General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are attached as exhibits to this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

1.14 Other Zoning Compliance Matters

Conforming/Non-Conforming Uses, Structures and Lots									
In general, a non-conforming use, structure or lot is a use, structure or lot that was lawful at one time but that does not now conform to present zoning requirements. Under present zoning requirements, limitations may apply to extending, enlarging or continuing the non-conformity and to altering and repairing non-conforming structures, In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.									
If a variance has been granted or if uses, structures or lots are either non-conforming or illegal, the purchaser should consult with county zoning authorities as to possible limitations that may apply in situations such as those described above,									
A purchaser may not be able to obtain financing or insurance if the condominium project has a non-conforming or illegal use, structure or lot.

4. CONDOMINIUM MANAGEMENT

4.1 Management of the Common Elements

<p>Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required to employ or retain a condominium managing agent to assist the Association in managing the condominium project.</p>		
<p>The Initial Condominium Managing Agent for this project is (check one):</p>		
<input checked="" type="checkbox"/>		Not affiliated with the Developer*
<input type="checkbox"/>		None (self-managed by the Association)
<input type="checkbox"/>		The Developer or an affiliate of the Developer
<input type="checkbox"/>		Other (explain)

*Please note that Developer intends to enter into a Property Management Agreement with an affiliate ("Affiliate Managing Agent"). It is uncertain which affiliate of Developer will become the Managing Agent. In addition to property management services under this proposed Property Management Agreement, the Affiliate Managing Agent intends to provide valet service, room service (during certain hours of the day) and/or food and beverage service in the swimming pool and lobby areas (during certain hours of the day), subject to necessary liquor license requirements. The Affiliate Managing Agent will assume all of the costs and expenses of providing these services and will retain all income from such services in addition to its base property management fee. The temporary fitness room will be located in Hokulani Commercial Unit SC 1 until such time as the Konea Enclave is completed. Thereafter, the fitness room will be located in the Konea Enclave. Under this proposed Property Management Agreement, all Owners and Guests shall have the right to use the spa in the Konea Enclave at published rates once the spa is built.

4.2 Estimate of the Initial Maintenance Fees

<p>Estimate of the Initial Maintenance Fees: The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.</p>
<p>Exhibit K contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.</p> <p>The maintenance fees shown on Exhibit K have been computed for the units in Building SE-C based upon the assumption that Buildings SE-A and SE-B in the Hokulani Enclave will also be developed. Please refer to Exhibit B for further explanation.</p>

4.3 Utility Charges to be Included in the Maintenance Fee

If checked, the following utilities are included in the maintenance fee:		
<input checked="" type="checkbox"/>	X	Electricity for the common elements
<input checked="" type="checkbox"/>	X	Gas for the common elements
<input checked="" type="checkbox"/>	X	Water
<input checked="" type="checkbox"/>	X	Sewer
<input checked="" type="checkbox"/>	X	TV cable
<input checked="" type="checkbox"/>	X	Other (specify) garbage disposal

4.4 Utilities to be Separately Billed to Unit Owner

If checked, the following utilities will be billed to each unit owner and are not included in the maintenance fee:		
<input checked="" type="checkbox"/>	X	Electricity for the Unit only
<input checked="" type="checkbox"/>	X	Gas for the Unit only*
<input type="checkbox"/>		Water
<input type="checkbox"/>		Sewer
<input type="checkbox"/>		TV cable
<input type="checkbox"/>		Other (specify)

*The following units in Building SE-C receive gas service: SR150, SR151, SR250, SR251, SR350, SR351, SR450, SR451, SR550, SR551, SR650 and SR750. Gas service will not be available in any other unit in Building SE-C. A total of fifty two (52) Units in the Hokulani Enclave will receive gas service ("Hokulani Gas Units"). The cost of the gas service and repair and maintenance of the gas lines and other related facilities that are owned by the Association shall be a limited common expense of these units. The cost of gas service shall be prorated equally among all units in the Hokulani Enclave that have gas service available. The total cost of the gas service for the Hokulani Enclave Gas Units will be determined each billing period, and will then be divided by the number of Hokulani Enclave Gas Units for which a Certificate of Occupancy has been issued and billed to each such Hokulani Enclave Gas Unit by the Association as an expense. This calculation is being used to fairly and equitably apportion the gas service charges among the units to which gas service is a limited common expense in the Hokulani Enclave.

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the Developer conveys the unit to a purchaser. The purchaser's interest will be affected if the Developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

Type of Lien	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
The Project is subject to a first mortgage lien of Developer's construction lender to finance construction and other costs. The Project is also subject to two additional mortgages made by Developer in connection with two mezzanine loans. The mortgages are described in Section 6 and Exhibit G (items 23, 26 and 29) attached to this report. All mortgages will be partially released as to each apartment being offered for sale under this Public Report upon the closing of each sale and the recording of the apartment deed, if not sooner.	None. The mortgages will be subordinate to the sales contracts executed prior to recordation of such mortgages at the Bureau of Conveyances and Land Court. Any sales contracts executed after the recordation of such mortgages will be subordinate to such mortgages. If the Developer defaults or the lien of the mortgage(s) is foreclosed prior to conveyance, pursuant to Section D.41 of the Sales Contract, a buyer's sole remedy in the event of a default by Developer is to terminate the Sales Contract and seek the return of his or her deposits and any other amounts paid by buyer to Developer under the Sales Contract. No other party shall be deemed responsible to any buyer for completion of the Project in the event the Developer is unable to do so.

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

<p>Status of Construction:</p> <p>Construction of the Project has commenced. The Project is currently expected to be completed December 31, 2008. Please note that these dates are estimates and are subject to change.</p>
<p>Completion Deadline:</p> <p>If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.</p>
<p>Completion Deadline for any unit not yet constructed, as set forth in the sales contract: December 31, 2009.</p>
<p>Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract: N/A</p>

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p>If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.</p>
--------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

<p>Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):</p>	
<input checked="" type="checkbox"/>	<p>For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or</p>
<input type="checkbox"/>	<p>For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.</p>

In connection with the use of purchaser deposits (check Box A or Box B):

Box A <input checked="" type="checkbox"/>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
---	---

Box B <input type="checkbox"/>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>
--	---

<p>Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.</p>
--

<p>Before signing the sales contract prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

<p>A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.</p>
--

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

Items 1 through 7, below, are from the Special Management Area Permit No. SM1 2004/0017 for the Honua Kai Condominium approved on February 22, 2005 by the Maui Planning Commission. In addition to these specific conditions, the entire permit which is on file with the Maui Planning Department should be carefully reviewed.

Please note that:

1. The pump station and all on-site wastewater facilities will be privately owned and maintained.
2. The final drainage plan will be in accordance with the Drainage Master Plan for Kaanapali North Beach Subdivision, the County of Maui drainage standards and the West Maui Watershed Owner's Manual, Onsite and offsite retention and detention basin improvements will be privately owned and maintained.
3. A coastal engineering company will be retained by Developer to develop a coastal management plan for the sand dunes area. The plan will be developed in coordination with the State Department of Land and Natural Resources and the University of Hawaii Sea Grant Program. A copy of this plan will be filed with the Maui Department of Planning, State Department of Land and Natural Resources and the University of Hawaii Sea Grant Program prior to issuance of a certificate of occupancy of units in the Hokulani Enclave and the Luana Enclave.
4. Developer will participate with the North Beach Subdivision Master Association to conduct bi-annual water quality monitoring surveys for construction projects in the North Beach subdivision.
5. One hundred (100) parking stalls will be reserved for employee parking.
6. Developer will file annual reports with the Maui Planning Commission on the disbursement of the funds in the Settlement Agreements with Charles D. Fox III and The West Maui Preservation Association for its information.
7. As set forth in the Unilateral Agreement relating to the SMA Permit, dated June 13, 2005, recorded on August 26, 2005 at the Bureau of Conveyances as Document No. 2005-170923, the three conditions which run with the land and which the Association will become responsible for are:
 - a. The Project will connect to and utilize Maui County's reclaimed water system once it becomes available;
 - b. Developer shall participate in a Hawksbill and Green Turtle monitoring program with the U.S. Fish and Wildlife Service;
 - c. Developer shall construct North Park and a public lateral access walkway ("Improvements") within the 150 foot shoreline setback area when the Honua Kai Condominium is constructed. These Improvements shall be privately owned and maintained but shall be open to the public and completed prior to the issuance of the Certificate of Occupancy for Phase 1 of the Honua Kai Condominium, unless the Improvements are covered by a bond.

Any future improvements may require SMA approval.

Developer has recorded in the Bureau of the Conveyances of the State of Hawaii and filed in the Land Court of the State of Hawaii the Memorandum of Settlement Agreement relating to the Settlement Agreement with The West Maui Preservation Association. As disclosed in Section 5.11 of the Declaration, under the Settlement Agreement, each buyer shall pay to the Honua Kai West Maui Community Trust a transfer fee of 0.25% of the sales price of his or her unit payable on the transfer of title.

