**Preparation of this Report**

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

## SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

The Developer has disclosed the following:

1. This is a CONDOMINIUM PROJECT, not a subdivision. It does not involve the sale of individual subdivided lots. The land area beneath and immediately appurtenant to each unit is designated as a LIMITED COMMON ELEMENT and not a legally subdivided lot. The dotted lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.

2. No warranties are given to the purchaser as to the construction, materials or workmanship of the Project. The Project is being sold in "as is, where is" condition.

3. A prospective purchaser of a Unit in the Project who wishes to improve or modify his or her residence or change its use, should be aware that he or she will be required to comply with the building codes, land use laws (LUO) and other county laws and ordinances. The LUO, for example, contains restrictions relating to the permissible use of the land, the number of dwelling units permitted, and the amount of total development permitted on the entire Project land area. Before buying a Unit in the Project, a prospective purchaser, together with an architect or professional builder is urged to review the LUO and all other applicable County ordinances which may affect the Purchaser's use of his or her Unit and to review their intended plans with the appropriate County officials. The Developer disclaims all warranties with respect to Purchaser's being able to use the Unit for his or her intended purposes.

4. This public report does not constitute approval of the Project by the Real Estate Commission, or any other government agency, nor does it ensure that all applicable County codes, ordinances and subdivision requirements have been complied with.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

## **General Information On Condominiums**

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

### **Operation of the Condominium Project**

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

### 3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

#### 3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Land Court or Bureau of Conveyances	Date of Document	Document Number
Land Court	February 14, 2007	3560608

Amendments to Declaration of Condominium Property Regime		
Land Court or Bureau of Conveyances	Date of Document	Document Number

#### 3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

#### 3.3 Condominium Map

The Condominium Map contains a site plan and floor plans, elevations and layout of the condominium project. It also shows the floor plan, unit number and dimensions of each unit.

Land Court Map Number	1868
Bureau of Conveyances Map Number	
Dates of Recordation of Amendments to the Condominium Map:	

**3.4 House Rules**

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Are Proposed	<input type="checkbox"/>
Have Been Adopted and Date of Adoption	<input type="checkbox"/>
Developer does not plan to adopt House Rules	<input checked="" type="checkbox"/>

**3.5 Changes to the Condominium Documents**

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	67%
Bylaws	67%	67%

**3.6 Rights Reserved by the Developer to Make Changes to the Condominium Project or Condominium Documents**

<input type="checkbox"/>	No rights have been reserved to the Developer to change the Declaration, Bylaws, Condominium Map or House Rules (if any).
<input checked="" type="checkbox"/>	<p>Developer has reserved the right to change the Declaration, Bylaws, Condominium Map and House rules (if any) and to add to or merge the project or to develop the project in one or more phases, and such rights are summarized as follows:</p> <p>See Exhibit H</p>

#### 4. CONDOMINIUM MANAGEMENT

##### 4.1 Management of the Common Elements

<u>Management of the Common Elements:</u> The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.	
The Initial Condominium Managing Agent for this project is (check one):	
<input type="checkbox"/>	Not affiliated with the Developer
<input checked="" type="checkbox"/>	None (self-managed by the Association)

**5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance**

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

**5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance**

<input checked="" type="checkbox"/>	The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.
-------------------------------------	---

**5.6.2 Purchaser Deposits Will Be Disbursed Before Closing**

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):	
<input type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p><b>Box A</b></p> <input type="checkbox"/>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><b><u>Important Notice Regarding Your Deposits:</u></b> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p><b>Box B</b></p> <input type="checkbox"/>	<p>The Developer has <b>not</b> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <b><u>Important Notice Regarding Your Deposits</u></b> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <b><u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u></b> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <b><u>Important Notice Regarding Your Deposits</u></b> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

**Material House Bond.** If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

## 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

### 5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed**

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

### **5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change**

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30<sup>th</sup> calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

## 6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

**HAZARDOUS MATERIALS:** The developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The developer has made no independent investigation as to asbestos or other hazardous substances in the units or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the units, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the unit inspected to determine the extent (if any) of such contamination and any necessary remedial action. The developer will not correct any defects in the units or in the Project or anything installed or contained therein and Buyer expressly releases the developer from any liability to Buyer if any hazardous materials are discovered.

