (a) voting; (b) assessments, assessment liens or subordination of such liens; (c) reserves for maintenance, repair and replacement of the common elements; (d) insurance or fidelity bonds; (e) right to use of the common elements; (f) responsibility for maintenance and repair of the several portions of the Project; (g) expansion or contraction of the Project or the addition, annexation or withdrawal of property to or from the Project; (h) boundaries of any Unit (except where the amendment merely reflects that a Unit has been constructed according to alternate plans shown on the Condominium Map); (i) the interests in the common elements or limited common elements; (j) convertibility of Units into common elements or of common elements into Units; (k) leasing of Units; (l) imposition of any right of first refusal or similar restriction on the right of a Unit Owner to sell, transfer, or otherwise convey his Unit; (m) establishment of self-management of the Project by the Association where professional management has been required by any agency or corporation which has an interest or prospective interest in the Project; and (n) any provision that expressly benefits holders, insurers, or guarantors of first mortgages on apartments in the Project. To qualify as an "eligible holder of a first mortgage", a holder, insurer or guarantor of a first mortgage on a Unit in the Project must have made a written request to the Association for timely written notice of proposed amendments to the condominium instruments. The request must state the name and address of the holder, insurer or guarantor and the number of the Unit covered by the mortgage. In the event that an eligible holder of a first mortgage fails to appear at a meeting of the Association at which amendments of a material nature to this Declaration are proposed and

considered, or fails to file a written response with the Association within thirty (30) days after it receives proper notice of the proposed amendment, delivered by certified or registered mail, with a "return receipt" requested, then and in any such event such amendments shall conclusively be deemed approved by such eligible holder of a first mortgage.

In addition to the foregoing, no amendment to this Declaration which would allow any action to terminate the condominium property regime created hereby for reasons other than substantial destruction or condemnation shall be made without the prior written approval of not less than sixty-seven percent (67%) of the eligible holders of first mortgages.

20.4 Notwithstanding the foregoing, an Owner shall have the right without the consent or joinder of any other person to amend this Declaration and the Condominium Map to reflect the changes made to his Unit in accordance with Paragraph 19.1 of this Declaration. Promptly upon completion of such changes, the Unit Owner shall duly record with the Recording Office an amendment to his Declaration and to the Condominium Map, together with a complete set of the floor plans of the Project as so altered, certified as build by a registered architect or professional engineer. All existing Unit Owners and all future Unit Owners and their mortgagees, by accepting an interest in a Unit, shall be deemed to have given each Unit Owner a Power of Attorney to execute an amendment to the Declaration solely for the purpose of describing the changes to his respective Unit on the Declaration so that each Unit Owner shall hereafter have a Power of Attorney from all the other Unit Owners to execute such amendment to the Declaration. This Power of Attorney shall be deemed coupled with each Owner's interest in his Unit (including its appurtenant common interest) and shall be irrevocable.

20.5 Restatement. Any other provision of this Declaration notwithstanding, the Board, upon resolution duly adopted, shall have the authority as set forth in the Act to restate this Declaration from time to time to set forth any prior amendments hereto, or to amend this Declaration as required to conform with the provisions of the Act or any other statute, ordinance, rule or regulation enacted by any governmental authority."

EXHIBIT "B"

PERMITTED ALTERATIONS TO APARTMENTS.

Paragraph 19 of the Declaration states:

"19.1. Changes to Units. Notwithstanding anything to the contrary contained in this Declaration, a Unit Owner, with the consent by the holder of any mortgage affecting the Owner's Unit (if required by such mortgage), shall have the right at his sole option at any time and from time to time without the consent of any other person, to improve, renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to or in his Unit or portions thereof or to make or build improvements upon the Dwelling Area appurtenant to his Unit (collectively, the foregoing are referred to "changes") subject to the following conditions:

