Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; or (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

A. CONDOMINIUM PROJECT NOT YET CREATED. The Developer has disclosed the following:

1. Approval for the subdivision of the land of the Project from a larger lot has been obtained from the City and County of Honolulu, and the Developer has filed a petition with the Land Court of the State of Hawaii (the "Land Court") to note the approved subdivision in the Land Court records.

2. Upon notation of the approved subdivision in the Land Court records, the Developer plans to file the Condominium Map, the Declaration of Condominium Property Regime and the By-Laws in the Office of the Assistant Registrar of the Land Court of the State of Hawaii (the "Office of the Assistant Registrar") and to adopt the Rules and Regulations.

3. The condominium project will not be created until the Condominium Map, Declaration and By-Laws are filed in the Office of the Assistant Registrar.

4. When the Condominium Map, Declaration and By-Laws are filed in the Office of the Assistant Registrar and the Rules and Regulations are adopted, the Developer will submit an Application for Amended Public Report for the Project.

5. A Sales Agreement signed by a buyer and the Developer will not become binding on a buyer or the Developer until all of the following events have taken place:

a. The Condominium Map, Declaration and By-Laws have been filed in the Office of the Assistant Registrar; and

b. A copy of the Amended Public Report with an effective date issued by the Real Estate Commission has been delivered to the buyer, together with copies of the filed Declaration and By-Laws, the adopted Rules and Regulations, the Notice Regarding the Condominium Map, and a notice of the buyer's 30-day cancellation right; and

c. The buyer has waived or been deemed to waive the buyer's 30-day cancellation right.

Accordingly, until all of the foregoing events have taken place, any Sales Agreement entered into by buyer is non-binding on buyer and the Developer and may be cancelled by buyer or the Developer at any time. Upon such cancellation, the buyer's deposits shall be returned to buyer, less any escrow cancellation fee and other costs associated with the sale.

B. OWNER-OCCUPANCY REQUIREMENTS. The Developer has disclosed the following:

1. The transfer of the Property to buyer will be made subject to (and the Condominium Unit Deed will so provide) certain restrictions on use and transfer of the Property, including without limitation: (a) a requirement that the Property be used as buyer's primary residence for at least 12 months after the recordation of the Condominium Unit Deed (the "Occupancy Period"); (b) a requirement that buyer not within 12 months after the date of recordation of the Condominium Unit Deed for the Property, convey, reconvey, license, lease or sublease the Property to any person or entity or otherwise part with possession of the Property or assign or convey any right, title or interest in or to the Property, without Developer's prior written consent, which consent may be withheld or given for any or no reason in Developer's sole and absolute discretion; and (c) a first option to purchase the Property at a designated price, in favor of Developer in the event buyer violates the covenant requiring buyer to occupy the Property as

buyer's primary residence during the Occupancy Period, or if the buyer attempts to transfer the Property to any other person or entity during the Occupancy Period.

2. Such option to repurchase the Property shall be exercisable at any time during or after the Occupancy Period by written notice given by Developer to buyer, and the closing for the repurchase of the Property shall occur within 30 days after such written notice is delivered.

3. If buyer transfers the Property before Developer exercises its option to repurchase the Property, and if it is shown that buyer did not continuously use the Property as buyer's primary residence during the Occupancy Period, or that the Property was transferred by buyer during the Occupancy Period without Developer's consent, then, in addition to any other remedies available to Developer, the Developer shall be entitled to recover from buyer an amount of money equal to the cash price or other consideration the buyer received or is entitled to receive upon or as a result of the transfer of the Property (or the fair market value of any other consideration received by buyer if other than cash), less, in the event buyer transferred the Property by sale, the purchase price which would be payable by Developer under the option.

See Exhibit J, paragraph 4.

The prospective buyer is cautioned to carefully review this Public Report and the documents filed at the Developer's Sales Office in connection with the Project for further information in connection with the foregoing.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime*

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

4. CONDOMINIUM MANAGEMENT

4.1 Management of the Common Elements

Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

The Initial Condominium Managing Agent for this project is (check one):

| <input type="checkbox"/> | The Developer or an affiliate of the Developer |
| <input type="checkbox"/> | Other (explain) |

4.2 Estimate of the Initial Maintenance Fees

Estimate of the Initial Maintenance Fees: The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit I contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

4.3 Utility Charges to be Included in the Maintenance Fee

If checked, the following utilities are included in the maintenance fee:

| | |
|-------------------------------------|-------------------------------------|
| <input checked="" type="checkbox"/> | Electricity for the common elements |
| <input type="checkbox"/> | Gas for the common elements |
| <input checked="" type="checkbox"/> | Water |

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

| | |
|-------------------------------------|---|
| <input type="checkbox"/> | There are <u>no blanket liens</u> affecting title to the individual units. |
| <input checked="" type="checkbox"/> | There are <u>blanket liens</u> that may affect title to the individual units. |

| Type of Lien | Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance |
|---|---|
| Mortgage lien(s) of Developer's lender(s) | Buyer's interest is specifically made subject and subordinate to such liens. If Developer defaults or the liens are foreclosed prior to conveyance, either the buyer will obtain title to buyer's unit upon payment under buyer's sales contract and performance of buyer's other obligations under buyer's sales contract, or the buyer, if the buyer has not received a full refund of buyer's deposits, may make a claim against the Developer for refund of buyer's deposits. |

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:

Building and Other Improvements: See Exhibit L

Appliances: See Exhibit L

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

| |
|---|
| Status of Construction: The Developer estimates that construction of the Project will commence in March 2007 and will be completed in or before January 2008. |
| Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser. |
| Completion Deadline for any unit not yet constructed, as set forth in the sales contract: Developer shall complete construction of the Unit and building in which the Unit is to be located so as to permit normal occupancy within two (2) years from the date the Sales Agreement is signed by Buyer (the "Building Completion Date"); provided, however, that the Building Completion Date will be extended for any period of time during which Developer's construction is actually delayed by weather, tsunami, earthquake, strikes, material shortages, acts of God, war or aggression, destruction of property, acts of governmental authorities, or other matters or conditions legally supportable in the State of Hawaii as an impossibility of performance for reasons beyond the control of Developer. |
| Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract: Not Applicable. |

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

| | |
|-------------------------------------|---|
| <input checked="" type="checkbox"/> | The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project. |
|-------------------------------------|---|

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):

| | |
|--------------------------|---|
| <input type="checkbox"/> | For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or |
| <input type="checkbox"/> | For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses. |

In connection with the use of purchaser deposits (check Box A or Box B):

| | |
|---|--|
| <p>Box A</p> <p><input type="checkbox"/></p> | <p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p> |
| <p>Box B</p> <p><input type="checkbox"/></p> | <p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p> |

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.