**LEAD WARNING STATEMENT:** Pursuant to federal law, 42, U.S.C 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."

**DEVELOPER'S ADDITIONAL DISCLOSURES:** Disclosure is hereby made that the Manager of the Developer holds an active real estate broker's license in the State of Hawaii and is the Principal Broker and owner of Abe Lee Realty, LLC, the real estate company handling the sale of the units. The Manager of the Developer is also one of the owners of Integrity Escrow and Title Company, Inc., the company handling the escrow of the sales for this Project.

**EXISTING USE PERMIT (2006//EU-20).** Prospective purchasers are advised that the project is subject to the conditions contained in the existing use permit. A copy of the permit is attached hereto as Exhibit "K". Prospective purchasers understand that their ability to alter, repair, add to, relocate, or reconstruct their unit is subject to the conditions contained in the existing use permit. Prospective purchasers are advised to carefully read the existing use permit and consult with appropriate professionals or experts if they have any questions about doing any work to the unit(s).

**EASEMENT FOR UTILITIES.** Utilities for the subject property currently run underground from Makule Road over the lot located in front of the Project (the "Front Lot"). Developer and the owner of the Front Lot have filed a request for approval of the utility easement with the Department of Planning and Permitting ("DPP"). Upon approval by DPP, a Petition to grant the easement will be filed in the Land Court.

**WATER METER.** The Project is currently serviced by a single water meter and a single bill will be sent to the Association. The Developer will be installing individual water submeters for the units at Developer's cost. The Association will be responsible for allocating the single water bill between the units based on usage.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

### **PERMITTED ALTERATIONS TO THE UNITS**

Section L of the Declaration provides that no work shall be done to the Units, the limited common elements appurtenant thereto, or any other part of the Project, by any owner of a Unit or any other person, which could jeopardize the soundness or safety of the Project, reduce the value thereof, impair any easement, as reasonably determined by the Board. Any major modification which may have an adverse impact on surrounding land uses, increases the number of dwelling units, and/or involves the reconstruction and/or expansion of a dwelling(s) which is part of a larger development, shall require the processing of a Cluster Housing Permit.
5. The applicant or owner(s) shall incorporate this Existing Use Permit into the restrictive covenants which run with the land, to serve as notice to all owners and tenants. The draft covenant shall be submitted for review and approval by the DPP. Upon approval of the covenant, a certified recorded copy shall be filed with the DPP, prior to the change in any ownership or the issuance of any permits.
6. If the project will be condominiumized, the applicant or owner(s) shall submit a draft copy of the Condominium Property Regime (CPR) map and documents to the DPP for our review. Future work subsequent to the creation of a CPR may require approval from the homeowners association prior to the start of work. If the EU Permit is incorporated into the CPR documents, a separate declaration of restrictive covenants is not required.
7. All work shall comply with the applicable LUO standard for the underlying zoning district, unless otherwise stated herein:
  - (a) A minimum eight-foot setback for fences, walls and structures shall be required from the common access driveway.
  - (b) Within the project, the minimum distances between buildings shall be as follows:
    - (i) 10 feet between two one-story dwellings;
    - (ii) 15 feet between a one-story and a two-story dwelling or portion thereof; and
    - (iii) 20 feet between two-story dwellings.

If the property is condominiumized, then, no portion of a building shall cross a CPR line. Reconstructed buildings shall comply with the required yards and height setbacks of the underlying zoning district as measured from limited common element lines.
  - (c) Maximum building area shall not exceed 50 percent of the original lot area of 16,006 square feet. If the property is condominiumized, then, within each limited common element, the maximum building area shall not exceed 50 percent of the area for each limited common element.
8. All new work shall be compatible in design with the existing and surrounding structures. The Director may require the redesign of exterior entrances, stairways, bar areas, including plumbing and electrical systems, to ensure that the number of dwellings is not increased.

9. In accordance with the comments from the Honolulu Fire Department (HFD), the applicant shall submit revised plans showing the following are provided:
  - a. Fire apparatus access road for every facility, building, or portion of a building hereafter constructed or moved into or within the jurisdiction when any portion of the facility or any portion of an exterior wall of the first story of the building is located more than 150 feet (45 720 mm) from a fire apparatus access as measured by an approved route around the exterior of the building or facility.
  - b. Water supply, approved by the county, capable of supplying the required fire flow for fire protection to all premises upon which facilities or buildings, or portions thereof, are hereafter constructed or moved into or within the county.