- (i) All changes shall conform with applicable City and County building, zoning laws and ordinances, subject to the provisions, however, of Paragraph 7.6 of the Declaration;
- (ii) All changes to a Unit must be made within the Dwelling Area to which the Unit is appurtenant, provided that a change to either Unit may be made by a Unit Owner outside such Dwelling Area, in accordance with Paragraph 7.6 of the Declaration.
- (iii) No change to a Unit will be made if the effect of such change would be to exceed the Unit's proportionate share of the allowable floor area or Lot area coverage for the Land, or number of dwelling units, as allowed and defined by the LUO in effect when the change is to be made. The "proportionate share" for each Unit shall be the same as its common interest in the Land.
- (iv) All such changes shall be at the expense of the Owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere with the other Owner's use of his Unit or its appurtenant Dwelling Area.
- (v) During the course of any construction, the Dwelling Owner making such change will cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. The Association shall be named as an additional insured and, upon the request of the Association, evidence of such insurance shall be deposited with the Association or its Managing Agent, if any;
- (vi) The Owner of the changed Unit shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Unit affected by such change for electricity, sewer and other utilities and services and when applicable, to add, delete, relocate, realign, designate and grant easement and rights-of-way over, under and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by the other Owner;
- (vii) If the consent to the change or joinder of another Owner is required by the Act, then each Owner hereby consents in advance to such change.
- (viii) Each and every conveyance, lease and mortgage or other lien made or created on any Unit and all common interests and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a Dwelling Area shall reserve to each Owner the rights set forth in this paragraph.

19.2 Changes to Other Than Units. Except as to changes to a Unit or Project which are governed by Paragraph 19.1, all other changes to the Project different in any material respect from the Condominium Map of the Project, shall be undertaken by the Association of Unit Owners only pursuant to an amendment of this Declaration, duly executed by or pursuant to vote of all the Unit Owners and accompanied by the written consent of the holders of all liens affecting any of the Units, and in accordance with complete plans and specifications therefor first approved in writing by the Board, and promptly upon completion of such restoration, replacement or construction, the Association shall duly file such amendment in said Office, together with a complete set of the floor plans of the Project as so altered, certified as built by a registered architect or professional engineer."

6. No Present Transfer and Subordination to Construction Loan.

(a) The Sales Contract may be subject to existing blanket loans, and any security interest now or hereafter obtained by a lender of Seller is or will be prior and senior to any rights of the Buyer arising under the Sales Contract. This obligation to subordinate the purchaser's right under the Sales Contract to loans now or hereafter made by the Seller is set forth in Paragraph 4 of the Special Provisions.

(b) Seller may also assign by way of security all of its interest in the Sales Contract, as collateral for the repayment of the loan and if the Lender acquires the Seller's interest in the Sales Contract, then the Buyer is obligated to perform the Sales Contract, and to attorn to and recognize the Lender as the seller under the Sales Contract.

(c) Notwithstanding that the Sales Contract may be subordinate to a blanket lien, if the Buyer performs his obligations under the Sales Contract, then Seller is required to convey the Apartment to Buyer at closing free and clear of any blanket lien.

If Buyer so cancels, Buyer will be entitled to receive refund of any deposits, less any escrow cancellation fees and other costs up to \$250. If Buyer does not act within the thirty (30) day period, or if the Apartment is conveyed to the

Buyer, Buyer will be deemed to have executed the receipt for the Final Public Report and to have waived his right to cancel (paragraphs 6.1 and 6.3 of the Special Provisions).

b. The Buyer may cancel his purchase if there is a material change in the Project which directly, substantially and adversely affects the use or value of the Buyer's Apartment or the amenities available for the Buyer's use (paragraph 7(a) of the Special Provisions).

c. Buyer fails to qualify for permanent financing if Paragraph C-24 of the DROA has been selected.

