General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved-for-the exclusive use -of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements. Limited Common Elements. Common Interest:

- A. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>

SUMMARY OF ESCROW AGREEMENT

An escrow agreement (hereinafter called the "Escrow Agreement") detailing the manner in which purchasers' funds are to be handled, has been executed and a copy thereof has been filed with the Commission. The Escrow Agent is FIRST HAWAII TITLE CORPORATION, a Hawaii corporation (hereinafter referred to as "Escrow"). The escrow agreement, among other things, contains the following provisions:

Sales Contracts Deposited in Escrow. As of when Developer shall enter into a sales contract for the sale of a unit it shall deliver an executed copy of such sales contract to Escrow. Each sales contract shall contain the correct names and addresses of the purchasers, shall require that all payments to be made thereunder shall be made to Escrow and shall be accompanied by the initial deposit required thereunder.

Receipt of Funds by Escrow. Developer shall pay over to Escrow any monies received by Developer from purchasers under sales contracts covering units in the Project, including all disbursements made on loan commitments, if any, from lending institutions to individual purchasers. Escrow shall receive and hold in escrow and disburse as herein set forth; (a) all payments received by Escrow under sales contracts made by Developer; (b) all sums received by Escrow hereunder from Developer; (c) all funds from any lending institution pursuant to a mortgage loan for the purchase of any unit by individual purchasers; and (d) all sums received by Escrow from any other source on account of this Project. In accordance with written instructions from Developer which are acceptable to Escrow, Escrow shall deposit all funds so received within a reasonable time of their receipt by Escrow and in reasonably convenient sums, in accounts at a federally insured bank, savings and loan association or other financial institution which pays interest on deposits; provided, however, if Escrow is instructed to make such deposits more frequently than once each calendar week, Developer shall pay to Escrow a reasonable service charge for each additional deposit made during such week. Any interest earned on funds deposited in escrow under this Agreement shall accrue to the credit of the Developer. Escrow shall not be liable to either Developer or any purchaser for loss or diminution in funds invested in accordance with such instructions.

Conditions to be Met Prior to Disbursement. No disbursements of funds held in escrow shall be made unless and until the following conditions have been fulfilled:

(a) The Real Estate Commission shall have issued a Final Report on the Project; provided, however, to the extent any sales contracts are entered into and a purchaser's funds are obtained prior to the issuance of a Final Public Report of the Real Estate Commission, no disbursements shall be made from such purchaser's funds until (i) such Final Public Report shall have been issued; and (ii) the purchaser shall have been given a copy of said Final Report and shall have acknowledged receipt of same or shall have been deemed to have acknowledged receipt of same; and

(b) The Developer or Developer's attorney shall have delivered a written opinion to Escrow stating that the requirements of Sections 514A-39, 514A-62, and 514A-63, Hawaii Revised Statutes, as amended, have been met; and, if the project is a conversion project, that requirements of Section 521-38, Hawaii Revised Statutes, as amended, have been complied with; and

(c) The Developer shall have given Escrow a written waiver of any option reserved in any sales contract to cancel such sales contract.

Disbursement of Purchaser's Funds. Subject to the provisions of the preceding paragraph, disbursements from the funds held in escrow shall be made not more than once each month on one check by Escrow, without charge, if requested in writing by Developer, to Developer, to Developer's general contractor or Developer's mortgagee for the following:

(a) To pay for construction costs of the buildings and other improvements and fixtures in such amounts and at such times and in proportion to the valuation of the work completed by the contractor in accordance with the terms of the construction contract, as certified by a registered architect or professional engineer and as approved by Developer's mortgagee or a financially disinterested person who shall be designated in writing by the Developer and Developer's mortgagee, if any, and who shall certify to Escrow in writing that he is financially disinterested (and Escrow shall have the right to rely on said certification).

(b) To other persons for architectural, engineering, finance and legal fees and other incidental expenses of the Project (but not selling expenses or brokerage fees relating to sales of any unit) to the extent approved by the Developer's mortgagee or said financially disinterested person.

(c) The balance of monies remaining in escrow shall be disbursed in accordance with the directions of the Developer and Developer's mortgagee or said financially disinterested person only upon completion of the buildings of the Project and when Escrow shall have received satisfactory evidence that all mechanics' and materialmen's liens have been cleared or sufficient funds have been set aside to cover claims if liens are filed; otherwise, forty-six (46) days after the filing of the affidavit of publication of notice of completion in the office of the clerk of the circuit court where the Project is located, a copy of which shall have been delivered to Escrow; provided, further that if any notice of mechanics' or materialmen's liens shall have been filed, the funds shall be disbursed only when such liens have been cleared or sufficient funds have been set aside to cover such claims.