Please also note that portions of the Honua Kai Condominium site are in a flood zone and tsunami inundation area. There is also a one hundred fifty (150) foot shoreline setback on the Honua Kai Condominium site.

References in the Condominium Map to "LCE" mean Limited Common Element.

Developer obtained financing in the form of mezzanine debt. The mezzanine loans are subordinate to the construction loan (see Section 5.3 of this Report). Developer used the proceeds of the mezzanine loans to pay off the loan used to acquire the land for the Honua Kai Condominium.

Developer recorded on October 25, 2005 a mortgage (see **Exhibit G** item 29) securing a construction loan in the amount of approximately \$338,000,000 in conjunction with the construction of Buildings SE-A, SE-B and SE-C in the Hokulani Enclave. This mortgage encumbers the entire Honua Kai Condominium (i.e., Hokulani Enclave, Konea Enclave and Luana Enclave). See Section 5.3 of this Report for information concerning mortgage releases.

Developer intends to record a Second Amendment to the Amended and Restated Declaration to correct a typographical errors in Section 3.05(a)(v)(6) and Exhibit C of the Amended and Restated Declaration. The word "eighteen (18) parking stalls" in Section 3.05(a)(v)(6) of the Amended and Restated Declaration will be corrected to "nineteen (19) parking stalls." Exhibit C to the Amended and Restated Declaration will be corrected so that SR1019 and SR1025 receive parking in SE Zone A, and SR925 and SR929 will have unassigned parking.

Developer intends to record a Second Amendment to the Amended and Restated Bylaws, among other things, to correct a typographical error in Section 5.05(a) of the Amended and Restated Bylaws. The second sentence in the second paragraph in Section 5.05(a) of the Amended and Restated Bylaws will be corrected to read (the underlined words are the added text): "The following Konea Enclave Gas Condominium Units in Buildings NE-B and NE-C receive gas service on the lanai and in the kitchen. . ."

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

CHANGES SINCE ISSUANCE OF THE FINAL PUBLIC REPORT

The following changes have been made, pursuant to Developer's reserved rights under Article VIII of the Declaration, since the issuance of the Final Public Report for Honua Kai Condominium (Building SE-C):

- I. The Declaration was amended and restated to comply with revisions to the Condominium Property Act, as codified in Chapter 514B, Hawaii Revised Statutes. The operative Declaration is now the Amended and Restated Declaration of Condominium Property Regime, as amended by the First Amendment to the Amended and Restated Declaration of Condominium Property Regime, dated April 20, 2007. Please refer to Section 3.1 of this Report for further information.
- II. The Bylaws were amended and restated to comply with revisions to the Condominium Property Act, as codified in Chapter 514B, Hawaii Revised Statutes. The operative Bylaws are now the Amended and Restated Bylaws of the Honua Kai Condominium Association, Inc., as amended by the First Amendment to the Amended and Restated Bylaws of the Honua Kai Condominium Association, Inc., dated April 20, 2007. Please refer to Section 3.2 of this Report for further information.
- III. The operative Condominium Map is now the Second Amended and Restated Condominium Map recorded on April 20, 2007. Please refer to Section 3.3 of this Report for further information.
- IV. The Developer has adopted Rules and Regulations (a.k.a. House Rules) for the Honua Kai Condominium.
- V. The total number of units in the Honua Kai Condominium increased from 709 to 710 units. Due to the increase of one unit in the Honua Kai Condominium: the (i) the common interest percentages, (ii) share of common expenses and (iii) share of limited common element expenses have changed. Please refer to **Exhibit B** of this Report for the share of common expenses and the share of limited common element expenses for the Project, and Exhibit C to the Declaration for the common interest percentages for the Project.
- VI. CHANGES TO THE HOKULANI ENCLAVE
 - A. The Developer obtained a construction loan for the construction of the Hokulani Enclave. For further information on the construction loan, see Section 5.3 of this Report and **Exhibit G** (Items 23, 26 and 29) attached to this Report.
 - B. Parking. Pursuant to the Developer's reserved rights under Sections D.17(a)(ii) and D.23 of the Sales Contract and Sections 4.14(d), 8.10 and 9.03(f)(ii) of the Declaration, the Developer made changes affecting parking in the Hokulani Enclave:
 1. New Parking Zone for Penthouse Units. The Developer created a new parking zone for penthouse units in the Hokulani Enclave called SE Zone A. SE Zone A is comprised of four (4) parking stalls. SR1019, SR1025, SR1029, and SR1037 have four (4) stalls in SE Zone A available for their use.
 2. Parking Stalls for Certain Commercial Units. The Developer took four (4) of the five (5) parking stalls in the Hokulani Enclave originally assigned to SC2, SC3, SC4, SC5 and reassigned them to the penthouse units in the Hokulani Enclave. See Item VI.B.1 above.
 3. Temporary Parking. The Developer intends to construct a portion of Parking Lot A as a temporary gravel lot in conjunction with its construction of the Hokulani Enclave. This temporary gravel lot will be replaced by another temporary surface parking lot, Parking Lot D. The Developer will construct Parking Lot D in conjunction with its construction of the Konea Enclave. When the second portion of Parking Lot A is constructed, Parking Lot D will then be demolished.

4. Parking for SC1 reassigned to SC4. The parking stalls designated as limited common elements to SC1 in the Hokulani Enclave are now designated as limited common elements to SC4.
 5. Parking for SC7 reassigned to SC4. The parking stall designated as a limited common element to SC7 in the Hokulani Enclave is now designated as a limited common element to SC4.
 6. Change in Number of Parking Stalls in Parking Lots. The number of parking stalls in Parking Lot A decreased from 318 parking stalls to 305 parking stalls. The number of parking stalls in Parking Lot B decreased from 26 parking stalls to 24 parking stalls. The number of parking stalls in Parking Lot C increased from 109 parking stalls to 127 parking stalls. Although there were changes to the number of parking stalls in each of Parking Lots A, B and C, the overall number of parking stalls for the Honua Kai Condominium remained the same. The increase in the number of parking stalls in Parking Lot C cancelled out the decrease in parking stalls from Parking Lots A and B.
 7. Correction to Misidentified Parking Stalls. Pursuant the Developer's reserved rights under Section 9.03(b)(i) of the Declaration, the Developer corrected the four (4) parking stalls in the underground parking lot in the Hokulani Enclave which had been misidentified. In the Amended and Restated Condominium Map, parking stalls 28 and 29 were marked as parking stalls, although they should not have been because those stalls were in telecommunications room. Similarly, parking stalls 61 and 62 were marked as parking stalls, although they should not have because those stalls were in the pool equipment room. As a result of the misidentification, the total number of parking stalls in the underground parking lot of the Hokulani Enclave decreased from 212 to 208. The Developer will construct Partial Parking Lot C in conjunction with the construction of Building SE-A in order to make up for the loss of the four (4) misidentified parking stalls. Partial Parking Lot C being constructed will be comprised of twelve (12) parking stalls.
- C. Second Fire Exit Added to Certain Units. On November 8, 2006, the County of Maui notified the Developer in a letter that the Maui County Code required a second fire exit for units over 2,000 square feet in the Hokulani Enclave. The County of Maui also wrote that it would apply this second fire exit requirement to units over 2,000 square feet in the Konea Enclave. Consequently, pursuant to the Developer's reserved rights under Section 8.05 of the Declaration, the Developer added a second fire exit to twenty two (22) units in the Hokulani Enclave. On April 9, 2007, the County of Maui notified the Developer in a letter that it approved of the Developer's revised plans which added a second fire exit to units over 2,000 square feet. See **Exhibit P** attached hereto for a copy of the November 8, 2006 and April 9, 2007 letters from the County of Maui (note that the letters refer to the Hokulani Enclave as "Phase I" and the Konea Enclave as "Phase II").
1. The following unit types in the South Enclave now have a second fire exit door in their unit: D2-R, D2a-R, D4-R, D5-R, E1-R, and E1a-R.
 2. The D4-R units have slightly more square footage (from 2,140 square feet net living area to 2,170 square feet net living area).
 3. The D5-R units have slightly more square footage (from 2,205 square feet net living area to 2,380 square feet net living area).
 4. Because the Developer was required to add a second exit to certain units, it also created new unit types. The new unit types are: D2X-R, D2aX-R and D2Xi-R. These new unit types replace the D2-R and D2a-R units on floors 2 through 5.

5. Due to the increase in square footage in the D5-R unit on the tenth floor, the service room near SR1019 was eliminated. This service room was a limited common element to SC4. Thus, SC4 no longer has the service room on the tenth floor as a limited common element.
- D. Storage Space Reassignment for SC4. The storage space designated as a limited common element for SC7 was changed to a limited common element designated for SC4.
- E. D5-R Units. The D5-R units in the Hokulani Enclave now have four bathrooms, not three bathrooms.