On-site fire hydrants and mains capable of supplying the required fire flow shall be provided when any portion of the facility or building is in excess of 150 feet (45 720 mm) from a water supply on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building.

The applicant shall provide written approval from HFD that the revised plans are acceptable.

The above revised plans shall be implemented prior to any change of ownership. In the alternative, the applicant may provide an automatic sprinkler system for Units A, B and C with the written consent of the fire department.

10. A minimum of six (6) parking spaces, two (2) stalls for each dwelling unit shall be provided prior to the issuance of any building permits subsequent to this approval. Dwellings shall comply with the LUO parking regulations. Existing parking spaces within carports or garages shall not be converted into usable floor area (including garage or carport storage areas).
11. An all weather surface shall be provided at all driveways and required parking areas prior to the issuance of building permits, subsequent to this approval.
12. Any fence or wall exceeding 36 inches along the common driveway shall be screened with a hedge.
13. All existing trees six (6) inches or greater in diameter shall be retained on-site, or replacement landscaping shall be required. All landscaping shall be maintained in a healthy visual condition at all times.
14. Approval of this permit does not constitute compliance with other governmental agencies' requirements. They are subject to separate review and approval. The applicant will be responsible for insuring that the final plans for the project approved under this permit comply with all applicable governmental agencies' provisions and requirements.

15. The Director of Planning and Permitting may modify the conditions of this permit by imposing additional conditions, modifying existing conditions, or deleting conditions deemed satisfied upon a finding that circumstances related to the approved project have significantly changed so as to warrant a modification to the conditions of approval.

Any party wishing to appeal the Director's action must submit a written petition to the Zoning Board of Appeals (ZBA) within 30 calendar days from the date of mailing or personal service of the Director's written decision. (Zoning Board of Appeals Rules Relating to Procedure for Appeals, Rule 22-2, Mandatory Appeal Filing Deadline). Essentially, the Zoning Board of Appeals rules require that a petitioner show that the Director based his action on an erroneous finding of a material fact, and/or that the Director acted in an arbitrary or capricious manner, or manifestly abused his discretion. Generally, the ZBA can only consider the evidence previously presented to the Director of Planning and Permitting. The filing fee for appeals to the ZBA is \$200 (payable to the City and County of Honolulu).

Failure to comply with ZBA Rules Chapter 22, Procedure for Appeals, may result in the dismissal of the appeal. Copies of the ZBA rules are available at the Department of Planning and Permitting. Appeals should be addressed to:

Attention: Mr. Tyler Zane

Dear Mr. Lee:

Re: Condominium Conversion Project  
91-797 A, B & C Makule Road  
Tax Map Key: 9-1-008: 034 (Lot 943 B)

This is in response to your letter dated May 2, 2006, requesting verification that the structures located at the above-referenced property met all applicable code requirements at the time of construction.

Investigation revealed the three (3) one-story single-family detached dwellings with at least six (6) all-weather-surface off-street parking spaces met all applicable code requirements when they were moved and posted or constructed prior to 1964 on this 16,006 square-foot R-5 Residential District zoned lot.

Investigation also revealed that on April 3, 1958, a subdivision (File No. 58/SUB-111) was approved to subdivide Parcel 34 into two lots: Lot 943 A of 10,000 square-feet and the above-referenced Lot 943 B of 16,006 square-feet. There is no record in our files to indicate that a separate tax map parcel number was issued for either lot.

The three (3) single-family detached dwellings are considered nonconforming dwelling units. For your information, if any dwelling unit is destroyed by any means to an extent of more than fifty percent (50%) of its replacement cost at the time of destruction, it shall not be reconstructed except in conformity with Article 4 and other provisions of the Land Use Ordinance.

For your information, the Department of Planning and Permitting cannot determine all other legal nonconforming uses or structures, as a result of the adoption or amendment of any ordinance or code.

No variances or other permits were granted to allow deviations from any applicable codes.

Conversion to a condominium property regime (CPR) is not recognized by the City and County as an approved subdivision. CPR delineates ownership; it does not create separate lots of record for subdivision and zoning purposes.

