**Preparation of this Amendment**

The Developer prepared this amendment pursuant to the Condominium Property Act, Section 514B-56, Hawaii Revised Statutes (HRS), as amended from time to time. Section 514B-56, HRS, requires that after the Commission has issued an effective date for the Developer's Public Report, if there are any changes, either material or pertinent changes, or both, regarding the information contained in or omitted from the Developer's Public Report, or if the developer desires to update or change the information set forth in the Developer's Public Report, the developer shall immediately submit to the Commission an amendment to the Developer's Public Report or an amended Developer's Public Report clearly reflecting the change, together with such supporting information as may be required by the Commission, to update the information contained in the Developer's Public Report.

The law defines "material change" as used in parts IV and V of Chapter 514B, HRS means any change that directly, substantially, and adversely affects the use or value of (1) A purchaser's unit or appurtenant limited common elements; or (2) Those amenities of the project available for the purchaser's use.

The law defines "pertinent change" to mean, as determined by the commission, a change not previously disclosed in the most recent public report that renders the information contained in the public report or in any disclosure statement inaccurate, including, but not limited to (1) The size, construction materials, location, or permitted use of a unit or its appurtenant limited common element; (2) The size, use, location, or construction materials of the common elements of the project; or (3) The common interest appurtenant to the unit. A pertinent change does not necessarily constitute a material change.

The filing of an amendment to the Developer's Public Report or an amended Developer's Public Report, in and of itself, shall not be grounds for a purchaser to cancel or rescind a sales contract. A purchaser's right to cancel or rescind a sales contract shall be governed by sections 514B-86 and 514B-87, HRS, the terms and conditions of the purchaser's contract for sale, and applicable common law.

This Amendment has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this amendment to the Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts, material changes, or pertinent changes about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

The law defines "material facts" to mean any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale.

This amendment may be used by the Developer for promotional purposes only if it is used with the last Developer's Public Report in its entirety.

Prospective purchasers and purchasers are encouraged to read this amendment carefully and to seek professional advice.

**END OF EXHIBIT A**

**EXHIBIT C**  
**Permitted Alterations to the Units**

Article 19 of the Declaration states:

19.1 **“Definitions of Terms Used in this Article.** Unless the use or context would clearly indicate to the contrary, the terms below are defined as follows:

(a) **“Applicable Laws”** means all federal, state and local laws, statutes, ordinances, codes, rules, regulations, standards, conditions of approval and all legislative, administrative or judicial orders, decrees, requirements, rulings or judgments, which now or in the future may be applicable to the Project or any Unit or to any possession, development, improvement, operation, occupancy, use, enjoyment and other activities relating to the Project.

(b) **“Governmental Entity”** means any governmental or quasi-governmental entity, including but not limited to any department, board, commission, authority, agency, deliberative body or other component or subdivision thereof, now or hereafter constituted with jurisdiction, oversight, policy making, regulatory or implementing authority under or with respect to Applicable Laws.

(c) **“Applicable Declarations and Covenants”** means all recorded agreements and written instruments that now or in the future may be applicable to the possession, development, improvement, operation, occupancy, use, enjoyment and other activities relating to the Project (or any Unit), except that such shall not mean a mortgage or other instrument securing the payment or performance of a loan or other financial obligation.

19.2 **Structural Changes to Units.** Notwithstanding anything to the contrary contained in the Declaration, a Unit Owner may, at any time and from time to time, in the Owner’s sole discretion and without the consent of any other Unit Owner, the Association, the Board or other person or entity, (a) improve, renovate, remodel, make additions to, enlarge, remove, replace or restore any structures or other improvements now or hereafter constituting the Owner’s Unit or that are located on the Dwelling Area appurtenant to the Owner’s Unit, or (b) make or build structures and other improvements upon the Dwelling Area appurtenant to the Owner’s Unit. Each of the foregoing is referred to as a **“change,”** and collectively may be referred to as **“changes”** The changes are subject to the following conditions:

- (1) All changes shall conform with Applicable Laws, including the City and County building codes and land use ordinance (“LUO”);
- (2) All changes shall be made within the Dwelling Area to which the Unit is appurtenant, and no structure shall be built or placed any nearer than five(5) feet from the boundary line separating the Dwelling Areas appurtenant to each Unit;
- (3) No change to a Unit shall be permitted if the effect of such change would be to exceed the Unit’s proportionate share of development rights to which the Land is entitled under the LUO. (Such development rights shall include, without limitation, maximum percentage of building lot coverage and floor area, as prescribed in the LUO when the change is to be made). **“Proportionate share”** refers to a fraction having as its numerator the net buildable area of the Dwelling Area appurtenant to the Unit being affected by the change, and the denominator being the net buildable area of all of the Dwelling Areas in the Project. **“Net buildable area”** refers to the area of the Dwelling Area reduced for (A) any easements or rights-of-way for ingress and egress in favor of Unit Owners other than the Owner making the change, (B) land area on or

over which a building or other structure is not permitted to be built, and (C) land area set aside for a private septic system;