VII. CHANGES TO THE REST OF THE HONUAI KAI CONDOMINIUM

- A. Redesign of Konea Enclave. Pursuant to the Developer's reserved rights under Sections 8.06 and 8.09 of the Declaration, the Developer redesigned the Konea Enclave by both combining and dividing adjoining units. Due to the redesign, the following changes occurred:
 1. Six (6) new unit types were added to Konea Enclave. They are: B6, BD-2, BD-3, C9, C10 and E2-R.
 2. The total number of residential units in the Konea Enclave increased by one (from 308 units to 309 units).
 3. The total number of Residence units in the Konea Enclave decreased by 12 (from 56 units to 44 units), and the total number of Suite units in the Konea Enclave increased by 11 (from 254 units to 265 units).
 4. Certain units in the Konea Enclave receive gas service. They are: NR101, NR102, NR149, NR150, NR151, NR201, NR202, NR249, NR250, NR251, NR301, NR302, NR325, NR329, NR349, NR350, NR351, NR401, NR402, NR425, NR429, NR449, NR450, NR451, NR501, NR502, NR525, NR529, NR549, NR550, NR551, NR601, NR625, NR629, NR649, NR651, NR701, NR725, NR729, NR749, NR751, NR825, NR829, NR925, NR929, NR1019, NR1025, NR1029, and NR1033. Section 5.05 of the Bylaws was revised to include the accurate list of units receiving gas service in the Konea Enclave.
- B. Parking Reassignment for Konea Enclave. Pursuant to the Developer's reserved rights under Sections D.17(a)(ii) and D.23 of the Sales Contracts and Sections 4.14(d) and 9.03(f)(ii) of the Declaration, the Developer changed parking assignments and reconfigured the parking structures, and modified the number of parking stalls in the basement level of the Konea Enclave.
 1. The following parking changes were triggered by the redesign of the Konea Enclave:
 - i. Total Number of Parking Stalls in Konea Enclave. The total number of underground parking stalls in the basement level of the Konea Enclave decreased by one (from 193 parking stalls to 192 parking stalls). This decrease of one parking stall corresponds to the decrease of one unit in the Konea Enclave.
 - ii. Total Number of Unassigned Parking Stalls in Konea Enclave. The total number of unassigned, underground parking stalls in the basement level of the Konea Enclave increased by seven (from 149 parking stalls to 156 parking stalls). This seven stall increase in the number of unassigned parking stalls corresponds to an increase of seven units. Prior to these changes, there were 149 unassigned, underground parking stalls for 272 units of the 310 units in the Konea Enclave to park in. Now, there are 156

unassigned, underground parking stalls for 279 units of the 310 units in the Konea Enclave to park in.

- iii. Total Number of Assigned Parking Stalls for Residences in Konea Enclave. The total number of parking stalls assigned to residential units in the basement level of the Konea Enclave decreased by eight (from 38 parking stalls to 30 parking stalls). This eight stall decrease in the number of assigned parking stalls corresponds to a decrease of eight residential units in the Konea Enclave. Prior to these changes, there were 38 zoned parking stalls available for use by 38 residential units within Building NE-B and NE-C of the Konea Enclave. Now, there are 30 zoned parking stalls available for use by 30 residential units within Building NE-B and NE-C of the Konea Enclave.
2. New Parking Zone for Penthouse Units in Konea Enclave. The Developer created a new parking zone for penthouse units in the Konea Enclave called NE Zone A. NE Zone A is comprised of four (4) parking stalls. NR1019, NR1025, NR1029, and NR1033 have four (4) stalls in NE Zone A available for their use. This mirrors the new parking zone for penthouse units in the Hokulani Enclave.
- C. Second Fire Exit Added to Certain Units in Konea Enclave. As noted above in Item VI.C, pursuant to the Developer's reserved rights under Section 8.05 of the Declaration, the Developer added a second exit to eighteen (18) units in the Konea Enclave in order to comply with fire safety requirements recently imposed by the County of Maui. See **Exhibit P** attached hereto for a copy of the November 8, 2006 and April 9, 2007 letters from the County of Maui (note that the letters refer to the Hokulani Enclave as "Phase I" and the Konea Enclave as "Phase II").
 1. The following types units have a second fire exit: D2-R, D2a-R, D4-R, D5-R, E1-R, E1a-R, E2-R and E2a-R.
 2. The D4-R units have slightly more square footage (from 2,150 square feet net living area to 2,170 square feet net living area).
 3. The D5-R units have slightly more square footage (from 2,330 square feet net living area to 2,380 square feet net living area).
 4. The E1-R units have slightly more square footage (from 2,715 square feet net living area to 2,770 square feet net living area).
 5. Because the Developer was required to add a second exit to certain units, it created new unit types. The new unit types are D2XL-R, D2aXL-R and D2XLi-R. These new unit types replace the D2-R and D2a-R units on floors 2 through 5.
- D. Deletion of Two Commercial Units from the Konea Enclave. Two commercial condominium units, NC4 and NC5, were eliminated from the Konea Enclave. Three commercial condominium units are left in the Konea Enclave – NC1, NC2 and NC3.
- E. Fitness Center Now a Common Element. The Fitness Center is a common element of the Honua Kai Condominium and will be located on the ground floor of the Konea Enclave.
- F. Restrooms in Restaurant Condominium Unit. The right of the Association to access to two restrooms in the Restaurant Condominium Unit was altered from a perpetual nonexclusive easement to a Common Element of the Condominium. The two restrooms in the Restaurant Condominium Unit which are Common Elements are shown on the Condominium Map.

- G. Tunnel for Restaurant. There is an underground tunnel running from the basement of the Restaurant Condominium Unit to the basement of the Hokulani Enclave. This tunnel is a limited common element of the Restaurant Condominium Unit.
- H. Change in Calculation of the Use Fee for Guest Memberships. The Use Fee each Guest Member with a Paid Guest Membership payable to the Owner of Konea Commercial Condominium Unit NC 3 has been changed to \$1,200.00 per year, increased on an annual basis commencing in 2007 by an amount equal to the annual percentage increase in Common Expenses.
- VIII. **Exhibit B** has been updated to reflect the current common interest percentages and share of common expenses percentages for the Project.
- IX. **Exhibit E** has been updated to reflect the current common interest percentages and share of common expenses percentages for the Project.
- X. An updated title report has been filed with the Real Estate Commission. Please see **Exhibit G** for an updated listing of the encumbrances against title.
- XI. **Exhibit I** has been updated to reflect the current list of authorized signatories for Developer's general partner.
- XII. The estimate of initial maintenance fees has been updated on **Exhibit K**.
- XIII. The form Sales Contracts for the residences and suites have been revised in accordance with the Condominium Property Act, as codified in Chapter 514B, Hawaii Revised Statutes.
- XIV. The Escrow Agreement was amended to comply with the Condominium Property Act, as codified in Chapter 514B, Hawaii Revised Statutes.

PHASING OF PROJECT

Pursuant to Section 8.07 of the Declaration, Developer has reserved the right to develop the Honua Kai Condominium in phases, with the phase being covered under this Report being comprised of 54 units in Building SE-C in the Hokulani Enclave. Developer has obtained separate public reports under HRS Chapter 514B on 195 units located in Building SE-A in the Hokulani Enclave, and 76 units in Building SE-B in the Hokulani Enclave. Developer has elected to proceed with the construction of Buildings SE-A, SE-B and SE-C in the Hokulani Enclave. Developer has obtained (i) separate public reports under HRS Chapter 514B on (a) 183 units located in Building NE-A in the Konea Enclave, (b) 61 units located in Building NE-B in the Konea Enclave and (c) 68 units located in Building NE-C in the Konea Enclave, and (ii) separate preliminary public reports under HRS Chapter 514A on (a) 24 units in TH-1 (Buildings 1-6) in the Luana Enclave and (b) 28 units in TH-2 (Buildings 7-13) in the Luana Enclave. Developer intends to obtain public reports for TH-1 and TH-2 in the Luana Enclave under HRS Chapter 514B. Once such public reports under HRS Chapter 514B have been obtained, the HRS Chapter 514A reports will be superseded by such HRS Chapter 514B public reports. Developer is under no obligation to construct any units in the Honua Kai Condominium unless such units are covered under a Public Report and Developer has entered into binding sales contracts, obligating it to construct such units. Developer may amend the description of any unit described in the Declaration at any time prior to obtaining a Public Report covering such unit. As part of such development in phases:

(A) Developer may file separate Reports for any phase of the Honua Kai Condominium with the Real Estate Commission of the State of Hawaii.

(B) The site work and improvements for the Honua Kai Condominium will be undertaken in phases. The site improvements in future phases are not integral to those earlier built.

(C) Each unit's share of the Common Expenses shall be calculated from time to time based on the number of units which have been constructed. Each unit's share of the Common Expenses shall be calculated based on a fraction, the numerator of which shall be such unit's Common Interest set forth in Exhibit C to the Declaration and the denominator of which shall be the aggregate Common Interest set forth in Exhibit C to the Declaration of all units for which a Certificate of Occupancy has been issued.

