Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

1. This is a CONDOMINIUM PROJECT, not a subdivision. It does not involve the sale of individual subdivided lots. Where land area beneath and immediately appurtenant to each unit is designated a LIMITED COMMON ELEMENT it is not a legally subdivided lot. Dotted lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.
2. This public report does not constitute approval of the Project by the Real Estate Commission, or any other government agency, nor does it ensure that all applicable County codes, ordinances and subdivision requirements have been complied with.
3. Facilities and improvements normally associated with county approved subdivisions, such as fire protection devices, County street lighting, electricity, ungraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for, and services such as County street maintenance and trash collection will not be available for interior roads and driveways.
4. This condominium project is part of the Mahanalua Nui Subdivision, Phase III. Purchaser should carefully review the Amended and Restated Declaration of Covenants, Conditions and Restrictions dated July 13, 1999, and recorded as Document No. 99-114891, as amended, and other documents related to said subdivision.
5. In a condominium, all of the land included in the condominium remains a single, unsubdivided parcel of land for purposes of zoning and land use regulation. If one unit owner violates a regulation, the violation is attributable to both that owner and the innocent owner of the other unit. For example, if one owner builds or adds to a structure in a manner which violates height limits, size limit, setbacks, building permit requirements, or flood zone rules, or uses the unit for an unauthorized additional dwelling or short term rental, the violation applies to the entire condominium and the innocent unit owner may be subject to fines or may be denied a building permit as long as the violation remains uncured.
6. This project consists of two shed units that are owner-builder permitted, as defined in Chapter 444, of the Hawaii Revised Statutes (HRS), which prohibits the sale or lease, or offering for sale or lease, of an owner-builder structure not more than one year after completion. If an owner-builder sells or leases a building within one year after the construction is complete, the law will presume that the building was built it for sale or lease, which is a violation, and the owner-builder may be prosecuted. Units A and B received final inspection on October 29, 2008. Developer certifies that this public report shall not used in connection with the sale of either unit prior to October 29, 2009. This public report should not be viewed as an offer for sale merely as a result of registration, unless specifically used for such purpose by the developer or developer's agent.
7. Under the current zoning ordinance only one full size farm dwelling and one farm dwelling with a living area of 1,000 square feet or less are permitted on the property. Unit A is designated as the full size farm dwelling and currently contains 100 square feet of enclosed net area (non-habitable). Unit B is designated as the farm dwelling which is subject to the 1,000 square feet limitation and currently contains 100 square feet of enclosed net area (non-habitable).
8. See further disclosures on pages 18, 18a, 18b, and 18c.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT; CONSULT WITH LEGAL COUNSEL, APPROPRIATE GOVERNMENT AGENCIES, AND OTHER PROFESSIONALS CONCERNING THE REQUIREMENTS OF THE PERMITTED USES OF THE LAND AND DWELLINGS ON LAND ZONED AGRICULTURAL AND OTHER ITEMS IN THIS REPORT.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Bureau of Conveyances	December 19, 2008	2009-031149

Amendments to Declaration of Condominium Property Regime		
Land Court or Bureau of Conveyances	Date of Document	Document Number

3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

3.3 Condominium Map

The Condominium Map contains a site plan and floor plans, elevations and layout of the condominium project. It also shows the floor plan, unit number and dimensions of each unit.

Bureau of Conveyances Map Number	4780
Dates of Recordation of Amendments to the Condominium Map:	

3.4 House Rules

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

The House Rules for this project:

Are Proposed	<input type="checkbox"/>	
Have Been Adopted and Date of Adoption	<input type="checkbox"/>	
Developer does not plan to adopt House Rules	<input checked="" type="checkbox"/>	

3.5 Changes to the Condominium Documents

Changes to Condominium Documents: Changes to the Declaration, Bylaws and Condominium Map are effective only if they are duly adopted and recorded. Where permitted, the minimum percentages of the common interest that must vote for or give written consent to changes to the Declaration, Bylaws and Condominium Map are set forth below. The percentages for any individual condominium project may be more than the minimum set by law if the Declaration or Bylaws for the project so provide.

