SPECIAL ATTENTION

This is a **CONDOMINIUM PROJECT**, not a subdivision. It does not involve the sale of individual subdivided lots. The land area beneath and immediately appurtenant to each unit is designated a **LIMITED COMMON ELEMENT** and not a legally subdivided lot. The dotted lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.

1. This public report does not constitute approval of the Project by the Real Estate Commission, or any other government agency, nor does it ensure that all applicable County codes, ordinances and subdivision requirements have been complied with.

2. Facilities and improvements normally associated with County approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for, and services such as County street maintenance and trash collection will not be available for interior roads and driveways.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

There are county restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the purchaser is purchasing an existing residential dwelling, there is no assurance that the purchaser will be able to build a residential dwelling unit on the property. There also is no assurance that the purchaser will be able to convert an existing non-residential structure to a residential use.

THE PURCHASER SHOULD CONSULT WITH THE APPROPRIATE COUNTY TO DETERMINE WHETHER THE PURCHASER MAY BUILD A RESIDENTIAL DWELLING UNIT, OR ANY OTHER TYPE OF STRUCTURE, UPON THE PROPERTY.

General Information On Condominiums

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of the Condominium Property Act, Chapter 514A, Hawaii Revised Statutes, must be complied with. In addition, certain requirements and approvals of the County in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owners/tenants) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements at the lessee's expense. Leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

"Common elements" are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

in some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called "limited common elements" and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the project's Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without the vote of the owners. For example, the board may hire and fire employees, increase or decrease maintenance fees, borrow money for repair and improvements and set a budget. Some of these actions may significantly impact the apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is important to all apartment owners that the transition of control from the developer to the apartment owners be accomplished in an orderly manner and in a spirit of cooperation.

II. CREATION OF THE CONDOMINIUM;
CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances and/or filing with the Land Court a Declaration of Condominium Property Regime, a Condominium Map (File Plan), and the Bylaws of the Association of Apartment Owners. The Condominium Property Act (Chapter 514A, HRS), the Declaration, Bylaws, and House Rules control the rights and obligations of the apartment owners with respect to the project and the common elements, to each other, and to their respective apartments. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law.

A. **Declaration of Condominium Property Regime** contains a description of the land, buildings, apartments, common elements, limited common elements, common interests, and other information relating to the condominium project.

The Declaration for this condominium is:

Proposed
 Recorded - Bureau of Conveyances: Document No. 2006-041665
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Declaration referred to above has been amended by the following instruments [state name of document, date and recording/filing information]:

B. **Condominium Map (File Plan)** shows the floor plan, elevation and layout of the condominium project. It also shows the floor plan, location, apartment number, and dimensions of each apartment.

The Condominium Map for this condominium project is:

Proposed
 Recorded - Bureau of Conveyances Condo Map No. 4178
 Filed - Land Court Condo Map No. _____

The Condominium Map has been amended by the following instruments [state name of document, date and recording/filing information]:

C. **Bylaws of the Association of Apartment Owners** govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Apartment Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters which affect how the condominium project will be governed.

The Bylaws for this condominium are:

Proposed
 Recorded - Bureau of Conveyances: Document No. 2006-041666
Book _____ Page _____
 Filed - Land Court: Document No. _____

The Bylaws referred to above have been amended by the following instruments [state name of document, date and recording/filing information]:

D. **House Rules.** The Board of Directors may adopt House Rules to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the developer.

The House Rules for this condominium are:

Proposed Adopted Developer does not plan to adopt House Rules

E. **Changes to Condominium Documents** Changes to the Declaration, Condominium Map, and Bylaws are effective only if they are duly adopted and recorded and/or filed. Changes to House Rules do not need to be recorded or filed to be effective.

1. **Apartment Owners:** Minimum percentage of common interest which must vote for or give written consent to changes:

	<u>Minimum Set by Law</u>	<u>This Condominium</u>
Declaration (and Condo Map)	75%	<u>75%</u>
Bylaws	65%	<u>65%</u>
House Rules	_____	<u>N/A</u>

*The percentages for individual condominium projects may be more than the minimum set by law for projects with five or fewer apartments.

2. **Developer:**

No rights have been reserved by the developer to change the Declaration, Condominium Map, Bylaws or House Rules.

Developer has reserved the following rights to change the Declaration, Condominium Map, Bylaws or House Rules:

IMPORTANT INFORMATION ON LEASEHOLD CONDOMINIUM PROJECTS

The information contained in this report is a summary of the terms of the lease. For more detailed information, you should secure a copy of the lease documents and read them thoroughly.

If you have any legal questions about leasehold property, the lease documents or the terms of the lease and the consequences of becoming a lessee, you should seek the advice of an attorney.

There are currently no statutory provisions for the mandatory conversion of leasehold condominiums and there are no assurances that such measures will be enacted in the future.

