The transfer of the Property to buyer will be made subject to (and the Condominium Unit Deed will so provide) certain restrictions on use and transfer of the Property, including without limitation, (a) a first option to purchase the Property at a designated price, in favor of Seller in the event buyer violates the covenant requiring buyer to occupy the Property for a period of twelve (12) months from the date of the conveyance of the Property to buyer, as more particularly described in the Condominium Unit Deed, and (b) a first option to purchase the Property at a designated price, in favor of Seller in the event buyer desires to transfer title to the Property during the occupancy period, as more particularly described in the Condominium Unit Deed.

The prospective Buyer is cautioned to carefully review this Public Report and the documents filed at the Developer's Sales Office in connection with the Project for further information in connection with the foregoing.

## **General Information On Condominiums**

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

## **Operation of the Condominium Project**

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;  
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

Proposed  
 Recorded - Bureau of Conveyances: Document No. \_\_\_\_\_  
Book \_\_\_\_\_ Page \_\_\_\_\_  
 Filed - Land Court: Document No. \_\_\_\_\_

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

B. **Condominium Map (File Plan)** shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

The Condominium Map for this condominium project is:

Proposed  
 Recorded - Bureau of Conveyances Condo Map No. \_\_\_\_\_  
 Filed - Land Court Condo Map No. \_\_\_\_\_

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

C. **Bylaws of the Association of Apartment Owners** govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

Proposed  
 Recorded - Bureau of Conveyances: Document No. \_\_\_\_\_  
Book \_\_\_\_\_ Page \_\_\_\_\_  
 Filed - Land Court: Document No. \_\_\_\_\_

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium, referred to as Rules & Regulations by the Developer, are:

Proposed       Adopted       Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents.** Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. **Apartment Owners:** Minimum percentage of common interest which must vote for or give written consent to changes:

	<u>Minimum Set by Law</u>	<u>This Condominium</u>	
Declaration (and Condo Map)	75%*	67%**	**Until the new Hawaii condominium statute becomes effective on 7/1/2006, the current percentages of common interest set by law to amend the Declaration and the By-Laws shall control over those amounts set forth in the proposed drafts of the Declaration and the By-Laws. The Developer's written consent also is required to amend any provision that gives the Developer any right or authority.
Bylaws	65%	67%**	
House Rules	---	Majority of the Board of Directors	

\* The percentages for individual condominium projects may be more than the minimum set by law for projects with five or fewer apartments.

2. **Developer:**

No rights have been reserved by the developer to change the Declaration, Condominium Map, Bylaws or House Rules.

Developer has reserved the following rights to change the Declaration, Condominium Map, Bylaws or House Rules:

The Developer may amend the Declaration, By-Laws and Condominium Map (a) at any time prior to the filing of the first unit conveyance to a party not signatory to the Declaration; (b) to make any amendments required by law, by the Real Estate Commission of the State of Hawaii, by any title insurer issuing title insurance on the Project or any of the units, by any institutional lender lending funds on the security of the Project or any of the units, by any purchaser, insurer or guarantor of loans, including, for example, the Federal Housing Administration, the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation, to enable it to purchase, insure or guarantee a loan made on the security of the Project or any of the units, or by any governmental agency; (c) to file the "as built" verified statement required by the Condominium Property Act; (d) to reflect alterations of the Project which the Developer is permitted to make pursuant to Paragraph 3 of Section R of the Declaration; (e) to reflect alterations of the Project which the Developer is permitted to make pursuant to Paragraph 4 of Section R of the Declaration; (f) to reflect alterations of the Project which the Developer is permitted to make pursuant to Paragraph 5 of Section R of the Declaration; (g) at any time to effect the changes provided in the Declaration of Merger of Condominium Phases referred to in Section S of the Declaration, including the right to merge the Project with one or more condominium projects located or to be located on lands (or a portion or portions thereof) in the vicinity of the Project site.

**IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS**

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

- a.  No variances to zoning code have been granted.  
 Variance(s) to zoning code was/were granted as follows:

b. Conforming/Non-Conforming Uses, Structures, Lot

In general, a non-conforming use, structure, or lot is a use, structure, or lot which was lawful at one time but which does not now conform to present zoning requirements.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>  X  </u>	<u>          </u>	<u>          </u>
Structures	<u>  X  </u>	<u>          </u>	<u>          </u>
Lot	<u>  X  </u>	<u>          </u>	<u>          </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1 Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit   D  .

as follows:

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit E/F.

as follows:

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit F.

as follows:

E. Encumbrances Against Title: An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit G describes the encumbrances against the title contained in the title report dated September 7, 2005, and issued by Title Guaranty of Hawaii, Incorporated.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[ ] There are no blanket liens affecting title to the individual apartments.

[ X ] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed <b>Prior to Conveyance</b></u>
Mortgage lien(s) of Developers lender(s)	Buyer's interest is specifically made subject and subordinate to such liens. If Developer defaults or the liens are foreclosed prior to conveyance, either the buyer will obtain title to buyer's unit upon payment under buyer's sales contract and performance of buyer's other obligations under buyer's sales contract, or the buyer, if the buyer has not received a full refund of buyer's deposits, may make a claim against the Developer for refund of buyer's deposits.

F. **Construction Warranties:**

Warranties for individual apartments and the common elements, including the beginning and ending dates for each warranty, are as follows:

1. Building and Other Improvements:

SEE SECTION 3 OF EXHIBIT H (DISCLOSURE ABSTRACT)

2. Appliances:

SEE SECTION 3 OF EXHIBIT H (DISCLOSURE ABSTRACT)

G. **Status of Construction and Date of Completion or Estimated Date of Completion:**

The Developer estimates that construction, which commenced in March 2005, will be completed in or before August 2006.