Document	Minimum Set by Law	This Condominium
Declaration	67%	100%
Bylaws	67%	67%

3.6 Rights Reserved by the Developer to Make Changes to the Condominium Project or Condominium Documents

<input checked="" type="checkbox"/>	No rights have been reserved to the Developer to change the Declaration, Bylaws, Condominium Map or House Rules (if any).
<input type="checkbox"/>	Developer has reserved the right to change the Declaration, Bylaws, Condominium Map and House Rules (if any) and to add to or merge the project or to develop the project in one or more phases, and such rights are summarized as follows:

4. CONDOMINIUM MANAGEMENT

4.1 Management of the Common Elements

Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

The initial Condominium Managing Agent for this project is (check one):

<input type="checkbox"/>	Not affiliated with the Developer
<input checked="" type="checkbox"/>	None (self-managed by the Association)
<input type="checkbox"/>	The Developer or an affiliate of the Developer
<input type="checkbox"/>	Other (explain)

4.2 Estimate of the Initial Maintenance Fees

Estimate of the Initial Maintenance Fees: The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit E contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

<p>Status of Construction: Notice of Completion for Unit A was published in The Maui News on November 13 and 20, 2008. Notice of Completion for Unit B was published in The Maui News on November 13 and 20, 2008.</p>
<p>Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.</p>
<p>Completion Deadline for any unit not yet constructed, as set forth in the sales contract:</p>
<p>Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:</p>

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input checked="" type="checkbox"/>	<p>The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.</p> <p><i>If this box is checked, Section 5.6.2, which follows below, will not be applicable to the project.</i></p>
-------------------------------------	--

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

<p>Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):</p>	
<input type="checkbox"/>	<p>For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or</p>
<input type="checkbox"/>	<p>For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.</p>

In connection with the use of purchaser deposits (check Box A or Box B):

Box A <input type="checkbox"/>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
Box B <input type="checkbox"/>	<p>The Developer has not submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

Before signing the sales contract, prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.

1.	Developer's Public Report
2.	Declaration of Condominium Property Regime (and any amendments)
3.	Bylaws of the Association of Unit Owners (and any amendments)
4.	Condominium Map (and any amendments)
5.	House Rules, if any
6.	Escrow Agreement
7.	Hawaii's Condominium Property Act (Chapter 514B, HRS, as amended) and Hawaii Administrative Rules (Chapter 16-107, adopted by the Real Estate Commission, as amended), provided that rules and regulations under Chapter 514B have not yet been adopted.
8.	Other: (1) Encumbrances against title as listed in Exhibit "D." (2) Farm Plan as filed with the County of Maui Planning Department and related Unilateral Agreement and Declaration for Construction of a Farm Dwelling.

Copies of the condominium and sales documents and amendments made by the Developer are available for review through the Developer or through the Developer's sales agent, if any. The Condominium Property Regime law (Chapter 514B, HRS) and the Administrative Rules (Chapter 107, HAR), are available online. Please refer to the following sites:

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.
(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT AND THE INFORMATION BELOW. EACH PURCHASER IS ALSO ADVISED TO CONSULT WITH AN ATTORNEY AND OTHER PROFESSIONAL ADVISORS, AS WELL AS CONTACT THE APPROPRIATE GOVERNMENT AGENCIES, TO DETERMINE SPECIFIC REQUIREMENTS FOR THIS PROPERTY.

- 6.1. Zoning Limitations. Under current Maui County zoning and building codes, only one full size farm dwelling and one farm dwelling with a living area of 1,000 square feet or less are permitted. Unit B is designated as the unit which is subject to the 1,000 square feet limitation. THE PROSPECTIVE BUYER IS CAUTIONED TO CONSULT WITH LEGAL COUNSEL CONCERNING THE REQUIREMENTS OF A FARM DWELLING AND THE PERMITTED USES OF THE LAND AND DWELLING IN THE AGRICULTURAL ZONE.
- 6.2. Water Meters. Currently there is only one water meter for potable water and one for non-potable water serving Unit A exclusively. The owner of Unit B will be responsible for obtaining, installing, maintaining any water service to Unit B. In the event Unit B is unable to obtain a separate water meter, each unit and limited common element shall be entitled to an equitable and proportionate share of the water provided by the single water meter. Actual use by each unit shall be determined by a sub-meter installed and maintained by the Association of Unit Owners to measure actual use by each unit, and each unit shall pay a portion of the charges based on actual use. No water use shall be expanded or increased by an owner to exceed the available water capacity without that owner obtaining an additional meter at said owner's expense. At such time each unit has a separate water meter, each unit owner shall pay for water separately as determined and billed by the Mahanalua Nui Homeowners Association.

The water for the condominium is provided by a private water system owned by the Mahanalua Nui Homeowners Association, Inc.; provided, however, that ownership and operation of the private water system may be transferred in the future. West Maui Land Company, Inc. currently manages the private water system and coordinates the issuance of water meters. The costs for potable and non-potable (irrigation) water meters and sub-meters may change from time to time. The purchaser of Unit B should contact West Maui Land Company, Inc. for the current cost for installation of water meters.

