## **General Information On Condominiums**

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

## **Operation of the Condominium Project**

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;  
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

**IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS**

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

- a.  No variances to zoning code have been granted.

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>  X  </u>	<u>          </u>	<u>          </u>
Structures	<u>  X  </u>	<u>          </u>	<u>          </u>
Lot	<u>  X  </u>	<u>          </u>	<u>          </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit   F  .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit F.

as follows:

**Note: Land areas referenced herein are not legally subdivided lots**

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit \_\_\_\_\_.

as follows:

<u>UNIT</u>	<u>PERCENTAGE OF COMMON INTEREST</u>
A	19.08%
B	19.41%
C	20.12%
D	20.11%
E	21.28%

The common interest appurtenant to each apartment was based on the limited common element land area appurtenant to a specific unit divided by the total limited common element land area

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit G describes the encumbrances against the title contained in the title report dated June 8, 2005 and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[ ] There are no blanket liens affecting title to the individual apartments.

[ X ] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
Mortgage	<b>Buyer's interest will be terminated and Buyer's deposit will be refunded to Buyer, less an escrow cancellation fee not to exceed \$250.00.</b>

F. Construction Warranties:

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:

**None given by the Developer.**

2. Appliances:

**None given by the Developer.**

G. Status of Construction and Date of Completion or Estimated Date of Completion:

Construction of all buildings and improvements in the Project was completed in 2005.

See also copy of Notice of Completion attached as Exhibit H.

H. Project Phases:

The developer [ ] has [X] has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing):

**IV. CONDOMINIUM MANAGEMENT**

A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

not affiliated with the Developer  the Developer or Developer's affiliate  
 self-managed by the Association of Apartment Owners  Other: \_\_\_\_\_

B. **Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your apartment and the apartment may be sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit \_\_\_\_\_ contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change). **See Exhibit "A".**

C. **Utility Charges for Apartments:**

Each apartment will be billed separately for utilities except for the following checked utilities which are included in the maintenance fees:

None  Electricity ( \_\_\_ Common Elements only \_\_\_ Common Elements & Apartments)  
 Gas ( \_\_\_ Common Elements only \_\_\_ Common Elements & Apartments)  
 Water  Sewer  Television Cable  
 Other \_\_\_\_\_

**Note: The Developer has not conducted a reserve study in accordance with Section 514A-83.6, HRS, and the replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules as amended.**

EXHIBIT C

SPECIAL USE RESTRICTIONS

The following provisions in the Declaration and By-Laws, as indicated, contain restrictions on the use of the apartments and the common elements of the Project:

I. DECLARATION

Pursuant to paragraph J of the Declaration, each unit shall be occupied and used only as private dwellings, except Units A, C and E, initially, by the respective owners thereof, their tenants, families, domestic servants and social guests. No unit shall be used as a tenement or rooming house or for or in connection with the carrying on of any business, trade or profession whatsoever. The units shall not be rented by the owners thereof for transient or hotel purposes, as defined in the Declaration. Neither said units nor any interest therein shall be sold, transferred, conveyed, leased, occupied, rented or used for or in connection with any time-sharing purpose or under any time-sharing plan, arrangement or program, including without limitation any so-called "vacation license", "travel club membership" or "time-interval ownership" arrangement. Other than the foregoing restrictions, the unit owners shall have the absolute right to lease the same, provided that such lease covers an entire apartment, is in writing and is made subject to the covenants and restrictions contained in the Declaration and in the By-Laws.

II. BY-LAWS

Article VIII, Section 5 of the By-Laws lists a variety of restrictions affecting the use of the apartments and common elements, including, without limitation, restrictions as to the posting of advertisements, posters or other signs on or about the Project; noise; disposal of garbage; uses which may cause an increase in the ordinary premium rates or cancellation or invalidation of any insurance maintained by or for the Board; noxious or offensive activities; the storage of furniture, packages or other objects which could obstruct transit through the common elements; the construction or placement in the Project of any building or structure; the alteration of any common elements of the Project; installation or maintenance of any television or other antennas in the Project; and the keeping of pets.

THIS EXHIBIT CONTAINS ONLY A BRIEF SUMMARY OF CERTAIN USE PROVISIONS STATED IN THE DECLARATION AND BY-LAWS. PROSPECTIVE OWNERS SHOULD READ AND UNDERSTAND ALL OF THE USE RELATED PROVISIONS CONTAINED IN THE AFORESAID DOCUMENTS.

