General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

Proposed
 Recorded - Bureau of Conveyances: Document No. _____
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

B. **Condominium Map (File Plan)** shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

 Filed - Land Court Condo Map No. _____

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

C. **Bylaws of the Association of Apartment Owners** govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

Proposed
 Recorded - Bureau of Conveyances: Document No. _____
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed Adopted Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents.** Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. **Apartment Owners:** Minimum percentage of common interest which must vote for or give written consent to changes:

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

The common elements for this project, as described in the Declaration, are:

described in Exhibit D.

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit D.

as follows:

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit E.

as follows:

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit F describes the encumbrances against the title contained in the title report dated June 8, 2005 (updated June 21, 2005) and issued by Fidelity National Title Insurance Company.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens affecting title to the individual apartments.

[✓] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyers interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

Type of Lien

Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance

The land underlying the Project is presently subject to one mortgage and a financing statement made by the fee owner that will be released upon the closing of the Developer's purchase of the fee interest.

If the existing mortgage and financing statement are foreclosed upon prior to conveyance to the purchaser, the purchaser will be entitled to a refund of deposits held in escrow, if any, and to exercise the purchaser's rights in the purchase contract against the Developer.

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:

To be determined.

2. Appliances:

To be determined.

G. **Status of Construction and Date of Completion or Estimated Date of Completion:**

Site work for the Project has commenced. Construction of the Project's buildings is expected to commence October of 2005 and the Project is currently expected to be completed in June of 2008. Please note that these dates are estimates and are subject to change.

H. **Project Phases:**

The developer [] has [] has not reserved the right to add to, merge, or phase this condominium.

Summary of Developers plans or right to perform for future development (such as additions, mergers or phasing):

1. Under Section 8.07 of the Declaration, Developer has elected to develop and register the Project in phases, the phase covered under this Preliminary Public Report being comprised of 195 Apartments located in Building SE-A in the South Enclave. Developer has obtained separate preliminary public reports on 76 Apartments in Building SE-B in the South Enclave and 54 Apartments in Building SE-C in the South Enclave. The other Apartments and Buildings in the Project will be covered by one or more separate Public Reports (Preliminary, Contingent Final and/or Final). Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

SUMMARY OF ESCROW AGREEMENT

A copy of the executed Escrow Agreement for the Project between Fidelity National Title & Escrow of Hawaii, Inc. ("Escrow") and Developer has been filed with the Commission. The Escrow Agreement provides for the deposit of the funds of a purchaser of an Apartment (a "Purchaser") pursuant to the Reservation Agreement or Sales Contract and also provides for the retention or disbursement of the funds. The Escrow Agreement specifically permits the disbursement of Purchaser's funds under a Sales Contract prior to closing, subject to certain conditions, to pay for certain Project costs, including costs of constructing the Project's buildings, fixtures and other improvements, Developer's architectural, engineering, finance and legal fees, and other incidental expenses of the Project (excluding marketing expenses and brokerage fees relating to the sales of Apartments).

In the event that the Reservation Agreement or Hawaii Revised Statutes Chapter 514A entitle a Purchaser to a refund of Purchaser's Deposits held by Escrow, Escrow, upon instruction from Purchaser, will refund Purchaser's deposits.

Purchasers will compensate Escrow based on each unit bought in the Project. Escrow can arrange for the issuance of title insurance policies. A fee schedule is contained in the Escrow Agreement which purchasers may review.

By law the total amount of such cancellation fees shall not exceed Two Hundred Fifty and No/100 Dollars (\$250.00) so long as the cancellation occurs prior to the time the Sales Contract becomes effective (following issuance of the Final Public Report). Under the Escrow Agreement no disbursement of funds can be made to Developer until the Sales Contract becomes effective under the provisions of Chapter 514A, Hawaii Revised Statutes.

It is incumbent upon a prospective Purchaser to read the executed Escrow Agreement with care.

EXHIBIT I

SUMMARY OF RESERVATION AGREEMENT

The specimen Reservation Agreement provides that upon the purchaser's payment of a deposit into an escrow account established by Developer with Fidelity National Title & Escrow of Hawaii, Inc. ("Escrow"), an undesignated Apartment is reserved for the purchaser until the occurrence of a VIP Sales Event. The Reservation Agreement does not establish a purchase price for any Apartment in the Project.

The Reservation Agreement provides that the purchaser shall be assigned a Priority Appointment Time to participate in the selection of Apartments at a VIP Sales Event, giving the purchaser the opportunity to select an Apartment and enter into a sales contract with Developer for the purchase of an Apartment. Purchasers shall receive at least seven days notice of the time, place and manner of the VIP Sales Event and the number of Apartments to be offered at the VIP Sales Event. If the purchaser enters into a sales contract for the purchase of an Apartment, then the deposit may be applied towards the deposit required under the sales contract.

Either the purchaser or Developer may terminate the Reservation Agreement at any time, for any reason, on or before the VIP Sales Event. If not sooner terminated, the Reservation Agreement expires at 11:59 PM on the day of the VIP Sales Event if the purchaser has not previously entered into a sales contract for an Apartment. If the Reservation Agreement is terminated or expires, Escrow will promptly return the deposit to the purchaser within a reasonable time period.

The purchaser will not earn or receive any interest on any funds deposited with Escrow. Developer has entered into an Escrow Agreement with Escrow covering the deposit with Escrow of all funds paid by the purchaser under the Reservation Agreement and the disbursement of the funds from Escrow.

The purchaser may not assign, convey or otherwise transfer all or any portion of its interest under the Reservation Agreement, including a Priority Appointment Time, without Developer's prior written consent.

It is incumbent upon a purchaser to read the specimen Reservation Agreement with care.
