Preparation of this report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; or (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

This is a CONDOMINIUM PROJECT, not a subdivision. The land area beneath and immediately appurtenant to each unit is designated a LIMITED COMMON ELEMENT and does not represent a legally subdivided lot. The lines on the Condominium Map dividing the land into limited common element land areas are for illustration purposes only and should not be construed to be formal subdivision lines.

This Public Report does not constitute an approval of the Project by the Real Estate Commission or any other government agency.

1. There are County restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the Purchaser is buying an existing residential dwelling, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE IS ALSO NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. The Purchaser should consult with the appropriate County agencies to determine whether the Purchaser may build a residential dwelling unit, or any other type of structure, on the property. Unit A is an existing greenhouse, and Unit B is an existing farm dwelling.

2. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not be provided, and services such as County street maintenance and trash collection may not be available for interior roads and driveways.

3. In a condominium, all of the land included in the condominium remains a single, unsubdivided parcel of land for purposes of zoning and land use regulation. If one unit owner violates a regulation, the violation is attributable to both that owner and the innocent owner of each other unit. For example, if one owner builds or adds to a structure in a manner which violates height limits, size limit, setbacks, building permit requirements, or flood zone rules, or uses the unit for an unauthorized additional dwelling or short term rental, the violation applies to the entire condominium and the innocent unit owner may be subject to fines or may be denied a building permit as long as the violation remains uncured. BUYER SHOULD CONSULT WITH AN ATTORNEY CONCERNING THESE IMPORTANT RISKS.

4. The County of Maui, through its Department of Water Supply, does not provide water service to the Property. Each unit owner is responsible for providing water to its unit and appurtenant limited common element, for all purposes, including but not limited to potable use and irrigation. Currently Unit A has no water system. Currently Unit B has an existing water-catchment system utilizing the roof of Unit B with gutters running to a metal water storage tank (that can hold approximately 15,000 gallons of water), and with a water pump and water filters transferring the water to the plumbing of Unit B. Declarant makes no warranties or representations as to the quality of the materials of, and the quality and quantity of water provided by said water-catchment system. Each unit owner shall be responsible for the cost of operating, maintaining, repairing and replacing (and when applicable, constructing) each unit owner's water system. No warranties or representations are made as to the useful life of, and cost of maintaining, operating, repairing or replacing the water-catchment system within Limited Common Element B.

Declarant shall not be liable to any unit owner or to the tenant or other occupant of any unit or any other affected person for any claims, losses, damages or expenses which shall be caused by or shall result from (a) any failure of a water catchment system to provide water to any unit, or (b) any contamination or defects in water quality or its unsuitability for any reason for drinking, irrigation or any other purpose, regardless of the cause of said failure or contamination, and regardless of the fact that said failure, stoppage or contamination may have been due to the error, negligence or other causes relating to the design, construction, operation or maintenance of the system.

ALL PROPERTY OWNERS ACKNOWLEDGE THAT CONTAMINATION IN SOME CIRCUMSTANCES MAY CAUSE SERIOUS PHYSICAL ILLNESS, INJURY OR DEATH AND ARE URGED TO TAKE PREVENTATIVE ACTION BY PERIODIC TESTING AND IT IS RECOMMENDED THAT ANY POTENTIAL BUYER SEEK A PROFESSIONAL OPINION REGARDING THE PRIVATE WATER SYSTEM PRIOR TO PURCHASING A UNIT.

5. The County of Maui, through its Department of Water Supply, does not provide fire protection to the Property. The units are served by a common private fire protection system, shared with neighboring Lots 1-B and 1-C of BKJK Subdivision, pursuant to the Declaration of Easements for Fire Protection Facilities described in the Declaration of Condominium Property Regime, Section E.4. Said system was approved by the County of Maui through its Department of Fire and Public Safety, and includes but is not limited to a metal water storage tank (which can hold approximately 30,000 gallons of water), an electric water pump, pressure tank, electrical boxes, an electric meter provided by Maui Electric Company Limited, water lines, standpipes and appurtenances. Declarant makes no warranties or representations as to the amount of water provided by the system, the usefulness of the system or the adequacy of fire protection. It is recommended that each unit and appurtenant limited common element have its own additional fire protection system implemented, some common examples of which are:

- (a) A portion of water dedicated to fire protection use from a domestic water storage tank constructed and owned separately by the owner(s) of said unit, with standpipes running directly from said storage tank; or
- (b) Sprinkler systems (water or chemical) built into the farm dwelling or other structures needing fire protection.