## EXHIBIT D

### PERMITTED ALTERATIONS TO APARTMENTS

The Declaration and By-Laws permit alterations to the apartments as follows:

#### I. DECLARATION

Paragraph Q of the Declaration provides that restoration or replacement of any unit or construction of any additional improvements, alterations or additions to any unit different in any material respect from the Condominium Map of the Project shall be undertaken by a unit owner, subject to the conditions set forth below:

1. All plans and specifications therefore shall comply with applicable setback requirements, building codes and zoning ordinances.
2. No unit shall be changed so as to reduce the distance between improvements placed on each land area to less than the distance shown on the Condominium Map without the consent of the other owner, and no change to a unit shall be made if the effect of such change would be to exceed the unit's proportionate share of the allowable floor area or lot area coverage for the land on which the Project is located, pursuant to the then applicable zoning and building codes. The proportionate share for each unit shall be the same as its percentage interest in the common elements.
3. All changes shall be at the sole expense of the unit owner making such changes and shall be completed expeditiously and in a manner that will not unreasonably interfere with the other unit owners' use of their units or land areas.
4. During construction, the unit owner making such changes will obtain at its sole expense builder's all-risk insurance in an amount not less than the estimated cost of construction, and the Association shall be named as additional insured.
5. Promptly upon completion of such restoration, replacement or construction, the owner shall duly record or file of record an amendment to the Declaration, together with a complete set of floor plans of the unit as so altered, certified as built by a registered architect or professional engineer; provided, however, that notwithstanding any provision in this Declaration to the contrary, any alterations or additions within a unit may be undertaken without an amendment to this Declaration or filing of a complete set of floor plans of the unit so altered. All present and future unit owners and their mortgagees, by accepting an interest in a unit in the Project, shall be deemed to have given each unit owner a power of attorney to execute such an amendment to this Declaration, so that each unit owner shall have a power of attorney from all other unit owners to execute such an amendment. This power of attorney shall be deemed coupled with each owner's interest in such owner's unit and shall be irrevocable.
6. Each conveyance, lease and mortgage or other lien made or created on any unit in the Project and all common interests and other appurtenances thereto shall be subject to

to the provisions of this paragraph Q.

Developer does not give any assurances that the units can be expanded and Developer does not give any assurances that variances are obtainable from the City and County of Honolulu for any proposed improvements.

## II. BY-LAWS

Article VIII, Section 4 of the By-Laws prohibits any owner from doing any work which could jeopardize the soundness or safety of the Project, reduce the value thereof, or impair any easement or hereditament, nor may any owner add any material structure or excavate any additional basement or cellar, without in every such case the consent of all owners whose units or limited common elements appurtenant thereto are directly affected, being first obtained.

THIS EXHIBIT CONTAINS EXCERPTS OF THE PROVISIONS CONTAINED IN THE DECLARATION AND THE BY-LAWS RESPECTING PERMITTED ALTERATIONS TO THE APARTMENTS. PROSPECTIVE OWNERS SHOULD READ AND UNDERSTAND ALL OF THE PROVISIONS RELATING TO PERMITTED ALTERATIONS CONTAINED IN THE AFORESAID DOCUMENTS.

Seller Has the Right to Change the Documents. Seller has the right to change the Declaration, By-Laws, Condominium Map, Rules and Regulations of the Association, if any, form of Apartment Deed, the Declaration of Merger, if any, and other documents. Buyer accepts and approves all changes which are required by law, the Real Estate Commission of the State of Hawaii, any title insurance company, any lender, any purchaser, insurer or guarantor of loans made on the security of the Project or any of the apartments, or any governmental agency made at any time before the conveyance of all of the apartments in the Project to persons other than Seller or Seller's mortgage lender. Buyer also accepts and approves all changes that Seller makes to any of the other apartments in the Project, including, without limitation, changes to the apartment types in the other apartments in the Project, made at any time before the conveyance of all of the apartments in the Project to persons other than Seller or Seller's mortgage lender. Buyer also accepts and approves all changes which Seller determines to be necessary, made at any time before the conveyance of the first apartment to any person other than Seller or Seller's mortgage lender, but only if the changes do not: (a) substantially change any of Seller's material obligations under this Agreement; (b) require a substantial change in the design, location or size of the Apartment or of the building in which the Apartment is located; (c) cause Buyer to lose Buyer's loan commitment; (d) increase Buyer's undivided percentage common interest in the common elements of the Project; or (e) reduce Seller's obligation for common expenses on any unsold apartments in the Project. Seller may also make other minor changes to the Apartment, the other apartments in the Project or the common elements, and the improvements constructed in the Project may vary from that shown in the plans and specifications.

Default by Buyer. If Buyer fails to make any payment when it is due or fails to keep any of Buyer's other promises or agreements contained in this Agreement, then Seller will have the right, at Seller's sole option and in addition to any other rights contained herein, to do any one or more of the following:

(a) Seller may cancel this Agreement by giving Buyer written notice of cancellation and Seller may keep all sums paid by Buyer under this Agreement as "liquidated damages" (i.e., the amount agreed to by Buyer and Seller as properly payable in settlement for breach of contract), and not as a penalty. Without limiting the generality of the foregoing, Buyer understands and acknowledges that if Buyer defaults under this Agreement after it has become a binding contract, Seller may keep all other sums paid by Buyer under this Agreement. If Seller cancels this Agreement, Buyer agrees

that it will be difficult and expensive to determine the amount of loss or damage Seller will suffer. This is because of, among other things, Seller's commitments relating to the financing of the Project, the effect of default and cancellation of one sale on other apartment sales, and the nature of the real estate market in Hawaii. Buyer agrees that the sums paid by Buyer under this Agreement are a reasonable estimate of a fair payment to Seller for Seller's loss or damage resulting from Buyer's default.