H. **Project Phases:**

C. Additional Information Not Covered Above

1. MILILANI TOWN COVENANTS. The proposed Declaration of Condominium Property Regime provides that all present and future unit owners, tenants and occupants of units shall be bound by and subject to the provisions of that certain Declaration of Covenants, Conditions and Restrictions for Mililani Town dated April 19, 1968, filed in the Office of the Assistant Registrar of the Land Court of Hawaii as Document No. 441561, as amended by instrument dated May 22, 1968, filed in said Office as Document No. 445150, and as further amended from time to time (the "Mililani Town Covenants"). The Mililani Town Covenants provide, among other things, that each unit owner, by virtue of being such an owner, shall be a member of the Mililani Town Association and shall pay assessments to the Mililani Town Association, as set forth in the Mililani Town Covenants.
2. REPAIR AND MAINTENANCE OF UNITS AND COMMON ELEMENTS. The proposed By-Laws provide that every unit owner shall at his own expense at all times well and substantially repair, maintain, amend and keep his unit, including without limitation all doors, sliding glass doors (if any), windows, window fixtures, and all internal installations within the unit such as water, electricity, gas (if any), telephone, sanitation, lights, and all other fixtures and accessories belonging to such unit, if any, and all foundations, walls, floors, ceilings and roofs of such unit, with all necessary reparations and amendments whatsoever in good order and condition, except as otherwise provided by law or the Declaration, and shall be liable for all loss or damage whatsoever caused by his failure to perform any such work diligently, and in case of such failure after reasonable notice to perform shall reimburse to the Association promptly on demand all expenses incurred by it in performing any such work authorized by the Board of Directors or the Managing Agent.

In addition, each unit owner shall at his own expense at all times well and substantially repair, maintain, amend and keep (a) the limited common elements appurtenant to and reserved for the exclusive use of such owner's unit, including, without limitation, the yard area appurtenant to and reserved for the exclusive use of such owner's unit, in good order and condition, (b) the planter strip, if any, in front of such owner's unit, in good order and condition, and (c) the City and County Trees (as defined in the By-Laws), if any, in front of, adjacent to or within the yard area appurtenant to such owner's unit, in accordance with the provisions regarding City and County Trees contained in the By-Laws, and shall be liable for all loss or damage whatsoever caused by his failure to perform any such work, and in case of such owner's failure after reasonable notice to keep the limited common elements appurtenant to such owner's unit as aforesaid, the Association (through the Board of Directors or the Managing Agent) shall have the right (but not the obligation) to perform any such work and the cost thereof shall be charged to such unit owner as a special assessment constituting a lien against his interest in his unit which may be

foreclosed by the Board or Managing Agent in the same manner as provided in the Condominium Property Act for unpaid common expenses.

Except as hereinabove expressly provided to the contrary, all maintenance, repairs and replacements to the common elements, whether located inside or outside of the units, shall be made by the Board and be charged to all the owners as a common expense or a limited common expense; provided, however, that any such maintenance, repair or replacement necessitated by the negligence, misuse or neglect of a unit owner or occupant or any person under either of them, shall be charged to such unit owner or the unit owner of the unit of such occupant, as a special assessment constituting a lien against his interest in his unit which may be foreclosed by the Board or Managing Agent in the same manner as provided in the Condominium Property Act for unpaid common expenses.

3. LANDSCAPING OF YARD AREA. Each owner shall commence landscaping of the yard area assigned to his unit, if any, within ninety (90) days after the closing of the purchase of the unit and shall complete such landscaping within one (1) year after the closing of the purchase of the unit (unless the yard area has already been completely landscaped). Before commencing any yard area landscaping, each owner shall submit to the Board of Directors a landscape plan (which shall include, without limitation, a proposed plant/tree list and hardscape plan) for the Board's review and written approval, which approval shall not be unreasonably withheld or delayed, and which approval shall be deemed to be granted if not denied in writing, within sixty (60) days of the Board's receipt thereof. The Board, in determining whether to grant or deny approval of a landscape plan, may consider any landscape requirements that apply to the Project, including, without limitation, those requirements contained in the Land Use Ordinance of the City and County of Honolulu. A limited warranty on the units has been or will be provided by or on behalf of the Developer, as described in Exhibits H and I attached hereto. Prior to commencing any yard area landscaping, unit owners should review the terms of the limited warranty to ensure that the performance of such landscaping does not void or limit the limited warranty.
4. ADDITIONS AND ALTERATIONS TO UNITS; WARRANTIES. Unit owners may make certain additions and alterations to the units as described in Exhibit C attached hereto. A limited warranty on the units has been or will be provided by or on behalf of the Developer, as described in Exhibits H and I attached hereto. Prior to making any additions or alterations to their units, unit owners should review the terms of the limited warranty to ensure that the performance of such additions or alterations to the units does not void or limit the limited warranty.
5. CITY AND COUNTY TREES.
  - a. One or more trees may have been planted within the public or governmental rights-of-way in front of or adjacent to the units within the Project (the "Street Trees"), and one or more trees may have been planted within one or more yard areas (the "Yard Trees"). The Street Trees and the Yard Trees (collectively, the

"City and County Trees") are subject to regulation by the City and County of Honolulu.

