**Preparation of this Report**

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; or (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

## SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

(See page 18.)

### **SPECIAL NOTICE:**

This is a condominium project, not a subdivision. There are County restrictions on the number of dwelling units, or other structures, which may be built upon the property. Therefore, unless the purchaser is purchasing an existing dwelling, there is **no assurance or warranty** that the purchaser will be able to build a dwelling unit on the property. There also is no assurance that the purchaser will be able to convert an existing non-residential structure to residential use. The purchaser should consult with the appropriate County agencies to determine whether the purchaser may build a dwelling unit, or any other type of structure.

Prior to purchase, the prospective purchaser is advised to review this condominium project with the respective Kauai County Planning offices to receive the most recent directives concerning development, replacement, expansion or construction of any type of structure for this condominium project in the future.

1. There is presently one (1) "farm dwelling" on the project and one spatial unit. Unit 2 contains a spatial unit and no structure, consisting of a cube of air space that is 5 feet high by 4 feet wide by 5 feet long as described in the condominium map, but which may be expanded to include improvements to be constructed later at purchaser's expense (if applicable).
2. Issuance of an effective date for this Public Report does not constitute an approval of the project by the Real Estate Commission, or any other governmental agency, nor does it imply that all County codes, ordinances and subdivision requirements have been complied with.
3. This project does not involve the sale of individual subdivided lots. The land area beneath and immediately adjacent to each unit, as shown on the Condominium Map, is not a legally subdivided lot. The dotted or dash lines on the Condominium Map generally represent the location of the Unit boundaries and/or easements
4. Facilities and improvements normally associated with County approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for and services such as County street maintenance and trash collection will not be available for interior roads and driveways.
5. At present there is no public water system available for all of the individual units of this project. Those desiring to construct improvements on Apartment Units without a connection to the public water system will be required to connect to County water, if available, at their own expense. The Developer provides no warranty or guarantee that an individual unit will be able to connect to Kauai County's public water system.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING

## **General Information On Condominiums**

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

## **Operation of the Condominium Project**

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

**Conforming/Non-Conforming Uses, Structures and Lots**

In general, a non-conforming use, structure or lot is a use, structure or lot that was lawful at one time but that does not now conform to present zoning requirements. Under present zoning requirements, limitations may apply to extending, enlarging or continuing the non-conformity and to altering and repairing non-conforming structures. In some cases, a non-conforming structure that is destroyed or damaged cannot be reconstructed.

If a variance has been granted or if uses, structures or lots are either non-conforming or illegal, the purchaser should consult with county zoning authorities as to possible limitations that may apply in situations such as those described above.

A purchaser may not be able to obtain financing or insurance if the condominium project has a nonconforming or illegal use, structure or lot.

### 3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

#### 3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

	October 31, 2007	2007-211978

Amendments to Declaration of Condominium Property Regime		
Land Court or Bureau of Conveyances	Date of Document	Document Number

#### 3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

#### 3.3 Condominium Map

The Condominium Map contains a site plan and floor plans, elevations and layout of the condominium project. It also shows the floor plan, unit number and dimensions of each unit.

Land Court Map Number	
Bureau of Conveyances Map Number	4551
Dates of Recordation of Amendments to the Condominium Map:	

**3.4 House Rules**

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Are Proposed	<input checked="" type="checkbox"/> (See Exhibit I)
Have Been Adopted and Date of Adoption	<input type="checkbox"/>
Developer does not plan to adopt House Rules	<input type="checkbox"/>

**3.5 Changes to the Condominium Documents**

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	67%
Bylaws	67%	67%

## 4. CONDOMINIUM MANAGEMENT

### 4.1 Management of the Common Elements

Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

### 4.2 Estimate of the Initial Maintenance Fees

Estimate of the Initial Maintenance Fees: The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.
Exhibit <u>H</u> contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

### 4.3 Utility Charges to be Included in the Maintenance Fee

If checked, the following utilities are included in the maintenance fee:	
<input checked="" type="checkbox"/>	Electricity for the common elements
<input type="checkbox"/>	Gas for the common elements
<input checked="" type="checkbox"/>	Water
<input type="checkbox"/>	Sewer
<input type="checkbox"/>	TV cable
<input checked="" type="checkbox"/>	Other (specify) Electrical and water charges applicable to the Common Element for sprinkling.

### 4.4 Utilities to be Separately Billed to Unit Owner

<input type="checkbox"/>	Developer has or will designate the units for sale to Owner-Occupants by publication.