1. **Developer's Public Report**
2. **Declaration of Condominium Property Regime (and any amendments)**

8. Other: Mililani Town Covenants; Declaration of Merger of Condominium Phases.

Copies of the condominium and sales documents and amendments made by the Developer are available for review through the Developer or through the Developer's sales agent, if any. 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
- (4) The purchaser does at least one of the following:
 - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30 calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

A. MILILANI TOWN COVENANTS. The executed Declaration of Condominium Property Regime provides that all present and future unit owners, tenants and occupants of units shall be bound by and be subject to the provisions of that certain Declaration of Covenants, Conditions and Restrictions for Mililani Town dated April 19, 1968, filed in the Office of the Assistant Registrar of the Land Court of Hawaii as Document No. 441561, as amended by instrument dated May 22, 1968, filed in said Office as Document No. 445150, and as further amended from time to time (the "Mililani Town Covenants"). The Mililani Town Covenants provide, among other things, that each unit owner, by virtue of being such an owner, shall be a member of the Mililani Town Association and shall pay assessments to the Mililani Town Association, as set forth in the Mililani Town Covenants. See Exhibit I for the amount of the current assessments.

B. LANDSCAPING OF YARD AREA. Each owner shall landscape the yard area assigned to his unit, if any, within ninety (90) days after the closing of the purchase of the unit (unless the yard area has already been completely landscaped). Before commencing any yard area landscaping, each owner shall submit to the Board of Directors a landscape plan (which shall include, without limitation, the location of any proposed lanais, patios, paved surfaces and/or wood decks within the yard area and a proposed plant list) for the Board's review and written approval, which approval shall not be unreasonably withheld or delayed. Prior to the installation of any lanai, patio, paved surface and/or wood deck within a yard area, an owner shall arrange for termite treatment of the area under such lanai, patio, paved surface and/or wood deck. Any costs attached to any of the foregoing actions shall be the responsibility of the owner.

C. AIR-CONDITIONING UNITS. If an owner wants to install air-conditioning units, the requirements and guidelines for doing so are summarized in Exhibit D attached to this report. Any costs for the air-conditioning and complying with the requirements and guidelines shall be the responsibility of the owner.

D. REPAIR AND MAINTENANCE OF UNITS AND COMMON ELEMENTS. The draft of the By-Laws provide that every unit owner shall at his own expense at all times well and substantially repair, maintain, amend and keep his unit, including without limitation all doors, sliding glass doors (if any), windows, window fixtures, and all internal installations within the unit such as water, electricity, gas (if any), telephone, sanitation, lights, and all other fixtures and accessories belonging to such unit, if any, the inner decorated or finished surfaces of all walls, partitions, floors, ceilings and roofs of such unit, if any, with all necessary reparations and amendments whatsoever in good order and condition, except as otherwise provided by law or the Declaration, and shall be liable for all loss or damage whatsoever caused by his failure to perform any such work diligently, and in case of such failure after reasonable notice to perform shall reimburse to the Association promptly on demand all expenses incurred by it in performing any such work authorized by the Board of Directors or the Managing Agent.

In addition, each unit owner shall at his own expense at all times well and substantially repair, maintain, amend and keep the yard area, if any, appurtenant to and reserved for the exclusive use of such owner's unit, in good order and condition, and shall be liable for all loss or damage whatsoever caused by his failure to perform any such work, and in case of such owner's failure after reasonable notice to keep the yard area, if any, as aforesaid, the Association (through the Board of Directors or the Managing Agent) shall have the right (but not the obligation) to perform any such work and the cost thereof shall be charged to such unit owner as a special assessment constituting a lien against his interest in his unit which may be foreclosed by the Board or Managing Agent in the same manner as provided in the Condominium Property Act for unpaid common expenses.

Except as hereinabove expressly provided to the contrary, all maintenance, repairs and replacements to the common elements, whether located inside or outside of the units, shall be made by the Board and be charged to all the owners as a common expense or a limited common expense; provided, however, that any such maintenance, repair or replacement necessitated by the negligence,

misuse or neglect of a unit owner or occupant or any person under either of them, shall be charged to such unit owner or the unit owner of the unit of such occupant, as a special assessment constituting a lien against his interest in his unit which may be foreclosed by the Board or Managing Agent in the same manner as provided in the Condominium Property Act for unpaid common expenses.

E. WATER SUPPLY AND OTHER ISSUES. With respect to any adverse conditions existing in the general neighborhood/area of the Project (such as pesticides, soil problems, water supply issues, irrigation, etc.), studies and reports have been conducted on behalf of the Developer and by Government agencies. Refer to the Developer's Sales Office for copies of such studies and reports and other materials that are within the Developer's possession. The Developer is unaware of any contaminants in the air, soil or water source of the Project in excess of maximum permissible levels as established by governmental agencies. The following also are noted:

1. Wells serving the Project are operated by the Board of Water Supply of the City and County of Honolulu (the "Board of Water Supply"). In certain cases, water treatment facilities may be used.

2. The Board of Water Supply administers tests to monitor water quality, the results of which typically are not given to the Developer. The Developer is, however, in possession of a Board of Water Supply water quality report dated May 31, 2001 that was sent by the Board of Water Supply to its customers in Mililani Mauka ("water quality report"). Test results contained in this water quality report did not reveal any contaminants in excess of Maximum Contaminant Levels, the level defined in the report as the highest level of a contaminant that is allowed in drinking water, or the Maximum Contaminant Level Goal, which is defined as the highest level of contaminant in drinking water below which there is no known or expected risk to health. The water quality report further states that the water meets all Federal and State standards. Copies of this water quality report, which identifies the water source as Mililani Wells IV, and water quality data from the Board of Water Supply for Mililani Wells II, another well system that can sometimes provide water to homes in Mililani Mauka are available for review at the Developer's Sales Office. For further information, please contact the Board of Water Supply at Ph. (808) 748-5000.