- b. Unit owners shall use their best efforts to water, weed and fertilize the City and County Trees in front of or adjacent to their respective units or within the yard area appurtenant to their respective units in order to maintain and promote the growth and health of the City and County Trees.
  - c. Unit owners shall not cut, prune, spray, replace, remove, transplant, injure or destroy any of the City and County Trees without the prior consent of the City and County of Honolulu.
  - d. Unit owners shall comply with the City and County of Honolulu's rules relating to planting and maintaining street trees, as they may be amended from time to time (the "City and County Tree Rules"). Notwithstanding anything contained herein to the contrary, to the extent that the covenants contained in this paragraph conflict with the City and County Tree Rules, the City and County Tree Rules shall govern.
6. WATER SUPPLY AND OTHER ISSUES. With respect to any adverse conditions existing in the general neighborhood/area of the Project (such as pesticides, soil problems, water supply issues, irrigation, etc.), studies and reports have been conducted on behalf of the Developer and by Government agencies. Refer to the Developer's Sales Office for copies of such studies and reports and other materials that are within the Developer's possession. The Developer is unaware of any contaminants in the air, soil or water source of the Project in excess of maximum permissible levels as established by governmental agencies. The following also are noted:
- a. Wells serving the Project are operated by the Board of Water Supply of the City and County of Honolulu (the "Board of Water Supply"). In certain cases, water treatment facilities may be used.
  - b. The Board of Water Supply administers tests to monitor water quality, the results of which typically are not given to the Developer. The Developer is, however, in possession of a Board of Water Supply water quality report dated May 31, 2001 that was sent by the Board of Water Supply to its customers in Mililani Mauka ("water quality report"). Test results contained in this water quality report did not reveal any contaminants in excess of Maximum Contaminant Levels, the level defined in the report as the highest level of a contaminant that is allowed in drinking water, or the Maximum Contaminant Level Goal, which is defined as the highest level of contaminant in drinking water below which there is no known or expected risk to health. The water quality report further states that the water meets all Federal and State standards. Copies of this water quality report, which identifies the water source as Mililani Wells IV, and water quality data from the Board of Water Supply for Mililani Wells II, another well system that

can sometimes provide water to homes in Mililani Mauka are available for review at the Developer's Sales Office.

- c. Construction activities, processes (such as steel framing assembly), vehicles, and equipment incidental to construction will be present in the Project. Materials incidental to construction such as fuel, oil, grease, and maintenance of vehicles and equipment may be present.
- d. The Project is located on property that was formerly used or was in the vicinity of property that was formerly used for agricultural purposes. Chemicals used in connection with the former agricultural use of the property may have come into contact with the soil.
- e. On October 7, 1999, various individuals filed a Complaint against various defendants in the Circuit Court of the First Circuit, State of Hawaii (Civil No. 99-3757-10). On March 7, 2000, a First Amended Complaint was filed in this lawsuit. It was alleged in this lawsuit that chemicals used in connection with the planting, cultivation and harvesting of pineapple and sugar cane are present in the air, soil and water of Central Oahu and that plaintiffs have or are suffering harm as a result. This lawsuit has been settled. Information relating to the lawsuit is available for review at the Developer's Sales Office.
- f. On September 27, 1999, the Board of Water Supply filed a Complaint against various defendants in the Circuit Court of the First Circuit, State of Hawaii (Civil No. 99-3618-09). In this lawsuit, the Board of Water Supply alleged, among other things, that it built and will continue to build facilities to remove chemicals used in connection with the growing of pineapple and other activities that have migrated into aquifers and groundwater sources. The Board of Water Supply sought, among other things, to recover expenses associated with the treatment or filtering of water. There were no allegations of unsafe drinking water and the complaint was not specifically directed at or limited to the water source for Mililani Mauka but instead addressed all groundwater sources in Central Oahu. Neither the Developer nor any Castle & Cooke, Inc. entity was a party to this lawsuit. The lawsuit has been settled. Information relating to the lawsuit is available for review at the Developer's Sales Office.
- g. A class action lawsuit was brought by a group of residents in the general Central Oahu area against various agricultural operators and chemical companies, alleging damage to individuals caused by contamination of the drinking water in Central Oahu with pesticides. The lawsuit was brought in the State of Hawaii Circuit Court, and was removed to the Federal Courts in the State of Hawaii. Castle & Cooke was not a party to this lawsuit. This lawsuit has been settled. Information relating to the lawsuit is available for review at the Developer's Sales Office.

7. EMERGENCY ACCESS EASEMENT AREA AND EMERGENCY ACCESS GATE. The Project will be subject to an easement for emergency gate and access purposes in favor of the Nohona at Mililani Mauka – Phase III project which is located adjacent to the Project. The emergency access easement area is referred to as the Emergency Access Easement Area on the Condominium Map, and the emergency access gate within the Emergency Access Easement Area is referred to as the Emergency Access Gate on the Condominium Map. The Nohona at Mililani Mauka – Phase III Association will be responsible for the maintenance and repair of the Emergency Access Easement Area and the Emergency Access Gate. The Emergency Access Easement Area will be gated with the Emergency Access Gate and is not intended to be generally accessible to the owners of the Project. The Nohona at Mililani Mauka – Phase III Association will control the access through the Emergency Access Gate.

IN ADDITION TO THE FOREGOING:

This Project is being sold by the Developer rather than through an unrelated brokerage firm. Thus, no listing agreement exists. However, the Developer does possess an active Hawaii real estate broker's license, and all sales shall be conducted according to laws relevant to real estate brokerage, not as "owner sales".