- (4) So long as Applicable Laws shall restrict to five the number of bedrooms that may be constructed on the Land to be serviced by a private septic system in the Project, three of the bedrooms shall be allocated to Unit 915 Kuewa and two of the bedrooms shall be allocated to Unit 430 Kaamooloa.
- (5) All changes shall be paid for by the Owner making the change and, once begun, any construction in connection with the change shall be diligently completed in a manner that will not materially interfere (except on a non-permanent basis while such change is being made) with the use or enjoyment by another Owner of his Unit or its appurtenant Dwelling Area;
- (6) During the course of any construction, the Unit Owner making such change shall cause to be maintained at his expense builder's all-risk insurance in an amount not less than the estimated cost of construction. The Association shall be named as an additional insured under the insurance policy, and if requested by the Association, evidence of such insurance shall be deposited by the Unit Owner making the change with the Association;
- (7) The Unit Owner making the change may utilize, relocate and realign existing and/or develop additional, central and appurtenant installations for services to the Unit affected by the change for electricity, sewer and other utilities and services and when applicable, may add, delete, relocate, realign, designate and grant easement and rights-of-way over, under and on the common elements as necessary or desirable; provided that such shall not cause any interruption in the service of such utilities to any other part of the Project or otherwise materially interfere with their use by another Unit Owner;
- (8) If required under any mortgage affecting the Unit of the Owner making the change, then the consent of the holder of any such mortgage shall be obtained, provided, that the failure to obtain such consent shall not affect the validity of such change;
- (9) Upon completion of the change, the Unit Owner making the change shall prepare, sign and record in the Recording Office an amendment to the Declaration and Condominium Map, in accordance with section 20.3.

**19.3 Private Septic System or Cesspool.** (a) Definition. "Private Septic System" shall mean any private wastewater disposal or treatment and disposal system (including without limitation septic tanks and injection fields or cesspool) now or hereafter located on or under either Dwelling Area and which is utilized jointly by the Owners of both of the Units, and which is not hooked into a public sewer or septic system. The Private Septic System currently servicing the Project is located on Dwelling Area 915 Kuewa.

(b) Designation of Common Element. The Private Septic System and that portion of the Dwelling Area on which the system is now or hereafter located (together with reasonable rights of access to and from the System) shall constitute a common element available for use as a Private Septic System for the benefit of both Units; provided, however, that except for such use as a Private Septic System of that portion of the Dwelling Area under which the System is located or across which access is required, all other uses of such affected Dwelling Area are exclusively reserved for the benefit of the Unit to which the Dwelling Area is appurtenant.

(c) Sharing of Costs. Notwithstanding Article 15 of the Declaration, the costs and expenses (including any replacement thereof) relating to the Private Septic System shall be treated as a common expense to be shared equally by each Unit Owner. To the extent practicable, each Owner shall pay his allocable share of the costs and expenses relating to the Private Septic System directly to the person providing services or to whom any such obligation is owed by the Owners.

(d) Future Expansion or Installation. Pursuant to this Article, a Unit Owner may make changes to his Unit including expansion of the number of bedrooms if such is permitted by County Rules or State Law. So long as State Laws or City and County Rules limit to five the number of bedrooms that be located upon the Land, Unit 430 Kaamooloa shall be allocated 3 bedrooms and Unit 915 Kuewa shall be allocated 2 bedrooms.

If a change is permitted under County Rules or State Law subject to the expansion of the existing Private Septic System or the installation of a new Private Septic System, then the parties may agree to expand the Septic System or install a new system and agree as to the method of sharing of the costs associated with such expansion or installation. If the Unit Owners do not agree as to such expansion or the sharing of costs relating thereto, then the Owner who desires to expand the Private Septic System or install a new System ("Expanding Owner") may do so on the following terms and conditions:

- (1) All costs and expenses (including without limitation the costs of design, permitting, engineering, construction, and landscaping, and costs of any temporary treatment facility if required during such expansion) shall be paid for by the Expanding Owner;
- (2) The expansion shall be made by the Expanding Owner in such a manner as to cause minimum disruption of service of the existing Private Septic System and to allow for the future possible hook-up of the Unit owned by the other Owner in the Project ("Non-Expanding Owner");
- (3) The Expanding Owner shall indemnify and hold the Non-Expanding Owner harmless against any loss, liability, damage or expense incurred or suffered by the Non-Expanding Owner on account of such enlargement or installation of the Private Septic System;
- (4) The expansion or installation shall be in compliance with all applicable County Rules, and shall be performed by requisite licensed professionals;
- (5) The Expanding Owner shall return the Dwelling Area in which the current Private Septic System is located to the same condition (including landscaping) as it was in prior to such expansion or installation;
- (6) The Expanding Owner shall provide reasonable assurance to the Non-Expanding Owner that the Expanding Owner has the financial ability to pay for all costs and expenses relating to such expansion or installation;
- (7) Except with the consent of the Non-Expanding Owner, any installation of a new Private Septic System shall be on and under the Dwelling Area appurtenant to the Unit owned by the Expanding Owner;
- (8) If after the Expanding Owner expands the Private Septic System or installs a new septic system and pays the cost and expense of such expansion or installation, the Non-Expanding Owner