3. Construction activities, processes (such as steel framing assembly), vehicles, and equipment incidental to construction will be present in the Project. Materials incidental to construction such as fuel, oil, grease, and maintenance of vehicles and equipment may be present.

4. The Project is located on property that was formerly used or was in the vicinity of property that was formerly used for agricultural purposes. Chemicals used in connection with the former agricultural use of the property may have come into contact with the soil.

5. On October 7, 1999, various individuals filed a Complaint against various defendants in the Circuit Court of the First Circuit, State of Hawaii (Civil No. 99-3757-10). On March 7, 2000, a First Amended Complaint was filed in this lawsuit. It was alleged in this lawsuit that chemicals used in connection with the planting, cultivation and harvesting of pineapple and sugar cane are present in the air, soil and water of Central Oahu and that plaintiffs have or are suffering harm as a result. The lawsuit has been settled. Information relating to the lawsuit is available for review at the Developer's Sales Office.

6. On September 27, 1999, the Board of Water Supply filed a Complaint against various defendants in the Circuit Court of the First Circuit, State of Hawaii (Civil No. 99-3618-09). In this lawsuit, the Board of Water Supply alleged, among other things, that it built and will continue to build facilities to remove chemicals used in connection with the growing of pineapple and other activities that have migrated into aquifers and groundwater sources. The Board of Water Supply sought, among other things, to recover expenses associated with the treatment or filtering of water. There were no allegations of unsafe drinking water and the complaint was not specifically directed at or limited to the water source for Mililani Mauka but instead addressed all groundwater sources in Central Oahu. Neither the Developer nor any Castle & Cooke, Inc. entity was a party to this lawsuit. The lawsuit has been settled. Information relating to the lawsuit is available for review at the Developer's Sales Office.

7. A class action lawsuit was brought by a group of residents in the general Central Oahu area against various agricultural operators and chemical companies, alleging damage to individuals caused by contamination of the drinking water in Central Oahu with pesticides. The lawsuit was brought in the State of Hawaii Circuit Court, and was removed to the Federal Courts in the State of Hawaii. Castle & Cooke Homes Hawaii, Inc. is not a party to this lawsuit. The lawsuit has been settled.

F. DUST SCREEN. The Developer has installed a temporary dust screen between the Project and an adjacent project or projects in order to reduce the diffusion of dust as a result of construction within the Project or adjacent projects. The dust screen will be maintained by the Developer and will be removed by the Developer upon completion of construction of the Project and/or adjacent projects.

G. ACCESS TO PUBLIC ROAD. Access from units within the Project to the public road may be over and upon roadways that are located within other projects. Units in other projects may have access to the public road over roadways within the Project. Owners of units within the Project may be granted easements over the roadways of other projects for such access purposes, and owners of units in other projects may be granted easements over the roadways within the Project for such access purposes. The roadways within the Project are part of the common elements of the Project and will remain private roadways.

H. MAILBOXES FOR UNITS WITHIN THE PROJECT LOCATED WITHIN NOHONA II AT MILILANI MAUKA – PHASE I. Mailboxes for the Project will be located within the Nohona II at Mililani Mauka – Phase I condominium project. Owners of units within the Project will be granted easements over Nohona II at Mililani Mauka – Phase I for mailbox purposes.

IN ADDITION TO THE FOREGOING:

This Project is being sold by the Developer rather than through an unrelated brokerage firm. Thus, no listing agreement exists. However, the Developer does possess an active Hawaii real estate broker's license, and all sales shall be conducted according to laws relevant to real estate brokerage, not as "owner sales".

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Sections 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

PERMITTED ALTERATIONS TO THE UNITS

Except as otherwise provided in the Declaration or in the By-Laws, restoration, repair or replacement of the Project or of any building or other facility or construction of any additional building or structural alteration or addition to any structure, different in any material respect from said Condominium Map of the Project, shall be undertaken by the Association or any unit owners only pursuant to an amendment of the Declaration, duly executed by or pursuant to the affirmative vote or written consent of sixty-seven percent (67%) of the unit owners and accompanied by the written consent of all unit owners whose units or appurtenant limited common elements are directly affected, as determined in a reasonable manner by the Board, and in accordance with all of the requirements of Paragraph 6 of Section I of the Declaration, and promptly upon completion of such restoration, replacement or construction, the Association shall file of record such amendment, together with a complete set of floor plans of the Project as so altered, certified as built by a registered architect or professional engineer; PROVIDED, HOWEVER, that notwithstanding any other provision in the Declaration to the contrary, the owner of a unit may make any alterations or additions within a unit and the owner of any two adjoining units may alter or remove all or portions of the intervening walls, at such owner's expense, if such alterations or additions are not visible from the exterior of the units and if the structural integrity of the building is not thereby affected. The alterations or additions permitted by the immediately preceding proviso shall require only the written approval thereof, including approval of the unit owner's plans therefor, by the holders of first mortgage liens affecting such unit (if the lien holders require such approval), by the appropriate agencies of the State of Hawaii and the City and County of Honolulu if such agencies so require, by the Board of Directors of the Association (which approval shall not be unreasonably or arbitrarily withheld or delayed), and by all other unit owners thereby directly affected (as determined in a reasonable manner by the Board of Directors of the Association) and such alterations or additions may be undertaken without an amendment to the Declaration or filing of a complete set of floor plans of the Project as so altered. Prior to the termination of the common ownership of any two adjoining units, if the intervening walls shall have been altered or removed pursuant to the foregoing provision and any entrances sealed, the owner of such unit shall restore such intervening walls and entrances to substantially the same condition in which they existed prior to such alteration or removal.