Notwithstanding any other provision in the Declaration to the contrary, prior to the time that all units in the Project have been sold and recorded and construction of all of the units in the Project has been completed by the Developer, the Developer shall have the right to make alterations in the Project (and to amend the Declaration, the By Laws and the Condominium Map accordingly) without the approval, consent or joinder of any unit owner, to construct or modify each unit in accordance with the respective optional floor plans shown or described on the Condominium Map; PROVIDED, HOWEVER, that any such changes shall be reflected in an amendment to the Declaration as provided in Paragraph 5 of Section T of the Declaration. As used herein the term "sold and recorded" shall mean and refer to the sale of Units in the Project and the filing in the Office of the Assistant Registrar of the Land Court of the State of Hawaii of unit conveyances transferring interests in the units from the Developer to parties not signatory to the Declaration.

Notwithstanding any other provision in the Declaration to the contrary, prior to the time that all units in the Project have been sold and recorded and construction of all of the units in the Project has been completed by the Developer, the Developer shall have the right to make alterations in the Project (and to amend the Declaration, the By-Laws and the Condominium Map accordingly) without the approval, consent or joinder of any unit owner, which consist of installing an uncovered lanai and/or a covered lanai within one or more yard areas; PROVIDED, HOWEVER, that any such changes shall be reflected in an amendment to the Declaration as provided in Paragraph 6 of Section T of the Declaration. As used herein the term "sold and recorded" shall mean and refer to the sale of units in the Project and the filing in the office of the Assistant Registrar of the Land Court of the State of Hawaii of unit conveyances transferring interests in the units from the Developer to parties not signatory to the Declaration.

Notwithstanding any other provision in the Declaration to the contrary, the Board shall have the right to install or cause the installation of antennas, conduits, chases,

cables, wires, and other television signal distribution and telecommunications equipment upon the common elements of the Project; provided that the same shall not be installed upon any limited common element without the consent of the owner or owners of the unit or units for the use of which the limited common element is appurtenant; and the installation of antennas, conduits, chases, cables, wires, and other television signal distribution and telecommunications equipment upon the common elements by the Board shall not be deemed to alter, impair, or diminish the common interest, common elements, and easements appurtenant to each unit, or to be a structural alteration or addition to any building constituting a material change in the plans of the Project filed in accordance with the Condominium Property Act; provided that no such installation shall directly affect any nonconsenting unit owner. Notwithstanding any other provision in the Declaration to the contrary, the Board shall have the right to abandon or change the use of any television signal distribution and telecommunications equipment due to technological or economic obsolescence or to provide an equivalent function by different means or methods. The abandonment or change of use of any television signal distribution or telecommunications equipment by the Board due to technological or economic obsolescence or to provide an equivalent function by different means or methods shall not be deemed to alter, impair or diminish the common interest, common elements, and easements appurtenant to each unit or to be a structural alteration or addition to any building different in any material respect from the plans of the Project filed in accordance with the Condominium Property Act. As used in this section, "directly affect" means the installation of television signal distribution and telecommunications equipment in a manner which would specially, personally, and adversely affect a unit owner in a manner not common to the unit owners as a whole, and "television signal distribution" and "telecommunications equipment" shall be construed in their broadest possible senses in order to encompass all present and future forms of communications technology.

A unit owner or occupant may install air-conditioning units in accordance with a written request and plans and specifications prepared by a licensed architect (if so required by the Board) that are submitted to and approved by the Board, all in accordance with all provisions of the Declaration.

No highly reflective finish, other than glass (which, however, may not be tinted or mirrored), shall be used on the exterior of any building in the Project; provided, however, that a gray film tint without visible purple tinge (as approved by the Board of Directors of the Association) and with an approved reflective value (as determined by the Board) may be installed by a unit owner on the glass located along the perimeter of his unit. If any bubbling or cracking shall occur, the unit owner shall immediately remove the tint and may replace it in accordance with the foregoing provisions.

The terms and conditions of this limited warranty will be set forth in a Home Builder’s Limited Warranty (“Limited Warranty Agreement”) in the form attached to the Sales Agreement as Exhibit A as a specimen. The Limited Warranty Agreement defines the scope of “Construction Defects”, will govern and control the terms of the limited warranty, and will supersede any and all other written or oral warranties, representations or promises as to the Unit. All warranties with respect to the Unit are contained in the Limited Warranty Agreement, and Developer provides no other warranties.
  
  - (b) Castle & Cooke Customer Care Program and Agreement. Developer will also provide additional services and repairs for the Unit (over and above its warranty obligations under the Limited Warranty Agreement) on the terms and conditions set forth

Buyer’s rights and Developer’s obligations for such work are subject to such Conditions, and buyer must read and understand them.

#### 4. BREAKDOWN OF ANNUAL MAINTENANCE CHARGES AND ESTIMATED COSTS FOR EACH UNIT:

Attached to this Disclosure Abstract as Exhibit "A" is a breakdown of the annual maintenance charges and the monthly estimated cost for each unit in the Project, prepared by Certified Management, Inc., a Hawaii corporation, for the one-year period commencing July 1, 2005, and certified to have been based on generally accepted accounting principles. The attached breakdown of annual maintenance charges and the estimated cost for each unit are subject to change based on actual costs of the items listed. The Developer can make no assurances regarding the estimated maintenance assessments. Variables such as inflation, uninsured casualty loss or damage, increased or decreased services from those contemplated by the Developer, unit owner delinquencies and other factors may cause the maintenance assessments to be greater or less than the estimated maintenance assessments. The breakdown of the estimated cost for each unit contained in this Disclosure Abstract does not include the buyer's obligation for the payment of the Mililani Town Association initiation assessment of \$100.00 or the Mililani Town Association dues (as of April 1, 2004, \$78.00 per quarter) or real property taxes, and does not include or otherwise take into account the one-time "start-up" fee required to be paid in addition to the normal maintenance charges. Estimates of the real property taxes will be provided by the Developer upon request.