For Building SE-C of the Hokulani Enclave, each unit's share of the Common Expenses following the issuance of a Certificate of Occupancy for such units shall be as follows (assuming that Buildings SE-A and SE-B in the Hokulani Enclave are built at the same time):

PERMITTED ALTERATIONS TO THE UNITS

I. As set forth in Section 4.08 of the Declaration, the permitted alterations of the units are:

(a) General Provisions. Except as otherwise expressly provided in Section 4.08 of the Declaration, restoration or replacement of the Honua Kai Condominium or any portion thereof or construction of any additional building or structural alteration or addition to any building, different in any material respect from the Condominium Map, shall be undertaken by the Association or any Owner only pursuant to an amendment of the Declaration in accordance with Section 9.03 of the Declaration, duly executed pursuant to the provisions thereof, accompanied by the written consent, as may be required, of the holders of all liens affecting any of the units involved, and in accordance with complete plans and specifications therefor first approved in writing by the Board, and promptly upon completion of such restoration, replacement or construction the Association or Owner, as the case may be, shall duly record or file of record such amendment, together with a complete set of floor plans of the Honua Kai Condominium as so altered, certified "as built" by a registered architect or professional engineer. The Board shall not bear any responsibility for ensuring the structural integrity or soundness of approved construction or modifications, nor for ensuring compliance with building codes and other governmental requirements.

(b) Additions or Alterations Solely Within a Unit. Subject to the provisions of the Declaration, the Master Association Documents, and the Act, each Owner shall have the right, at any time, and from time to time, at such Owner's sole cost and expense, and without the necessity of the consent or joinder of any other Owner or the amendment of the Declaration, but with the prior approval of the Board and with the presentation of such plans and specifications and other materials as the Board may require as is more fully set forth in Section 10.04 of the Bylaws, to install, maintain, remove, and rearrange non-structural or non-load-bearing partitions and other structures from time to time within such unit, and to paint, paper, panel, plaster, finish, and do or cause to be done such other work on the interior surfaces of the ceilings, floors and walls within any such unit and to finish, alter or substitute any lighting, plumbing, electrical or other fixtures attached to said ceilings, floors and walls as shall be appropriate for the utilization of such unit by such Owner or its Guests.

(c) Additions or Changes to Commercial Units. Notwithstanding anything to the contrary contract in the Declaration, an Owner of a Commercial Unit shall have the right, from time to time, at such Owner's sole cost and expense, with only the prior consent of the Board, and without the necessity in consent or joinder of any other Owner, to: (1) alter that portion of the Honua Kai Condominium's building facade that serves as the boundary of that Commercial Unit and other Common Elements located immediately adjacent to that Commercial Unit (including, without limitation, the creation, removal and relocation of entrances, exits, windows, window boxes, signage and other architectural features); and (2) construct and install non-material structural additions, alterations and other improvements within its Commercial Unit(s), and (3) the Limited Common Elements appurtenant to its Commercial Unit(s), all of which shall be deemed to be non-material structural additions under the Act. Before undertaking such actions, the Owner of the Commercial Unit shall give written notice to the Board of its intention to construct or install such additions, alterations or improvements, and shall provide the Board with its plans and specifications for such actions. The Board shall be deemed to have given its consent to such actions unless the Board, within twenty (20) days of the date that it receives such notice and other required materials from the Commercial Unit Owner, decides by majority vote to disapprove such actions on the ground that such actions will jeopardize the structural soundness or safety of the Honua Kai Condominium. If the Board votes to withhold its consent to such actions as aforesaid, the Commercial Unit Owner and the Board agree, within fifteen (15) days of such decision by the Board, to submit the matter to binding arbitration by a single arbitrator pursuant to Section 10.01 of the Declaration. In any such arbitration, the Board shall have the burden of establishing by clear and convincing evidence that such action will jeopardize the structural soundness or safety of the Honua Kai Condominium. The decision of the arbitrator shall be issued within twenty (20) days and shall be final, conclusive and binding on the parties thereto.

In granting any approvals required hereunder, it is expressly understood that neither the Board nor the Association shall be entitled to charge any fees for the installation or operation of the additions, alterations or improvements permitted under Section 4.08 of the Declaration or have the right to receive any revenues generated by the Commercial Unit Owner's exercise of its rights hereunder except for a reasonable fee to review the request to construct such improvements.

Upon completion of construction of such additions or alterations to the Commercial Unit Owner shall prepare and record in the Bureau and file in the Office an amendment to the Condominium Map showing the layout, location, dimensions, and elevations of such buildings "as built". Any buildings or additions or alterations to buildings constructed by the Commercial Unit Owner within its Commercial Unit pursuant to Section 4.08(c) of the Declaration shall be deemed to be part of the Commercial Unit. Any improvements constructed by the Commercial Unit Owner pursuant to Section 4.08 of the Declaration other than buildings or additions or alterations to buildings designated as part of the Commercial Unit shall be deemed to be Limited Common Elements appurtenant to the Commercial Unit.

(d) Adjoining Units May Be Combined. The Owner of any two adjoining units may, with the consent of any mortgagee of such units and at the Owner's sole expense, alter and remove all or portions of the non-structural or load-bearing portion of the intervening wall which separates such units if the structural integrity of the Honua Kai Condominium is not thereby affected and if the Common Elements affected are restored to a condition comparable to that of the Common Elements prior to such alteration of such Common Elements. If, in any such permitted alteration, the intervening wall affected is a load-bearing wall then, in addition to all other requirements set forth herein, any alteration or removal of all or portions of such wall shall also be done pursuant to written plans and specifications drawn by the original structural engineer for the Honua Kai Condominium or the Project Architect and such work shall be personally supervised by said engineer or architect. Any Owner making the alterations permitted hereunder shall secure a performance and payment bond naming as obligees said Owner and collectively the Owners of all other units as their interests may appear in a penal sum of not less than one hundred percent (100%) of the cost of any such construction, guaranteeing the payment of funds in an amount necessary to ensure the completion thereof free and clear of all mechanic's and materialmen's liens, and that any such construction shall be carried out in strict compliance with all applicable laws, rules and regulations. The approval of the Board shall be required to perform the alterations permitted herein, which approval shall be given provided that each Owner of the adjoining units complies with all the terms and conditions relating to said alterations set forth herein. The Owner of such adjoining units may install in and attach to such opening or openings in such wall, doors or other service devices and may remove and retain ownership of the items so installed. Upon termination of the common ownership of such adjoining units, any intervening wall which has been altered or removed pursuant to the foregoing provisions shall be restored at the Owner's sole expense to substantially the condition which existed prior to such alteration or removal, if the new Owner or Owners do not consent to such alteration.

(e) Owners to Execute Amendment Documents in Certain Cases. In the event that any change or alteration made in accordance with Section 4.08 of the Declaration requires an amendment to the Declaration and/or to the Condominium Map, such amendment shall be executed by the Owner of the affected unit or units, and shall become effective upon recordation in the Bureau and filing in the Office. Such amendment shall not require the consent or joinder of the Owner of any other unit or any other person or entity, other than any mortgagee of such unit or units.

II. As set forth in Section 10.04 of the Bylaws, the permitted alterations of the units are:

Except as set forth in the Declaration and subject to the limitations set forth therein, no Owner shall make any addition or alteration in or to a Residential Unit without first complying with the requirements of Section 10.04 of the Bylaws and securing the prior written approval of the Board.

(a) Written Submission of Request for Approval and Requirement of Board Action. No Residential Unit Owner shall commence work on any alterations or additions within a Residential Unit until the Owner has submitted to the Board a written request (which may include plans and specifications if the Board so requires) and the Board (or a subcommittee of the Board established for such purpose) either approves the request in writing or the Board is deemed to have approved the request as provided in (b) below.

(b) Time Limit for Board Response. The Board must respond to the submission of a request within sixty (60) days of the receipt thereof by the Board; if the Board shall fail to disapprove the request or to request revisions or amendments by the Owner, the request shall be deemed to be approved, provided that nothing contained in Section 10.04 of the Bylaws shall authorize or permit any work affecting the Common Elements, the exterior appearance of the Honua Kai Condominium or the rights of any other Owner.

(c) Board May Impose Reasonable Conditions. The Board may impose reasonable conditions on its approval of any such request including, without limitation, requiring (1) changes or amendments to the request, including changes or amendments designed to minimize the potential effects of such additions or alterations on Owners or occupants of other units, (2) supervision of the work by an architect, or engineer, or other construction professional, and (3) performance of the work by a licensed contractor in cases where the work may affect the Common Elements, the exterior of the Honua Kai Condominium, or the rights of any other Owners. Without limitation to the foregoing, the Board may, as a condition to approving any request to install tile, hardwood, or similar hard surface flooring, require the Owner to install subfloor padding or acoustical insulation.

(d) Board May Require a Halt in Construction or Removal of Unauthorized Work. The Board may inspect the work from time to time and direct a halt in construction for any reason and the Board may require the removal or correction of any work which was (i) not authorized by the Board, or (ii) which may adversely affect the Common Elements, the exterior of the Honua Kai Condominium or the rights of any other Owner.

