Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

1. This Public Report does not constitute an approval of the project by the Real Estate Commission or any other governmental agency, nor does it ensure that all county codes, ordinances and subdivisions requirements have necessarily been complied with.

2. This Project does not involve the sale of individual subdivided lots. The land area beneath and immediately adjacent to each Apartment as shown on the Condominium Map is designated as a limited common element and does not represent a legally subdivided lot. The dotted lines on the Condominium Map merely represent the approximate location of the limited common element assigned to each Apartment.

3. Facilities and improvements normally associated with county approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for, and services such as County street maintenance and trash collection will not be available for interior roads and driveways.

4. No warranties are given to the purchaser as to the construction, materials or workmanship of the Project. The Project is being sold in "as is" condition.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW ALL DOCUMENTS REGARDING THIS CONDOMINIUM PROJECT FOR FURTHER INFORMATION WITH REGARDING TO THE FOREGOING

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Bureau of Conveyances	May 9, 2007	2007-095480

Amendments to Declaration of Condominium Property Regime		
Land Court or Bureau of Conveyances	Date of Document	Document Number

3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

3.4 House Rules

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Are Proposed		<input type="checkbox"/>
Have Been Adopted and Date of Adoption		<input type="checkbox"/>
Developer does not plan to adopt House Rules		<input checked="" type="checkbox"/>

3.5 Changes to the Condominium Documents

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	100%
Bylaws	67%	67%

3.6 Rights Reserved by the Developer to Make Changes to the Condominium Project or Condominium Documents

4. CONDOMINIUM MANAGEMENT

4.1 Management of the Common Elements

<p>Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.</p>	
<p>The Initial Condominium Managing Agent for this project is (check one):</p>

If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.</p>
<p>Exhibit <u>G</u> contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.</p>

<input type="checkbox"/>	Developer has or will designate the units for sale to Owner-Occupants by publication.

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

Type of Lien	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
Mortgage	Purchaser's interest may be terminated, in which event Purchaser will be entitled to a refund of deposit less an escrow cancellation fee.

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:

Building and Other Improvements: None. There are no warranties, express or implied, being made by Developer. Sales are "as is".
Appliances: None. There are no warranties, express or implied. Sales are "as is".

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

<p>Status of Construction: Unit A completed 1959 and renovated in 1975 Unit B completed 1985 and renovated in 1993</p>
<p>Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.</p>
<p>Completion Deadline for any unit not yet constructed, as set forth in the sales contract:</p>
<p>Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:</p>

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p>If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.</p>
--------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

<p>Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):</p>	
<input type="checkbox"/>	<p>For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or</p>
<input type="checkbox"/>	<p>For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.</p>

In connection with the use of purchaser deposits (check Box A or Box B):

<p>Box A <input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p>Box B <input type="checkbox"/></p>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.	
1.	Developer's Public Report
2.	Declaration of Condominium Property Regime (and any amendments)
3.	Bylaws of the Association of Unit Owners (and any amendments)

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

1. NOT A SUBDIVISION. This is a condominium project which should not be confused with a subdivision. A purchaser of a Unit will be conveyed a Unit together with an "undivided" percentage interest in the common elements of the project. The entire parcel of land upon which the project is situated is designated as a common element. That portion of the common element which each purchaser has the exclusive right to use is called a limited common element or area, but is NOT a separate, legally subdivided lot.

2. MAINTENANCE FEES. Developer believes that there will be no maintenance fees. All costs pertaining to each Unit and its respective common element, including but not limited to, cost of landscaping, maintenance, repair, replacement and improvement shall be borne entirely by the respective Unit owner. All utilities are separately metered. Based on the foregoing, there is no schedule of maintenance fees to this Public Report.

Section 514B-143, Hawaii Revised Statutes, requires the Association of Unit Owners to purchase fire insurance to cover the improvements of the Project, and that the premiums for the insurance be common expenses. Developer anticipates that the Association will elect to permit individual Unit owners to obtain and maintain separate policies of fire insurance and name the Association as an additional insured. In such case, fire insurance premiums will be the responsibility of individual Unit owners and not common expenses. Prospective purchasers should consult with their own insurance professionals to obtain an estimate for individual fire and hazard insurance.

3. RESERVES. Developer discloses that no "reserve study" was done in accordance with Section 514B-148, Hawaii Revised Statutes, and replacement reserve rules, Subchapter 6, Title 16, Chapter 107, Hawaii Administrative Rules, as amended.

