SPECIAL ATTENTION

THERE ARE CITY AND COUNTY RESTRICTIONS ON THE NUMBER OF RESIDENTIAL DWELLING UNITS, OR OTHER STRUCTURES, WHICH MAY BE BUILT UPON THE PROPERTY. THEREFORE, UNLESS THE PURCHASER IS PURCHASING AN EXISTING RESIDENTIAL DWELLING, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE ALSO IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A STRUCTURE FOR RESIDENTIAL USE. PROSPECTIVE PURCHASERS SHOULD CONSULT WITH THE APPROPRIATE COUNTY AGENCIES TO DETERMINE WHETHER THE PURCHASER MAY BUILD A RESIDENTIAL DWELLING UNIT, OR ANY OTHER TYPE OF STRUCTURE, UPON THE PROPERTY.

This is a CONDOMINIUM PROJECT and not a subdivision. The land area beneath and immediately appurtenant to each apartment unit is designated a LIMITED COMMON ELEMENT and is not a legally subdivided lot. The broken lines on the Condominium Map bounding the designated number of square feet within each limited common element land area are for illustrative purposes only, and should in no way be construed to be the property lines of legally subdivided lots.

This public report does not constitute approval of the Project by the Real Estate Commission, or any other governmental agency, nor does it ensure that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

**II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS**

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

Proposed
 Recorded - Bureau of Conveyances: Document No. 2006-037105
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]: NA

 Filed - Land Court Condo Map No. _____

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]: NA

C. **Bylaws of the Association of Apartment Owners** govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

Book _____ Page _____
 Filed - Land Court: Document No. _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]: NA

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed Adopted Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents** Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

*Note: See Exhibit "C"

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the non-conformity, and restrictions on altering and repairing structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit "E" .

2. Limited Common Elements: Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit "F".

as follows:

*Note: Land areas referenced herein are not legally subdivided lots.

3. Common Interest: Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____.

as follows: The percentage of common interest appurtenant to each apartment in the Project is 50%.

E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit "G" describes the encumbrances against the title contained in the title report dated February 6, 2006 and issued by Old Republic Title & Escrow of Hawaii, Ltd.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance</u>
Mortgage	Buyer's interest is subordinate to mortgagee's and is subject to termination. Buyer is entitled to return of any deposits paid, less escrow cancellation fees.

F. **Construction Warranties:**

C. **Additional Information Not Covered Above**

1. **Not a Subdivision; Replacement of Shed with Residential Dwelling.** This is a condominium project which should not be confused with a subdivision. A purchaser of an apartment will be conveyed an apartment unit together with an "undivided" interest in the common elements of the project. The entire parcel of land upon which the project is situated is designated as a common element. That portion of the common element which each purchaser has the exclusive right to use is called a limited common element or area, but is not a separate, legally subdivided lot.

There are City and County restrictions on the number of residential dwelling units, or other structures, which may be built upon the property. Therefore, with respect to Unit 51-412A, there is no assurance that the purchaser will be able to convert the storage shed to a residential dwelling unit. Potential purchasers are strongly urged to consult with the appropriate City and County agencies to confirm that the purchaser will be able to construct a residential dwelling unit on the dwelling area appurtenant to Unit 51-412A.

2. **Maintenance Fees.** Developer believes that there will be no maintenance fees. This is because all costs of every kind pertaining to each apartment and its respective limited common elements, including but not limited to, costs of landscaping, maintenance, repair, replacement and improvement shall be borne entirely by the respective apartment owner. Although the components of the wastewater system which are utilized for or serve more than one unit are common elements, the Developer believes that the owners would rather treat any repair to the wastewater system as a special assessment rather than collect and maintain a reserve fund. All utilities are separately metered.

3. **Insurance.** Section 514A-86, Hawaii Revised Statutes, requires the Association of Apartment Owners to purchase fire insurance to cover the improvements of the Project, and that the premiums for the such insurance be common expenses. Developer anticipates that the Association will elect, pursuant to Paragraph 16.5 of the Declaration, to permit individual apartment owners to obtain and maintain separate policies of fire insurance and name the Association as an additional insured. In such case, fire insurance premiums will be the responsibility of individual apartment owners and not common expenses. Prospective purchasers should consult with their own insurance professionals to obtain an estimate for individual fire and hazard insurance.

4. **Reserves.** Developer discloses that no "reserve study" was done in accordance with Section 514A-83.6, Hawaii Revised Statutes, and replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.

5. **Disclosure Regarding "AS-IS" Sale.** The two apartments will be conveyed in their present "as is" condition. Potential buyers are strongly urged to have a professional home inspection to ascertain the exact condition of the property.

6. **Hazardous Materials.** The Developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extend (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the apartments or in the Project or anything installed or contained therein and Buyer expressly releases the Developer from any liability to Buyer if any hazardous materials are discovered.

7. **Lead Warning Statement.** Pursuant to federal law, 42, U.S.C 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."