(e) Commercial Units Excluded. The provisions in Section 10.04 of the Bylaws shall not be construed to apply to the alteration or addition to the Commercial Units or any Limited Common Element appurtenant thereto which the Owner of the Commercial Units may make, at its sole expense, without the prior approval of the Board, subject to the provisions of the Declaration, the Bylaws, and all applicable laws.

APPLICABLE REGULATIONS

Planned Development Step I Approval

Standards for reviewing a Step I Planned Development Application are found in Title 19 Zoning, Chapter 19.32 Planned Development, Section 19.32.030 Standards of development as follows:

- (1) The development shall meet all the construction standards and requirements of the various governmental agencies.
- (2) Not less than twenty percent of the total area of the tract shall be common protected open space, integrated with the lot layout and street system in order to maximize its park-like effect. Common protected open space shall mean open space to be owned in common by the individual owners within the development and maintained in open space for their common use and enjoyment.
- (3) Each building and structure shall be individually designed by a registered architect to conform with the intent of the planned development.
- (4) Landscaping of the entire development, including along streets, within lots and in the open spaces shall be provided.
- (5) Adequate recreational and community facilities shall be provided.
- (6) Provision shall be made for adequate and continuing management of all open spaces and community facilities to insure proper maintenance and policing. Documents to said effect shall be required.

Further, pursuant to Section 19.32.040 Reduction of lot areas and mixed land uses, approval may be granted by the planning commission to reduce the minimum lot area, allow greater building densities, and mixed land uses as follows:

- (1) If the development is to be subdivided, the minimum lot size may be reduced twenty percent from that required for that particular district; provided, that the minimum lot width shall not be reduced.
- (2) In residential planned development, including duplex zone, with minimum tract area of three acres, combining of no more than three dwelling units in a single structure shall be permitted. Only a single, interior-located common club facility shall be permitted. There shall be no increase in the overall dwelling unit density.
- (3) In residential planned development, including duplex zone, within minimum tract area of ten acres, combining of no more than five dwelling units in a single structure shall be permitted. Two interior-located common club facilities shall be permitted. Overall dwelling unit density may be increased ten percent.
- (4) In residential planned development, including duplex zone, with minimum tract area of thirty acres, combining of no more than eight dwelling units in a single structure shall be permitted. Four interior-located club or community facilities shall be permitted. Overall dwelling unit density may be increased fifteen percent.

(5) Apartment, hotel, business and industrial planned developments shall be permitted in their respective districts. For such planned developments with minimum tract area of ten acres, the overall permitted floor area may be increased ten percent; and for minimum tract area of thirty acres, the overall permitted floor area may be increased fifteen percent.

(6) Overall dwelling unit density shall be determined by dividing the total number of dwelling units by the net land area. Net land area shall be total lot area minus the area of dedicated streets and other dedicated areas. Base dwelling unit densities upon which any bonus shall be applied, shall be as follows:

R-3 residential district	4.36 units/acre
R-2 residential district	5.81 units/acre
R-1 residential district	7.26 units/acre
D-2 duplex district	8.72 units/acre
D-1 duplex district	11.62 units/acre
RR1 Rural residential dist.	4.36 units/acre
RR2 Rural residential dist.	2.00 units/acre

Permitted dwelling unit densities for other zoning districts not specified above shall be based upon the allowable densities within the districts.

(7) Planned developments proposed on lands including more than one zoning district may permit a mixture of uses, densities and/or dwelling units; provided, that the total density and/or dwelling units of the planned development shall not exceed the combined allowable densities of each of the zones.

GENERAL DESCRIPTION

Description of the Property

1. The Property which is approximately 39.84 acres is located on Lot 4 of the Kaanapali North Beach Development and the 4.74 acre North Beach Park located at Maui Tax Map Key 4 4-014:006 and 008, Kaanapali, Lahaina, Maui, Hawaii. (See attached Map, *Exhibit "1"*)
2. Land Use Designations --
 - a. State Land Use District -- Urban
 - b. West Maui Community Plan -- / Hotel and Park (North Beach Park)
 - c. County Zoning -- R-3 Residential (4.8 acres), HM Hotel (9.3 acres) and H-2 Hotel (21 acres including shoreline easement) (*Exhibit "2"*)
 - d. Other -- Within the Special Management Area and subject to the Shoreline Setback Rules

3. Surrounding Uses –

- North –** Lower Honoapiilani Highway, North Beach Park and beyond the park site is the Mahana, Embassy Suites and Kaanapali Shores properties
- East –** Honoapiilani Highway and former sugarcane lands
- South –** Vacant 26.7 acre hotel property
- West –** Ocean

- 4.** The subject property is currently undeveloped and occupied by kiawe, koa haole and scrub vegetation.
- 5.** The subject application does not involve an action that triggers compliance to Chapter 343, Hawaii Revised Statutes, relating to Environmental Impact Statements.

Existing Services

- 1.** **Water –** Kaanapali Resort is served by a privately owned water utility which is independent of the County system.
- 2.** **Sewers –** Kaanapali Resort is within the service area of the county's Lahaina Wastewater Reclamation Facility. Kaanapali Resort has a reserved capacity allocation at the Facility which should be able to meet the future sewage demands of the project.
- 3.** **Drainage –** The Drainage Master Plan Kaanapali North Beach (Mauka and Makai) prepared by Sato and Associates, Inc. dated April 2000 did a regional analysis of drainage in the area. According to the study drainage in the area is divided into the following subareas:

- Mauka Drainage area (2226.3 acres)
- Southern Drainage area (17 acres)
- North Beach Subdivision II area (88.61 acres)

The proposed Drainage Master Plan identified several options in order to provide additional storage capacity needed due to development. The following options were identified:

- A.** **Golf Course –** An 18-hole 180 acre golf course could retain approximately 200 acre-feet of storm water runoff. In addition to providing large areas to design a variety of retention systems, golf courses also do not generate additional runoff volumes, unlike most other developments.

- B. Restore 18-inch Drain pipe to Honokowai Channel - An 18-inch pipe previously routed Drainage Area 1 gulch storm water runoff into Honokowai Stream until later 1987. During the construction of the Honokowai Stream Channel in 1987, the 18-inch pipe was removed. The capacity of the 18-inch pipe is approximately 22 cfs of storm water runoff or approximately 21.82 acre-ft. (950,400 cf) of storm water volume, based on a 24-hour storm. Reinstallation of the pipe may be feasible if there is sufficient capacity within the channel. Indications are that there is sufficient capacity.**
- The restoration of the 18-pipe would be done in conjunction with an appropriately designed and adequately sized desiltation basin. (See Exhibit "3")**
- C. Storm Increase on Development Site - This option involves storing the increase in storm water runoff resulting from the development within the developed site. On-site retention basins, underground infiltration piping (subdrain) system, or surface ponding area some methods to be considered. All retention basins and subsurface infiltration systems shall be designed to allow easy access for regular maintenance of accumulated sediments.**
- D. Mauka Borrow/Retention Site - A borrow/retention site could be located and designed to supply soil fill material for developments while also providing additional storm water storage capacity. The borrow site should be constructed in the Mauka Drainage Areas to intercept and retain Area 1's storm water runoff before it reaches Honoapiʻilani Highway. All retention systems shall be designed to allow easy access for regular maintenance. (Exhibit "4")**
- E. Create Retention Basins Throughout the Project Area - There are abandoned irrigation reservoirs within the North Beach Mauka area. These abandoned irrigation reservoirs could be modified and/or expanded to increase storm water runoff storage capacity and be used as retention basins. In addition, new retention basins can be developed. All retention systems shall be designed to allow easy access for regular maintenance.**

Based on the assumed Land Use Scenario (zoning), the Drainage Master Plan identifies an increase of 197.82 acre-ft (8,616,998 cf) of storm water runoff storage capacity will be required for the Study Area's ultimate development to maintain conditions equal to or better than those in existence in July 1988. As each development occurs the Drainage Master Plan shall be implemented incrementally to maintain conditions equal to or better than those in existence in July 1988.

The Drainage Plan will include one or more of the following

- Golf Course;
- Restoration of a 18-inch drain pipe to Honokowai Channel;
- Storing Increased Storm Water Runoff within the Developed Sites; and
- Construction of Borrow/Retention Sites on the mauka side of Honoapiilani Highway.

In planning for drainage for the project the applicant is reviewing the recommendations of the Drainage Master Plan and proposes to comply with the drainage requirements of the County of Maui. In addition, the applicant proposes to use the more stringent guidelines of the West Maui Watershed Owner's Manual prepared by the West Maui Watershed Management Advisory Committee.

4. Roadways, Curbs, Gutters and Sidewalks – Access to the project site is from Honoapiilani Highway which is a four lane State roadway. Regional roadway improvements required during the North Beach Subdivision approvals were completed. Development of the subdivision required construction of the fourth lane on Honoapiilani Highway between the Kaanapali Parkway and Honokowai Stream.