(b) Seller may file a lawsuit for damages.

(c) Seller may file a lawsuit for "specific performance" (in other words, a lawsuit to make Buyer keep all of Buyer's promises and agreements).

Seller may take advantage of any other rights which the law allows or which Seller may have under this Agreement.

Buyer also agrees to pay for all costs, including Seller's reasonable attorneys' fees (for both in-house and outside counsel) and the escrow cancellation fee, which are incurred because of Buyer's default.

Default by Seller. If Seller fails to keep any of Seller's promises or agreements contained in this Agreement, Buyer, if not in default hereunder, may file a lawsuit for specific performance to require Seller to go through with this Agreement or Buyer may exercise any other remedy to which Buyer is entitled to at law or in equity, including cancellation of this Agreement, if applicable. If Buyer cancels this Agreement because of Seller's default, Seller will repay to Buyer all sums paid by Buyer to Seller or Escrow under this Agreement, without interest.

Conditions Affecting the Property and Project. Buyer understands, acknowledges, covenants and agrees to the following:

(a) Utility Effects. The Property is or may be located adjacent to or in the vicinity of electric, water and other utilities and public roads and thoroughfares, including, without limitation, such things as electrical substations, high-powered electrical transmission lines, water pump stations, water tanks, reservoirs, freeways and exit ramps which may result in nuisances, such as noise and dust, disturbances or hazards (collectively, the "Utility Effects") to persons and to property on or within the Property. In recent years, concerns have been raised about possible adverse health effects of electric and magnetic fields from power lines. Seller is not insuring or guaranteeing the health of Buyer or other occupants or users of the Property and disclaims liability for personal injury, illness or any other loss or damage caused by or arising from the Utility Effects including, without limitation, the presence or malfunction of any electrical distribution systems that may be located adjacent to, near, or over any part of the Property;

(b) Development and Drainage Effects. (i) The Project is or may be located adjacent to or in the vicinity of various construction activities, including, but not limited to, ongoing residential and related construction, proposed construction of future residential subdivisions, residential condominium projects and roads, commercial and office buildings, land development activities, one or more recreational centers and facilities, and other construction and development projects (collectively, the "Proposed Development"); (ii) construction of the Proposed Development will or may result in noise, dust, vibration, water drainage and other nuisances, disturbances or hazards to Buyer and to persons and property on or within the Property or the Project, and may limit Buyer access to the Project; (iii) when completed, traffic, lights, noise, dust, vibration and other nuisances, disturbances or hazards to persons and property on or within the Property or the Project may be generated from this Proposed Development; (iv) no representations or warranties are made by Seller, its employees or agents concerning plans, or the absence of plans, by Seller or others for future development of adjacent or nearby properties or lots, and any plans for the future development of adjacent and nearby properties by Seller are subject to change in the sole and absolute discretion of the Seller or its successors and assigns; (v) Seller makes no representations regarding the view from the Property or any view easements or rights, and the views from the Property are not guaranteed and may be altered, diminished, eliminated or blocked entirely by the future development of adjacent or surrounding properties (items (i) through (v) are hereinafter collectively called the "Development Effects").

(c) Waiver, Release and Indemnity. Buyer represents and warrants to Seller that Buyer, in Buyer's sole discretion, has determined that the benefits of owning and enjoying the Property outweigh the risks of the Utility Effects, Development Effects and Drainage Effects (collectively, the "Property Conditions"). Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Utility Effects. Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Development Effects and Drainage Effects for a period of ten (10) years after the date of recordation of the Apartment Deed. Buyer hereby covenants and agrees to assume all risks of impairment of Buyer's use and enjoyment of the Property or the Project, loss of market value of the Property, and property damage or personal injury arising from the Property Conditions, and Buyer, for the Buyer and the Buyer's tenants, lessees, family, servants, guests, invitees, licensees, agents, employees, and those who use the Property through the Buyer for an extended period of time (collectively, the "Occupants"), hereby waives any claims or rights of action or suits against Seller, its successors and assigns, the City and County of Honolulu, the State of Hawaii, and any agency or subdivision of the foregoing, arising from such impairment of the Occupants' use and enjoyment of the Property or the Project, loss of market value of the Property, and property damage or personal Injury arising from one or more of the Property Conditions. Buyer shall indemnify, hold harmless and defend Seller, its successors and assigns, the City and County of Honolulu, the State of Hawaii, and any agency or subdivision of the foregoing, from any and all liability, claims, losses, damages, or expenses, including attorneys' fees, arising from such impairment of the Occupants' use and enjoyment of the Property or the Project, loss of market value of the Property, or property damage or personal injury to the property or person of the

Occupants as a result of one or more of the Property Conditions. Buyer further covenants that Buyer will notify all Occupants and transferees of the Property of the risks of the Property Conditions.

Buyers' Obligation to Pay Closing Costs and Other Amounts. Buyer will pay for the following closing costs: all of the Escrow fee, all notary fees, all appraisal fees, all recording costs, all charges for Buyer's credit report, all costs of preparing any mortgages and promissory notes, and all title insurance costs. Buyer will also pay all mortgage costs.