4. LEAD WARNING STATEMENT. Pursuant to federal law, 42, U.S.C. 4852(d), the Residential Lead-Based Paint Reduction Act, "Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase."

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

SUMMARY OF SALES CONTRACT

1. Seller may terminate Sales Contract and refund to Buyer all money Buyer has paid without interest, if Seller determines that Buyer's ability to make payments or if the financial ability of Buyer has decreased at the time the credit report is updated.
2. Risk of loss to the unit and percentage interest in the common elements will be borne by Seller until the date of final closing at which time risk of loss will be borne by Buyer.
3. The contract will not be assignable without the prior written consent of Seller and any attempt to assign without this consent will be null and void.
4. Seller reserves the right to modify the Declaration, By-Laws, House Rules, Escrow Agreement and Unit Deed, provided that these modifications do not increase the Buyer's share of common expenses, reduce the obligations of Seller for common expenses on unsold units, reduce the size of the units, increase the cost of the units, or impair or modify any obligations given or undertaken by Seller. Seller also reserves the right to make minor changes that may improve the unit.
5. Seller may appoint the initial management agent for the Project.

EXHIBIT F

SUMMARY OF ESCROW AGREEMENT

Seller has entered into an Escrow Agreement dated June 14, 2007, with Title Guaranty Escrow Services, Inc.

The Escrow Agreement sets up an arrangement under which the deposits which a Buyer makes under a Sales Contract will be held by a neutral party ("Escrow"). Under the Escrow Agreement the following will or may happen:

- (a) Seller will require all payments due to be made to Escrow.
- (b) All money received by Escrow will be deposited in an interest-bearing account in a federally-insured bank or savings and loan institution. All interest earned in the account will be credited to the account of the Seller.
- (c) If the Buyer under a reservation as an owner-occupant is not offered an unit or if the Buyer refuses to enter into a Sales Contract, Escrow will promptly refund the deposit made by Buyer without interest. If Buyer enters into a Sales Contract but rescinds the Sales Contract because of hardship or because the Buyer no longer intends to be an owner-occupant, Seller will cancel the Sales Contract and Escrow will promptly return all money to Buyer without interest and less the cancellation fee.
- (d) Escrow will not disburse Buyer's funds until Seller has notified Escrow that Buyer's Sales Contract has become effective and a Developer's Public Report has been issued by the Real Estate Commission and Escrow has received a copy of Buyer's receipt for the Developer's Public Report.
- (e) Escrow will from time to time make disbursements from the Escrow fund to pay for construction costs, to other persons for architectural, engineering, financing, advertising, legal fees and other expenses, but not for selling expenses or brokerage fees relating to the sales of any unit.
- (f) If Buyer is in default under the Sales Contract, Escrow will promptly give to Buyer notice of the default.
- (g) Escrow is relieved from all liability for acting in accordance with the terms of the Escrow Agreement.

(h) The compensation of Escrow shall be based on the scheduled rate, plus Hawaii general excise tax for each unit sold under a binding Sales Contract and of which a deed has been fully recorded in the Bureau of Conveyances of the State of Hawaii; provided, however, that if Escrow shall for any reason without fault on its part to be required to change, subsequent to the commencement of pre-closings for the Project, any closing statement or document previously approved as to form and figures by the Seller, Seller agrees to pay an additional charge for each such statement or document which is changed.

ARCHITECT'S CONDITION REPORT

The undersigned, being a licensed architect within the State of Hawaii and bearing Registration Number 11377 has inspected the dwellings at the "DROP DEAD VIEW" condominium project situate at 3061 Kaohe Road, Kilauea, Hawaii 96754, and identified by Tax Map Key No. (4) 5-2-010-007. Unit A is a dwelling which was built in 1959 and was recently renovated in 1979; Unit B was built in and was recently renovated in 1993. Both dwellings may be occupied for residential use and exceed five years of age.

The inspection included the visible exterior roof, visible foundation, visible electrical and plumbing systems, and I find that the systems and components of the structures, including visible structural, visible electrical and visible plumbing, appear to be in satisfactory condition for the stated age thereof and appear to be in sound condition. The structural and related systems and components have an expected useful life in excess of approximately 50 years.

This is not a warranty of compliance with all rules and regulations, only a warranty that inspection was made and no violations appear to exist. No right shall accrue to any third party for subsequent discovery of any problems with code compliance or for future changes in such code(s).