In leasehold condominium projects, the buyer of an apartment will acquire the right to occupy and use the apartment for the time stated in the lease agreement. The buyer will not acquire outright or absolute fee simple ownership of the land. The land is owned by the lessor or the leased fee owner. The apartment owner or lessee must make lease rent payments and comply with the terms of the lease or be subject to the lessor's enforcement actions. The lease rent payments are usually fixed at specific amounts for fixed periods of time, and are then subject to renegotiation. Renegotiation may be based on a formula, by arbitration set in the lease agreement, by law or by agreement between the lessor and lessee. The renegotiated lease rents may increase significantly. At the end of the lease, the apartment owners may have to surrender the apartments, the improvements and the land back to the lessor without any compensation (surrender clause).

When leasehold property is sold, title is normally conveyed by means of an assignment of lease, the purpose of which is similar to that of a deed. The legal and practical effect is different because the assignment conveys only the rights and obligations created by the lease, not the property itself.

The developer of this condominium project may have entered into a master ground lease with the fee simple owner of the land in order to develop the project. The developer may have then entered into a sublease or a new lease of the land with the lessee (apartment owner). The developer may lease the improvements to the apartment owner by way of an apartment lease or sublease, or sell the improvements to the apartment owners by way of a condominium conveyance or apartment deed.

11. Conformance to Present Zoning Code

a. No variances to zoning code have been granted.

	<u>Conforming</u>	<u>Non-Conforming</u>	<u>Illegal</u>
Uses	<u>X</u>	<u> </u>	<u> </u>
Structures	<u>X</u>	<u> </u>	<u> </u>
Lot	<u>X</u>	<u> </u>	<u> </u>

If a variance has been granted or if uses, improvements or lot are either non-conforming or illegal, buyer should consult with county zoning authorities as to possible limitations which may apply.

Limitations may include restrictions on extending, enlarging, or continuing the nonconformity, and restrictions on altering and repairing structures. In some cases, a nonconforming structure that is destroyed or damaged cannot be reconstructed.

The buyer may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure, or lot.

D. Common Elements, Limited Common Elements, Common Interest:

1. Common Elements: Common Elements are those parts of the condominium project other than the individual apartments. Although the common elements are owned jointly by all apartment owners, those portions of the common elements which are designated as limited common elements (see paragraph 2 below) may be used only by those apartments to which they are assigned. The common elements for this project, as described in the Declaration, are:

described in Exhibit D

as follows:

2. **Limited Common Elements:** Limited Common Elements are those common elements which are reserved for the exclusive use of the owners of certain apartments.

There are no limited common elements in this project.

The limited common elements and the apartments which use them, as described in the Declaration, are:

described in Exhibit D

as follows:

3. **Common Interest:** Each apartment will have an undivided fractional interest in all of the common elements. This interest is called the "common interest." It is used to determine each apartment's share of the maintenance fees and other common profits and expenses of the condominium project. It may also be used for other purposes, including voting on matters requiring action by apartment owners. The common interests for the apartments in this project, as described in the Declaration, are:

described in Exhibit _____

as follows: The common interests appurtenant to each Unit for all purposes, including voting on all matters, is twenty percent (50%).

- E. **Encumbrances Against Title:** An encumbrance is a claim against or a liability on the property or a document affecting the title or use of the property. Encumbrances may have an adverse effect on the property or your purchase and ownership of an apartment in the project.

Exhibit E describes the encumbrances against the title contained in the title report dated February 15, 2006 and issued by Title Guaranty of Hawaii, Inc.

Blanket Liens:

A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project that secures some type of monetary debt (such as a loan) or other obligation. A blanket lien is usually released on an apartment-by-apartment basis upon payment of specified sums so that individual apartments can be conveyed to buyers free and clear of the lien.

[] There are no blanket liens, affecting title to the individual apartments.

[X] There are blanket liens which may affect title to the individual apartments.

Blanket liens (except for improvement district or utility assessments) must be released before the developer conveys the apartment to a buyer. The buyer's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the apartment to buyer.

<u>Type of Lien</u>	<u>Effect on Buyer's Interest and Deposit if Developer Defaults Lien is Foreclosed Prior to Conveyance</u>
Mortgage	Buyer's interest will be terminated and Buyer may be entitled to a refund of deposit, less escrow cancellation fees not to exceed \$250.

F. Construction Warranties:

All Units will be sold "AS IS" and no warranties are applicable.

1. Building and Other Improvements: None
2. Appliances: None

G. **Status of Construction and Date of Completion or Estimated Date of Completion:**

Completion of the construction of certain subdivision infrastructure for Poipu Aina Estates, the subdivision in which the Project is located, and the construction of the shade sheds is estimated to be completed by September 2006.