If you have any questions regarding this matter, please contact Mr. Ivan Matsumoto of our Commercial and Multi-Family Code Enforcement Branch at 527-6341.

Very truly yours,

## EXHIBIT J - SUMMARY OF SALES CONTRACT

The specimen Deposit Receipt Offer and Acceptance and addendum (herein the "Agreement") contains, among other things, the following provisions:

1. Risk of Loss. Risk of loss to the Unit shall be borne by Seller until the Date of Closing; thereafter, such risk of loss shall be borne by Buyer.
2. Time is of the Essence; Default. Section 10 of the Agreement provides that time is of the essence of the obligations of Buyer under the Agreement. Buyer shall be in default under the Agreement if Buyer fails to make a payment when due or if Buyer fails to perform any other required obligation and such failure continues for fifteen (15) days after Seller gives written notice to Buyer of such failure. Any such notice shall be sent by certified or registered mail and shall be deemed given upon deposit in the United States mail, even if Buyer does not sign a return receipt for the mail. In the event of any such default, Seller may, at Seller's option, terminate the Agreement by written notice to Buyer. In the event of such termination, the parties understand and agree that in view of Seller's financial commitments with respect to the Project; the connection between the sale, cancellation or default with respect to one unit and the sale, cancellation or default with respect to other units in the Project; and the nature of the real estate market in Hawaii, that the injury to Seller will be uncertain as to nature and amount and difficult to ascertain. As a reasonable estimate of Seller's damages resulting from such termination, the parties agree that the sums previously paid by Buyer under the Agreement shall belong to Seller as liquidated damages. If Seller does not terminate the Agreement on account of such default, then all costs, including reasonable attorneys' fees, incurred by reason of the default by Buyer shall be borne by Buyer, and Seller may pursue any and all other remedies on account of such default (other than termination of the Agreement) permitted by law or equity, including but not limited to specific performance.
3. Estimated Monthly Maintenance Charges; Collection of "Start-up" Fee. Buyer has examined and approved the estimate of monthly maintenance charges and assessments for the Unit as shown in the Public Report. Buyer is aware that such amounts are only estimates, and BUYER AGREES THAT SUCH ESTIMATES ARE NOT INTENDED TO BE AND DO NOT CONSTITUTE ANY REPRESENTATION OR WARRANTY BY SELLER, INCLUDING BUT NOT LIMITED TO ANY REPRESENTATION OR WARRANTY AS TO THE ACCURACY OF SUCH ESTIMATES. In addition to the Purchase Price, Buyer shall pay an additional sum at closing as Buyer's pro rata share of the 91-797 MAKULE ROAD's common expense reserve fund if requested by the Seller. This non-refundable, non-transferable "start-up" fee will become the property of the Association of Unit Owners of 91-797 MAKULE ROAD (the "Association"), and shall be in an amount which will be determined by Seller prior to closing. That amount will in no event be less than TWO (2) months estimated common expense assessments for the Unit, and not less than TWO (2) months estimated reserves, if any.
4. Conversion of Existing Building; Existing Use Permit; No Warranties. Buyer is aware, agrees and affirms that the Project consists of a conversion of existing structures that were moved and posted or constructed prior to 1964. The Department of Planning and Permitting, City and County of Honolulu, State of Hawaii ("DPP") issued Existing Use Permit No. 2006/EU-20 on October 2, 2006 (the "Existing Use Permit"), allowing the existence of the three (3) existing single-family detached dwellings. The Buyer of a Unit in the Project who wishes to improve or modify his or her Unit or change its use, should be aware that he or she will be required to comply with the Existing Use Permit, the building codes, land use laws (LUO) and other county laws and ordinances. The LUO, for example, contains restrictions relating to the permissible use of the land, the number of dwelling units permitted, and the amount of total development permitted on the entire Project land area. Buyer, together with Buyer's architect or professional builder, are urged to review the LUO and all other applicable County ordinances which may affect the Buyer's use of the Unit and to review Buyer's intended plans with the appropriate County officials. Seller disclaims all warranties with respect to Buyer's being able to use the Unit for his or her intended purposes. Seller gives no assurances or warranties that Buyer will be able to obtain building

permits for a residence on the property, that the condition of the property is suitable for a residence, or that adequate utility services will be available to service the Unit. Buyer agrees, acknowledges and understands that the execution and recordation of the Condominium Unit Deed shall be construed as Buyer's acceptance of the property and its condition.