NOTE: THE DEVELOPER ADVISES THAT COSTS AND EXPENSES OF MAINTENANCE AND OPERATION OF A CONDOMINIUM PROJECT ARE VERY DIFFICULT TO ESTIMATE INITIALLY AND EVEN IF SUCH MAINTENANCE CHARGES HAVE BEEN ACCURATELY ESTIMATED, SUCH CHARGES WILL TEND TO INCREASE IN AN INFLATIONARY ECONOMY AND AS THE IMPROVEMENTS AGE. MAINTENANCE CHARGES CAN VARY DEPENDING ON SERVICES DESIRED BY UNIT OWNERS. THE BUYER SHOULD EXAMINE THE MAINTENANCE CHARGE SCHEDULE TO SEE WHAT SERVICES ARE INCLUDED IN THE SCHEDULE.

5. TEMPORARY ASSUMPTION BY DEVELOPER OF ACTUAL COMMON EXPENSES:

The Developer will assume all the actual common expenses of the Project (and therefore an unit owner will not be obligated for the payment of his respective share of the common expenses) until such time as the Developer files with the Real Estate Commission of the State of Hawaii an amended Disclosure Abstract which states that after a date certain, the respective unit owner shall thereafter be obligated to pay for his respective share of common expenses that is allocated to his unit; provided, however, that such amended Disclosure Abstract shall be filed at least 30 days in advance with the Real Estate Commission, with a copy thereof being delivered either by mail or personal delivery after the filing to each of the unit owners whose maintenance expenses were assumed by the Developer. The Developer shall have no obligation to pay for any cash reserves or any other reserve amounts with respect to or attributable to the period during which the Developer assumes the actual common expenses of the Project.

6. MILILANI TOWN ASSOCIATION DUES:

Each unit owner will be required to be a member of the Mililani Town Association. As such member, each unit owner will be required to pay Mililani Town Association an initiation assessment of \$100.00 and quarterly dues (as of April 1, 2004, \$78.00 per quarter).

SUMMARY OF SALES AGREEMENT

A specimen Reservation and Sales Agreement (the "Sales Agreement") has been submitted to the Real Estate Commission and are available in the Sales Office of the Seller. ALL BUYERS AND PROSPECTIVE BUYERS SHOULD CAREFULLY READ THE SALES AGREEMENT, INCLUDING ANY ADDENDUM, IN FULL, since this summary is NOT A COMPLETE DESCRIPTION of their provisions. The Sales Agreement, among other things, covers in more detail the following items:

1. That certain Declaration of Merger of Condominium Phases filed or to be filed in the Office of the Assistant Registrar of the Land Court of the State of Hawaii (hereinafter called the "Declaration of Merger"), among other things, gives Seller the right, in its sole and absolute discretion, to cause and effect an administrative merger or mergers of the Project with a condominium project or projects located or to be located on lands (or a portion or portions thereof) in the vicinity of the land of the Project, as part of the same incremental plan of development of the Project, such that the use of the respective common elements, the respective common expenses and the management of the respective affairs of the Project and the additional phases are shared, and the administration of the Project and the additional phases is unified under one association of unit owners, but the ownership interests of the unit owners in the Project and the additional phases are not altered or affected. The Declaration of Merger also gives the Seller the right, in its sole and absolute discretion, to cause and effect an ownership merger or mergers of the Project and the additional phases, as an alternative to an administrative merger or mergers of the Project and the additional phases, to provide for the common ownership of the Project and the additional phases by all of the unit owners of the Project and the additional phases. Upon an ownership merger, all of the units in the merged phases shall be treated as though they were all included in a single condominium project (the "Merged Project"), all common elements of the merged phases will become the common elements of the Merged Project, and the common interest appurtenant to the Unit shall be altered from the percentage set forth in Article I of the Sales Agreement to a percentage as set forth in the "Certificate of Ownership Merger" filed by the Seller, in accordance with the Declaration of Merger. Nothing herein will be deemed to require Seller to develop the additional phases or to merge the additional phases into the Project, or to prohibit Seller from dealing with any lands adjacent to the Project not merged with the Project, including without limitation, developing all or any

part of such lands for purposes inconsistent with the merger of such lands into the Project.

2. Seller has given to and/or may give to one or more lenders a mortgage or mortgages, security agreement or agreements, and other instruments securing repayment of loan(s) and covering Seller's ownership rights in the Project, including the individual units. All of the rights and interests which Seller gives to the lender or lenders will have priority over the buyers' rights and interests under the Sales Agreements. This applies to any changes to the loan or loans or the mortgage or mortgages, security agreement or agreements or other instruments (including, among other things, extensions, renewals and other changes). The buyers give up and subordinate the priority of their rights and interests under the Sales Agreements in favor of the rights and interests of Seller's lenders until the final closing and delivery of signed condominium unit deeds to the buyers. If Seller's lender or lenders ask the buyers to do so, the buyers will sign other documents to confirm the promises and agreements mentioned above.

3. The transfer of the Property to buyer will be made subject to (and the Condominium Unit Deed will so provide) certain restrictions on use and transfer of the Property, including without limitation, (a) a first option to purchase the Property at a designated price, in favor of Seller in the event buyer violates the covenant requiring buyer to occupy the Property for a period of twelve (12) months from the date of the conveyance of the Property to buyer, as more particularly described in the Condominium Unit Deed, and (b) a first option to purchase the Property at a designated price, in favor of Seller in the event buyer desires to transfer title to the Property during the occupancy period, as more particularly described in the Condominium Unit Deed. If Seller determines that the intent of Buyer is other than an owner-occupant during the Occupancy Period, Seller may (but does not have to) cancel the Agreement by giving written notice to Buyer.