Notwithstanding any other provision in the Declaration to the contrary, prior to (a) the time that all units in the Project have been sold and recorded and (b) the recordation by the Developer of the "as-built" verified statement (with plans, if

applicable) required by the Condominium Property Act (but in no event later than December 31, 2012), the Developer shall have the right to make alterations in the Project (and to amend the Declaration and the Condominium Map accordingly) without the approval, consent or joinder of any unit owner, which change the configuration of, alter the number of rooms of, decrease or increase the size of, or change the location of any unit (and the limited common elements appurtenant thereto) in the Project which is not sold and recorded; or to make other alterations in the Project (and to amend the Declaration and the Condominium Map accordingly) without the approval, consent or joinder of any unit owner, which make minor changes in any unit in the Project or the common elements which do not affect the physical location, design or size of any unit which has been sold and recorded, including, without limitation, changes to the metes and bounds or dimensions of the limited common elements; PROVIDED, HOWEVER, that any such changes shall be reflected in an amendment to the Declaration as provided in Paragraph 3 of Section T of the Declaration. As used herein the term "sold and recorded" shall mean and refer to the sale of units in the Project and the filing in the Office of the Assistant Registrar of the Land Court of the State of Hawaii of unit conveyances transferring interests in the units from the Developer to parties not signatory to the Declaration.

Notwithstanding any other provision in the Declaration to the contrary, prior to the time that all units in the Project have been sold and recorded, the Developer shall have the right to make alterations in the Project (and to amend the Declaration, the By-Laws and the Condominium Map accordingly) without the approval, consent or joinder of any unit owner, which consist of changing the unit type of any of the units in the Project; PROVIDED, HOWEVER, that any such changes shall be reflected in an amendment to the Declaration as provided in Paragraph 4 of Section T of the Declaration. As used herein the term "sold and recorded" shall mean and refer to the sale of units in the Project and the filing in the Office of the Assistant Registrar of the Land Court of the State of Hawaii of unit conveyances transferring interests in the units from the Developer to parties not signatory to the Declaration.

Notwithstanding any other provision in the Declaration to the contrary, the Board shall have the right to install or cause the installation of antennas, conduits, chases, cables, wires, and other television signal distribution and telecommunications equipment upon the common elements of the Project; provided that the same shall not be installed upon any limited common element without the consent of the owner or owners of the unit or units for the use of which the limited common element is appurtenant; and the installation of antennas, conduits, chases, cables, wires, and other television signal distribution and telecommunications equipment upon the common elements by the Board shall not be deemed to alter, impair, or diminish the common interest, common elements, and easements appurtenant to each unit, or to be a structural alteration or addition to any building constituting a material change in the plans of the Project filed in accordance with the Condominium Property Act; provided that no such installation shall directly affect

any nonconsenting unit owner. Notwithstanding any other provision in the Declaration to the contrary, the Board shall have the right to abandon or change the use of any television signal distribution and telecommunications equipment due to technological or economic obsolescence or to provide an equivalent function by different means or methods. The abandonment or change of use of any television signal distribution or telecommunications equipment by the Board due to technological or economic obsolescence or to provide an equivalent function by different means or methods shall not be deemed to alter, impair or diminish the common interest, common elements, and easements appurtenant to each unit or to be a structural alteration or addition to any building different in any material respect from the plans of the Project filed in accordance with the Condominium Property Act. As used in this section, "directly affect" means the installation of television signal distribution and telecommunications equipment in a manner which would specially, personally, and adversely affect a unit owner in a manner not common to the unit owners as a whole, and "television signal distribution" and "telecommunications equipment" shall be construed in their broadest possible senses in order to encompass all present and future forms of communications technology.

A unit owner or occupant may install wall mounted window-type air-conditioning units in accordance with a written request and plans and specifications prepared by a licensed architect (if so required by the Board) that are submitted to and approved by the Board, all in accordance with all provisions of the Declaration. Split system air-conditioning units and any other types of air-conditioning systems other than window-type air-conditioning units, are prohibited. The flow of condensate from an air-conditioning unit should be directed away from the limited common elements, including without limitation, the Yard Areas, if any, appurtenant to the ground floor units of the building in which the air conditioning unit is located. Should it become necessary and upon the request of a second floor unit owner, the owner of a ground floor unit with an appurtenant Yard Area shall provide access over and upon said Yard Area for the initial installation and any required general maintenance of one or more air conditioning units located on the second floor of the building. The owner of the second floor unit shall be responsible for any and all damage to the Yard Area caused by the installation or operation of such owner's air conditioning unit(s). Notwithstanding the foregoing, the Developer shall be allowed to install, maintain, repair and replace one or more split system air-conditioning units in any units used by the Developer as model units or sales or management offices.

No highly reflective finish, other than glass (which, however, may not be tinted or mirrored), shall be used on the exterior of any building in the Project; provided, however, that a gray film tint without visible purple tinge (as approved by the Board of Directors of the Association) and with an approved reflective value (as determined by the Board) may be installed by a unit owner on the glass located along the perimeter of his unit. If any bubbling or cracking shall occur, the unit owner shall immediately remove the tint and may replace it in accordance with the foregoing provisions.

ESTIMATE OF INITIAL MAINTENANCE FEES

1. BREAKDOWN OF ANNUAL MAINTENANCE CHARGES AND
ESTIMATED COSTS FOR EACH UNIT:

Attached as Exhibit "A" is a breakdown of the annual maintenance charges and the monthly estimated cost for each unit in the Project, prepared by Certified Management, Inc., a Hawaii corporation, for the one-year period commencing November 1, 2006, and certified to have been based on generally accepted accounting principles. The attached breakdown of annual maintenance charges and the estimated cost for each unit are subject to change based on actual costs of the items listed. The Developer can make no assurances regarding the estimated maintenance assessments. Variables such as inflation, uninsured casualty loss or damage, increased or decreased services from those contemplated by the Developer, unit owner delinquencies and other factors may cause the maintenance assessments to be greater or less than the estimated maintenance assessments. The breakdown of the estimated cost for each unit contained in Exhibit "A" does not include the buyer's obligation for the payment of the Mililani Town Association dues (as of April 1, 2006, \$90 per quarter) or real property taxes, and does not include or otherwise take into account the one-time "start-up" fee required to be paid in addition to the normal maintenance charges. Estimates of the real property taxes will be provided by the Developer upon request.