It is expressly understood and agreed by and between Seller and Buyer that SELLER MAKES NO WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE UNIT, THE PROJECT, INCLUDING THE COMMON OR LIMITED COMMON ELEMENTS, OR CONSUMER PRODUCTS OR ANYTHING ELSE INSTALLED IN THE UNIT OR IN THE PROJECT, INCLUDING BUT NOT LIMITED TO: A) ANY IMPLIED WARRANTY OF MERCHANTABILITY, HABITABILITY, OR FITNESS FOR ANY PARTICULAR PURPOSE; B) THE WORKMANLIKE CONSTRUCTION, STRUCTURAL SOUNDNESS, CONDITION OR STATE OF REPAIR, OPERATING ORDER, SAFETY, LIVABILITY OF ANY IMPROVEMENT IN OR WITHIN THE PROJECT; AND C) WHETHER THE PROJECT, THE UNITS, OR ANY OF THE IMPROVEMENTS MEET THE REQUIREMENTS OF ANY BUILDING, ZONING, LAND USE, SET BACK, HEALTH OR OTHER LAW, ORDINANCE, OR RULE OR REGULATION WHICH MAY BE APPLICABLE TO THE PROJECT.

5. Existing "As Is" Condition. Buyer agrees the Unit is being purchased in its "AS IS" condition, without any warranties, expressed or implied. This means that all land, improvements (including but not limited to the roof, walls, foundations, soils, plumbing, electrical and mechanical systems, etc.) and real property and personal property (if any) are being purchased in their **EXISTING "AS IS" CONDITION, WITHOUT WARRANTY OR REPRESENTATIONS, EXPRESSED OR IMPLIED.** Buyer acknowledges that Buyer will be given an opportunity to inspect the Unit and by closing on the sale of the Unit, Buyer accepts the Unit in its "AS IS" condition as provided for herein.

6. Reserved Rights to Change Units. The Declaration provides that the owner of any Unit in the Project, including the Seller, if any owner of a Unit, shall have the right, with the consent of any mortgagee affecting said Unit, to remove, redesign, improve, renovate, make additions to, enlarge, replace with a new Unit, or restore his or her Unit on the limited common elements appurtenant to such Unit, at such Unit owner's soled option at any time and from time to time, without the consent of the Association, the other Unit owner(s), any lien holder thereof, or anyone with an interest in the Project, and pursuant to plans, conditions and restrictions set forth in Section Q of the Declaration. SELLER MAKES NO WARRANTIES OR REPRESENTATIONS WITH RESPECT TO BUYER'S ABILITY TO USE THE UNIT FOR BUYER'S INTENDED PURPOSE. IF BUYER INTENDS TO IMPROVE OR MODIFY THE UNIT, BUYER WILL BE REQUIRED TO COMPLY WITH ALL APPLICABLE BUILDING AND ZONING CODES, LAND USE LAWS, AND OTHER COUNTY LAWS AND ORDINANCE. BUYER IS URGED TO CARFEULLY REVIEW THE LAND USE LAWS AND ALL OTHER APPLICABLE COUNTY ORDINANCES WHICH MAY AFFECT THE UNIT, WITH BUYER'S ARCHITECT, PROFESSIONAL BUILDER, OR OTHER PROFESSIONAL CONSULTANT, TO DETERMINE WHETHER THE LAND USE LAWS AND ALL OTHER APPLICABLE COUNTY ORDINANCES MAY AFFECT BUYER'S INTENDED USE OF THE UNIT.

7. Mediation And Arbitration. If any dispute or claim in law or equity arises out of this Agreement, and Buyer and Seller are unable to resolve the dispute themselves, Buyer and Seller agree in good faith to attempt to settle such dispute or claim by mediation under the Commercial Mediation rules of the American Arbitration Association. If such mediation is not successful in resolving such dispute or claim, then such dispute or claim shall be decided by a neutral binding arbitration before a single arbitrator in accordance with the Commercial Arbitration rules of the American Arbitration Association. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The arbitrator may award reasonable attorney's fees and costs to the prevailing party.