4. Seller may (but does not have to) cancel the Sales Agreement (a) if the buyer's mortgage loan application is rejected or not approved within 60 days after application, or (b) if the buyer plans to pay the purchase price in cash but Seller is not satisfied for any reason with the buyer's ability to make the cash payments.

5. (a) Seller will provide a ten (10) year limited warranty covering "Construction Defects" relating to the Unit. The terms and conditions of this limited warranty will be set forth in a Home Builder's Limited Warranty ("Limited Warranty Agreement") in the form attached to the Sales Agreement as Exhibit A as a specimen. The Limited Warranty Agreement defines the scope of "Construction Defects", will govern and control the terms of the limited warranty, and will supersede any and all other written or oral warranties, representations or promises as to the Unit. All warranties with

respect to the Unit are contained in the Limited Warranty Agreement, and Seller provides no other warranties.

(b) Seller will also provide additional services and repairs for the Unit (over and above its warranty obligations under the Limited Warranty Agreement) on the terms and conditions set forth in the Castle & Cooke Customer Care Program and Agreement ("Customer Care Agreement") in the form attached to the Sales Agreement as Exhibit B as a specimen, which will be executed by Seller and buyer at closing. The Customer Care Agreement does not provide additional warranties to buyer. It does, however, specify certain items for which Seller will provide additional services and repair for specified periods up to one year after the "Commencement Date" referred to in the Customer Care Agreement.

(c) Seller will provide to buyer a Homeowner's Guide Book at or prior to closing. This is not a legal document, and does not confer any additional warranty or service and repair rights on buyer. It is for informational purposes and is intended to provide useful maintenance and care tips for the Unit.

(d) Buyer should refer to the Sales Agreement for more information about the Limited Warranty Agreement and the Customer Care Agreement. Buyer also should refer to the Limited Warranty Agreement and the Customer Care Agreement which each specify terms, conditions, limitations, exceptions, disclosures and disclaimers ("Conditions"), with respect to the warranties and additional services and repairs which they provide. Buyer's rights and Seller's obligations for such work are subject to such Conditions, and buyer must read and understand them.

6. Buyer understands and agrees that (a) Seller's obligation to provide landscaping within the common elements of the Project will be deemed fully satisfied upon planting of the plant materials (which need not be in full coverage and maturity) and installation of the irrigation system pursuant to Seller's landscaping plans, as the same may be amended from time to time in Seller's sole discretion; (b) installation of the plant materials and irrigation system may be completed after the Closing Date; (c) full maturity of the plant materials will only be reached over an extended period of time and Seller is not responsible for providing landscaping maintenance to reach full coverage and maturity; and (d) the Association will be responsible for maintaining the landscaping after installation thereof, even if the landscaping has not reached full coverage or maturity. Notwithstanding anything contained herein to the contrary, buyer understands and agrees that buyer, and not Seller, shall be responsible for the landscaping of the yard area appurtenant to the Unit which buyer is purchasing.

7. The Condominium Map for the Project is intended to show only the layout, location, unit numbers and dimensions of the units in the Project. Buyer understands and acknowledges that items shown on the Condominium Map, including,

without limitation, the metes and bounds or dimensions of the limited common elements, such as yard areas, may change due to field changes and other factors, and Seller reserves the right to amend the Condominium Map, the Declaration and the other Project documents from time to time to reflect such changes. BUYER AGREES THAT THE CONDOMINIUM MAP IS NOT INTENDED TO BE AND IS NOT A WARRANTY OR PROMISE OF ANY KIND BY SELLER.

8. BUYER AGREES THAT NO ONE (INCLUDING THE SELLER OR ANY SALESPERSON) HAS TALKED TO BUYER AT ALL ABOUT ANY RENTAL INCOME OR RENTAL OR SALES SERVICES FOR BUYER'S UNIT. IF BUYER WANTS TO RENT OR SELL THE UNIT, HOW BUYER DOES IT WILL BE UP TO BUYER SUBJECT TO THE RESTRICTIONS CONTAINED IN THE SALES AGREEMENT. BUYER ALSO AGREES THAT NO ONE HAS TALKED TO BUYER AT ALL ABOUT INCOME FROM THE UNIT OR ANY OTHER ECONOMIC BENEFIT TO BE DERIVED FROM THE PURCHASE OR OWNERSHIP OF THE UNIT OR ABOUT THE TAX EFFECTS OF BUYING THE UNIT.

9. Notwithstanding any other provision in the Sales Agreement to the contrary, Seller shall complete construction of the Unit and building in which the Unit is to be located so as to permit normal occupancy within two (2) years from the date the Sales Agreement is signed by buyer (the "Building Completion Date"); provided, however, that the Building Completion Date will be extended for any period of time during which Seller's construction is actually delayed by weather, tsunami, earthquake, strikes, material shortages, acts of God, war or aggression, destruction of property, acts of governmental authorities, or other matters or conditions legally supportable in the State of Hawaii as an impossibility of performance for reasons beyond the control of Seller. If construction of the Unit and building in which the Unit is to be located is not completed by the Building Completion Date, such failure to so complete shall be a default by Seller under the Sales Agreement, in which case buyer shall be entitled to the applicable remedies set forth in Article V, Section G.3 of the Sales Agreement.