The Declarant has established the BKJK Association Inc. as a non-profit homeowners' association to manage, operate, repair and govern the use of the common fire protection system. The owners of the condominium units and the owners of Lots 1-B and 1-C of BKJK Subdivision are the members of said association and will govern through Board of Directors. The Declaration of Easements for Fire Protection Facilities, Articles of Incorporation and Bylaws will be provided to each purchaser. The estimated monthly assessments by said association for said system are set forth in Exhibit C.

If any unit is damaged by fire, neither the Declarant, Board, the Association, its members nor any employee or agent thereof shall be liable for any claim, damage or loss resulting from the water volume or supply being insufficient to fight the fire, regardless of the cause of such insufficiency. It is understood that each member fully accepts the risk of any such problems.

AS PREVIOUSLY MENTIONED, ALL UNIT OWNERS ARE ENCOURAGED TO INSTALL FIRE PROTECTION DEVICES WHICH ARE INDEPENDENT FROM THE COMMON FACILITIES AND TO NOT RELY ON THE ADEQUACY OF COMMON FACILITIES FOR FIRE PROTECTION.

IT IS ALSO RECOMMENDED THAT ANY POTENTIAL BUYER SEEK A PROFESSIONAL OPINION REGARDING THE OPERATION, MAINTENANCE, REPAIR AND EFFECTIVENESS OF THE COMMON FIRE PROTECTION FACILITIES.

6. County sewer service is not available. Unit A does not have a septic waste system. Unit B has its own septic waste system, the location of which is shown on the Condominium Property Regime Map. The owner of each unit shall be responsible for the cost of maintaining, operating and/or replacing (and when applicable, constructing) said unit's system. No representations or warranties are made as to the quality, useful life, replacement cost, operating cost, or maintenance cost of the system and appurtenances.

7. The County of Maui Planning Department has recently adopted a strict enforcement policy requiring agriculture-zoned land to be used for only those agricultural uses permitted by HRS Section 205-4.5 and Maui County Code, Chapter 19.30A. Also, County approval of farm plans shall be required as well as actual ongoing implementation. Dwellings may only be constructed and used as "farm dwellings". BUYER SHOULD CONSULT WITH AN ATTORNEY OR THE MAUI COUNTY PLANNING DEPARTMENT FOR ADDITIONAL INFORMATION.

8. Recently enacted State law prohibits all restrictions on agricultural uses and activities on agricultural zoned land. Any such restrictions are invalid if created after July, 2003. BUYER UNDERSTANDS THAT ACTIVITIES SUCH AS RAISING ANIMALS OR IRRIGATION AND FERTILIZATION OVERSPRAY ON NEARBY PROPERTIES MAY CAUSE NUISANCES AND INCONVENIENCES TO BUYER.

9. Under the current zoning ordinance, only one full size farm dwelling (which may be limited in size by the rules of the County of Maui) and one farm dwelling with a living area of 1,000 square feet or less are permitted, and no other dwellings. Unit B was designated as the unit which is subject to the 1,000 square feet limitation, and may not be expanded beyond this limitation, and Unit A was designated as the unit which may be constructed as the full size farm dwelling. THE PROSPECTIVE PURCHASER IS CAUTIONED TO CONSULT WITH HIS OR HER LEGAL COUNSEL CONCERNING THE REQUIREMENTS OF A FARM DWELLING AND THE PERMITTED USES OF THE LAND AND DWELLING IN THE AGRICULTURAL ZONE.