- 6.3. Water System. The potable and non-potable water systems serving Mahanalua Nui Subdivision at Launiupoko may be subject to interruptions and cessations in service, changes in water quality or water quantity, and other problems which may occur in the operation of private water systems. The non-potable water is for irrigation purposes only and is not suitable for drinking or domestic use. Such water is provided from surface water sources and may contain bacteria which is extremely hazardous to health. The unit owner accepting non-potable water service is instructed to warn family, guests, tenants, visitors and successors in title of these risks and the unsuitability of the water for human consumption or domestic use. The Developer shall not be responsible for said water system or services or if the source of non-potable water is withdrawn from use. The control of surface waters in the State of Hawaii is vested in the State of Hawaii Water Resources Commission.
- 6.4. Water Limits and Fire Protection. Said private water system will provide potable (drinking) and non-potable (irrigation) water. As stated in the Amended and Restated Declaration of Covenants, Conditions and Restrictions for the Mahanalua Nui Subdivision, as amended, restrictions may apply to the amount of water available to the condominium. The current limit for this condominium is 2,500 gallons per day or 75,000 gallons per month.

Because the condominium is not served by County of Maui Department of Water Supply, there is no assurance that the water supply will be sufficient for fire protection, which may impair, delay, or increase the cost of securing building permits. WATER SERVICE TO THE PROJECT IS NOT PROVIDED OR GUARANTEED BY THE STATE OF HAWAII, THE COUNTY OF MAUI, OR ANY OTHER GOVERNMENT AGENCY. PROSPECTIVE PURCHASERS SHOULD CAREFULLY EVALUATE THE PRIVATE WATER PROVIDER'S ABILITY TO PROVIDE WATER SERVICE TO THE PROJECT ON A LONG-TERM AND RELIABLE BASIS.

- 6.5. Mailboxes. Each unit has its own separate mailbox as shown on the Condominium Site Map.

- 6.6. Sewer/Septic Waste Disposal. There is no county sewer service available to the condominium. The owner of each unit shall be responsible for installing, operating, maintaining, repairing and replacing its own on-site private septic system, which shall be maintained in compliance with all applicable laws, rules and regulations, including the design standards and approval requirements of the State of Hawaii Department of Health, which may change from time to time.
- A septic system including a septic tank, leach field, pipes, and appurtenances, has been installed for Unit B, the location of which is indicated on the site plan which is part of the condominium map for the project. There is currently no septic system installed for Unit A.
- 6.7. Nuisances. Most land near the Project is zoned Agricultural, which may increase the risk of noise, dust, emission and other nuisances. Because said Project is part of the Mahanalua Nui Subdivision, the owners of the Project are deemed to have waived claims with respect to said nuisances by neighboring land owners. High voltage power lines exist throughout portions of the area in which the Project exists and may pose a hazard due to strong winds.
- 6.8. Flood Zone. A portion of the property is within the flood inundation limits as depicted on the condominium map. There is a drainage swale located on the property. Purchasers should consult with the County of Maui Department of Public Works and Waste Management for any restrictions on building in these areas.
- 6.9. Insurance. Each unit owner is responsible for insuring the unit. The Association may be required to provide additional insurance on the common elements. The cost and ability to obtain appropriate insurance to cover all structures and property from fire, wind, flood, liability and other hazards should be researched by a prospective purchaser.
- 6.10. Mahanalua Nui Subdivision Homeowners Association. The land upon which the condominium project is located (Lot 16) is part of The Mahanalua Nui Subdivision, Phase III. The Mahanalua Nui Subdivision has been registered with the State of Hawaii Department of Commerce and Consumer Affairs under Hawaii Revised Statutes Chapter 484, and a Public Offering Statement for the subdivision has been issued. IT IS RECOMMENDED THAT THE BUYER OF EACH CONDOMINIUM UNIT OBTAIN A COPY OF THE MOST RECENT PUBLIC OFFERING STATEMENT AND THE DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR THE SUBDIVISION. THE STATEMENT AND DECLARATION CONTAIN MANY IMPORTANT DESCRIPTIONS ABOUT THE SUBDIVISION AS A WHOLE, AS WELL AS THE OPERATIONS AND MANAGEMENT OF THE HOMEOWNERS ASSOCIATION, ITS BUDGETS AND RESERVES.

The owner of Lot 16 is a member of the Mahanalua Nui Homeowners Association, Inc., a Hawaii nonprofit corporation, which is the association formed for the Mahanalua Nui Subdivision as a whole for the purpose of holding, maintaining, operating and managing, as a common expense, all of the common areas and facilities of the subdivision. These consist of paved roadways, a drainage system, archeological recreational sites and trails, and public and private parks.