H. **Project Phases:**

The developer has has not reserved the right to add to, merge, or phase this condominium.

Summary of Developer's plans or right to perform for future development (such as additions, mergers or phasing): N/A

IV. CONDOMINIUM MANAGEMENT

A. **Management of the Common Elements:** The Association of Apartment Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

Initial Condominium Managing Agent: When the developer or the developer's affiliate is the initial condominium managing agent, the management contract must have a term of one year or less and the parties must be able to terminate the contract on notice of 60 days or less.

The initial condominium managing agent for this project, named on page five (5) of this report, is:

- not affiliated with the Developer the Developer or Developer's affiliate
- self-managed by the Association of Apartment Owners* Other: _____

*The Developer has employed Moana LK Palama as the initial managing agent for the Community Association of Poipu Aina Estates (the Subdivision in which the Project is located.) Developer is not affiliated with said agent.

B. **Estimate of Initial Maintenance Fees:**

The Association will make assessments against your apartment to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your apartment and the apartment may be sold through a foreclosure proceeding.

Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit F contains a schedule of estimated initial maintenance fees and maintenance fee disbursements (subject to change).

C. **Utility Charges for Apartments:**

C. Additional Information Not Covered Above

1. POIPU AINA ESTATES COMMUNITY ASSOICATION The land underlying the Project is subject to that certain Declaration of Protective Covenants, Conditions and Restrictions of Poipu Aina Estates dated December 27, 2005, recorded at the Bureau, Document No. 2006-011008 (the "CC&Rs"). Accordingly, the Units in the Project shall be held, leased, mortgaged, conveyed, used, occupied and improved subject to and with the benefit of the restrictions, covenants, conditions, provisions, and easements set forth in the CC&Rs including, without limitation:
 - a. Community Association of Owners of Poipu Aina Estates (the "Community Association")
 - b. All Owners will be subject to Community Association assessments to provide sufficient working funds and reserves for the improvement, care and maintenance of Community Association property and other common facilities, participation in the Farming Community, and to pay taxes and assessments attributable thereto and its other administrative functions. Such Community Association assessments shall be in addition to the maintenance fee assessed against each Owner for the Project. See Exhibit F for estimated assessments.
 - c. The CC&Rs shall continue in force unless terminated as provided in the CC&Rs.
2. All of the land underlying the subdivision in which the Project is located is in the Agricultural District. As such, no Unit shall be used for any purposes not permissible within the Agricultural District pursuant to the rules and regulations of the State Land Use Commission of the State of Hawaii and the County of Kauai and other applicable rules and regulations in effect from time to time ("Agricultural Requirements"). Agricultural Requirements require use of the land primarily for pursuit of agricultural activity. Under state laws, generally, residential dwellings are not permitted unless they qualify as a "farm dwelling," a single family dwelling located on and used in connection with a farm, or located on a lot where agricultural activity provides income to the family occupying the dwelling. Upon any issuance of building permits within the Agricultural District, Owners will be required to sign an agreement to the agricultural uses consistent with County regulations.

To satisfy the Agricultural Requirements (at least in part), each Owner, his or her successors and assigns, shall participate on a pro rata basis (including the payment of expenses and sharing in profits, if any) in a farming community cooperative ("Farming Community") to be formed and managed by the Community Association. Owners shall have sole and exclusive responsibility for compliance with the Agricultural Requirements. Declarant makes no representations whatsoever that participation in the Farming Community will be sufficient to meet the Agricultural Requirements to support a Farm Dwelling and Owners may be required to conduct further agricultural activities to meet the Agricultural Requirements as may be required by regulatory and other governmental agencies. See Exhibit B.
3. Domestic water service shall not be available until the construction of improvements for the Subdivision in which the Project is located are completed and accepted by the Department of Water, County of Kauai. Due to the high elevations of the land areas in the Subdivision in which the Project is located, a dependable water supply of water can not be assured. Owners will be required to sign an Elevation Agreement with the Department of Water agreeing to accept such water service as the Department of Water is able to render and agreeing to install and maintain suitable pumps or storage tanks if necessary.
4. The Project is self-managed. However, the Developer has retained as managing agent for the Community Association, Moana LK Palama dba Management Services, ("Managing Agent"), whose address is 5100-B Kahili Wai Rd., Koloa, Kauai, Hawaii 96756, under that certain Interim Management Agreement. Developer is not affiliated with the Managing Agent.

- D. The developer declares subject to the penalties set forth in section 514A-49(b) that this project is in compliance with all county zoning and building ordinances and codes, and all other county permitting requirements applicable to the project, pursuant to Act 251 (SLH 2000) [Section 514A-1.6]. (The developer is required to make this declaration for issuance of an effective date for a final public report.)
- E. The developer hereby certifies that all the information contained in this Report and the Exhibits attached to this Report and all documents to be furnished by the developer to buyers concerning the project have been reviewed by the developer and are, to the best of the developer's knowledge, information and belief, true, correct and complete.