NOTE: THE DEVELOPER ADVISES THAT COSTS AND EXPENSES OF MAINTENANCE AND OPERATION OF A CONDOMINIUM PROJECT ARE VERY DIFFICULT TO ESTIMATE INITIALLY AND EVEN IF SUCH MAINTENANCE CHARGES HAVE BEEN ACCURATELY ESTIMATED, SUCH CHARGES WILL TEND TO INCREASE IN AN INFLATIONARY ECONOMY AND AS THE IMPROVEMENTS AGE. MAINTENANCE CHARGES CAN VARY DEPENDING ON SERVICES DESIRED BY UNIT OWNERS. THE BUYER SHOULD EXAMINE THE MAINTENANCE CHARGE SCHEDULE TO SEE WHAT SERVICES ARE INCLUDED IN THE SCHEDULE.

2. TEMPORARY ASSUMPTION BY DEVELOPER OF ACTUAL COMMON EXPENSES:

The Developer will assume all the actual common expenses of the Project (and therefore a unit owner will not be obligated for the payment of his respective share of the common expenses) until such time as the Developer sends the owners written notice that, after a specified date, the unit owners shall be obligated to pay for the portion of common expenses that is allocated to their respective units. The Developer shall have no obligation to pay for any cash reserves or any other reserve amounts with respect to or attributable to the period during which the Developer assumes the actual common expenses of the Project.

3. MILILANI TOWN ASSOCIATION DUES:

Each unit owner will be required to be a member of the Mililani Town Association. As such member, each unit owner will be required to pay Mililani Town Association dues (as of April 1, 2006, \$90 per quarter).

CERTIFICATE

I, the undersigned, duly sworn on oath, depose and affirm as follows:

1. That I am the Senior Vice President, Business Development of Certified Management, Inc., a Hawaii corporation, designated by the Developer of the Nohona II at Mililani Mauka – Phase II condominium project (the "Project") to act as the Managing Agent for the management and administration of the Project.

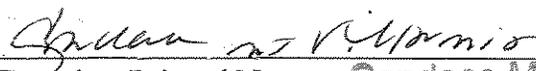

2. That I hereby certify that the breakdown of the annual maintenance charges and the monthly estimated cost for each unit in the Project, as set forth in Exhibit "A" attached hereto and hereby incorporated herein by reference, were determined pursuant to a reserve study conducted in accordance with Section 514B-148 of the Hawaii Revised Statutes and Chapter 107 of the Hawaii Administrative Rules, and are reasonable estimates for the one-year period commencing November 1, 2006, based on generally accepted accounting principles.

SUMMARY OF SALES AGREEMENT

A specimen Sales Agreement (hereinafter sometimes referred to as the "Sales Agreement") has been submitted to the Real Estate Commission and are available in the Sales Office of the Seller. ALL BUYERS AND PROSPECTIVE BUYERS SHOULD CAREFULLY READ THE SALES AGREEMENT, INCLUDING ANY ADDENDUM, IN FULL, since this summary is NOT A COMPLETE DESCRIPTION of their provisions. The Sales Agreement, among other things, covers in more detail the following items:

1. The Declaration of Merger of Condominium Phases (hereinafter called the "Declaration of Merger"), among other things, gives Seller the right, in its sole and absolute discretion, to cause and effect an administrative merger or mergers of the Project with a condominium project or projects located or to be located on lands (or a portion or portions thereof) in the vicinity of the land of the Project, as part of the same incremental plan of development of the Project, such that the use of the respective common elements, the respective common expenses and the management of the respective affairs of the Project and the additional phases are shared, and the administration of the Project and the additional phases is unified under one association of unit owners, but the ownership interests of the unit owners in the Project and the additional phases are not altered or affected. The Declaration of Merger also gives the Seller the right, in its sole and absolute discretion, to cause and effect an ownership merger or mergers of the Project and the additional phases, as an alternative to an administrative merger or mergers of the Project and the additional phases, to provide for the common ownership of the Project and the additional phases by all of the unit owners of the Project and the additional phases. Upon an ownership merger, all of the units in the merged phases shall be treated as though they were all included in a single condominium project (the "Merged Project"), all common elements of the merged phases will become the common elements of the Merged Project, and the common interest appurtenant to the Unit shall be altered from the percentage set forth in Article I of the Sales Agreement to a percentage as set forth in the "Certificate of Ownership Merger" recorded by the Seller, in accordance with the Declaration of Merger. Nothing herein will be deemed to require Seller to develop the additional phases or to merge the additional phases into the Project, or to prohibit Seller from dealing with any lands adjacent to the Project not merged with the Project, including without limitation, developing all or any part of such lands for purposes inconsistent with the merger of such lands into the Project.

2. Seller has given to and/or may give to one or more lenders a mortgage or mortgages, security agreement or agreements, and other instruments securing repayment of loan(s) and covering Seller's ownership rights in the Project, including the individual units. All of the rights and interests which Seller gives to the lender or lenders will have priority over the buyers' rights and interests under the Sales Agreements. This applies to any changes to the loan or loans or the mortgage or mortgages, security agreement or agreements or other instruments (including, among other things, extensions, renewals and other changes). The buyers give up and subordinate the priority of their rights and interests under the Sales Agreements in favor of the rights and interests of Seller's lenders until the final closing and delivery of signed condominium unit deeds to the buyers. If Seller's lender or lenders ask the buyers to do so, the buyers will sign other documents to confirm the promises and agreements mentioned above.

3. The Declaration provides that as to all units located on the second floor of the residential buildings (the "Second Floor Units"), hard floor surfaces shall be limited to the areas of the entry foyer, the kitchen and the bathroom, as provided in the original construction of the respective units. The owners of the Second Floor Units shall be required to utilize continuous carpet and pad over all other floor surfaces of such units, or to utilize such other flooring materials and/or systems which meet the acoustic standards of an Acoustic Impact Isolation Class of IIC 45 or better (ASTM Designation E492).