### 5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

<u>Type of Lien</u>	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
<b>Mortgage (two)</b>	See Exhibit F: A lender has priority over a Buyer's rights under a Sales Contract and has a right to terminate a sales contract upon foreclosure of its mortgage before an apartment sale is closed. If foreclosed, Buyer's deposit shall be refunded (less any escrow cancellation fees) and the sales contract between Seller and Buyer shall be cancelled.

### 5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:
Building and Other Improvements: none
Appliances: none

**5.5 Status of Construction, Date of Completion or Estimated Date of Completion**

<p>Status of Construction:          Unit 1 (dwelling) with detached garage/guesthouse was completed in 1992.          Unit 1 (AG building) was completed in 1992.</p> <p>Said buildings are in compliance with all zoning and building ordinances and codes, rules, regulations or other requirements at the time of their construction. No variance has been granted from any ordinance, code, rule, regulation or other requirement in force at the time of their construction or from any other ordinance, code, rule, regulation or other requirement. The project has no legal nonconforming conditions, uses, or structures.</p>
<p>Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.</p>
<p>Completion Deadline for any unit not yet constructed, as set forth in the sales contract:</p> <p>n/a</p>
<p>Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:</p> <p>n/a</p>

**5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance**

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

**5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance**

<input type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p>If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.</p>
--------------------------	--

**5.6.2 Purchaser Deposits Will Be Disbursed Before Closing**

<p>Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):</p>	
<input type="checkbox"/>	<p>For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or</p>
<input type="checkbox"/>	<p>For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.</p>

In connection with the use of purchaser deposits (check Box A or Box B):

<p><b>Box A</b></p> <p><input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><b><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</b></p>
<p><b>Box B</b></p> <p><input type="checkbox"/></p>	<p>The Developer has <b>not</b> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <b><u>Important Notice Regarding Your Deposits</u></b> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <b><u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u></b> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <b><u>Important Notice Regarding Your Deposits</u></b> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

**Material House Bond.** If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

## 5.7 Rights Under the Sales Contract

## 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

### 5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

(b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed**

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

### **5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change**

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30<sup>th</sup> calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

## 6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

### 1. Restrictive Covenants

This is a condominium project, not a subdivision. Apartment Units purchased are not on subdivided lots. To determine whether your expectations can be realized, you should carefully review the contents of this Report, especially Exhibit F to this report which is a summary of the recorded restrictive covenants for the subdivision within which this project is located. Among other things, the restrictive covenants govern land use, building type and materials, possession of animals, and cultivation of crops. You should also conduct your own investigations and ascertain the validity of information provided.

### 2. Replacement or Remodeling

There is currently one residential and one non-residential improvement constructed on Apartment Unit 1 of the project. A spatial unit is located on Apartment Unit 2. These can be replaced by or remodeled as allowed by law and project documents. The prospective purchaser shall have the right to undertake such work at purchaser's expense. The purchaser shall also, in such event, file the "as-built" certificate within thirty days of completion of the residence in conformance with Section 514B-34, Hawaii Revised Statutes, and record an amendment of the Declaration of Condominium Property Regime ("Declaration") to describe the residence. The County of Kauai Planning Department, in order to process the necessary permits for the construction of any other structure, requires authorization from at least 75% of the legal and equitable ownership of the entire project, consistent with the Declaration and the Bylaws ("condominium documents").

### 3. County Codes and Ordinances

Except as limited specifically by the condominium documents and subdivision restrictive covenants, all uses permitted in the open zone are permitted. Uses in one zone are not the same as in another, and the prospective purchaser should consult the appropriate county agency for information on uses and construction in the respective zones.

A buyer should understand that all development and use of the property shall be in compliance with County codes and ordinances, that owners in this condominium project will not necessarily receive the same County benefits as owners of approved subdivided lots, and that owners who develop their limited common element later than others may find that land use and zoning changes or insufficient utility capacities may thwart their expectations.

### 4. Environmental Assessment

With reference to Apartment Unit 1, the Developer neither prepared nor commissioned a Phase 1 Environmental Site Assessment and makes no representations or warranties whatsoever. The Developer has made no independent investigation as to asbestos or other hazardous substances in the apartments or in, under or around the Project, including but not limited to, radioactive materials, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproductive toxicity, pollutants, contaminants, hazardous wastes, toxic substances, and any and all other substances or materials defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials" or "toxic substances" under, or for the purposes of, hazardous materials laws. Buyer acknowledges that in light of the age of the Project, there may be asbestos and other hazardous substances in the apartments, or in, under or around the Project. Because of the possible presence of such substances, Buyer should have the apartment inspected to determine the extent (if any) of such contamination and any necessary remedial action. The Developer will not correct any defects in the apartment or in the Project or anything installed or contained therein and Buyer expressly release the Developer from any liability Buyer if any hazardous materials are discovered.