EXHIBIT B

USE RESTRICTIONS

Capitalized terms have the same meanings ascribed to them in the Declaration.

Section 10 of the Declaration provides:

a. All of the Land is classified as “Agricultural” by the Land Use Commission of the State of Hawaii and zoned “Agriculture” by the County of Kauai and shall not be used for any purposes not permissible within the Agricultural District pursuant to the State Land Use Commission Rules and Regulations and other applicable rules and regulations in effect from time to time (“**Agricultural Requirements**”). Agricultural Requirements require use of the Land primarily for pursuit of agricultural activity. Owners shall have sole and exclusive responsibility for compliance with the Agricultural Requirements.

The state laws which govern the use of land located within the State Agricultural Land Use District are set forth in Section 205-4.5 of the Hawaii Revised Statutes, as amended. Generally, residential dwellings are not permitted within the agricultural district unless they qualify as a “farm dwelling.” A farm dwelling is defined as a single family dwelling which is or qualifies as a dwelling (i) located on and used in connection with a farm, or (ii) located on a lot where agricultural activity provides income to the family occupying the dwelling.

Penalty for violation of Section 205-4.5, Hawaii Revised Statutes, is a fine not more than \$5,000. If any person who is cited for a violation of the law fails to remove the violation within six months of such citation and the violation continues, such person is subject to a citation for a new and separate violation. There shall be a fine of no more than \$5,000 for any additional violation.

County requirements for allowed uses in the Agricultural Districts are contained in Kauai County Code, Chapter 8, Article 7. Upon any issuance of building permits within the Agricultural District, Owners will be required to sign an agreement to the agricultural uses consistent with County regulations.

To satisfy the Agricultural Requirements (at least in part), each Owner, his or her successors and assigns, shall participate on a pro rata basis (including the payment of expenses and sharing in profits, if any) in a farming community cooperative (the “**Farming Community**”) to be formed and managed by the Community Association, on the easements granted to the Community Association for such purposes and/or on other land areas within the Subdivision.

Each Owner is free to pursue agricultural activities in addition to his or her participation in the Farming Community consistent with the terms and conditions of the CC&Rs and other applicable restrictions. Declarant makes no representations whatsoever that participation in the Farming Community will be sufficient to meet the Agricultural Requirements to support a Farm Dwelling and Owners may be required to conduct further agricultural activities to meet the Agricultural Requirements as may be required by regulatory and other governmental

agencies. Service arrangements made by the Declarant or the Association for activities of the Farming Community may not be available to Owners for such independent agricultural activities including, by way of an example, availability of irrigation water. Owners will be required to make his or her separate arrangements for all agricultural activities conducted independent of the Farming Community.

b. Each Owner shall have sole and exclusive responsibility for compliance with the Agricultural Requirements. No Owner shall do or suffer or permit to be done anything on a Unit or elsewhere on Poipu Aina Estates which would violate the Agricultural Requirements which could, among other things, place in jeopardy the zoning for the Unit or adversely affect zoning of any other Unit, or decrease the value of Poipu Aina Estates as a whole. Any Owner failing to fully comply with all Agricultural Requirements shall be responsible for any resulting damage or loss arising out of his or her failure to comply and shall hold the Declarant, the Association, the Board, the Environmental Committee, and the Managing Agent harmless from any claim resulting from any such non-compliance. Changes to any requirements under this Declaration as a result of the Land no longer being subject to the Agricultural Requirements, or changes to the Agricultural Requirements, shall be decided pursuant to an amendment to the CC&Rs pursuant to Section 12.2 thereof.

c. All cultivation of crops, whether for personal or commercial use, shall be conducted only on locations designated on site plans for such activity, which have been approved pursuant to the Environmental Design Rules, and shall be conducted in conformance with good farming practices including, but not limited to, adequate provision for: (i) control of dust; (ii) use of sprays, pesticides, insecticides, and other chemical insect control or fertilizing measures in accordance with all governmental regulations concerning such use, and in such manner as not to create a hazard or nuisance; (iii) prompt control and removal of weeds, noxious or waste vegetation; (iv) prompt disposal of excess plant material, or placement of same in an established compost pile maintained in a neat farmer-like manner; (v) control of water to prevent any flooding, erosion of, or deposit of silt on adjoining land; (vi) control of any planting near boundaries to prevent or eliminate unreasonable invasion of adjoining land by roots and/or branches of such plantings; (vii) affirmative soil conservation practices to assure the continued fertility of the soil including, but not limited to, measures to avoid the erosion of, the deposit of silt on, or the accumulation of deleterious chemicals in, the soil; and (viii) protection of all ground and surface water sources from contamination or the introduction of deleterious chemicals or substances.