BRIEF HISTORY

1. On July 19, 1988 the Maui Planning Commission approved a Special Management Area Permit and Shoreline Setback Variance for the North Beach Subdivision.
2. On December 14, 1998 the Decision and Order from the Maui Planning Commission approving a Special Management Area Permit (SM1 970006) for the Kaanapali Ocean Resort was served on the parties. Construction of the Kaanapali Ocean Resort, a 280 unit time share project, was recently completed.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

Intrawest, on behalf of Maui Beach Resort Limited Partnership, is requesting Step 1 Planned Development Approval in order to develop a 700 unit project located on Lot 4 (TMK 4-4-014:006) within the Kaanapali North Beach Subdivision. The project will consist of approximately 72 two-story, three-bedroom townhouses and 628 hotel units consisting of studio, one-, two- and three-bedroom units. The project includes ancillary improvements, such as swimming pool and spa, fitness center, beach club with restaurant, poolside bar and grill, and convenience retail space. (Exhibit "5")

The conceptual site plan proposes to re-adjust the hotel zoning boundaries in order to locate a 12-story building to the south side of the site to preserve views for neighboring properties located to the north of the project site. The siting of the buildings will provide buildings of four to eight stories to the north and 12 stories to the south. The re-adjustment of the boundaries allows the development to lower the scale of development along Honoapiilani Highway with two-story townhouses. No increase in densities will result from the re-adjustment of the zoning boundaries.

No work is proposed in the 150 ft. shoreline easement, except a lateral shoreline walkway mauka of the coastal sand dunes and mauka-makai beach walkways will be provided for public and guest use in order to facilitate pedestrian access to the beach and along the shoreline mauka of the dune.

In addition, the applicant is requesting an amendment to the Kaanapali Recreation Plan relating to the North Beach Park. (*Exhibit "6"*) The applicant proposes to consolidate and re-subdivide the North Beach Park site with an adjacent 1.5 acre R-3 Residential parcel. The adjacent property owner will be given the subdivided lot adjacent to Lower Honoapiilani Highway and the reconfigured 4.74 acre parcel adjacent to the shoreline will be developed as the North Beach Park. (*Exhibit "7"*)

The applicant proposes to development the North Beach Park in conjunction with the planned development. The park will provide parking for 100 vehicles and restrooms, showers and picnic facilities similar to Kahekili Park.

It is anticipated that the project will be constructed in five phases to meet market demand. The first phase is the "South enclave" (12 story building) located at the south end of the site consisting of approximately 320 units and associated parking. The first phase will also include the construction of the North Beach park, and supporting buildings, swimming pool and spa, fitness center, beach club building with restaurant, poolside bar and grill, as well as walkway in the shoreline easement. Thereafter it is anticipated that approximately 100 units per year will be constructed.

Construction of the first phase is anticipated to begin in April 2005 and take two years to construct with each subsequent phase taking 18 months. Completion of the project is anticipated to occur within eight years from SMA approval.

ANALYSIS

Kaanapali North Beach Subdivision Restrictions:

Previous approvals for the Kaanapali North Beach Subdivision and Kaanapali

Ocean Resort set restrictions on Kaanapali North Beach. A partial summary of the restrictions are as follows:

1. Limited the total number of units for the subdivision including Kaanapali Ocean Resort to ~~1,950~~ which may include 487 lock off units. If the lock off units exceed 487 units then the main unit and lock off unit shall be counted as two units and included in the total unit count. ~~To date 280~~ units were built at the Kaanapali Ocean Resort. This project proposes 700 units while the expansion of the Kaanapali Ocean Resort on Lot 2 proposes another 258 units which will add an additional 958 units, excluding lock off units. Further the existing Kaanapali Ocean Resort contained 225 lock off units and the proposed expansion on Lot 2 will include an additional 250 lock off units which will total 487 lock off units. If lock off units are utilized in the Intrawest project, these units will be included in the 1,950 total units allowed in the North Beach Subdivision. Excluding lock off units, with these two proposed project there is a balance of 712 units for the North Beach Subdivision.
2. The Kaanapali Recreation Plan identifies the development of two park sites in the Kaanapali North Beach Subdivision. Kahekili Park on the south side of the subdivision has been construction. The North Beach Park still needs to be constructed. As part of this project the applicant proposes to develop the North Beach Park.
3. Shoreline Lateral Access - The subject property contains a 2.8 acre shoreline easement which will be developed to provide public lateral shoreline access through the property from the proposed North Beach Park.
4. Design Manual and Master Plan for Kaanapali Beach Resort North Beach, Revised October 2003 - The design manual sets forth guidelines for land use, access and circulation, site planning, architectural design, landscape design, and signage for the North Beach Subdivision, as well as guidelines for physical and spacial elements for parks developments and beach access for the public use areas, landscaping, landscape irrigation, lighting, and signage. The applicant proposes to meet these design guidelines.

Step 1 Planned Development:

Pursuant to Section 19.32.020 the applicant is requesting Step 1 Planned Development Approval. Step 1 Approval requires the applicant to submit a request in writing, stating the location, size and brief description of the planned development. The applicant has submitted the required information for consideration by the Commission. The Commission shall reject or tentatively

approve the request.

Further, the subject property contains multiple zoning districts (R-3 Residential District, H-M Hotel and H-2 Hotel). Pursuant to Section 19.32.040(G) "on lands including more than one zoning district may permit a mixture of uses, densities and/or dwelling units; provided that the total density and/or dwelling units of the planned development shall not exceed the combined allowable densities of each of the zones. The proposed planned development meets the mixed use densities as follows:

Zoning/Acres	Allowed Density	Allowed Units/ Floor Area	Proposed Units/ Floor Area
R-3 Residential/4.8 Acres	4.36 units/acre	20.8 units	0 units
H-M Hotel/9.3 acres	Lot Coverage 30%		19% coverage
	FAR 100%	405,136 sq.ft.	110,000 sq.ft.
H-2 Hotel/ 18.2 Acres	Lot Coverage 35%		19.4% coverage
	FAR 150%	1,189,270 sq.ft.	778,600 sq.ft.
Shoreline Easement 2.8 acres	N/A	N/A	N/A
North Beach Park 4.74 acres	N/A	N/A	N/A

Although the planned development process allows increased densities and reduced lot areas, the applicant is not seeking any increased densities or reduced lot areas. The proposed densities is actually less than what is permitted by the zoning districts.

The applicant proposes to comply with Section 19.32.030 Standards of Development as follows:

1. The development shall meet all the construction standards and requirements of the various governmental agencies.
2. Not less than 20 percent of the total area (35.1 acres) shall be common open space. A minimum of approximately 7 acres in common open space will be required. During the Step 2 Planned Development process common open spaces shall be identified in the sketch plan.
3. Each building and structure shall be individually designed by a registered architect to conform with the intent of the planned development.
4. Landscaping shall be provided within the entire development, including

along streets, within the lots and open spaces.

5. Adequate recreational and community facilities shall be provided. The applicant proposes to provide a swimming pool and spa, fitness center, beach club with restaurant, poolside bar and grill, and convenience retail space as their recreational and community facilities..
6. Provisions shall be made for adequate and continuing management of all open spaces and community facilities to insure proper maintenance and policing. Such provisions will be reviewed during the Step 2 and Step 3 Planned Development process.

If Step 1 Planned Development Approval is obtained the applicant will then be able to prepare applications for Step 2 Planned Development Approval. Pursuant to Section 19.32.020(B) after obtaining tentative approval, the applicant shall confer with the planning director, the director of public works and the director of water supply and proceed to prepare a sketch plan of the development, showing among other things, a preliminary proposal of drainage, streets, utilities, grading, landscaping, open spaces, lots, land uses, recreational and community facilities, buildings and structures, and programming. The Commission shall review the sketch plan for conformance with the standards of development and reject or tentatively approve the sketch plan.

Step 3 Planned Development Approval involves the preparation of a unified site and building program which includes, among other things, construction plans in accordance with Title 18; site plan showing grading, landscaping, protected open spaces, location of each building and structure; building plan of each building and structure; and the financing and timing program. The Commission shall review the unified site and building program, and upon approval, the applicant may proceed to finalize the planned development.

The subject property is also located within the Special Management Area (SMA) and an SMA Application will be filed in conjunction with the Step 2 Planned Development Application.

Design Manual:

A partial summary of key elements of the Design Manual to be considered by the applicant are as follows:

Building Massing and Configuration.

Building massing shall be designed to enable each Building Project to avail itself of the views to the greatest extent possible while protecting the views from other Building Projects and key public areas.

The North Beach Subdivision Land Use Concept Plan envisions the use of medium scale buildings which are articulated both horizontally and vertically to reduce their apparent mass. To minimize the massing of the buildings from the beach the surrounding roadways, pathways, and parks, the buildings where possible, should be designed with the lowest elements around the perimeter and the highest elements in the center of the site. Taller buildings are encouraged to use lower scaled building elements at the base to reduce the apparent height.

Views:

The building massing should be optimized to reduce the bulk of the buildings while providing guest rooms with a view to the ocean to the extent practicable. The placement of the buildings should ensure that adequate view corridors are provided between structures to provide views of the ocean from mauka lands.