4. The transfer of the Property to buyer will be made subject to (and the Condominium Unit Deed will so provide) certain restrictions on use and transfer of the Property, including without limitation, (a) a first option to purchase the Property at a designated price, in favor of Seller in the event buyer violates the covenant requiring buyer to occupy the Property for a period of twelve (12) months from the date of the conveyance of the Property to buyer, as more particularly described in the Condominium Unit Deed, and (b) a first option to purchase the Property at a designated price, in favor of Seller in the event buyer desires to transfer title to the Property during the occupancy period, as more particularly described in the Condominium Unit Deed.

5. Seller may (but does not have to) cancel the Sales Agreement (a) if the buyer's mortgage loan application is rejected or not approved within 60 days after application, or (b) if the buyer plans to pay the purchase price in cash but the buyer fails to provide Seller with documents of the buyer's ability to make the cash payments.

6. Buyer understands and agrees that (a) Seller's obligation to provide landscaping within the common elements of the Project will be deemed fully satisfied upon planting of the plant materials (which need not be in full coverage and maturity) and installation of the irrigation system pursuant to Seller's landscaping plans, as the same may be amended from time to time in Seller's sole discretion; (b) installation of the

plant materials and irrigation system may be completed after the Closing Date; (c) full maturity of the plant materials will only be reached over an extended period of time and Seller is not responsible for providing landscaping maintenance to reach full coverage and maturity; and (d) the Association will be responsible for maintaining the landscaping after installation thereof, even if the landscaping has not reached full coverage or maturity. Notwithstanding anything contained herein to the contrary, buyer understands and agrees that buyer, and not Seller, shall be responsible for the landscaping of the yard area, if any, appurtenant to the Unit which buyer is purchasing.

7. The Condominium Map for the Project is intended to show only the layout, location, unit numbers and dimensions of the units in the Project. Buyer understands and acknowledges that items shown on the Condominium Map, including, without limitation, the metes and bounds or dimensions of the limited common elements, such as yard areas, may change due to field changes and other factors, and Seller reserves the right to amend the Condominium Map, the Declaration and the other Project documents from time to time to reflect such changes. BUYER AGREES THAT THE CONDOMINIUM MAP IS NOT INTENDED TO BE AND IS NOT A WARRANTY OR PROMISE OF ANY KIND BY SELLER.

8. BUYER AGREES THAT NO ONE (INCLUDING THE SELLER OR ANY SALESPERSON) HAS TALKED TO BUYER AT ALL ABOUT ANY RENTAL INCOME OR RENTAL OR SALES SERVICES FOR BUYER'S UNIT. IF BUYER WANTS TO RENT OR SELL THE UNIT, HOW BUYER DOES IT WILL BE UP TO BUYER SUBJECT TO THE RESTRICTIONS CONTAINED IN THE SALES AGREEMENT. BUYER ALSO AGREES THAT NO ONE HAS TALKED TO BUYER AT ALL ABOUT INCOME FROM THE UNIT OR ANY OTHER ECONOMIC BENEFIT TO BE DERIVED FROM THE PURCHASE OR OWNERSHIP OF THE UNIT OR ABOUT THE TAX EFFECTS OF BUYING THE UNIT.

9. Notwithstanding any other provision in the Sales Agreement to the contrary, Seller shall complete construction of the Unit and building in which the Unit is to be located so as to permit normal occupancy within two (2) years from the date the Sales Agreement is signed by buyer (the "Building Completion Date"); provided, however, that the Building Completion Date will be extended for any period of time during which Seller's construction is actually delayed by weather, tsunami, earthquake, strikes, material shortages, acts of God, war or aggression, destruction of property, acts of governmental authorities, or other matters or conditions legally supportable in the State of Hawaii as an impossibility of performance for reasons beyond the control of Seller. If construction of the Unit and building in which the Unit is to be located is not completed by the Building Completion Date, such failure to so complete shall be a default by Seller under the Sales Agreement, in which case buyer shall be entitled to the applicable remedies set forth in Article V, Section G.3 of the Sales Agreement.

10. Buyer will pay for the following closing costs: all of the Escrow fee, all notary fees, all appraisal fees, all recording costs, all charges for buyer's credit report, all costs of preparing any mortgages and promissory notes, and all title insurance costs. Buyer will also pay all mortgage costs. Buyer will also pay a nonrefundable start-up fee which will be held and used by the Seller and the first Managing Agent of the Association to pay for certain initial common expenses of the Project such as insurance premiums and as a working capital fund for the benefit of all the unit owners. Buyer agrees that Seller does not have to pay any start-up fee for any unit in the Project if it is owned by Seller. Proration of maintenance charges and other common expenses, and real property taxes will be made as of the scheduled Closing Date.

11. If, prior to Closing, buyer fails to make any payment when it is due or fails to keep any of buyer's other promises or agreements contained in the Sales Agreement, then Seller will have the right, at Seller's sole option and in addition to any other rights contained in the Sales Agreement, to do any one or more of the following:

(a) Seller may cancel the Sales Agreement by giving buyer written notice of cancellation and Seller may keep all sums paid by buyer under the Sales Agreement as "liquidated damages" (i.e., the amount agreed to by buyer and Seller as properly payable in settlement for breach of contract), and not as a penalty. Without limiting the generality of the foregoing, buyer understands and acknowledges that if buyer defaults under the Sales Agreement, Seller may keep the Option Deposit (as defined in the Sales Agreement) in addition to all other sums paid by buyer under the Sales Agreement. If Seller cancels the Sales Agreement, buyer agrees that it will be difficult and expensive to determine the amount of loss or damage Seller will suffer. This is because of, among other things, Seller's commitments relating to the financing of the Project, the effect of default and cancellation of one sale on other unit sales, and the nature of the real estate market in Hawaii. Buyer agrees that the sums paid by buyer under the Sales Agreement are a reasonable estimate of a fair payment to Seller for Seller's loss or damage resulting from buyer's default.

(b) Seller may file a lawsuit for damages.

(c) Seller may file a lawsuit for "specific performance" (in other words, a lawsuit to make buyer keep all of buyer's promises and agreements).

(d) Seller may take advantage of any other rights which the law allows or which Seller may have under the Sales Agreement.

Buyer also agrees to pay for all costs, including Seller's reasonable lawyers' fees (for both in-house and outside counsel) and the escrow cancellation fee, which are incurred because of buyer's default.