Roadway Lot B-2 (Kai Hele Ku Street) is a privately owned lot and is not part of the Mahanalua Nui Subdivision which provides access from the Mahanalua Nui Subdivision to the state highway, Honoapiilani Highway. Launiupoko Associates, LLC, the owner of Roadway Lot B-2 has granted the Mahanalua Nui Homeowners Association a non-exclusive easement over the access right of way. The Mahanalua Nui Homeowners Association is responsible for the maintenance of this right of way subject to possible costs sharing with other lots served by this access right of way.

Each unit owner will be a separate member of said Mahanalua Nui Homeowners Association and will be responsible to pay a share of common expenses assessed to each Lot of the subdivision equal to the share assessed against each other Lot (except for water use charges, as indicated above), as provided in said Mahanalua Nui Subdivision Declaration of Covenants, Conditions and Restrictions, as amended. For additional information, a purchaser should contact the Homeowner's Association.

The Amended and Restated Mahanalua Nui Subdivision Declaration of Covenants, Conditions and Restrictions permits any Lot to be divided into two or more separate parcels or condominium units, each of which may be owned and conveyed in fee simple as a separate and discreet unit of ownership.

- 6.11. Agricultural Uses. The County of Maui Planning Department has adopted a strict enforcement policy requiring agricultural-zoned land to be used for only those agricultural uses permitted by HRS Section 205-4.5 and Maui County Code, Chapter 19.30A. Dwellings may only be constructed and used as "farm dwellings." See disclosure below regarding Farm Plans requirements and implementation. THE PROSPECTIVE PURCHASER IS CAUTIONED TO CONSULT WITH LEGAL COUNSEL OR THE MAUI COUNTY PLANNING DEPARTMENT CONCERNING THE REQUIREMENTS OF A FARM DWELLING AND THE PERMITTED USES OF THE LAND AND DWELLING IN THE AGRICULTURAL ZONE.
- 6.12. Farm Plan. The Developer has obtained Farm Plan Permit No. 2006-0007 from the County of Maui Department of Planning and executed a Unilateral Agreement and Declaration for Construction of a Farm Dwelling on Lands Zoned County Agricultural District or Designated State Agricultural District ("Farm Plan Agreement") that is binding on all owners in the Project. A copy of the Farm Plan Permit is attached as Exhibit I. Under the Unilateral Agreement, owners in the Project must implement the Farm Plan and may not make changes to activities or uses that are inconsistent with the Farm Plan without prior approval of the County. The Unilateral Agreement also states that failure to implement the Farm Plan shall constitute grounds for the County to revoke or suspend building permits issued and not to issue permits for new structures at the Project. The Farm Plan Agreement shall be provided to all prospective purchasers. The Farm Plan has been fully implemented by the Developer, however the farm plan map does not depict the proper location of the driveways providing access to Unit A and Unit B. Prospective purchasers should consult the condominium map for the correct location of the driveways providing access to Unit A and Unit B. PROSPECTIVE PURCHASERS SHOULD CONSULT WITH LEGAL COUNSEL AND THE MAUI COUNTY PLANNING DEPARTMENT REGARDING THE FARM PLAN AGREEMENT AND ITS POTENTIAL IMPACT ON A PURCHASER'S USE OF A UNIT AND ABILITY TO BUILD A NEW DWELLING OR OTHER STRUCTURES.
- 6.13. Zoning and Land Use Violations. In a condominium, all of the land included in the condominium remains a single, unsubdivided parcel of land for purposes of zoning and land use regulation. If one unit owner violates a regulation, the violation is attributable to both that owner and the innocent owner of each other unit. For example if one owner builds or adds to a structure in a manner which violates height limits, size limits, setbacks, building permit requirements, or flood zone rules, or uses the unit for an unauthorized additional dwelling or short term rental, or fails to comply with the Project's Farm Plan, the violation applies to the entire condominium and the innocent unit owner may be subject to fines or may be denied a building permit as long as the violation remains uncured. THE PROSPECTIVE BUYER IS CAUTIONED TO CONSULT WITH LEGAL COUNSEL CONCERNING THESE IMPORTANT RISKS.
- 6.14. Management Conflicts and Deadlocks; Dispute Resolution. The Project's Association of Unit Owners and Board of Directors are responsible for management of the Project. Under the Declaration and Bylaws for this Project, any decision of the Project's Association or Board requires the concurrence of both Owners or their designated representatives. This prevents one unit owner from controlling the use, rights and obligations of the other unit owner. The Declaration and Bylaws contain no provisions for breaking deadlocks. In the event of conflicts, disputes, or deadlocks between the Owners or their representatives cannot be resolved by mutual agreement, the Owners' recourse will be mediation pursuant to Section 9.1 of the Bylaws and Section 514B-162 of the Act, or litigation in court.
- 6.15. Additional Structures. No additional structures may be constructed within a yard area unless the additional structure may be constructed by a unit owner under applicable zoning and building codes and laws without affecting the other unit.
- 6.16. Boundary Wall Agreement. A rock wall was constructed by the owner of Lot 17 of the Mahanalua Nui Subdivision, Phase III, which is located primarily on Lot 16 (within Yard Area B), as depicted on the Condominium Map. Declarant, as the fee owner of Lot 16 of the Mahanalua Nui Subdivision, Phase III, and the fee owner of Lot 17 of the Mahanalua Nui Subdivision, Phase III, have executed a Boundary Wall Agreement dated February 2, 2009, recorded in the Bureau of Conveyances as document number 2009-031148, regarding their respective rights, duties and obligations with respect to said wall. The owner of Unit B shall be solely responsible for fulfilling the terms of said agreement including any and all costs pertaining to the maintenance and repair of said wall as set forth in the Boundary Wall Agreement.