8. Installation of Separate Water Submeter. The Project is currently serviced by a single water meter and a single water bill will be sent to the Association. The Developer will be installing individual submeters for the units at Developer's costs. The Association will be responsible for allocating the single water bill between the units based on usage as determined by the submeters.

9. Developer's Public Report; Buyer's Right to Cancel or Rescind This Agreement. The Developer's Public Report for the Project has been issued an effective date by the Real Estate Commission. Buyer shall receive a copy of that document along with a Receipt For Developer's Public Report (the "Receipt") and a Notice Of Right To Cancel Sales Contract (the "Notice"). Buyer has the right to cancel the Sales Contract under the following conditions:

i) At any time within thirty (30) days following the date the Developer's Public Report is delivered to Buyer. If Buyer so cancels this Agreement, within the thirty (30) day period, Buyer will be entitled to receive a refund of any deposits, less any escrow cancellation fees and other costs up to \$250.00. If Buyer waives Buyer's right to cancel by checking the waiver box on the Notice, and executes and returns the Receipt and Notice within thirty (30) days after delivery to Buyer, this Agreement shall become a binding obligation on both parties immediately upon the return thereof. If Buyer does not return the Receipt and Notice within said thirty (30) day period, or if the Unit is conveyed to Buyer prior to expiration of that thirty (30) day period, then Buyer shall be deemed to have accepted for the Developer's Public Report and to have waived Buyer's right to cancel, thereby causing this Agreement to become a binding obligation on both parties; and

ii) Buyer shall have a thirty (30) day right to rescind this Agreement if there is a material change to the Project which directly, substantially and adversely affects the use or value of Buyer's Unit, the limited common elements appurtenant to the Unit, or the amenities in the Project available for Buyer's use. Seller shall deliver to Buyer a description of the material change and Buyer may waive Buyer's rescission right by either (a) checking the waiver box on the option to rescind, signing it and returning it to Seller; (b) letting the thirty (30) day rescission period expire without taking any action to rescind this Agreement; or (c) closing on the purchase of the Unit before the thirty (30) day rescission period expires. In order to be valid, the rescission form provided for herein must be signed by all Buyers and postmarked to Seller no later than midnight on the thirtieth (30th) calendar day after the date Buyer received the rescission form from Seller. If Buyer's rescission is valid, Buyer shall be entitled to a prompt and full refund of any deposits made by Buyer.

10. Assignment of this Agreement. Notwithstanding anything to the contrary contained in the DROA, Buyer may not assign its rights or obligations under this Agreement or any portion thereof without the prior written consent of Seller, which consent may be withheld and/or conditioned at Seller's sole discretion. Any assignment without Seller's prior written consent shall be null and void.

THIS SUMMARY IS A BRIEF DESCRIPTION OF SOME OF THE TERMS CONTAINED IN THE SALES CONTRACT. BUYER IS ADVISED TO CAREFULLY REVIEW THE ENTIRE SALES CONTRACT AND BECOME FAMILIAR WITH THE TERMS AND CONDITIONS CONTAINED THEREIN.

(2) In the event Escrow receives notice of purchaser's election to rescind the sales contract pursuant to Section 6(a)(4), above, Escrow shall promptly return all of said funds to purchaser; provided, however, that no refund shall be made to a purchaser at the purchaser's request prior to receipt by Developer of written notice from Escrow of Escrow's intent to make such refund.

4. Partial Closings. It is understood that partial closings, i.e., closings for some but not all of the units, may be desired by Developer. If Developer desires to close any or all sales at different times, Escrow agrees to cooperate with Developer and shall vary its performance of the directions contained herein in such manner as will facilitate its performance of such partial closings.

THE ESCROW AGREEMENT CONTAINS VARIOUS OTHER PROVISIONS AND ESTABLISHES CERTAIN CHARGES WHICH THE PURCHASE SHOULD BECOME FAMILIAR WITH. THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE COMPLETE ESCROW AGREEMENT. IF THERE ARE ANY CONFLICTS BETWEEN THE TERMS CONTAINED IN THIS SUMMARY AND THE ESCROW AGREEMENT, THE ESCROW AGREEMENT WILL CONTROL.