**(See Page 18a)**

5. Common Element Expenses

Each Apartment Unit owner shall be liable for and shall pay a share of the Project's common expenses, if any, in proportion to the common interest appurtenant to the unit. Said common expenses shall include all charges, costs and expenses whatsoever incurred by the Association for or in connection with the administration and operation of the Project including, but not limited to maintenance, repair, replacement and restoration of a common sprinkling system for the common element driveway. The sprinkling system is connected to Apartment Unit 1 and the owner of Apartment Unit 1 shall estimate the monthly electrical and water charges incurred to water the common element driveway. See Article 14, Section 14.1 of Declaration.

6. Farm Dwelling

A. The Apartment Units of the Project shall be occupied and used only for agricultural uses and, where permitted, as private residential dwellings by the respective owners thereof, their families, domestic servants, personal guests and tenants, and for no other purposes. Residential uses currently require execution of a Farm Dwelling Agreement with the County of Kauai, as contemplated by Hawaii State law regarding the use of agricultural lands for residential purposes. Hawaii law requires that the family occupying a residence on agricultural land derive income from farming activities conducted on the land. Lot 19 of this Project is subject to a recorded Farm Dwelling Agreement. Lot 18 is not subject to a Farm Dwelling Agreement. The Owner of Apartment Unit 2 may be required to obtain a Farm Dwelling Agreement to construct a Farm Dwelling.

B. Each Apartment Unit may build one private farm dwelling subject to the CZO. However, the final determination regarding the right to build a Farm Dwelling Unit or any other type of private residential dwelling or structure will be made by Kauai County. Therefore, unless otherwise specifically stated to the contrary herein, each Apartment Unit will be entitled to construct (if not already constructed) one Farm Dwelling subject to other requirements found in the CZO and this Declaration. Each Apartment Unit owner shall be responsible to determine whether any Farm Dwelling improvements may be constructed within their Apartment Unit. All improvements will be governed by applicable zoning codes.

C. Improvements other than farm dwellings shall be permitted on each of the Apartment Units, subject to the CZO and this Declaration.

D. Where structure(s) other than farm dwellings currently exist on any Apartment Unit(s) otherwise allowed to construct a farm dwelling, it is anticipated that a farm dwelling will either replace the existing improvement(s) or be added thereto. Each Apartment Unit herein, whether currently possessing residential improvements or now or subsequently entitled to construct a farm dwelling, may be required to engage in agricultural activity as a condition of obtaining a building permit. The actual level of agricultural activity on the Project needed to qualify to construct farm dwellings is a matter determined by Kauai County. The requirements change from time to time, and each owner's actions on the Apartment Units will or may have an impact on the ability of other owners to build farm dwellings. Each owner shall have the duty to engage in agricultural activities, including a requirement of after-the-fact commencement or increases in the level of actual agricultural activity on his or her Apartment Unit, if such is required for other owners to obtain building permits. In that regard, each Apartment Unit with a farm dwelling, or then desiring to construct a farm dwelling, shall have an equal burden of activity in proportion to the amount of land reasonably available for agricultural use on the respective Apartment Units. If an Apartment Unit with agricultural activity but no farm dwelling desires to build, and in so doing retires acreage from production, other Apartment Units may be required to commence or increase production, cultivation or other agricultural activity so that all owners then-effected will have fair burdens. These provisions shall apply until all Apartment Units with

**(See Page 18b)**

residential construction rights have constructed farm dwellings, and thereafter so long as agricultural use must be maintained as a condition of keeping residential improvements on the property. This means that failure to engage in or maintain farming activities may require the owner of an Apartment Unit to remove a previously constructed dwelling from the owner's Apartment Unit.

E. Should the requirements of the Farm Dwelling Agreement and/or the underlying zoning code or state statutes mandating agricultural use be changed to eliminate such requirements, the agricultural requirements of this Project may be abandoned by a vote of sixty-seven percent (67%) of the common interests of this Project.