d. Except for dogs, cats and other typical household pets kept in reasonable numbers and under reasonable conditions, no animal shall be kept or maintained except with the approval of the Environmental Committee, which shall have the power to control in accordance with the standards set forth in the CC&Rs and other uniformly applied standards from time to time adopted pursuant to the Environmental Design Rules, the kinds of animals which may be kept or maintained, the numbers of each type of animal which may be kept or maintained, and the conditions under which such animals may be kept or maintained, including, without limitation, the kind of structures or enclosures in which such animals may be kept. All animals kept or maintained, whether domestic pets, livestock, poultry, game and fish or any other animal or aquatic life propagated for economic or personal use shall be kept and maintained only in a density compatible with neighboring use and shall be cared for in conformance with

practices of good animal husbandry including, but not limited to: (i) prompt removal of excess amounts of manure and other waste; (ii) disposal in an ecologically sound manner of any effluent from the practice of aquaculture or other processes; (iii) control of flies, insects, worms and other pests; (iv) adequate fencing and animal housing facilities adequate to restrict such animals and poultry; and (v) control of noise and noxious odors to levels which are customary under practices of good animal husbandry and which are compatible with neighboring residential and agricultural use. Storage of hay, fodder and other food supplies shall be accomplished in such manner as to prevent scattering of such materials by the wind.

e. All occupation, use or construction of Improvements, and the subsequent alteration, expansion or remodeling thereof, shall comply with: (i) all applicable laws, ordinances, codes, rules, regulations or other requirements then in effect; (ii) the CC&Rs; (iii) this Declaration, the Bylaws and any other requirements or restrictions of record; (iv) any setbacks or other requirements that may be described on the Condominium Map; and (v) any other constituent documents of the Project. The CC&Rs require, among other things, that any construction or subsequent alteration, expansion or remodeling be first approved pursuant to the Environmental Design Rules.

f. The Unit Owners shall apply to the governmental authority having jurisdiction thereof (as required) and the Environmental Committee as specified in the Design Rules for approval to construct or cause to be constructed the Improvements allowed on the Limited Common Element appurtenant to such Units and, if the Owners receive such approvals, the Owners may construct or cause to be constructed, at their sole cost and expense, such Improvements in accordance with all conditions of such approvals. Subject to zoning regulations, in addition to a farm dwelling that may be allowed on each Unit, a guest facility of less than five hundred (500) square feet with no kitchen may be allowed (subject to receiving all required approvals as set forth herein) but only on Unit D and not on any other Units in the Project.

g. As further described in the CC&Rs, zoning regulations limit the land coverage by buildings and pavements on all Units in the aggregate to fifty percent (50%) of the land area of the Project. The total land coverage created by building or paving Improvements (including, but not limited to, any buildings, barns, sheds, driveways and swimming pools) appurtenant thereto, shall be strictly limited to no more than fifty percent (50%) of the land area of the Limited Common Element appurtenant to the Unit as set forth in Section 6 above. Notwithstanding any approval of Improvements by the Environmental Committee pursuant to the CC&Rs and the Design Rules, each Unit Owner shall remain at all times solely and exclusively responsible for compliance with the land coverage limitations as stated herein and shall immediately remedy upon notification, at his or her own cost, any land coverage in excess of the limits stated herein.

h. No Improvements may be constructed to obstruct any easement for the Project, as shown on the Condominium Map. All construction (i) shall be completed expeditiously pursuant to the Design Rules, and (ii) shall not unreasonably interfere with any other Unit Owner's enjoyment of his or her Unit or the Common Elements of the Project. If required by the building department, a Unit Owner who wishes to obtain a building permit shall execute a power of attorney in favor of the President the Association (as defined in Section 11

below) and the President shall, at the cost and expense of such Owner, apply for such building permit. In connection with any construction under this paragraph, the Unit Owner, at his or her sole cost and expense, shall, upon completion of the Improvements, have prepared and recorded in the Bureau an appropriate amendment to this Declaration and to the Condominium Map to reflect such construction.

i. Additional use restrictions are included in the CC&Rs and the Design Rules. In addition, no Unit Owner shall do or suffer or permit to be done anything on any Unit or appurtenant Limited Common Element or elsewhere on the Project which will: (i) injure the reputation of the Project or the Subdivision; (ii) jeopardize the safety or soundness of the Project or the Subdivision; (iii) create a nuisance or interfere with or unreasonably disturb the rights of other Owners and occupants; (iv) reduce the value of the Project or the Subdivision; (v) result in the cancellation of insurance applicable to the Project or the Subdivision, or adversely affect the right of recovery thereunder or result in reputable companies refusing to provide insurance as required or permitted by the Bylaws or the Bylaws of the Community Association; or (vi) increase the rate of insurance applicable to the Units or the contents thereof, or to the Project or the Subdivision.