12. If, prior to Closing, Seller fails to keep any of Seller's promises or agreements contained in the Sales Agreement, buyer, if not in default hereunder, may file a lawsuit for specific performance to require Seller to go through with the Sales Agreement or buyer may exercise any other remedy to which buyer is entitled to at law or equity, including cancel the Sales Agreement, if applicable. If buyer cancels the Sales Agreement because of Seller's default, Seller will repay to buyer all sums paid by buyer to Seller or Escrow under the Sales Agreement, without interest.

13. The buyer understands, acknowledges, covenants and agrees to the following:

(a) The Project is located within a few miles of Wheeler Army Airfield and Schofield Barracks (collectively, the "Base"). The military conducts training exercises on properties near Waikakalaua Gulch, including the East Range, which is adjacent to Mililani Mauka. Low flying aircraft and explosive and other related noise is created from these training exercises, which can occur at any time, including the late evenings, early morning hours and weekends. These activities may result in noise, dust, vibration, and other nuisances, disturbances or hazards (collectively, the "Military Effects") to persons and property on or within the Property or the Project;

(b) The Project is located on and is near or adjacent to lands and easements used for or in connection with the cultivation of pineapple and diversified agricultural operations, which may include, but are not limited to, open burning, trucking, plowing, hauling, fertilizing, grading, storing, herbicide and pesticide spraying, crop dusting, water diversion, irrigation, and all other activities incidental to the planting, cultivating, harvesting and processing of crops, including night time activities, and the grazing and raising of livestock, poultry and other animals, which may from time to time cause surface water runoff, noise, soot, smoke, dust, light, heat, vapors, odors, chemicals, vibrations, insect pests, and other substances and phenomena of every description (collectively, the "Agricultural Effects") to be discharged, emitted, dispersed or transmitted over and upon the Property or the Project which may bother or be a nuisance to the buyer and any person occupying or using the Property, and the buyer also acknowledges that the Hawaii Right to Farm Act (Chapter 165 of the Hawaii Revised Statutes) and Hawaii law limit the circumstances under which farming operations may be deemed to be a nuisance;

(c) The Property is or may be located adjacent to or in the vicinity of electric, water and other utilities and public roads and thoroughfares, including, without limitation, such things as electrical substations, high-powered electrical transmission lines, water pump stations, water tanks, reservoirs, freeways and exit ramps which may result in nuisances, such as noise and dust, disturbances or hazards (collectively, the "Utility Effects") to persons and to property on or within the Property. In recent years, concerns have been raised about possible adverse health effects of

electric and magnetic fields from power lines. Seller is not insuring or guaranteeing the health of buyer or other occupants or users of the Property and disclaims liability for personal injury, illness or any other loss or damage caused by or arising from the Utility Effects including, without limitation, the presence or malfunction of any electrical distribution systems that may be located adjacent to, near, or over any part of the Property;

(d) (i) The Project is or may be located adjacent to or in the vicinity of other phases of Nohona II at Mililani Mauka, and various construction activities, including, but not limited to, ongoing residential and related construction, proposed construction of future residential subdivisions and roads, commercial and office buildings, land development activities, one or more recreational centers and facilities, churches and other construction and development projects (collectively, the "Proposed Development"); (ii) construction of the Proposed Development will or may result in noise, dust, vibration and other nuisances, disturbances or hazards to buyer and to persons and property on or within the Property or the Project, and may limit buyer access to the Project; (iii) when completed, traffic, lights, noise, dust, vibration and other nuisances, disturbances or hazards to persons and property on or within the Property or the Project may be generated from the Proposed Development; (iv) no representations or warranties are made by Seller, its employees or agents concerning plans, or the absence of plans, by Seller or others for future development of adjacent or nearby properties, and any plans for the future development of adjacent and nearby properties by Seller are subject to change in the sole and absolute discretion of the Seller or its successors and assigns; and (v) Seller makes no representations regarding the view from the Property or any view easements or rights, and the views from the Property are not guaranteed and may be altered, diminished, eliminated or blocked entirely by the future development of adjacent or surrounding properties (items (i) through (v) are hereinafter collectively called the "Development Effects");

(e) Mold and other forms of fungi are common and occur naturally in Hawaii due to its climate. Any moisture, including but not limited to standing water, water intrusion in a home, or condensation will promote mold or other fungal growth. Lack of maintenance, utilization of an air-conditioner and other conditions which could increase moisture or condensation in a home, will therefore create conditions which are conducive to mold and fungi growth. It has been reported or alleged that molds and other fungi can cause mild to severe allergies, infections and other health problems and property damage (collectively, the "Mold Effects"). Seller is not insuring or guaranteeing the health of buyer or other occupiers or users of the Property and disclaims liability for personal injury, illness, property damage, or any other loss or damage caused by or arising from the Mold Effects; and

(f) Buyer represents and warrants to Seller that buyer, in buyer's sole discretion, has determined that the benefits of owning and enjoying the Property

outweigh the risks of the Military Effects, the Agricultural Effects, the Utility Effects, the Development Effects and the Mold Effects (collectively, the "Property Conditions"). Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Military Effects, the Agricultural Effects, the Utility Effects and the Mold Effects. Buyer hereby irrevocably agrees to suffer and permit all actions and consequences incidental to the Development Effects, for a period of ten (10) years after the date of recordation of the Condominium Unit Deed. Buyer hereby covenants and agrees to assume all risks of impairment of buyer's use and enjoyment of the Property or the Project, loss of market value of the Property, and property damage or personal injury arising from the Property Conditions, and buyer, for the buyer and the buyer's tenants, lessees, family, servants, guests, invitees, licensees, agents, employees, and those who use the Property through the buyer for an extended period of time (collectively, the "Occupants"), hereby waives any claims or rights of action or suits against Seller, its successors and assigns, the City and County of Honolulu, the State of Hawaii, and any agency or subdivision of the foregoing, arising from such impairment of the Occupants' use and enjoyment of the Property or the Project, loss of market value of the Property, and property damage or personal injury arising from one or more of the Property Conditions. Buyer shall indemnify, hold harmless and defend Seller, its successors and assigns, the City and County of Honolulu, the State of Hawaii, and any agency or subdivision of the foregoing, from any and all liability, claims, losses, damages, or expenses, including attorneys' fees, arising from such impairment of the Occupants' use and enjoyment of the Property or the Project, loss of market value of the Property, or property damage or personal injury to the property or person of the Occupants as a result of one or more of the Property Conditions. Buyer further covenants that buyer will notify all Occupants and transferees of the Property of the risks of the Property Conditions.