- 6.17. Agreements/Easements on Record. The title is encumbered by several agreements and easements described on Exhibit E. BUYER SHOULD CONSULT WITH LEGAL COUNSEL FOR ADDITIONAL INFORMATION.
- 6.18. Park and Trailways. A portion of the property is crossed by Easement P-20-A, a ten foot wide easement for park and trailway purposes in favor of Launiupoko Associates, LLC. Members of the public may use this trail, which may impair a unit owner's privacy and security.
- 6.19. Owner-Builder Building Permits. This project consists of two shed units that are owner-builder permitted, as defined in Chapter 444, of the Hawaii Revised Statutes (HRS), which prohibits the sale or lease, or offering for sale or lease, of an owner-builder structure not more than one year after completion. If an owner-builder sells or leases a building within one year after the construction is complete, the law will presume that the building was built it for sale or lease, which is a violation, and the owner-builder may be prosecuted. Units A and B received final inspection on October 29, 2008. Developer certifies that this public report shall not used in connection with the sale of either unit prior to October 29, 2009. This public report should not be viewed as an offer for sale merely as a result of registration, unless specifically used for such purpose by the developer or developer's agent.

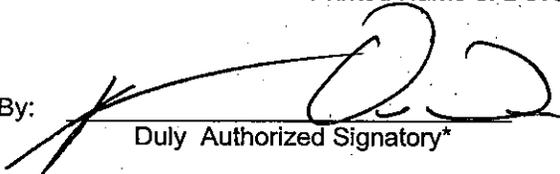

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

EXHIBIT A

COMMON INTEREST

Common Interest. Each unit shall have appurtenant thereto an undivided FIFTY PERCENT (50%) interest in all common elements of the Project (herein called the "common interest"), and for all other purposes, including voting, unless expressly stated otherwise herein.

For purposes of determining the proportionate ownership of the land appurtenant to each unit as tenants in common in the event of condemnation of all or a portion of the land or in the event of termination of the condominium, such allocations shall be made in the following percentages:

FIFTY SEVEN AND 77/100 PERCENT (57.73%) appurtenant to Unit A; and
FORTY TWO AND 23/100 PERCENT (42.27%) appurtenant to Unit B;

The interest in the common elements, and any limited common elements and easements, appurtenant to each unit shall have a permanent character, shall not be separated from such unit and shall be deemed to be conveyed or encumbered with such unit even though not expressly mentioned or described in the conveyance or other instrument.

EXHIBIT B
COMMON ELEMENTS

The common elements of the Project will include the following:

- (a) The Land in fee simple;
- (b) Any pipes, cables, apparatus and other central and appurtenant transmission facilities and installations over, under and across the Project not owned by the service provider, which serve more than one unit for services such as electricity, light, water, sewer, telephone and television or other signal distribution, if any;
- (c) Any and all other apparatus and installations of common use and all other parts of the property necessary or convenient to its existence, maintenance and safety, or normally in common use; and
- (d) Any and all tangible personal property, accounts, general intangibles, instruments and money, and any unit held by or belonging to the Association of Unit Owners, or its agents, for the administration, maintenance, safety and operation of the common elements of the Condominium Property Regime, or for the common use and benefit of the unit owners.

The common elements shall remain undivided, and no right shall exist to partition or divide any part thereof or the units except as may be provided in the Condominium Documents and then only to the extent permitted by the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes.