F. No hotel or timeshare use shall be allowed. The Apartment Unit owners shall have the right to rent or lease their Apartment Unit's subject to the limitations, restrictions, covenants, and conditions contained in state law, county ordinance, applicable governmental regulations, recorded restrictions on the lot or the subdivision in which the Project is located, any Protective Covenants and House Rules, this Declaration or the Bylaws of the Association of Condominium Owners. Subject also to said Declaration and Bylaws, reasonable allowance and freedom shall be given so as to accommodate the individual Apartment Unit owner's artistic, creative and life-style requirements. An Apartment Unit owner will be required to comply with all Kauai County Zoning Codes and regulations in relation to construction of residences in the agricultural zone, and will have to sign a Farm Dwelling Agreement prior to issuance of a building permit to construct a farm dwelling on any Apartment Unit.

7. The Developer, Rohn R. Boyd is licensed in the State of Hawaii as a real estate broker for O'Connor Realty LLC. Unit 2 of the CPR project is listed with O'Connor Realty LLC from whom the above named Developer may receive a commission based on his agreement with O'Connor Realty LLC (See Exhibit K). The Developer plans to retain Unit 1 as his personal dwelling. If the Developer begins selling or offers to sell Unit 1, the Developer will use a real estate broker for the sale of Unit 1 prior to entering into a binding contract for such sale. The Developer shall (1) submit to the Real Estate Commission a duly executed copy of a broker listing agreement with a Hawaii-licensed real estate broker and (2) provide an amended copy of the public report.

8. The Developer obtained the approval of the Design Committee of the SeaCliff Plantation Community Association by way of its letter dated August 27, 2007. A copy of the letter is attached hereto as Exhibit L. See Article 10.4 (D) of the Declaration.

9. The Greenhouse/Shed located on Apartment Unit 1 is within a Kauai County subdivision building setback area. See Exhibit A, Site Plan. Kauai County, however, inspected the property and did not find any violations. See Exhibit G. The Developer, however, desires to provide notice of this situation to all prospective purchasers.

10. The Declaration, Section 10.4, paragraph B, identifies a View Easement in favor of an adjacent Condominium Unit identified as Unit B of the Pulamaia Condominium, being a portion of Lot 8-A, Seacliff Plantations at Kilauea Bay, Kilauea, County of Kauai, State of Hawaii, more particularly identified as Kauai Tax Map Key No.: (4) 5-2-004-117. The terms and restrictions of the view easement are contained in that Grant of Viewplane and Landscape Easements, recorded as Document No. 94-144369. The Developer represents that a farm dwelling may be constructed within the Building Envelope described above without violating the view easement and reserves the right to approve any structure to insure the view easement is not violated. The Developer has not engaged an engineer to survey the space available to build a structure that will not violate the view easement.

**(See Page 18c)**

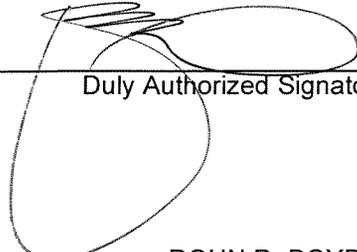

11. The Developer does hereby provide notice to any prospective purchaser that any changes to the Apartment Unit boundaries pursuant to the Developer's reserved rights set forth in Section 20.1, paragraph E of the Declaration for said Project may not reduce the total area purchased by a purchaser without the written approval of the owner of the affected Apartment Unit and the owner's Mortgagee, if applicable. If the Developer is required to exercise the reserved rights, the boundary change shall only result in the reconfiguration of the project's limited common elements into four Apartment Units wherein existing Apartment Unit 1 would comprise Apartment Units 1 and 1a, the limited common elements of which would encompass the same land area as the present boundary of Apartment Unit 1. Existing Apartment Unit 2 would comprise Apartment Units 2 and 2a, the limited common elements of which would encompass the same land area as the present boundary of Apartment Unit 2.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

BOYD, husband and wife, ("Seller"), contains, among other provisions, the following (which may be modified or otherwise limited by provisions not summarized):

1. Whenever Seller enters into a sales contract for the sale of an apartment, Seller will require that payments due under the sales contract be made to Escrow and will deliver an executed copy of the sales contract to Escrow.

If Seller subsequently certifies in writing to Escrow that Seller has terminated the sales contract in accordance with the terms thereof or, if he Buyer defaults under the terms of the sales contract, Escrow shall thereafter treat all funds of the purchaser paid on account of such purchaser's sales contract as funds of Seller and not as funds of the purchaser.