Return of Funds and Documents. A purchaser shall be entitled to a return of his funds and Escrow shall pay such funds to such purchaser, without interest, if any one of the following has occurred:

(a) Developer and the purchaser shall have requested Escrow in writing to return to purchaser the funds of purchaser held hereunder by Escrow; or

(b) Developer shall have notified Escrow of Developer's exercise of the option to cancel or rescind the sales contract pursuant to any right of cancellation or rescission provided therein or otherwise available to Developer; or

(c) With respect to a purchaser whose funds were obtained prior to the issuance of the Final Report, the purchaser has executed his right to cancel the contract pursuant to Section 514A-62, Hawaii Revised Statutes, as amended; or

(d) A purchaser has exercised his right to rescind the contract pursuant to Section 514A-63, Hawaii Revised Statutes, as amended.

In any of the foregoing events, Escrow shall, upon the occurrence of the event described in (a) or (b) above or upon receipt of a written request for a refund from purchaser upon the occurrence of an event described in (c) or (d) above, unless the purchaser has waived or has been deemed to have waived the

right to a refund, pay said funds to said purchaser (less a cancellation fee of Escrow of not less than \$25.00 per unit or a cancellation fee commensurate with the work done by Escrow prior to such cancellation, whichever fee is greater) and thereupon said sales contract and any conveyance document theretofore delivered to Escrow shall be returned to Developer and shall be deemed no longer held hereunder; provided, however, that no refund shall be made to a purchaser at purchaser's request prior to receipt by Developer of written notice from Escrow of its intent to make such refund.

(e) Notwithstanding any other provision in this Agreement to the contrary, Escrow further agrees to make refunds to purchasers, in accordance with Part VI, Chapter 514A, Hawaii Revised Statutes, out of the funds then on deposit with Escrow, if the Developer and purchaser shall so request in writing and any one of the following events has occurred:

(i) no sales contract has been offered to the purchaser who has been placed on the Developer's reservation list of owner-occupant applicants; or

(ii) the purchaser has been unable to obtain adequate financing, or a commitment for adequate financing, for his unit within thirty (30) calendar days following the end of the ten (10) calendar day period during which the Developer is limited to selling to owner-occupant; or

(iii) the purchaser desires to cancel the contract on account of hardship circumstances such as those set forth in Section 514A-104(1), Hawaii Revised Statutes; or

(iv) the purchaser indicates an intent not to become an owner-occupant of such unit.

Except for cancellations under subparagraph (i) above, Escrow may deduct from any such refund made to a purchaser a cancellation fee as set forth above.

Purchaser's Default. Developer shall give notice in writing to Escrow of the occurrence of each event which initiates an obligation of a purchaser to make a payment to Escrow pursuant to the sales contract as well as notice of the amount and due date of such payment. Escrow shall thereupon promptly give the purchaser notice of the amount and due date of such payment. If the purchaser fails to make such payment to Escrow on or before the due date thereof or if the purchaser fails to perform in any matter which is being handled by Escrow, Escrow shall promptly notify Developer of any such failure on the part of the purchaser. If Developer subsequently certifies in writing to Escrow that Developer has terminated the sales contract in accordance with the terms thereof and provides to Escrow copies of all such notices of termination sent to the purchaser, Escrow shall thereafter treat all funds of the purchaser paid on account of his sales contract as funds of Developer and not as funds of the purchaser. Thereafter, such funds shall be free of the escrow established by this Agreement and shall be held by Escrow for the account of Developer. Upon written request by Developer, Escrow shall pay such sums to Developer, less any escrow cancellation fee, and shall return to Developer the sales contract of such purchaser and any other documents theretofore delivered by Developer to Escrow; other documents theretofore delivered to Escrow in connection with the purchase of the unit specified in such sales contract shall be returned to the person from whom, or entity from which, such documents were received, Escrow shall thereupon be released from any further duties or liability hereunder with respect to such funds and such purchaser.

Dear Mr. Abrams:

Subject: Kaamooloa Road Encroachment
Tax Map Key No. 6-6-019-022

During the processing of the subject roadway encroachment, we found that there is a break in the chain of title. It is the City's policy to take property free and clear of any encumbrances.

Since the City has completed subdivision of the encroachment parcel out of the larger parcel, we will request the Department of the Corporation Counsel to proceed with a request for a Condemnation Resolution in order for the City to acquire title to this area by eminent domain proceedings. If this is agreeable to you, please indicate in the space provided below and return a copy of this letter in the enclosed envelope by March 15, 2004.

You can call Dodie Browne at 523-4241 if you have any questions.