The conceptual site plan identifies view corridors in the attached *Exhibit "8"*.

Plan Articulation:

Building plan forms shall be staggered or stepped to reduce the apparent bulk of the buildings. A complex of interconnected or well sited building elements which, in turn, create landscape open spaces is encouraged.

Kaanapali Recreation Plan:

The applicant is requesting an amendment to the Recreation Plan pertaining to the North Beach Park to include the revised site plan for the North Beach Park. The applicant proposes to consolidate the current park site with the adjacent residential property (TMK 4-4-001:010) and to re-subdivide the consolidated parcel into two lots where the adjacent owner is given an approximate 1.5 acre site adjacent to Lower Honoapiilani Highway and the more usable 4.74 acre parcel adjacent to the shoreline is left for the North Beach Park. (See *Exhibit "7"*)

CONCLUSION OF LAW

The proposed project meets the requirements for Step 1 Planned Development Approval.

RECOMMENDATION

Pursuant to the foregoing the Maui Planning Department recommends approval of the Step 1 Planned Development and amendment to the Kaanapali Recreation Plan pertaining to the reconfigured North Beach Park. Step 1 Planned Development Approval is subject to the following conditions:

1. That Step 2 Planned Development Application shall be filed within one year of this approval.
2. That in addition to the requirements identified in Chapter 19.32, the Sketch Plan shall include provisions for lateral shoreline access and appropriate view studies identifying view corridors and appropriate mitigative measures. In addition to ocean views the study should include views from the shoreline and North Beach Park areas that may be impacted.
3. That the Sketch Plan shall identify how the project complies with the Design Manual and Master Plan for Kaanapali Beach Resort North Beach, revised October 2003. In addition the Sketch Plan shall identify and incorporate energy saving measures within the project.
4. That the North Beach Park shall be processed and developed concurrently with the proposed Planned Development.

In consideration of the foregoing, the Planning Department recommends that the Maui Planning Commission adopt the Planning Department's Report and Recommendation prepared for the February 10, 2004 meeting as its Findings of Fact, Conclusion of Law and Decision and Order and to authorize the Director of Planning to transmit said written Decision and Order on behalf of the Planning Commission.

SUMMARY OF SALES CONTRACTS

There are two types of specimen Sales Contracts: one for Residences and one for Suites. The type of Sales Contract to be executed by Purchasers depends on whether a Residence or Suite unit is purchased. The Suite Sales Contract includes a furniture package in the Purchase Price of the Suite unit.

Residence Sales Contract

The specimen Residence Sales Contract, filed with the Commission, provides for, among other things, a description of the unit to be sold, the purchase price, the closing costs, the time, manner and place of payment, the Purchaser's obligations regarding financing, the Seller's warranties and disclaimers regarding the Condominium Map and the Project, and the remedies of the Seller and of the Purchaser in the event of a default under the Residence Sales Contract.

Among other provisions the specimen Residence Sales Contract provides:

1. That the Residence Sales Contract shall be binding when: (a) Seller delivers to Purchaser (i) a true copy of the Public Report with an effective date issued by the Real Estate Commission and all amendments thereto, and (ii) the Notice of Right to Cancel; and (b) Purchaser either (i) affirmatively waives Purchaser's right to cancel the Sales Contract, or (ii) is deemed to have waived the right to cancel.
2. The Seller has entered into an Escrow Agreement with Fidelity National Title & Escrow of Hawaii, Inc. ("Escrow"), covering the deposit with the Escrow of all funds paid by the Purchaser under the Residence Sales Contract and the disbursement of the funds by Escrow.
3. The Residence Sales Contract requires the Purchaser to pay the Total Purchase Price by a series of payments prior to Closing, as follows: Purchaser shall make an initial payment when Purchaser signs the Residence Sales Contract. Purchaser shall make a second deposit by a date to be determined by the Seller, with the balance due four (4) days prior to closing.
4. The Residence Sales Contract provides that all deposits will be held in Escrow in interest bearing accounts with all income derived from said account, and all interest paid thereon, credited to the account of Purchaser. Purchaser understands that the Escrow Agreement provides that Purchaser's Deposits may be disbursed to Developer prior to closing to pay costs of developing and constructing the unit and the Project.
5. The Residence Sales Contract provides that closing costs and expenses shall be allocated as follows: Purchaser shall pay the premium for the Title Policy, and any additional costs relating to the issuance of an extended coverage policy (including a lender's policy), the cost of drafting of any revisions or addenda to the Residence Sales Contract in addition to those addenda listed in Section C.3 of the Residence Sales Contract, if any, the cost of obtaining Purchaser's consents, if any, Purchaser's notary fees, all recording fees, Escrow fees, any mortgage fees, conveyance taxes, and Hawaii General Excise Tax. Seller shall pay the cost of drafting of conveyance documents and Seller's notary fees. The Residence Sales Contract also provides that at Closing Purchaser shall pay (a) one (1) month's maintenance fee for the Honua Kai Condominium Owner's Association, and (b) a non-refundable, non-transferable start-up fee to the Honua Kai Condominium Owner's Association in the amount equal to three (3) months' maintenance fee assessments. These start-up fees are one-time assessments at Closing and are not advance payments of common expenses or assessments, and shall be in addition to the normal monthly assessments.
6. The Residence Sales Contract provides that Seller shall complete construction of the Project so as to permit normal occupancy of the unit covered by the Residence Sales Contract within thirty six (36) months from the date that the Purchaser executes the Residence Sales Contract and no later than December 31, 2009; provided, however, that such thirty six (36) month period shall be extended for any period of time during which Seller is actually and necessarily delayed in beginning or completing construction if such delay is caused by fire, earthquake, act of God, the elements, war or civil disturbances, litigation, strikes or other labor disturbances, or economic controls making it impossible to obtain the necessary labor or materials, or any other matter or condition beyond Seller's control.

7. The Residence Sales Contract provides that it may not be assigned by Purchaser, in whole or in part, without the prior written consent of the Seller, which consent may be granted or withheld in its sole discretion, and which may be conditioned upon the consent of the construction lender.

8. The Residence Sales Contract provides that any dispute by or between Seller and Purchaser arising out of or incident to the Residence Sales Contract, or the development or management of the Project, the sale of the unit or the use or occupancy thereof, or any other aspect of the relationship between Seller and Purchaser regarding the Project which is raised or otherwise asserted after Closing shall be submitted to mediation and, if necessary, to arbitration in accordance with the terms, conditions and procedures set forth in the Residence Sales Contract. The Residence Sales Contract also provides that any dispute by or between Seller and Purchaser arising out of or incident to the Residence Sales Contract that is raised or otherwise asserted before Closing need not be submitted to arbitration, and Seller and Purchaser shall be free to pursue such dispute, as otherwise provided herein, in proceedings in a court of competent jurisdiction, provided that any judicial proceedings initiated shall be conducted in Honolulu, Hawaii.

The foregoing is only a summary of some of the key terms of the Residence Sales Contract. It is incumbent upon a prospective Purchaser to read the full text of the Residence Sales Contract with care.

3. The Suite Sales Contract requires the Purchaser to pay the Total Purchase Price by a series of payments prior to Closing, as follows: Purchaser shall make an initial payment when Purchaser signs the Suite Sales Contract. Purchaser shall make a second deposit by a date to be determined by the Seller, with the balance due four (4) days prior to closing.

4. The Suite Sales Contract provides that all deposits will be held in Escrow in interest bearing accounts with all income derived from said account, and all interest paid thereon, credited to the account of Purchaser. Purchaser understands that the Escrow Agreement provides that Purchaser's Deposits may be disbursed to Developer prior to closing to pay costs of developing and constructing the unit and the Project.

5. The Suite Sales Contract provides that closing costs and expenses shall be allocated as follows: Purchaser shall pay the premium for the Title Policy, and any additional costs relating to the issuance of an extended coverage policy (including a lender's policy), the cost of drafting of any revisions or addenda to the Suite Sales Contract in addition to those addenda listed in Section C.3 of the Suite Sales Contract, if any, the cost of obtaining Purchaser's consents, if any, Purchaser's notary fees, all recording fees, Escrow fees, any mortgage fees, conveyance taxes, and Hawaii General Excise Tax. Seller shall pay the cost of drafting of conveyance documents and Seller's notary fees. The Suite Sales Contract also provides that at Closing Purchaser shall pay (a) one (1) month's maintenance fee for the Honua Kai Condominium Owner's Association, and (b) a non-refundable, non-transferable start-up fee to the Honua Kai Condominium Owners' Association in the amount equal to three (3) months' maintenance fee assessments. These start-up fees are one-time assessments at Closing and

are not advance payments of common expenses or assessments, and shall be in addition to the normal monthly assessments.