10. Developer certifies that the subject property is zoned agriculture by the County of Maui.

11. The subject property is not within the Special Management Area (SMA).

12. A portion of the property (within Limited Common Element A) is within a drainage reserve as designated on the subdivision map for BKJK Subdivision of Lot 1. No building may occur in this area unless a topographic analysis is performed to verify the area is not within the 100-year flood inundation limit, in addition to the proposed construction meeting all zoning and code requirements.

13. Because the subject property is located in a rural area there are no mailboxes provided near the subject property. The mailbox appurtenant to Unit B is located at the intersection of Piiholo Road and Waiahiwi Road, which address is 50 Kahakapao Road. Currently there is no mailbox appurtenant to Unit A, however during construction of Unit A the owner(s) will apply for and obtain a mailbox (from the USPS station in the neighboring town of Makawao) for said Unit A, which mailbox will be placed in the same location as the existing mailbox for Unit B.

14. Pursuant to Sections 16-99-3(g) and 16-99-11(d), Hawaii Administrative Rules ("HAR"), prospective purchasers are hereby advised that Brook Starr (Member of Piiholo Pines LLC, the condominium's Developer), is a current and active Hawaii-licensed Real Estate Salesperson, RS-55839. Further that Brook Starr is licensed with Hugh Starr & Co. Inc., the project broker. Pursuant to Section 16-99-11(c), HAR "no license shall be allowed to advertise 'For Sale by Owner', 'For Rent by Owner', 'For Lease by Owner', 'For Exchange by Owner'."

15. The Property as a whole is encumbered by a blanket easement in favor of Maui Electric Company, Limited and Hawaiian Telcom, Inc. (formerly known as Verizon Hawaii, Inc.), dated December 8, 2005 and recorded in the Bureau of Conveyances of the State of Hawaii as Document No. 2006-051653. Buyers are informed that they may in the future request to the utility companies that the blanket easement be amended to pertain only to the location of the easement holder's physical facilities, and not to the remainder of the Property. Buyers are also informed that Electrical Easement E-2 has been designated (as shown on the Condominium Map), but has not been specifically granted.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.</p> <p>If a variance has been granted or if uses, structures or lots are either non-conforming or illegal, the purchaser should consult with county zoning authorities as to possible limitations that may apply in situations such as those described above.</p> <p>A purchaser may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure or lot.</p>

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.</p>

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input checked="" type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.</p>
-------------------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

<p>Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):</p>	
<input type="checkbox"/>	<p>For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or</p>
<input type="checkbox"/>	<p>For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.</p>

In connection with the use of purchaser deposits (check Box A or Box B):

<p>Box A <input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p>Important Notice Regarding Your Deposits: Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p>Box B <input type="checkbox"/></p>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the Important Notice Regarding Your Deposits set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the Important Notice Regarding Your Deposits set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

None

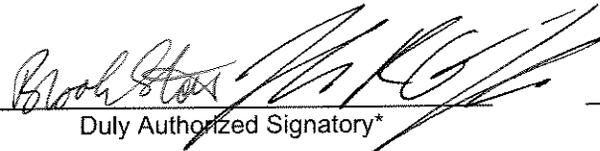

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

EXHIBIT "G"

Description of Common Interest is as follows:

Unit A shall have a 50% undivided interest and Unit B shall have a 50% undivided interest (referred to as the "common interests") in all common elements of the Project and a said same respective share in all common profits and common expenses of the Project and for all other purposes, including voting.

Notwithstanding the allocation of common interests in the preceding paragraph, the common interests for the sole purpose of the ownership of fee simple title to the underlying land (and, therefore, for the allocation of proceeds from the sale or partition of the land upon termination of the condominium or the taking of the land by eminent domain) shall be allocated between the units in proportion to the relative value of the land area included within the limited common elements appurtenant to each unit (determined as if each limited common element were a separate unimproved parcel of land), and not according to the common interests for financial and voting purposes as stated above.