wishes to make a change to his Unit which would require an expansion of the current Private Septic System or installation of a new System, then the Non-Expanding Owner shall have the right to hook into and utilize the expanded or newly installed Private Septic System made by the Expanding Owner (subject to any legal restrictions imposed on such System by the County or State), provided the Non-Expanding Owner shall reimburse the Expanding Owner for the Non-Expanding Owner's proportionate share of such costs of original expansion or installation made by the Expanding Owner.

(e) Cooperation. The Owner of each Unit shall cooperate with the Owner of the other Unit with respect to the changes to a Unit and with respect to the expansion, installation and hooking into the Private Septic System.

(f) Termination if Public Sewer System. In the event that a governmental entity or public utility makes available to the Unit Owners the right to hook into its common septic system ("Public Sewer System") which could replace the Private Septic System, then at the request of the Owner of either Unit, the Owners of both Units shall hook up to the Common Sewer Facility and shall abandon the Private Septic System. All costs and expenses associated with the hook up to the Common Sewer Facility shall be allocated in a reasonable and fair manner, and the costs associated with the abandonment and removal of the Private Septic System shall be shared according to the sharing of other

**19.4 Changes to Common Elements (Exclusive of Limited Common Elements)**. Except as to changes to a Unit permitted under the preceding sections of Article 19, changes to the Project different in any material respect may be undertaken by the Association only pursuant to an amendment of the Declaration, signed by or pursuant to vote of all the Unit Owners and accompanied by the written consent of the holders of all liens affecting any of the Units, and in accordance with complete plans and specifications therefor first approved in writing by the Board, and promptly upon completion of such restoration, replacement or construction, the Association shall file such amendment in the Recording Office, together with a complete set of the floor plans of the Project as so altered, certified as built by a licensed architect or engineer.

**19.5 General Provisions applicable to Article 19**. The following provisions apply to each of the preceding sections of Article 19 unless the context and usage would clearly indicate to the contrary:

(a) Certain sections within Article 19 create or reserve rights and benefits for the Declarant or for a Unit Owner. Each of those sections may not be amended without the consent of the benefitted Unit Owner or Declarant (both of which are referred to in this section as a "Benefitted Owner");

(b) Under certain sections within Article 19, the Benefitted Owner may proceed without being required to obtain the consent or joinder of any person, including any other Unit Owner or any lien holder, or any other person who may have any interest in the Project or the Land. The Benefitted Parties may (1) execute and deliver (on behalf of all of the Unit Owners and their respective mortgagees, if necessary) applications, petitions, agreements and other instruments which such Benefitted Owner deems necessary or desirable (including without limitation, documents to be filed or recorded with Governmental Agencies, public utility companies or private parties); (2) deliver documents and to take such actions in connection with the foregoing as may be in the discretion of the Benefitted Owner, and delivery of such instrument or the taking of such action is sufficient determination; and (3) amend the Declaration and the Condominium Map to reflect exercise of the rights of a Benefitted Owner under such section of Article 19.

(c) If notwithstanding that a section in this Article 19 does not require the consent or joinder or the taking of other action of a Unit Owner, lien holder or other person having any interest in the Project (collectively, "Interested Parties," and singly "Interested Party") to the action or change by the Benefitted Owner, but the Act, Applicable Laws, a Governmental Entity, an escrow or title company, permitting entities or public utility providers nonetheless do require the consent or joinder or the taking of action by an Interested Party, then upon the request of the Benefitted Owner, each such Interested Party consents in advance to such action or change being made by the Benefitted Owner and agrees to consent to and join in, as aforesaid, and to sign all instruments or documents necessary or desirable so that the Benefitted Owner may effectuate the change or otherwise do as permitted under the applicable section within Article 19.

(d) If any Interested Party fails to provide such requested written joinder, consent, or take such action, as the case may be, within ten (10) days after request is made by the Benefitted Owner, the Benefitted Owner may sign, deliver or take such action on behalf of such Interested Party. Such shall be accomplished by signature of the Benefitted Owner acting under an irrevocable power-of-attorney in favor of Benefitted Owner from such Interested Party. The acquiring or acceptance of ownership in a Unit or of a mortgage or other lien covering a Unit or of any other interest in the Project or Unit shall be deemed the delivery of a grant of such power of attorney in favor of the Benefitted Owner. Such grant is considered as being coupled with an interest and shall be irrevocable.