ALL BUYERS SHOULD READ THE DECLARATION, THE CC&RS AND THE DESIGN RULES IN FULL AS THIS SUMMARY IS NOT ALL-INCLUSIVE AND DOES NOT CONTAIN A COMPLETE DESCRIPTION OF ALL USE RESTRICTIONS. If such work is done in accordance with the foregoing, such work shall not require the consent or permission of the other Unit Owners or the Association. All alterations shall be at the expense of the Unit Owner making such alterations, and shall be expeditiously made and in a manner that will not unreasonably interfere with the other Unit Owner's use of his or her Unit or Limited Common Elements. The terms and conditions of the CC&Rs are hereby incorporated into this Declaration as if set forth herein in full and the Association and the individual Owners shall have the right to enforce such terms and conditions, as amended, with respect to the Project during the duration of the Project on the same basis as set forth in the CC&Rs notwithstanding the fact that the CC&Rs may be cancelled.

b. Owner to Amend Declaration. The Owner of any altered Unit shall have the right and obligation, without the consent or joinder of any other person (except mortgagee(s), if required under the terms of his or her mortgage(s)), to amend, as expeditiously as possible, this Declaration and the Condominium Map to accomplish any such alterations. After approval of any plans, the Committee shall, upon written request from the Owner, provide Owner with a statement of approval in a form appropriate for Recordation. Approval by the Committee shall not warrant or imply the legality, safety, utility, durability or economy of any grading, construction or Improvement undertaken pursuant to said approval, and each Owner shall be responsible for his or her own compliance with all restrictive covenants, present or future governmental laws, statutes, rules, regulations, ordinances, limitations, restrictions or requirements concerning the use, density, location or suitability of his or her Unit or any existing or proposed development or condition thereof, including without limitation, full compliance with all zoning, subdivision, land use, environmental, ecological, building code, or other such regulations or restrictions. SUMMARY OF PERTINENT PROVISIONS OF THE SALES CONTRACT

Capitalized terms have the same meanings ascribed to them in the Sales Contract.

A specimen Deposit Receipt and Sales Contract, Addendum "A" and the Disclosure Addendum (together the "Contract") have been submitted to the Real Estate Commission. Among other things not described in this summary, the Contract covers in more detail the following items:

1. Buyer agrees to deliver to Seller, no later than thirty (30) days after Seller signs the Contract, written loan pre-approval (subject only to an appraisal) or a mortgage commitment from Buyer's mortgage lender stating that Buyer has qualified for a loan in the amount of the Total Purchase Price.
2. Seller, in its sole discretion, and in addition to any other rights of cancellation or termination reserved to Seller, may elect to cancel the Contract if Buyer defaults under the Contract. Buyer may lose all of his or her deposits with Escrow and Seller. Seller may, at its option, pursue other legal remedies.
3. The estimated Project completion date and closing date are described in the Contract.
4. Buyer is required to prepay maintenance fees, Additional Sums, Closing Costs and Prorations as more particularly described in the Contract.
5. The Contract confirms that Buyer has had or will have the opportunity to read and approve the project documents, including the Declaration, the Bylaws, the Condominium Map, the CC&Rs, the Environmental Guidelines, the form of the Deed, the Escrow Agreement, this Public Report and all amendments and supplements to all such documents. Buyer (or Buyer's lender, if any) may inspect copies of each of these documents at Seller's sales office. The Contract also provides that the rights of any construction lender with a mortgage against the Project will be superior to the rights of Buyer under the Contract.
6. Buyer specifically acknowledges and accepts certain enumerated conditions regarding on-going development and marketing of the project stated in the Contract as well as any inconvenience or annoyance which Buyer may experience as a result of such conditions, and expressly waives any rights, claims or action which Buyer might otherwise have against Seller or third parties as a result of such circumstances.
7. Buyer shall have the right to rescind the Contract only if there is a material change in the Project which directly, substantially and adversely affects the use or value of (a) Buyer's Unit or appurtenant limited common element, or (b) amenities of the Project available for Buyer's use. Waiver of such right is governed more specifically by the terms of the Contract.
8. If Buyer cancels the Contract because of Seller's default, Seller will repay to

Buyer all sums paid by Buyer to the Seller or to Escrow under the Contract, without interest (except that Buyer will get interest on sums held by Escrow in an interest-bearing account in favor of Buyer, if Buyer elected to make the required payment of fees and other requirements of the Contract). Buyer agrees that if Seller defaults at any time, Buyer will only have the rights mentioned in the Contract and that Buyer waives any other rights Buyer might otherwise have.