6. The Suite Sales Contract provides that Seller shall complete construction of the Project so as to permit normal occupancy of the unit covered by the Suite Sales Contract within thirty six (36) months from the date that the Purchaser executes the Suite Sales Contract and no later than December 31, 2009; provided, however, that such thirty six (36) month period shall be extended for any period of time during which Seller is actually and necessarily delayed in beginning or completing construction if such delay is caused by fire, earthquake, act of God, the elements, war or civil disturbances, litigation, strikes or other labor disturbances, or economic controls making it impossible to obtain the necessary labor or materials, or any other matter or condition beyond Seller's control.

7. The Suite Units include a furniture package in the purchase price of a Suite unit.

8. The Suite Sales Contract provides that it may not be assigned by Purchaser, in whole or in part, without the prior written consent of the Seller, which consent may be granted or withheld in its sole discretion, and which may be conditioned upon the consent of the Construction Lender.

9. The Suite Sales Contract provides that any dispute by or between Seller and Purchaser arising out of or incident to the Suite Sales Contract, or the development or management of the Project, the sale of the unit or the use or occupancy thereof, or any other aspect of the relationship between Seller and Purchaser regarding the Project which is raised or otherwise asserted after Closing shall be submitted to mediation and, if necessary, to arbitration in accordance with the terms, conditions and procedures set forth in the Suite Sales Contract. The Suite Sales Contract also provides that any dispute by or between Seller and Purchaser arising out of or incident to the Suite Sales Contract that is raised or otherwise asserted before Closing need not be submitted to arbitration, and Seller and Purchaser shall be free to pursue such dispute, as otherwise provided herein, in proceedings in a court of competent jurisdiction, provided that any judicial proceedings initiated shall be conducted in Honolulu, Hawaii.

SUMMARY OF ESCROW AGREEMENT

A copy of the executed Escrow Agreement for the Project between Fidelity National Title & Escrow of Hawaii, Inc. ("Escrow") and Developer has been filed with the Commission. The Escrow Agreement provides for the deposit of the funds of a purchaser of a unit (a "Purchaser") pursuant to the Reservation Agreement or Sales Contract and also provides for the retention or disbursement of the funds. The Escrow Agreement specifically permits the disbursement of Purchaser's funds under a Sales Contract prior to closing, subject to certain conditions, to pay for certain Project costs, including costs of constructing the Project's buildings, fixtures and other improvements, Developer's architectural, engineering, finance and legal fees, and other incidental expenses of the Project (excluding marketing expenses and brokerage fees relating to the sales of units).

A copy of the executed First Amendment to the Escrow Agreement ("First Amendment") has also been filed with the Commission. The First Amendment reflects the requirements of Hawaii Revised Statutes Chapter 514B.

In the event that the Reservation Agreement or Hawaii Revised Statutes Chapter 514B entitle a Purchaser to a refund of Purchaser's Deposits held by Escrow, Escrow, upon instruction from Purchaser, will refund Purchaser's deposits.

Purchasers will compensate Escrow based on each unit bought in the Project. Escrow can arrange for the issuance of title insurance policies. A fee schedule is contained in the Escrow Agreement which purchasers may review.

By law the total amount of such cancellation fees shall not exceed Two Hundred Fifty and No/100 Dollars (\$250.00) after the time the Sales Contract becomes effective. Under the Escrow Agreement no disbursement of funds can be made to Developer until the Sales Contract becomes effective under the provisions of Chapter 514B, Hawaii Revised Statutes.

It is incumbent upon a prospective Purchaser to read the executed Escrow Agreement with care.

SUMMARY OF RESERVATION AGREEMENT

The specimen Reservation Agreement provides that upon the purchaser's payment of a deposit into an escrow account established by Developer with Fidelity National Title & Escrow of Hawaii, Inc. ("Escrow"), a designated unit is reserved for the purchaser up until seven (7) days from the date of delivery of the sales contract to purchase the unit. Unless a sales contract for the unit is executed by purchaser seven (7) days from the date of delivery of the sales contract, the Reservation Agreement terminates and expires. If the purchaser enters into a sales contract for the purchase of a unit, then the deposit may be applied towards the deposit required under the sales contract. The Reservation Agreement does not establish a purchase price for any unit in the Project.

Either purchaser or Developer may terminate the Reservation Agreement at any time, for any reason. Purchaser may terminate the Reservation Agreement by mailing or faxing notice of such termination to Developer. If the Reservation Agreement is terminated or expires, Escrow will promptly return the deposit to purchaser.

The purchaser will not earn or receive any interest on any funds deposited with Escrow. Developer has entered into an Escrow Agreement with Escrow covering the deposit with Escrow of all funds paid by the purchaser under the Reservation Agreement and the disbursement of the funds from Escrow.

The purchaser may not assign, convey or otherwise transfer all or any portion of its interest under the Reservation Agreement, without Developer's prior written consent.

It is incumbent upon a purchaser to read the specimen Reservation Agreement with care.

TERMS OF LIMITED WARRANTY

(a) Developer warrants that all material incorporated in and made a part of the unit shall be new as of the date of installation and shall remain free from defect in workmanship or quality for a period of one year from the date of closing of the sale of a unit to a Purchaser. Developer represents that Developer will cause to be remedied, by repair or replacement, any structural defects in the unit which appear within one year after the date of closing of the sale of a unit and which result from faulty material or workmanship, provided that Purchaser gives Developer written notice of any such defect within 10 days after Purchaser's discovery of the defect. Any such notice shall be addressed to Developer at the address set forth in the warranty claim forms. Purchaser's sole remedy (in lieu of all remedies implied by law or otherwise) against Developer in connection with such defects shall be to require Developer to correct the defect in material or workmanship.

(b) The limited warranty does not extend or relate to any items of tangible personal property in the unit (whether or not such property is attached to or installed in the unit) including, without limitation, any oven, cooktop, oven hood and fan, trash compactor, garbage disposal, microwave, dishwasher, refrigerator, garage door openers, jet tubs, sprinkler systems, security system and alarm, hot water heaters and components of the heating system. Developer will assign to Purchaser at the closing of the sale of a unit any unexpired warranties Developer has received from the manufacturers of such tangible personal property, to the extent such warranties are assignable. Developer shall not be responsible for the performance of any such manufacturer under the manufacturer's warranties.

(c) WITH RESPECT TO ANY FIRE, ALARM, OR OTHER LIFE SAFETY OR SECURITY SYSTEM INSTALLED IN OR SERVICING THE BUILDINGS OR THE UNIT, DEVELOPER'S LIABILITY UNDER THIS LIMITED WARRANTY SHALL BE LIMITED TO THE COST OF CORRECTING ANY DEFECTIVE WORKMANSHIP OR REPLACING ANY DEFECTIVE MATERIALS IN SUCH SYSTEMS.

(d) WITH REGARD TO ANY APPLIANCES OR OTHER ITEMS OF TANGIBLE PERSONAL PROPERTY, DEVELOPER DISCLAIMS ALL WARRANTIES INCLUDING, BUT NOT LIMITED TO, THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

(e) EXCEPT AS STATED IN SECTION (a) OF THIS LIMITED WARRANTY, DEVELOPER MAKES NO WARRANTY OR REPRESENTATION OF ANY NATURE, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THOSE OF WORKMANLIKE CONSTRUCTION, HABITABILITY, DESIGN, CONDITION, OR THE PROPERTY UNDERLYING THE PROJECT OR THE UNIT OR OTHER IMPROVEMENTS CONSTITUTING THE PROJECT, AND DEVELOPER HEREBY EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATIONS OR WARRANTIES.

(f) DEVELOPER SPECIFICALLY DISCLAIMS, AND PURCHASER SPECIFICALLY RELEASES DEVELOPER FROM, ANY LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES TO ANY PERSON IN THE UNIT OR ANY OTHER REAL OR PERSONAL PROPERTY RESULTING FROM A DEFECT. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO PURCHASER.*

(g) Purchaser hereby acknowledges and accepts such disclaimers and agrees to waive any and all rights Purchaser may have by virtue of the representations and warranties disclaimed. Except as otherwise provided in this limited warranty, Purchaser assumes the risk of damage occurring within the unit after the closing of the sale of a unit regardless of the cause.

(h) With respect to any appliances finally determined by a court to be within this limited warranty described herein, all implied warranties are limited in duration to the period of this written warranty. This includes, without limitation, the implied warranties of merchantability and fitness and habitability if created or recognized in Hawaii. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to Purchaser.*

(i) On all other appliances, whether or not warranted by manufacturers, all implied warranties are expressly disclaimed and do not apply, including, without limitation, the implied warranties of merchantability and fitness and habitability as created and recognized under Hawaii law.

(j) This limited warranty gives you specific legal rights, and you may have other rights which vary from state to state.*

(k) The provisions of this Limited Warranty shall survive the closing of the sale of a unit.

*NOTE: This limited warranty has been prepared to comply with the disclosure requirements of the Federal Magnuson-Moss Warranty -- Federal Trade Improvement Act (15 U.S.C.S. § 2301-2312, as amended). The sentences indicated by asterisks are required by regulations promulgated by the Federal Trade Commission (16 CFR § 700.1-703.8).