10. Buyer will pay for the following closing costs: all of the Escrow fee, all notary fees, all appraisal fees, all recording costs, all charges for buyer's credit report, all costs of preparing any mortgages and promissory notes, and all title insurance costs. Buyer will also pay all mortgage costs. Buyer will also pay a nonrefundable start-up fee which will be held and used by the Seller and the first Managing Agent of the Association to pay for certain initial common expenses of the Project such as insurance premiums and as a working capital fund for the benefit of all the unit owners. Buyer agrees that Seller does not have to pay any start-up fee for any unit in the Project if it is owned by Seller. Proration of maintenance charges and other common expenses, and real property taxes will be made as of the scheduled Closing Date.

11. If, prior to Closing, buyer fails to make any payment when it is due or fails to keep any of buyer's other promises or agreements contained in the Sales Agreement, then Seller will have the right, at Seller's sole option and in addition to any other rights contained in the Sales Agreement, to do any one or more of the following:

(a) Seller may cancel the Sales Agreement by giving buyer written notice of cancellation and Seller may keep all sums paid by buyer under the Sales Agreement as "liquidated damages" (i.e., the amount agreed to by buyer and Seller as properly payable in settlement for breach of contract), and not as a penalty. Without limiting the generality of the foregoing, buyer understands and acknowledges that if buyer defaults under the Sales Agreement after it has become a binding contract (as described in Article V, Section E.1 of the Sales Agreement), Seller may keep the Option Deposit (as defined in the Sales Agreement) in addition to all other sums paid by buyer under the Sales Agreement. If Seller cancels the Sales Agreement, buyer agrees that it will be difficult and expensive to determine the amount of loss or damage Seller will suffer. This is because of, among other things, Seller's commitments relating to the financing of the Project, the effect of default and cancellation of one sale on other unit sales, and the nature of the real estate market in Hawaii. Buyer agrees that the sums paid by buyer under the Sales Agreement are a reasonable estimate of a fair payment to Seller for Seller's loss or damage resulting from buyer's default.

(b) Seller may file a lawsuit for damages.

(c) Seller may file a lawsuit for "specific performance" (in other words, a lawsuit to make buyer keep all of buyer's promises and agreements).

(d) Seller may take advantage of any other rights which the law allows or which Seller may have under the Sales Agreement.

Buyer also agrees to pay for all costs, including Seller's reasonable lawyers' fees (for both in-house and outside counsel) and the escrow cancellation fee, which are incurred because of buyer's default.

12. If, prior to Closing, Seller fails to keep any of Seller's promises or agreements contained in the Sales Agreement, buyer, if not in default hereunder, may file a lawsuit for specific performance to require Seller to go through with the Sales Agreement or buyer may exercise any other remedy to which buyer is entitled to at law or equity, including cancel the Sales Agreement, if applicable. If buyer cancels the Sales Agreement because of Seller's default, Seller will repay to buyer all sums paid by buyer to Seller or Escrow under the Sales Agreement, without interest.

13. The buyer understands, acknowledges, covenants and agrees to the following:

(a) The Project is located within a few miles of Wheeler Army Airfield and Schofield Barracks (collectively, the "Base"). The military conducts training exercises on properties near Waikakalaua Gulch, including the East Range, which is adjacent to Mililani Mauka. Low flying aircraft and explosive and other related noise is created from these training exercises, which can occur at any time, including the late evenings, early morning hours and weekends. These activities may result in noise, dust, vibration, and other nuisances, disturbances or hazards (collectively, the "Military Effects") to persons and property on or within the Property or the Project;

(b) The Project is located on and is near or adjacent to lands and easements used for or in connection with the cultivation of pineapple and diversified agricultural operations, which may include, but are not limited to, open burning, trucking, plowing, hauling, fertilizing, grading, storing, herbicide and pesticide spraying, crop dusting, water diversion, irrigation, and all other activities incidental to the planting, cultivating, harvesting and processing of crops, including night time activities, and the grazing and raising of livestock, poultry and other animals, which may from time to time cause surface water runoff, noise, soot, smoke, dust, light, heat, vapors, odors, chemicals, vibrations, insect pests, and other substances and phenomena of every description (collectively, the "Agricultural Effects") to be discharged, emitted, dispersed or transmitted over and upon the Property or the Project which may bother or be a nuisance to the buyer and any person occupying or using the Property, and the buyer also acknowledges that the Hawaii Right to Farm Act (Chapter 165 of the Hawaii Revised Statutes) and Hawaii law limit the circumstances under which farming operations may be deemed to be a nuisance;

(c) The Property is or may be located adjacent to or in the vicinity of electric, water and other utilities and public roads and thoroughfares, including, without limitation, such things as electrical substations, high-powered electrical transmission lines, water pump stations, water tanks, reservoirs, freeways and exit ramps which may result in nuisances, such as noise and dust, disturbances or hazards (collectively, the "Utility Effects") to persons and to property on or within the Property. In recent years, concerns have been raised about possible adverse health effects of electric and magnetic fields from power lines. Seller is not insuring or guaranteeing the health of buyer or other occupants or users of the Property and disclaims liability for personal injury, illness or any other loss or damage caused by or arising from the Utility Effects including, without limitation, the presence or malfunction of any electrical distribution systems that may be located adjacent to, near, or over any part of the Property;