9. Seller shall have certain rights and remedies against Buyer in the event Buyer fails to perform any of the terms and conditions of the Contract, including failure to comply with the pre-closing and closing requirements, as more particularly described in the Contract, including the right to retain Buyer's deposit and the right to other actual and liquidated damages, the right to specifically enforce the Contract, and the right to charge late fees on amounts past due.

10. The Contract prohibits Buyer from assigning the Contract.

11. The Unit is being sold AS IS, WHERE IS, AND WITH ALL FAULTS. SELLER MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, HABITABILITY OR ANY OTHER WITH RESPECT TO THE UNIT, THE PROJECT, THE SUBDIVISION, THE AGRICULTURAL REQUIREMENTS, THE PROPERTY, ANY COMMON ELEMENT, LIMITED COMMON ELEMENT, OR ANYTHING INSTALLED THEREIN.

12. Buyer agrees to intentionally waive, relinquish and subordinate the priority or superpriority of any interest under the Contract in favor of the liens or charges upon the Project of the construction lender's mortgage loan.

ALL BUYERS SHOULD READ THE SALES CONTRACT IN FULL AS THIS SUMMARY IS NOT ALL-INCLUSIVE AND DOES NOT CONTAIN A COMPLETE DESCRIPTION OF ALL PROVISIONS OF THE SALES CONTRACT. THIS SUMMARY IS INTENDED ONLY TO GIVE A BRIEF DESCRIPTION OF SOME OF THE ITEMS CONTAINED IN THE SALES CONTRACT, AND DOES NOT ALTER OR AMEND THE SALES CONTRACT IN ANY MANNER. IF ANY PROVISIONS OF THIS SUMMARY CONTRADICT THE PROVISIONS CONTAINED IN THE SALES CONTRACT IN ANY WAY, THE PROVISION OF THE SALES CONTRACT SHALL OVERRIDE THE PROVISIONS OF THIS SUMMARY.

EXHIBIT H

SUMMARY OF PERTINENT PROVISIONS OF THE ESCROW AGREEMENT

Capitalized terms shall have the meaning ascribed to such terms under the Escrow Agreement or, if such term is not defined in the Escrow Agreement, under the Declaration.

The Escrow Agreement is an agreement between Developer and the escrow company that has agreed to serve as the escrow agent for certain funds relating to the Project ("Escrow"). The Escrow Agreement establishes how the Buyer's funds are to be held in escrow as well as the disbursements of such funds.

Among other provisions, the Escrow Agreement includes the following:

1. Escrow shall receive and hold in escrow (a) all payments received under Sales Contracts made by Developer; (b) all sums received by Escrow from Developer; (c) all sums received from a lender pursuant to a mortgage loan for the purchase of a Unit by individual Buyers, and (d) all sums received by Escrow from any other sources on account of the Project. Escrow shall deposit all funds received and held in escrow in a federally-insured account at an authorized bank, savings and loan association, or trust company. Any interest earned on funds in escrow under the Escrow Agreement shall accrue as provided in the Sales Contract.

2. No disbursements of funds held in escrow shall be made unless and until certain conditions have been fulfilled, including conditions that: (a) a Final Public Report for the Project has been approved with an effective date issued by the Real Estate Commission; (b) Escrow shall have received a written opinion from Developer or Developer's counsel that the Buyer's Sales Contract has become effective, and addressing related matters; and (c) Escrow has closed the Buyer's Sales Contract in accordance with the Escrow Agreement.

3. Subject to such deductions as may be provided in the Sales Contract and the escrow cancellation fee, the Buyer shall be entitled to a return of his or her funds, and Escrow shall pay such funds to such Buyer, if one of the following has occurred:

a. Developer and the Buyer have requested Escrow to return the funds to the Buyer; or

b. Developer has notified Escrow that Developer has exercised its option to cancel or rescind the Sales Contract pursuant to any right of cancellation or rescission provided in the Sales Contract or otherwise available to Developer; or

c. The Buyer has notified Escrow that the Buyer has exercised its right to cancel or rescind the Sales Contract pursuant to Sections 514A-62 or 514A-63 of the Condominium Property Act.

4. Escrow shall conduct the closing of the transactions contemplated in the Sales Contract and perform the services incident to such closing, including the recording of releases, conveyance documents and mortgages, as applicable, the distribution of closing documents to the appropriate parties, and the disbursement of escrowed funds.

5. If the Buyer fails to make required payments to Escrow or otherwise fails to perform any matter handled by Escrow, Escrow shall promptly notify Developer of such failure. If Developer certifies to Escrow that Developer has terminated the Sales Contract in accordance with the terms thereof and provides certain documentation to Escrow regarding the same, Escrow shall thereafter treat all funds paid by the Buyer under the Sales Contract as funds of Developer and not funds of the Buyer, and such funds shall be free of the escrow established under the Escrow Agreement.