9. Paragraph 10 of the Special Provisions provides that the Buyer acknowledges that he or she has examined (and agrees to be bound) by the following:

- (a) The Condominium Map (including floor plans, exterior elevations and site map for the Project;)

11. Paragraph 17 of the Special Provisions contains provisions relating to the cesspool septic system that is shared by both of the Units. It provides generally that that the Project is presently serviced by a shared cesspool which is located on a portion of Dwelling Area 3714. The portion of Dwelling Area 3714 on which the cesspool or replacement therefor (the "System" or "Septic System") is now or hereafter located (together with reasonable rights of access to and from the System) shall constitute a common element available for use as a private septic system. Costs and expenses relating to the Septic System (including any replacement therefor) shall be treated as a common expense to be shared equally by each Unit Owner.

If a material change is proposed to be made to a Unit, the State Department of Health may require that as a condition to allowing such change, that the Owner wishing to make such change may be required to expand or replace the System ("upgrade of the System.")

Unless both Unit Owners agree to share in the upgrade of the System, then the Unit Owner who desires to make the change to his Unit ("Expanding Owner") may do so at his own cost and expense, subject to later reimbursement by the Non-Expanding Owner if the Non-Expanding Owner wishes to make changes to his Unit, which would have required upgrading the System.

In the event that on account of the existing septic system, the Condominium Project is limited by the Department of Health to only five(5) bedrooms, then Unit 3714 shall be permitted to have two bedrooms, and Unit 3716 shall be permitted to have three bedrooms.

The Summary contained in this Exhibit is merely a summary and is not intended to be a substitute for the Buyer's careful review of the Sales Contract.

Dear Mr. Grad:

Subject: Condominium Conversion Project
3714 Crater Road
Tax Map Key: 3-2-34: 08

This is in response to your letter dated June 15, 2004 requesting verification that the structures on the above-mentioned property met all applicable code requirements at the time of construction.

Investigation revealed that the two one-story single-family detached dwellings with four all-weather-surface off-street parking spaces met all applicable code requirements when they were constructed in 1938 on this 8,966-square foot R-5 Residential District zoned lot.

For your information the two one-family detached dwellings are considered nonconforming dwelling units. The present zoning code does not allow two one-family detached dwellings on an 8,966-square foot R-5 Residential District zoned lot. If any nonconforming dwelling unit is destroyed by any means to an extent of more than 50 percent of its replacement cost at the time of destruction, it shall not be reconstructed.

There is an active building permit (B.P. #567488) for addition and alterations.

No variances or special permits were granted to allow deviations from any applicable codes.

For your information, the Department of Planning and Permitting cannot determine all nonconforming uses or structures as a result of the adoption or amendment of any ordinances or codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create separate lots of record for subdivision and zoning purposes.

If you have any questions regarding this matter, please contact Mr. Ivan Matsumoto of our Commercial & Multi-family Code Enforcement Branch at 527-6341.

Sincerely yours,

ERIC G. CRISPIN, AIA

FROM: EDWARD A. RESH
Licensed Professional Architect No. 3239

DATE: November 3, 2004

I made a limited visual inspection of the structures and plumbing and electrical systems of the 3714 and 3716 CRATER ROAD condominium project.

From discussions with the Developer and Owner and from my own observations during this inspection, the Units appear to have been built more than 25 years or more ago. My observations resulting from my inspection are:

1. Subject to normal wear and tear commensurate with its age, each of the buildings appear to be in fair to good structural condition consistent with their age.

2. Subject also to normal wear and tear, the electrical and plumbing systems are operable and in fair working order consistent with their age.

My inspection was limited and did not include by way of example the condition of the soils or roofing or evidence of termite or other pests on the Project.

I have been informed that the Developer will be disclaiming any warranties relating to the construction, materials, design or workmanship of the Units, soils or the common elements of the Project, except that the Developer will be transferring the appliances and the electrical and plumbing fixtures in normal working condition consistent with their age.

Accordingly my visual inspection should not be a substitute for a more complete inspection by a prospective buyer of a Unit. A prospective Buyer is urged to understand the importance of making his own investigation or having an investigation made by trained professionals of the Unit and the Project.

Very truly yours,

EDWARD A. RESH