14. If Closing occurs, buyer and Seller agree that:

(a) any and all claims or disputes arising out of the Sales Agreement or in any way connected with the design, development, construction, sale, marketing, financing, warranties, or any other activity or matter relating to the Property, between buyer, on the one hand, and Seller and/or Seller's affiliates, on the other hand, shall be submitted to mediation, if applicable, and final and binding arbitration, all pursuant to and in accordance with the provisions contained in the Limited Warranty Agreement, administered by Professional Warranty Service Corporation ("PWC"), which mediation and arbitration provisions are incorporated by reference herein;

(b) buyer and Seller agree to follow the mediation and arbitration provisions set forth in the Limited Warranty Agreement even if a construction defect claim is excluded from coverage under the Limited Warranty Agreement or if the limited warranty provided under the Limited Warranty Agreement has expired or is no longer in effect;

(c) at Seller's option, the mediation and/or arbitration shall include all or any of Seller's agents, architects, consultants, engineers, contractors, subcontractors, suppliers, representatives or other third parties ("Related Parties"), and any action by buyer against any of the Related Parties (and not directly against Seller) in respect of the Property which Seller shall determine directly or indirectly affects Seller, shall at Seller's option, be subject to these mediation and arbitration provisions; and

(d) all fees and costs in connection with the mediation and/or arbitration shall be allocated in accordance with the Limited Warranty Agreement; provided, however, that any fees charged by PWC that are not addressed by the Limited Warranty Agreement shall be shared equally by buyer and Seller.

The foregoing provisions are intended to comply with (and shall be construed consistent with) the requirements of the Hawaii Contractor Repair Act, Chapter 672E of the Hawaii Revised Statutes ("Act"). In the event of an irreconcilable conflict between the foregoing provisions and the provisions of said Act, the provisions of the Act shall govern and control.

Pursuant to the requirements of the Act, Seller is required by law and gives to buyer the following notice:

**CHAPTER 672E OF THE HAWAII REVISED STATUTES
CONTAINS IMPORTANT REQUIREMENTS YOU (i.e. BUYER) MUST
FOLLOW BEFORE YOU MAY COMMENCE A LEGAL ACTION FOR
DEFECTIVE CONSTRUCTION AGAINST THE SELLER OR RELATED
CONTRACTORS WHO DESIGNED, REPAIRED, OR CONSTRUCTED YOUR
HOME. NINETY DAYS BEFORE YOU COMMENCE A LEGAL ACTION, YOU
MUST SERVE ON THE SELLER OR CONTRACTOR A WRITTEN NOTICE OF
ANY CONSTRUCTION CONDITIONS YOU ALLEGE ARE DEFECTIVE.
UNDER THE LAW, SELLER OR CONTRACTOR HAS THE OPPORTUNITY
TO MAKE AN OFFER TO REPAIR AND/OR PAY FOR THE DEFECTS. YOU
ARE NOT OBLIGATED TO ACCEPT ANY OFFER MADE BY SELLER OR A
CONTRACTOR. THERE ARE STRICT DEADLINES AND PROCEDURES
UNDER THE LAW, AND FAILURE TO FOLLOW THEM MAY NEGATIVELY
AFFECT YOUR ABILITY TO COMMENCE A LEGAL ACTION.**

It shall be buyer's obligation and responsibility to read and comply with the Act, the Sales Agreement and the Limited Warranty, in the event that buyer desires to pursue a legal action for defective construction relating to the Property.

15. The buyer agrees that buyer may not transfer the Sales Agreement or any of buyer's rights or interests under the Sales Agreement without first getting Seller's written consent (which Seller may withhold in its sole and absolute discretion).

CONSTRUCTION WARRANTIES

1. Home Builder's Limited Warranty. Developer will provide a ten (10) year limited warranty covering "Construction Defects" relating to the Unit. The terms and conditions of this limited warranty will be set forth in a Home Builder's Limited Warranty ("Limited Warranty Agreement") in the form attached to the Sales Agreement as Exhibit A as a specimen. The Limited Warranty Agreement defines the scope of "Construction Defects", will govern and control the terms of the limited warranty, and will supersede any and all other written or oral warranties, representations or promises as to the Unit. All warranties with respect to the Unit are contained in the Limited Warranty Agreement, and Developer provides no other warranties.

2. Castle & Cooke Customer Care Program and Agreement. Developer will also provide additional services and repairs for the Unit (over and above its warranty obligations under the Limited Warranty Agreement) on the terms and conditions set forth in the Castle & Cooke Customer Care Program and Agreement ("Customer Care Agreement") in the form attached to the Sales Agreement as Exhibit B as a specimen, which will be executed by Developer and buyer at closing. The Customer Care Agreement does not provide additional warranties to buyer. It does, however, specify certain items for which Developer will provide additional services and repair for specified periods up to one year after the "Commencement Date" referred to in the Customer Care Agreement.

3. Homeowner's Guide Book. Developer will provide to buyer a Homeowner's Guide Book at or prior to closing. This is not a legal document, and does not confer any additional warranty or service and repair rights on buyer. It is for informational purposes and is intended to provide useful maintenance and care tips for the Unit.

4. Terms, Conditions, Limitations, Exceptions, Disclosures and Disclaimers. Buyer should refer to the Sales Agreement for more information about the Limited Warranty Agreement and the Customer Care Agreement. Buyer also should refer to the Limited Warranty Agreement and the Customer Care Agreement which each specify terms, conditions, limitations, exceptions, disclosures and disclaimers ("Conditions"), with respect to the warranties and additional services and repairs which they provide. Buyer's rights and Developer's obligations for such work are subject to such Conditions, and buyer must read and understand them.