8. Storage Sheds; Building Permits; Replacement. Unit 51-412A is a 10 square foot storage shed. Pursuant to Section 18-3.1(b)(16) of the Revised Ordinances of Honolulu, the structure did not require a building permit because it is a one-story detached storage shed with an aggregate floor area not exceeding 120 square feet. See Exhibit "C".

If and when Unit 51-412A is replaced, it is expected to be replaced by a single-family residence in accordance with Paragraph 19.1 of the Declaration. Unit 51-412A will have that number of rooms (exclusive of lanai), net living floor area in square feet (exclusive of lanai) and a garage or carport, as set forth in an amendment to the Declaration made in accordance with Paragraph 20.4 of the Declaration. Exhibit "K" attached hereto contains additional information regarding alteration of the units.

The Owner of Unit 51-412 ("Non-Building Owner") shall cooperate with the Owner of Unit 51-412A ("Building Owner") with respect to the Building Owner's construction of such residence, obtaining building, utility and other governmental permits, and obtaining utility services into his Dwelling Area which may be necessary or desirable for the residence to be built by Building Owner. Notwithstanding the foregoing, the Non-Building Owner shall not be required to incur any cost or expenses hereunder without being reimbursed by the Building Owner. All costs incurred in the building of the residence (or making of any change) shall be borne by the Building Owner, who shall indemnify and hold the Non-Building Owner harmless from any loss, liability, damage or expense incurred or suffered by the Non-Building Owner on account of such building or making such change by the Building Owner.

9. Individual Wastewater System. The Project is not serviced by a public sewer system. Unit 51-412 is serviced by a cesspool, and the cesspool is located within the Dwelling Area appurtenant to Unit 51-412. Unit 51-412A is not connected to a wastewater system. If and when Unit 51-412A is replaced by a single-family residence, the owner of Unit 51-412A will be responsible for replacing the existing cesspool with a septic tank system, and to connect both Unit 51-412 and Unit 51-412A to the newly installed septic tank system; and the owner of Unit 51-412A will be responsible for any and all costs involved in connection therewith. Thereafter, any and all expenses associated with the maintenance of the wastewater system will be shared equally by the owners of the two units.

Furthermore, State law permits only five bedrooms to be serviced by an individual wastewater system. Since Unit 51-412 already has three bedrooms, if Unit 51-412A is replaced by a single-family residence, then Unit 51-412A may be limited to two bedrooms if the two dwelling units will be sharing the same wastewater system. Prospective purchasers of Unit 51-412 should consult with the State Department of Health before purchasing the unit to determine whether the planned use of the property is permitted.

Pursuant to paragraph 19.1, the owner of Unit 51-412 (the "Non-Building Owner") shall cooperate with the owner of Unit 51-412A (the "Building Owner") with respect to the Building Owner's construction of such residence, including obtaining utility services and connecting both Unit 51-412 and Unit 51-412A to the newly installed septic tank system. Furthermore, all costs incurred in the building of the residence, including obtaining utility services, shall be borne by the Building Owner. The Building Owner shall also indemnify and hold the Non-Building Owner harmless from any loss, liability, damage or expense incurred or suffered by the Non-Building Owner on account of the construction of the residence and the installation of utility services.

10. Kaaawa Beach Owners Association. The two Units are subject to the terms and provisions of the Declaration of Covenants, Conditions and Restrictions dated August 17, 1982, and recorded in the Bureau of Conveyances of the State of Hawaii in Liber 16521, Page 395 (the "CC&Rs"), for the Kaaawa Beach Owners Association (the "Association"). The purpose of the Association is to own and maintain the roads in the subdivision (the "Roads"). An Owner automatically becomes a member of the Association upon acquiring the Unit. The CC&Rs provide that the Owner shall have a nonexclusive right and easement to use the Roads. The CC&Rs further provide that the Owner shall be required to pay an annual assessment, together with any special assessments levied by the Association. Currently the annual assessment is \$12.00, and each Owner shall be liable for one-half of the annual assessment (currently \$6.00).

- D. The developer declares subject to the penalties set forth in section 514A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Act 251 (SLH 2000) [Section 514A-1.6] (The developer is required to make this declaration for issuance of an effective date for a final public report.)
- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

Dear Mr. Nervell:

Re: Condominium Conversion Project
51-412 Kekio Road
Tax Map Key: 5-1-011: 030

This is in response to your letter dated November 2, 2005, requesting verification that the structures on the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed that the one-story single-family detached dwelling with one (1) all-weather surface off-street parking space met all applicable code requirements when it was constructed in 1958 on this 11,290 square-foot R-5 Residential District zoned lot.

Investigation also revealed the following:

1. The carport structure, which encroaches into the required front yard setback, is considered nonconforming (spacing).
2. The one (1) all-weather surface off-street parking space is considered nonconforming.

For your information, the Department of Planning and Permitting cannot determine all other legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

No variances or other permits were granted to allow deviation from any applicable codes.

Permitted Alterations to the Apartments

The following are provisions from the Declaration pertaining to alteration of the units in the Project.