6. The Escrow Agreement contains provisions protecting Escrow from liability for acting in accordance with the Escrow Agreement. The agreement contains additional provisions for compensation of Escrow, including additional fees charged to the Buyer for handling of certain mortgage loans and other features of a particular transaction.

THE ABOVE SUMMARY IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF ALL TERMS AND PROVISIONS CONTAINED IN THE ESCROW AGREEMENT. WHILE A BUYER CAN USE THIS SUMMARY AS A GENERAL SUMMARY OF THE ESCROW AGREEMENT, BUYER MUST REFER TO THE ESCROW AGREEMENT TO DETERMINE BUYER'S ACTUAL RIGHTS AND OBLIGATIONS. IF ANY CONFLICT OR DIFFERENCE EXISTS BETWEEN THIS SUMMARY AND THE ESCROW AGREEMENT, THE ESCROW AGREEMENT WILL CONTROL.

SUMMARY OF ENVIRONMENTAL DESIGN RULES AND GUIDELINES

Capitalized terms shall have the meaning ascribed to such terms under the Environmental Design Rules or, if such term is not defined in the Environmental Design Rules, under the Declaration..

The Environmental Design Rules have been adopted to establish and maintain standards of quality for the preservation of value and enjoyment of the Subdivision for the general benefit of all Unit Owners. All Unit Owners and occupants are subject to the Environmental Design Rules and can make no improvements or alterations to their Units without express approval of the Environmental Committee established under the Environmental Design Rules. The Environmental Design Rules contain, among other things, the following terms and conditions (which may be modified or otherwise limited by the provisions not summarized below).

A. There shall be an Environmental Committee, the function of which shall be to oversee and exercise control over improvements, renovations, replacements or other modifications made within the Project, including the architectural standards, integrity, and/or construction relating thereto, of any Units, and the landscaping plan and design. The Environmental Design Committee is concerned with all Unit and landscape designs and materials. Approval requires submission of plans, payment of applicable fees, and compliance with other procedures as required by the Environmental Committee. A cash bond to guarantee completion of construction in accordance with the approved plans will be required (with certain exceptions).

B. The Environmental Committee shall consist of three (3) members. Declarant shall have the sole right to appoint and remove the members of the Committee until Declarant shall assign in writing to the Board of Directors of the Community Association the right to appoint and remove members.

C. The Environmental Committee may adopt rules and regulations (i) regulating construction, (ii) interpreting or implementing the provisions of the Declaration pertaining to the design of buildings and other improvements, and (iii) establishing procedures for the approval of plans and specifications and other materials required to be submitted to the Environmental Committee pursuant to the Declaration or Environmental Design Rules.

D. If an Owner commences construction of any new Improvements, or commences material alterations on any existing Improvements, without first obtaining the approval of the Environmental Committee, such Owner shall be subject to a minimum fine of not less than \$5,000.

E. If any court proceedings are instituted in connection with the right of enforcement and/or remedies provided in the Environmental Design Rules or the Declaration, the Environmental Committee shall be entitled, in the event it shall prevail

in such proceeding, to recover its costs and expenses in connection therewith, including reasonable attorneys' fees. The Environmental Committee shall have a lien against an Owner's Unit for any unpaid fees, compensation or other charges for which such Owner is obligated under these Environmental Design Rules or the Declaration to pay to the Environmental Committee.

F. The Design Rules contain a number of specific rules regarding the conduct of work relating to any improvements, and the conditions, limitations and restrictions applicable to such improvements.

G. By the establishment and/or enforcement of these Environmental Design Rules, neither Declarant, nor the Environmental Committee, nor any of the members, managers, employees, officers or agents of any of the foregoing shall be deemed to have made any representation whatsoever concerning a particular Unit or any improvement constructed thereon. Neither Declarant, nor the Environmental Committee, nor any of the members, managers, employees, officers or agents of any of the foregoing shall be liable to any Owner or any other person for any damage, loss or prejudice suffered or claimed provided that the person against whom the claim is made was, upon the basis of such information as may be actually possessed by him or her, acted in good faith and without willful or intentional misconduct.

THE ABOVE SUMMARY IS NOT INTENDED TO BE A THOROUGH AND EXHAUSTIVE EXPLANATION OF ALL TERMS AND PROVISIONS CONTAINED IN THE DESIGN RULES. WHILE A BUYER CAN USE THIS SUMMARY AS A GENERAL SUMMARY OF THE DESIGN RULES, BUYER MUST REFER TO THE DESIGN RULES TO DETERMINE BUYER'S ACTUAL RIGHTS AND OBLIGATIONS. IF ANY CONFLICT OR DIFFERENCE EXISTS BETWEEN THIS SUMMARY AND THE DESIGN RULES, THE DESIGN RULES WILL CONTROL.