(d) (i) The Project is or may be located adjacent to or in the vicinity of other phases of Island Classics II at Mililani Mauka, and various construction activities, including, but not limited to, ongoing residential and related construction, proposed construction of future residential subdivisions and roads, commercial and office buildings, land development activities, one or more recreational centers and facilities, churches, and other construction and development projects (collectively, the "Proposed Development"); (ii) construction of the Proposed Development will or may result in noise, dust, vibration and other nuisances, disturbances or hazards to buyer and to persons and property on or within the Property or the Project, and may limit buyer access to the Project; (iii) when completed, traffic, lights, noise, dust, vibration and other nuisances, disturbances or hazards to persons and property on or within the Property or the Project may be generated from the Proposed Development; (iv) no representations or warranties are made by Seller, its employees or agents concerning plans, or the absence of plans, by Seller or others for future development of adjacent or nearby properties, and any plans for the future development of adjacent and nearby properties by Seller are subject to change in the sole and absolute discretion of the Seller or its successors and assigns; and (v) Seller makes no representations regarding the view from the Property or any view easements or rights, and the views from the Property are not guaranteed and may be altered, diminished, eliminated or blocked entirely by the future development of adjacent or surrounding properties (items (i) through (v) are hereinafter collectively called the "Development Effects");

(e) Mold and other forms of fungi are common and occur naturally in Hawaii due to its climate. Any moisture, including but not limited to standing water, water intrusion in a home, or condensation will promote mold or other fungal growth. Lack of maintenance, utilization of an air-conditioner and other conditions which could increase moisture or condensation in a home, will therefore create conditions which are conducive to mold and fungi growth. It has been reported or alleged that molds and other fungi can cause mild to severe allergies, infections and other health problems and property damage (collectively, the "Mold Effects"). Seller is not insuring or guaranteeing the health of buyer or other occupiers or users of the Property and disclaims liability for personal injury, illness, property damage, or any other loss or damage caused by or arising from the Mold Effects; and

(f) Buyer represents and warrants to Seller that buyer, in buyer's sole discretion, has determined that the benefits of owning and enjoying the Property outweigh the risks of the Military Effects, the Agricultural Effects, the Utility Effects, the Development Effects and the Mold Effects (collectively, the "Property Conditions"). Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Military Effects, the Agricultural Effects, the Utility Effects and the Mold Effects. Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Development Effects, for a period of ten (10) years after the date of recordation of the Condominium Unit Deed. Buyer hereby covenants and

agrees to assume all risks of impairment of buyer's use and enjoyment of the Property or the Project, loss of market value of the Property, and property damage or personal injury arising from the Property Conditions, and buyer, for the buyer and the buyer's tenants, lessees, family, servants, guests, invitees, licensees, agents, employees, and those who use the Property through the buyer for an extended period of time (collectively, the "Occupants"), hereby waives any claims or rights of action or suits against Seller, its successors and assigns, the City and County of Honolulu, the State of Hawaii, and any agency or subdivision of the foregoing, arising from such impairment of the Occupants' use and enjoyment of the Property or the Project, loss of market value of the Property, and property damage or personal injury arising from one or more of the Property Conditions. Buyer shall indemnify, hold harmless and defend Seller, its successors and assigns, the City and County of Honolulu, the State of Hawaii, and any agency or subdivision of the foregoing, from any and all liability, claims, losses, damages, or expenses, including attorneys' fees, arising from such impairment of the Occupants' use and enjoyment of the Property or the Project, loss of market value of the Property, or property damage or personal injury to the property or person of the Occupants as a result of one or more of the Property Conditions. Buyer further covenants that buyer will notify all Occupants and transferees of the Property of the risks of the Property Conditions.

14. If Closing occurs, buyer and Seller agree that:

(a) any and all claims or disputes arising out of the Sales Agreement or in any way connected with the design, development, construction, sale, marketing, financing, warranties, or any other activity or matter relating to the Property, between buyer, on the one hand, and Seller and/or Seller's affiliates, on the other hand, shall be submitted to mediation, if applicable, and final and binding arbitration, all pursuant to and in accordance with the provisions contained in the Limited Warranty Agreement, administered by Professional Warranty Service Corporation ("PWC"), which mediation and arbitration provisions are incorporated by reference herein;

(b) buyer and Seller agree to follow the mediation and arbitration provisions set forth in the Limited Warranty Agreement even if a construction defect claim is excluded from coverage under the Limited Warranty Agreement or if the limited warranty provided under the Limited Warranty Agreement has expired or is no longer in effect;

(c) at Seller's option, the mediation and/or arbitration shall include all or any of Seller's agents, architects, consultants, engineers, contractors, subcontractors, suppliers, representatives or other third parties ("Related Parties"), and any action by buyer against any of the Related Parties (and not directly against Seller) in respect of the Property which Seller shall determine directly or indirectly affects Seller, shall at Seller's option, be subject to these mediation and arbitration provisions; and

(d) all fees and costs in connection with the mediation and/or arbitration shall be allocated in accordance with the Limited Warranty Agreement; provided, however, that any fees charged by PWC that are not addressed by the Limited Warranty Agreement shall be shared equally by buyer and Seller.

The foregoing provisions are intended to comply with (and shall be construed consistent with) the requirements of the Hawaii Contractor Repair Act, Chapter 672E of the Hawaii Revised Statutes ("Act"). In the event of an irreconcilable conflict between the foregoing provisions and the provisions of said Act, the provisions of the Act shall govern and control.

**Pursuant to the requirements of the Act, Seller is giving buyer notice of the right of Seller and its related contractors to resolve any alleged construction defects before buyer may commence legal action against Seller or such contractors. This notice is required by law under the Act, and is set forth in the *ADDENDUM REGARDING RIGHT TO RESOLVE ALLEGED CONSTRUCTION DEFECTS* which shall be executed by buyer in connection with the Sales Agreement.**

15. The buyer agrees that buyer may not transfer the Sales Agreement or any of buyer's rights or interests under the Sales Agreement without first getting Seller's written consent (which Seller may withhold in its sole and absolute discretion).