1. Paragraph 19.1 of the Declaration provides that:

19.1 Changes to Units. Notwithstanding anything to the contrary contained in this Declaration, a Unit Owner, with the consent by the holder of any mortgage affecting the Owner's Unit (if required by such mortgage), shall have the right at his sole option at any time and from time to time without the consent of any other person, to improve, renovate, remodel, make additions to, enlarge, remove, replace or restore the improvements to or in his Unit or portions thereof or to make or build improvements upon the Dwelling Area appurtenant to the Unit (collectively, the foregoing are referred to "changes") subject to the following conditions:

(i) All building plans for any such changes shall be prepared by a Hawaii licensed architect or professional engineer and conform with applicable City and County building, zoning laws and ordinances and applicable State law, and all construction changes shall be undertaken by a building contractor licensed in the State of Hawaii.

(ii) All changes to a Unit must be made within the Dwelling Area which is appurtenant to the Unit; provided, however, that no structure as defined under the LUO shall be constructed or placed within five (5) feet of any boundary line separating two Dwelling Areas.

(iii) No change to a Unit will be made if the effect of such change would be to exceed the Unit's proportionate share of the allowable floor area or building area coverage for the Land, or number of dwelling units, as defined by the LUO in effect when the change is to be made; provided, however, that each Unit shall be permitted to have only one dwelling unit as defined under the LUO. The "proportionate share" for each Unit shall be the same as its common interest in the Land.

(iv) All such changes shall be at the expense of the Owner making the change and shall be expeditiously made and in a manner that will not unreasonably interfere with the other owner's use of his Unit or its appurtenant Dwelling Area.

(v) During the entire course of such construction, the Owner making such change will cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. The Association shall be named as an additional insured and, upon the request of the

Association, evidence of such insurance shall be deposited with the Association or its Managing Agent, if any;

(vi) The Owner of the changed Unit shall have the right to utilize, relocate and realign existing and/or to develop additional, central and appurtenant installations for services to the Unit affected by such change for electricity, sewer, and other utilities and services and when applicable, to add, delete, relocate, realign, designate, and grant easement and rights-of-way over, under, and on the common elements as necessary or desirable in connection therewith; provided that the same shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by the other Owner;

(vii) If the consent to the change or joinder of another Owner is required by the Act, then each owner hereby consents in advance to such change.

(viii) Each and every conveyance, lease and mortgage or other lien made or created on any Unit and all common interests and other appurtenances thereto shall be subject to the provisions of this paragraph and any lease of a Dwelling Area shall reserve to each owner the rights set forth in this paragraph.

(ix) This Declaration is being imposed on the Land before completion of the contemplated construction of a residence on the Dwelling Area for Unit 51-412A. Consequently, the Owner of Unit 51-412 ("Non-Building Owner") shall cooperate with the Owner of Unit 51-412A ("Building Owner") with respect to the Building Owner's construction of such residence, obtaining building, utility and other governmental permits, and obtaining utility services into his Dwelling Area which may be necessary or desirable for the residence to be built by Building Owner. Notwithstanding the foregoing, the Non-Building Owner shall not be required to incur any cost or expenses hereunder without being reimbursed by the Building Owner. All costs incurred in the building of the residence (or making of any change) and obtaining utility services shall be borne by the Building Owner, who shall indemnify and hold the Non-Building Owner harmless from any loss, liability, damage or expense incurred or suffered by the Non-Building Owner on account of such building or making such change by the Building Owner, or obtaining such utility services.

If and when Unit 51-412A is replaced by a single-family residence, the Building Owner shall be responsible for replacing the existing cesspool located within the Dwelling Area appurtenant to Unit 51-412 with a septic tank system, and to connect both Unit 51-412 and Unit 51-412A to the newly installed septic tank system; and the Building Owner shall be responsible for any and all costs involved in connection therewith. Thereafter, any and all expenses associated with the maintenance of said wastewater system shall be charged to both Owners as a common expense.

2. Paragraph 20.4 of the Declaration provides that:

20.4 Amendments for Changes to Units. Notwithstanding the foregoing, an Owner shall have the right without the consent or joinder of any other person to amend this Declaration and the Condominium Map to reflect the changes made to his Unit in accordance with Paragraph 19.1 or Paragraph 19.2 of this Declaration. Promptly upon completion of such changes, the Unit Owner shall duly record with the Recording Office an amendment to this Declaration and to the Condominium Map, together with a complete set of the floor plans of the Project as so altered, certified as built by a registered architect or professional engineer. All existing Unit Owners and all future Unit Owners and their mortgagees, by accepting an interest in a Unit, shall be deemed to have given each Unit Owner a Power of Attorney to execute an amendment to the Declaration solely for the purpose of describing the changes to his respective Unit on the Declaration so that each Unit Owner shall hereafter have a Power of Attorney from all the other Unit Owners to execute such Amendment to the Declaration. This Power of Attorney shall be deemed coupled with each Owner's interest in his Unit (including its appurtenant common interest) and shall be irrevocable.
